The Labor Day picnic on Sept. 6 will be held with the cooperation of the Chambers of Commerce of Boyne City, Charlevoix and East Jordan.

This picnic is for both young and old. There will be games and prizes for the youngsters and entertainment for all. Bring your picnic lunches; and the Chambers of Commerce will furnish free coffee for those who attend.

Birthday Party for Dachshund Proves Very Doggy Event; Ends In Canine Free-for-All

Dogs—and not boys—were the guests at a birthday party at the Strauss residence, 206 Nettleton.

Jimmie Strauss' dachshund, Dolly was a year old and officially was hostess at the doggy event. Attending were (left to right) Flopsy with David Joseph; Noodles with Skippy Meis is peeking coyly from behind the leg of Mike Seymour holding the birthday cake; Dolly with Jimmy and Gussie with Johnnie Wyler are right. Paul Weston is holding Jock.

Hors d'oevres of dog meat and sausage, plus dog rations, rubber bones and the cake were served.

Not shown is Pat Sciarra, medic student from Cincinnati, who had the job of judging the best behaved dog. He picked Noodles.

After being duly chosen, Noodles proceeded to break up the party by starting a dog-free-for-all, one guest going home with a chewed ear.

Blight Threatens Tomatoes, Agent Says

The present weather of cool nights and hot days is ideal for the development and spread of late blight on tomatoes, Ed Rebman, County Agent states.

For protection every home gardener should spray once a week with one of the fixed coppers at the rate of 2 pounds metallic copper per 100 gallons of water, or 2 tablespoons per gallon of water, or use a carbonate like arzate or Dithane according to manufacturer's recommendations.

If the blight appears in the fields, spray every 4 or 5 days.

Divorce Is Granted

A divorce was granted at the August term of Circuit Court to Mrs. Bessie Johnston from Joel Johnston. In the property settlement, she is to retain all her property, which includes Greensky Cabins, and had her former name of Bessie Treace restored.

Make these 4 comparisons before you buy *any* car

COMPARE THE VALUE

Yes, compare the features—compare the prices—compare what you *get* for what you *pay*—and you, too, will come to the conclusion that Chevrolet continues to be *first in value*, just as it continues to be first in Big-Car Quality at Lowest Cost, and just as it continues first in demand, year after year.

COMPARE THE POPULARITY

You can identify the *biggest value* in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet—outstanding leader in popularity for the total 17-year period, 1931 to date!

COMPARE THE FEATURES

Only Chevrolet combines the Unitized Knee-Action Ride for gliding smoothness; the world's champion Valve-in-Head engine for performance and economy; Body by Fisher for tasteful beauty; and Fisher Unisteel Construction *plus* Positive-Action Hydraulic Brakes for all-round safety protection!

COMPARE THE PRICES

You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet prices are the *lowest* in its field. Chevrolet costs less to buy, to run and to maintain!

Only Chevrolet gives BIG-CAR QUALITY AT LOWEST PRICES . . . that's why

CHEVROLET—*and Only* CHEVROLET —IS FIRST!

Grace Baumbach Weds Harrison Warner

Grace Baumbach, daughter of Mr. and Mrs. Rollie Baumbach of Norwood Township, and Harrison Warner, son of Mr. and Mrs. Charles Warner of the Clark District, were married in a double ring ceremony Saturday evening at the Norwood Methodist church.

Mrs. Howard Moore played the wedding music; Mrs. Adolph Drapeau of East Jordan was soloist.

The bride is a graduate of Charlevoix and has taught for the last five years. Given in marriage by her father, she wore a white satin gown with long sleeves, sweetheart neckline, full skirt and long train. The finger tip veil was held by a beaded tiara. Her bouquet was white roses.

Flower girls were Carol Smith and Diana Bradley, nieces of the bride. They wore white summer dresses and carried scabiosa bouquets.

Mrs. Herbert Peebles and Mrs. Kenneth Bradley, her sisters, were matrons of honor. Their identical gowns were of pink and yellow marquisette, and they carried white roses.

Everett and Dixon Warner, brothers of the groom, acted as his best men. Herbert Peebles and George Anderson seated the guests.

Mrs. Baumbach wore a blue crepe dress with white accessories, while Mrs. Warner's dress was grey crepe with matching accessories. Both had corsages of pink gladioli.

Following the ceremony a reception was held in the town hall, after which the couple left for Niagara Falls. On their return they will live on their farm on US-31.

Out-of-town guests were: Mrs. Walter Raub and daughter, Anna Mae, Mr. and Mrs. Earl Raub and daughter, Florence of Big Rapids; Mrs. Lyle Smith and three children, Mr. and Mrs. Dixon Warner and family of Detroit; Irene Warner of Dearborn; Ray Nedeau of Wayne; Mrs. Kenneth Bradley and three children of Midland; Mr. and Mrs. Charles Coleman and son, Mr. and Mrs. Earnest Warner of Kewadin; Mr. and Mrs. Jiles Warner and family, Dona Towns and Bud Thompson of Grand Rapids; Mr. and Mrs. George Anderson of Lansing; Mr. and Mrs. Everett Warner of Pontiac; Harry and Fred Warner of Elk Rapids; Mr. and Mrs. Garret DeBoer of Rockford; Mr. and Mrs. T. Zimmerman, Mr. and Mrs. Carl Shoal of Petoskey.

Young People's Group Honors Bride-to-Be

Helen Hamlin, whose marriage to Earl Henshaw took place Saturday evening at the Church of God, was honored guest at a prenuptial shower given by the Young People's group of the church Thursday evening.

Fifty members of the group gathered at the H. E. Cunningham home for a social hour and group singing. Late in the evening refreshments were served. The bride-elect received many gifts.

Corporal Is Here On First Furlough

Cpl. Charles Gibbons arrived Sunday via plane from Camp Stoneman, Calif., to spend a furlough with his parents, Dr. and Mrs. Gerald Gibbons.

It is his first furlough since joining the army in June, 1947. He received his corporal's stripes just before coming home.

• Mrs. David Pike and three sons have been visiting Mrs. Emil Pischner while enroute from Beaver Island to their home in Montague. Mr. Pike came for them on Sunday.

LEGAL NOTICES

Why is the purpose of a loan important?

Inasmuch as a bank lends depositors' funds, it wants to know the purpose of every loan in order to determine its soundness. In so doing, a bank makes sure that the loan is not of a type prohibited by law, that the money is likely to be repaid when due and that the loan proceeds will be used for a productive purpose beneficial to the country, as well as to the borrower.

State Okays Soil Conservation Area For This County

Final approval has been granted by the State Soil Conservation Commission for the formation of a Soiis District In Charlevoix County.

Word of this aetion was receiv-ed last week from Russ Hill, secretary of the state Servlee.

The two remaining places on the County Soil Board also have been fiiied with the appointment of Peter Winniek and Norval Korthase. The three other members, chosen by popular vote at the July election are Carlton Smith, George Kiooster and Clayton Healey.

The board will organize at its first meeting, to be held soon. Mr. Hill will attend to help work out the starting plans.

Applications for a conservation survey already have been receiv-ed from several eitizens, aecording to Ed Rebman, but until there is a district man available this eannot be done. Likely this will be next spring, he says.

Oats Good, Wheat Below Average is County Report

Wheat on the whole is below average this year in Charlevoix and Antrim counties, while oats are yielding well.

That is the report garnered from half a dozen operators of threshing outfits and combines.

All agree that winter kill accounts for the drop in wheat. High fields were swept clear of snow and the sub-zero weather froze the wheat. Or the snow piled so deep in low spots it smothered out. Whenever neither of these things happened, however, the yield is average or above.

Due to the stretch of rainy weather coming when harvest should have been going on, combines are doing a land office business. The grains are over ripe and many farmers prefer to combine rather than risk loss by shelling in the bundle.

Individual reports from operators picked at random are:

Jasper Warner: Most wheat averages about 20 to 25 bushels. Threshed three outstanding fields which went above 35. Elijah O'Brien had six acres; William Ager, five; and he himself n field of ten acres. Oats run heavy.

Jim Rayman: Wheat not top shape. Yields run 20, 25 and 30 bushels; none bigger so far. Last week he had cut two fields of oats that averaged 45 bushels, which is not up to average.

Charles Wells: Wheat is not as good as it has been, with most farmers getting only 20 or 25 bushels. Oats are real good, some going as high as 60 or 65 bushels. His own rye did pretty well, yielding 20 bushels. One 14-acre field of rye and vetch produced seven tons of grain.

William Parsons: Wheat either is very good or poor, due to winter kill. One piece went only ten bushels but it was not fertilized and on poor ground. His own oats went 62 bushels to the acre, with 50 being about average so far.

Medrick Waffle: Oats so far have averaged about 50 bushels and wheat 25. The best field he has cut was a small patch of oats belonging to Lawrence Bos the other side of Barnard. It yielded almost 80 bushels. The field was planted to potatoes last year.

Western Union Goes On Winter Schedule

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

Guests last week at the home of Supt. and Mrs. Roy Bennett were Mrs. Alma Wilder and son, Robert of Ionia. Robert had just completed a summer school session at Bay View . . . A lady Realtor from St. Louis, Miss Vern Rowe, was a house guest for several days of the Shryock sisters at their home in Boulder Park. Miss Rowe was much impressed with Charlevoix.

Surely the back to school movement has been on this week, especially those boys who were interested in athletics. Monday was examination day at school for the boys when they had to take their physicals . . . It's a brown baby shoe and undoubtedly was lost from a car passing by, but the new shoe is now at The Courier office and some mother's son has looked and looked for it . . . Got initialed into another wild flower of the north Sunday, the cardinal flower, which was growing in profusion near Leelenau School near Glen Arbor. One of the most beautiful wild flowers I have seen . . .

It's "Jimmy Duranta" Novak these days. Max Novak has been nursing a real carbuncle on his nose and as a result he has a nose spread all over his face, so to speak. And it's plenty red and plenty sore . . . Mr. and Mrs. Fred Kiner and daughters, Beverly and Joyce of Porrysville, Ohio, visited last week end with Mrs. Kiner's sister and family, the Alonzo Murrays . . . Lyla Hardy and her friend, Earl Bambarg of Saginaw, have been visiting with Miss Hardy's parents, Mr. and Mrs. Jud Hardy. Miss Hardy has been here for a week and Mr. Bamberg for the week end.

"I have had company for the past six weeks," said Mrs. Milton Block Monday morning, "and they did me good." Of course, one of the big reasons was that the grandchildren have been here, Mr. and Mrs. Elwood Zavitz of Huntington Woods and Mr. and Mrs. Kim Sitzema of Muskegon have been the last of the six-weeks guests . . .

It was three years ago in July that Mrs. George Brown suffered a stroke and has been confined to her home. So, it was a great surprise to her friends when she appeared on the street in a wheel chair for the first time last week. Although Mrs. Brown is unable to speak, one knew by the expression on her face that she was pretty thrilled to see familiar streets again and to feel the sun shining on her face.

"It would be our luck to hit Marquette the day it was the hottest place in Michigan," said Frances Hamilton. Last week the Hamiltons just played hookey and left town for three or four days to get a bit of rest and

Give Tourists More for Money Speaker Urges

Northern Michigan and Charlevoix needs to do two things to increase its tourist business, Prof. E. C. Prophet of M. S. C. told the Kiwanians Monday night.

First is to give more entertainment and more satisfaction for the visitors.

Second is to dispense more courtesy.

High prices, gyp methods, surly clerks—all these are reflected in future years. Folks have long memories for unpleasant things, and will stay away from places which have hurt their vacations.

The town which will win in the tourist business, Prophet said, is not the one which tries to lure away folks from other places. That merely is cut-throat business. The winner is the place which offers so much that folks naturally will come there to enjoy themselves.

"What the North needs is not more advertising, but more magnets which will pull folks up here," he asserted. "You've got to begin offering a good time for your visitors; and you've got to be sold on your town. If you don't believe in Charlevoix, you don't belong here."

New Car for Class In Safe Driving Delivered to School

The new car for the classes in driving at the school this year has arrived and will be ready when school starts.

It is a gray two-door Ford supplied at no cost to the school by the Ford Motor Co., through the Northern Auto Co.

Dual controls, like those in a training plane, have been installed by the Northern Auto, which also will put on the identifying lettering on each side.

Last spring Max Novak went to Jackson to take an intensive course given by the Auto Club of Michigan for teachers. He will have the class this fall. Students, Supt. Roy Bennett says, likely will be limited to eleventh and twelfth graders. The course will last one semester.

Experience in other places, where such a driving course has been given, has shown that the accident rate dropped enough to pay all the costs many times over.

The only expense the school has are gasoline, greasing, storage and the teacher's time.

More Goods Needed For Elephant Sale

More goods are needed if the Kiwanis Club is to have a White Elephant sale, chairman W. D. Wood told the members Monday night.

Roy G. Bennett presented a past secretary's pin to Dean Davenport and paid him tribute for his work for the club.

The Chordmasters of Muskegon will be one of the SPEB quartets which will sing Saturday night at the Jamboree concert at the school.

Coming Events

Sept. 2—Regular meeting of Alcoholics Anonymous, City Hall, 8 p. m.

Sept. 8—The Margaret Parker Circle of the Congregational Church will meet with Mrs. Herschel Miller at 214 Belvedere.

Sept. 9—Townsend meeting at the Petoskey School Auditorium at 8 p. m. Speaker will be Robert C. Townsend.

Boys Learn That Theft Doesn't Pay

Two boys, just under 16, Tuesday realized that stealing doesn't pay.

Monday at 6:10 p. m. they were driving down State street and saw Officer Joe Smith's new Pontiac parked in front of the City Hall. (He had gone in for ten minutes to get some papers.) They stopped, quickly pried off a hub cap to replace one they had lost on their machine, and drove off.

By chance LaVerne Heise saw what happened and caught the license number. He gave it to Joe. Within an hour, the latter had spotted the car and found the missing cap in the back seat. The car was pulled to Moore's Garage and held overnight.

Tuesday morning, after admitting the theft, the boys appeared in juvenile court before Judge Rollie L. Lewis. They said they had the money to buy a cap but thought this was an easier way. Judge Lewis put them on probation and revoked their drivers licenses for six months.

Communion Service Sunday Cancelled

The Holy Communion Service at Christ Episcopal Church previously announced for Sunday at 8:00 a. m., has had to be cancelled.

Rev. G-T Courteau of Petoskey, priest-in-charge, is out of town and will be unable to return before Sunday.

Evening prayer will be held at 5:00 p. m. Sunday from now on. There will be no Sunday morning services at 11:00.

Mrs. M. K. Chew Rites Will Be Held Thursday

Funeral services will be held on Thursday at 2 p. m. for Mrs. M. K. Chew who passed away at Little Traverse Hospital Monday at 5 p. m. Mrs. Chew had been in a critical condition for the past 20 days.

Mary Anne Hulme Chew was the youngest daughter of Capt. and Mrs. William Hulme, Sr. She was born in Leelanau county and moved with her family to Charlevoix in 1887. In 1893 she was graduated from the Charlevoix Public Schools and taught in the county from 1893 to 1900. On July 4 of that year became the wife of Morris K. Chew.

Mr. and Mrs. Chew lived on a farm a few miles from Charlevoix for many years but spent the last four winters in Petoskey where they had made many friends.

Mrs. Chew spent her life caring for her family and her church, as she was a member of the First Baptist church for 57 years.

Besides her husband, Mrs. Chew is survived by five children, Mrs. Dora Cooper of Kenosha, Wis., Miss Alice Chew of Bay City, Galo Chew of Alma, Milo Chew of Flint and Mrs. Iola Boss of Charlevoix. Another daughter, Mrs. Edith Simpson, passed away March 10, 1943.

Services will be at the See Funeral home with Rev. Ansley Claypoole, pastor of the Baptist church officiating. Interment will be in Brookside cemetery.

Norwood Bureau Has Annual Picnic

Baseball, swimming and a pot-luck dinner were enjoyed Sunday at Eastport when the Norwood Farm Bureau held the annual picnic.

Lots of home made ice cream was a feature of the dinner. Thirty-seven attended.

Torch Group to Meet

The Upper Torch Lake Association will hold a special business meeting Thursday at the Eastport Masonic Hall at 8:30 p. m.

SPEB Members, Wives Will Start Arriving Friday for Sixth Annual Jamboree

Good singing and lots of it is in store for the audience Saturday night at the SPEBSQSA Jamboree concert in the school auditorium at 8:30 p. m.

Sponsored by the Charlevoix Chapter of the Barber shop Quartet Society, the concert is the big public event of the Labor Day week end Jamboree.

A brand new stage set has been designed and is now being built at the school. For several years the Charlevoix sets have won national notice for their originality and this year's follows in that tradition. As in past years, it is being kept pretty much under wraps until the night of the concert.

Heading the list of the 11 quartets will be the Mid States 4 of Chicago, second place winners in the 1948 international competition and usually considered as a whole show just by themselves.

Others on the list are the Feminaires and Pitch Pipers of Grand Rapids, Chordmasters and Pitch Blends of Muskegon, Ludingtones of Ludington, Songmasters of Lansing, Boyne Aires of Boyne City, Twilight Four of Grosse Pointe.

Two new outfits will appear. The Charlevoices will become a mixed quartet just for Saturday night when Dr. G. B. Saltonstall will sing with them. The other is a surprise. Called The Mystery Four, it will be announced Saturday night.

Master of Ceremonies at the concert will be the guest of honor at the Jamboree, O. H. (King) Cole of Manitowoc, Wis., international president of the order, is coming to Charlevoix and has agreed to emcee the show.

He will be presented by Jack Dollenmaier, an international director and a summer citizen of Charlevoix.

At the intermission, Loton Willson will direct the Snow Belt Chorus. The program appears on page 4.

The Barbershoppers will start arriving Friday for the Jamboree week end. On the events for the Chapter members and their guests will be parties for men and for their wives, the Afterglow Saturday night, and a cabaret dance Sunday night.

School to Start on Sept. 13

School will start Monday, Sept. 13 for the teachers and the next day for students.

Teachers on that first day will have several meetings; inventory books and get supplies. The teaching staff this year is exactly the same as last. Only change from the list announced at the annual meeting in July is Joe Smith as one of the bus drivers. He takes the place of Harry Powers.

Supt. Roy G. Bennett expects the enrollment to be about like last year's, which was 792. He says it may hit 800.

One age rule will be strictly observed this year, he says. In order to enroll in kindergarten, the child must be 5 years old before Nov. 1.

The schedule for the whole year will be:

Monday, Sept. 13, Teachers' conference; Tuesday, Sept. 14, enrollment of students and class assignments; Thursday-Friday, Sept. 30-Oct. 1, M. E. A. Regional conference, Petoskey; Thursday-Friday, Nov. 25-26, Thanksgiving recess; Thursday, Dec. 23-Friday, Dec. 31, Christmas recess; Monday, Jan. 3, school convenes after Christmas recess; Friday, Jan. 21, First semester ends; Monday, Jan. 24, second semester begins; Thursday-Monday, April 14-18, inclusive, Easter recess; Sunday, May 29, Baccalaureate; Monday, May 30, Memorial Day; Thursday, June 2, Graduation; Friday, June 3, Closing date of school.

Painter to Speak At Church of God Sunday Evening

Life size paintings in oil of scenes from John Bunyan's "Pilgrim's Progress" will be used next Sunday evening to illustrate the lecture by Rev. Glenn Stewart at the Church of God.

Rev. Stewart of Lansing is the painter of the series. Sunday evening he will do a painting which will be presented to the person obtaining the largest attendance for the service, which start at 8 p. m. sharp. Special music will be presented.

Father Keenan To Leave Island, Go to Kentucky

Father Fabian Keenan, for six years priest at Holy Cross Church on Beaver Island, has been transferred.

About the middle of September he will leave for St. Peter's Church at Louisville, Ky. He made the announcement Sunday at Mass. Father Keenan is a member of the Franciseans.

New Mass Hours Are Announced

Four Masses will be celebrated at St. Mary's Catholic church on Sunday. They will be at the regular hours of 6:00, 8:00, 9:30 and 11:00 a. m.

Starting Sept. 12 the hours of Sunday Masses will be 8:00 and 10:00 a. m.

Sister of Mrs. Paul Dies Unexpactedly

Mr. and Mrs. Robert Paul and Deedee Paul returned Tuesday night from Detroit where they were called by the sudden death of Mrs. Paul's sister, Mrs. Kathryn Bresnan.

The funeral was Saturday and interment was at Watford, Ontario, birthplace of the girls. Mrs. Bresnan was well known in Charlevoix. She died suddenly of a heart attack.

Horse Pulling Contest Planned for Fair

Floyd Black of Charlevoix will be one of the entrants in the horse pulling contest at the Charlevoix County Fair Saturday, Sept. 11. There will be both light and heavy classes. The contest starts at 2 p. m. in front of the grand stand. The Black team, a 4000 pound pair of chestnut geldings, were entered at the Emmet Sportsman's Club contest.

Band Entertains in City Park

All summer the Charlevoix Marine Band has given weekly concerts in the park, playing every Wednesday evening under the direction of C. A. Odmark.

We Get a Lot for Nothing.

Last night marked the final concert this summer of the Marine Band at the City Park. Few folks here realize what a sacrifice those eight weekly concerts mean to the members of the band.

They meet twice a week, giving up a whole evening both nights. One is for practice, the other for the concert.

They get no pay, even having to pay for dry cleaning their uniforms.

They furnish their instruments.

This summer they even dipped down into the small surplus of the city money paid to the band and paid for building the new platform in the park.

That weekly concert, under the direction of Clarence Odmark, is a decided asset to Charlevoix in the summer. Many summer folks enjoy something to break up the evenings, and the music in the park is fine.

The band deserves more credit and appreciation from the community than it generally gets.

Let's Elect the Better Man

Two men are seeking nomination on the Republican ticket for the state senatorship: Frank Andrews and Otto W. Bishop, the incumbent.

Last June 23 The Courier stated its position on Bishop—he should not be re-elected. There is just one reason why he should not be. Mr. Bishop is not qualified for the job. I have yet to hear a colleague in either Senate or House, or a newspaper reporter covering the capitol (and there are no better judges of a legislator's calibre) say a single word in praise of Mr. Bishop's ability, his value to the state, or his competence as a law maker.

In brief, this district should elect another, both for the sake of its own interest as well as that of the state.

The other candidate is Frank Andrews of Hillman, a newcomer to the state political scene but a leader in affairs over on the east side for years. If a man's record in his own community, and the respect he enjoys there, are criterin, Mr. Andrews is by far the better man.

He is civic minded. He believes that a northern legislator should be interested in conservation, ronds and the North. On these subjects, he has his beliefs—and he is not afraid to tell the voters what he stands for.

He also definitely does not propose being merely an errand boy for Gov. Kim Sigler.

It is high time this district chose a new senator. The candidncy of Mr. Andrews presents an excellent opportunity to do it.

— — — —

I got a new slant on one phase of state politics the other day. A life-long Republican who knows state affairs from the inside dropped in for a visit. I remarked that Gov. Kim Sigler was anything but popular with many voters up in these parts. Said this other man:

"I'm finding that more and more all over the North. You know, two of the best men are on the Democratic ticket this year, Burnie Abbott and Victor Bucknell. If the Republicans had anyone as good as they are to put up, Sigler might be beaten."

Spud Growers Must Register By Sept. 15

Potato growers who want to be eligible for the 1948 price support must register with the County AAA office before Sept. 15.

The cost of registering is $1.80 per acre for each potato acre set as the AAA goal.

Plans for the new price support have just been released. They will carry through until the end of the 1948 marketing season, likely about April 30, 1949. The exact date will be announced later.

Price supporting plans will be at 90 percent of parity. The operations will include purchase, diversion, export and loans. Participation in the loan program will be entirely voluntary and will not affect a grower's eligibility for other support. In fact, the various methods may be used singly or in combination by both growers and contracting dealers.

In Michigan, basic support prices range from $2.45 in August, 1948, to $3.20 in March, 1949, per 100 lbs. U. S. No. 1 grade potatoes packed in new burlap or cotton bags, and loaded f.o.b. on a through carrier in carlots or trucklots at county shipping points. For size B's and No. 2's, basic support prices are 50 percent less than those listed for No. 1's.

The month-by-month support rates are as follows: August, $2.45; September, $2.55; October, $2.65; November, $2.80; December, $300; January, $3.10; February, $3.15; March, $3.20.

Everyone Can Get Free X-ray Test At County Fair

All persons 14 years old and over can do their part in helping stamp out tuberculosis in Charlevoix County this fall at the County Fair.

They can have a free chest X-ray taken then. The X-ray will catch the early cases before they even are suspected and at a stage when cure is easy.

Through the Northern Michigan Medical Society and the District Health Department, one of the state mobile X-ray units will be at the fair all week.

"Tell the folks," said Dr. A. F. Litzenberger, district health officer, "that they will help every one if they will get an X-ray. It may save their families from getting TB, and it can save them months or years of hospitalization. Usually it is the person who never suspects he has TB or has been exposed to it who shows up in these X-ray examinations."

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Lumber began leaving the Island in large quantities last week. The White Swan, loaded with 85,000 feet of Wojan's lumber, left the Island Friday. Capt. Russell Brown came in port Friday evening and left Sunday with the first load of Allen-Hanley lumber.

Simultaneously, the heat wavo hit the Island with a three day's blow. The wind was hot, but it was breeze a-plenty to keep the Island comfortable.

The heat wave took the chill off Lake Michigan to make swimming delightful.

The beautiful flowers used to decorate the Palmer's home for Rosemary's recital were Island grown. They came from the gardens of Mrs. Herman Pischner, Mrs. Walter Smith and Mrs. William O'Donnell.

Mr. and Mrs. John Bonner, New Haven, Conn., spent their vacation with John's parents, Mr. and Mrs. Patrick Bonner.

Mr. and Mrs. James H. Gallagher bade farewell to three of their daughters and their families during the week. Mr. and Mrs. Giles McCann and two sons returned to Charlevoix Wednesday; Mrs. Jack Coppers and two children left Friday by plane to Manistique on her way to her new home in Hancock; Mrs. Robert Burhans ond four children returned Friday to her home in Owosso after a two month's visit.

The fancy crepe paper hats worn by those taking part in the playlet "Cinderella" were designed and made by Mrs. George Miller and Dr. Palmer.

Mr. and Mrs. Lloyd McDonough spent three days in Grand Rapids during the past week.

Mr. and Mrs. Hugh McGuire and Mr. and Mrs. James Philpot of Chicago arrived by plane Tuesday for an overnight's stay with Mr. and Mrs. Lawrence Malloy.

Mrs. Leona Pischner is visiting Mrs. Herman Pischner.

Dr. and Mrs. F. M. Whitsell and family, Chicago, Dr. and Mrs. Paul Rees and family of Minneapolis, Minn., occupied the Johnny Andy Gallagher home while spending their vacation on the Island .

Mr. and Mrs. H. E. Merchant, St. Joseph, Mr. and Mrs. H. F. Merchont and children, Karen and Roger, Huntingdon Valley, Penn., Mr. and Mrs. L. A. Merchant and children, Jon, Ann and Jim, Grand Rapids, returned to their homes Sunday ofter spending their vacation on the Island.

Mr. and Mrs. Walter Smith have returned to their home in Chicago after spending the summer at their cottage at Nomad.

Henry Allen spent the week end on the Island.

Hugh Wilson, Ann Arbor arrived Sunday to spend a week in one of McDonough's cabins on Sand Bay. Beaver Island is an annual habit with Hugh.

Mrs. Carrie Sonderegger, who makes her home on the Island, has received a Madison, Wis., newspaper with a picture and writeup of her grandson, John Sonderegger. Sonderegger, only 33 years of age, was appointed a year ago State Treasurer and in that post has stream-lined procedures to save the state of Wisconsin half a million dollars. Gov. Rennebone has now appointed him as state insurance commissioner. John spent many summers with his grandmother and is well known on the Island.

• Mrs. Lora Weidman of Kenosha, Wis., is visiting Mrs. Nellic Myers.

Alice, Pirates, Mother Goose Characters Dance and Entertain Adults At Annual Party

Alice of Wonderland and her aequaintances, pirates, Dutch girls, Bo Peep and scores of others gathered at the Belvedere Casino last Thursday night for the annual Children's Masquerade. For an hour the youngsters, with Miss Calla Travis at the microphone, presented their stunts and dances. The Alice characters were: cat, Charles Fox; carpenter, Terry Shwab; walrus, Bobby Schrock; rabbit, Stephen Sherer; Alices, Blake and Shelley Bceudrias.

Duplessis Rites Are Held Friday

Funeral services for Augustine (Pete) Duplessis, 73, who died Wednesday at the Charlevoix Hospital, after a brief illness, were held at the See Funeral Home at 2 p. m. Friday with Rev. Dale Tyler, Jehovah Witnesses minister of Petoskey officiating. Burial was in an East Jordan cemetery.

Born in Shellbrook, Quebec, Canada on May 2, 1875, he came to this country as a boy and lived in the East before coming to Charlevoix county in 1891. Later he was employed in Boyne City at the White Lumber Co., the Boyne City Chemical plant, sailed for several seasons and wos a longshoreman for 14 years.

In 1919 he went to Flint where he was employed by the Buick plant for 11 years. Since 1937 he had resided in Hayes township with his half-brother, Joseph Duplessis, except for brief trips to Flint ond Grand Repids.

Besides his brother he is survived by three half-sisters, Mrs. Charles Johnson of Davison and Mrs. Frank Potter and Mrs. Thomas Fitzgerald of Grand Rapids.

• Mrs. Roy Osborn and four children spent Friday here with her sister, Mrs. Emil Pischner, enroute from Williamsburg, Iowa, to Beaver Island where she will visit her parents, Mr. and Mrs. Frank Gillespie.

• Mr. and Mrs. Art Van Dohlke hove arrived from Detroit for a month's stay here.

Editor Will Give Course At U. of M.

For four week ends starting Sept. 24, the editor of The Courier will he at Ann Arbor as visiting lecturer at the Department of Journalism.

Last January he was asked by Prof. Wesley Maurer, acting head of the department, to give a 16-weeks course on Community Newspapering. Unwilling to devote that much time, a program was worked out whereby he gives the first four lectures, with Ink White, publisher at St. Johns, in charge of the final 12.

Price-Harrison Nuptials Celebrated At Ironton

The church at Ironton, Saturday was the scene of the marriage of Nancy Price to William Allen Harrison, Jr. Dr. George A. Buttrick of the Madison Avenue Presbyterian church of New York City read the service. Mrs. Robert Wexstaff, at the organ, furnished the musical setting.

The bride is the daughter of Mr. and Mrs. Ralph Price of Ironton. The bridegroom is the son of Mr. and Mrs. William Allan Harrison of 3001 Central avenue, Middletown, Ohio.

The bride wore a gown of ivory bridal satin designed along classic lines trimmed with heirloom lace. The full skirt extended to form a Cathedral train. She wore a two-tiered finger-tip veil of imported illusion tulle that fell from a modified Dutch cap of rose pointe lace that belonged to her great-great grandmother. She carried white gladioli sprayed with baby breath.

Patricia Blackwood of Detroit, maid of honor, and the bridesmaids, Catherine Crooks of Parkersburg, W. Va., and Mrs. John Lucas of Charlevoix wore dresses of mauve bengaline faille, designed with full skirts, sleeveless bodices and portrait necklines with herthas. The colonial bouquets and headdresses were of blue cornflowers.

William Weber of Louisville, Ky., assisted Mr. Harrison as best man. Robert and Richard Dell, his cousins, acted as ushers.

The reception, attended by 200 of the friends of the families, was held at the home of Mr. and Mrs. Price.

The following out-of-town guests were present at the wedding and reception:

Mr. and Mrs. E. A. Harbers, Mr. William G. Harbers, Mr. and Mrs. G. H. Belsterling, Mr. and Mrs. R. G. Belsterling and Misses Jean and Janice Belsterling of Peoria, Ill.; Mrs. H. L. Dell and Mrs. D. H. Bleeker of Middletown, O.; Mr. and Mrs. Charles B. Bayly, Washington, D. C.; Mr. and Mrs. William E. Bayly, Lima, O.; Mr. and Mrs. A. D. Blackwood, Mrs. C. E. Ervin of Detroit; Marjorie Brinkert, Franklin; Marjorie Schroeder, Oak Park, Ill.; Mrs. S. R. Tyler, Miss Mary Tyler, Webster Groves, Mo.; Mr. and Mrs. Thomas Hoffman, E. Lansing; Mr. and Mrs. Merwin Eaton, Rocky River, Ohio; Mr. George Brooks, Grosse Pointe; Mr. and Mrs. R. S. Wilson, Hudson, Ohio; Mr. and Mrs. T. J. Miller, Dixon, Ill.

A dinner, honoring the wedding party and the out-of-town guests was given at the Belvedere Hotel in Charlevoix Friday evening by Mr. and Mrs. Robert S. Wilson of Hudson, Ohio, Mr. and Mrs. P. A. Harris, St. Louis, Mo., Mr. and Mrs. T. J. Miller, Dixon, Ill., and Mr. and Mrs. S. E. Chamberlain, Webster Grove, Mo.

Mr. and Mrs. Harrison are spending their honeymoon on a trip to Quebec and the Gaspe Peninsula. They will return to Middletown about the middle of September.

For going away the bride wore a toast gabardine suit, a brown wool coat and matching hat with brown accessories.

Belvedere Has Annual Cabaret Party Saturday

Members of the Belvedere Club and their guests, 300 in all, held the annual Cabaret Party Saturday night at the Casino.

The program, presented by Belvedere members, went over big. Original costumes were plentiful.

Mrs. Shirley Simpson was general chairman for the event.

THE TOW LINE

This is truly "Be Kind to Kachoocrs Month." I suddenly realized it when my fellow-sufferer, Mrs. Florence Moore of Jonesville, drove up in front of our house. We used to be the prize wrecks of the town during hay fever time. Now she is up in these parts to get some of the wonderful relief that I have had.

'Tis a small world alright. Wonder how many folks remember Raymond Knight who used to live in Charlevoix and went to school here. After school he followed the lakes and then came along the war. Imagine what a happy surprise at that time he had to find that he was assigned to the Liberty ship "Charlevoix." Now Knight is the Harbormaster at Milwaukee . . .

• Called here by the illness of Mrs. Merritt Lewis at the Charlevoix Hospital are her sister, Mrs. A. C. Peterson, who will remain here indefinitely and her brother, Frank Fox, and Clifford Peterson, who have returned to Benton Harbor. Mr. and Mrs. B. A. Peterson of Dowagiac are also here.

Asleep at Wheel, Rips Up Hedge

Falling asleep at the wheel of his employer's car proved hard both on the car and some of the Belvedere Club's fine cedar hedge last Wednesday morning.

The driver was Frank E. Fuller of Detroit. The car belonged to Mrs. David M. Miro of 103 Petoskey avenue. The hedge was along Ferry avenue; 78 feet of it were torn up and ruined.

When interviewed by city police officers, Fuller admitted the damage. Before Justice Don Swinton he pleaded guilty, made restitution and paid a $25 fine and $3.35 costs. Damage to the car was estimated at $200. It was traced through a hub cap it lost.

College Course In County This Fall

A college course for adults interested in educational work will be given in Charlevoix county this fall and winter by Central Michigan and Michigan State Colleges.

Dealing with guidance, the course will study the work done in various schools in addition to classroom study. It carries a credit of six semester hours.

The first session will be Sept. 11 at 9 a. m. at Charlevoix. The next session will be Boyne City, and after that wherever the class wishes to meet.

Services Held for Barnard Pioneer

Albert James Beattie, 87, resident of this community for 62 years, died Friday at the Charlevoix Hospital where he had been a patient for three weeks.

Funeral services were held at the See Funeral Home at 2 p. m. Monday with Rev. W. D. Wood officiating. Burial was in Brookside cemetery.

Mr. Beattie was born at Howell on Aug. 1, 1861. In 1886 he came to the Barnard community and settled a homestead. On April 30, 1890, he was married to Mary Jane Harkness who preceded him in death on Oct. 23, 1937. In 1941 he retired from farming and moved into Charlevoix.

He was a member of the Methodist church for many years and had been a member of the Barnard Grange.

He is survived by a son and daughter, John L. Beattie and Mrs. James Culp, both of Ann Arbor; six grandchildren; five great grandchildren; a sister, Mrs. Esther Miller of Muskegon and one brother, David of Grand Blanc.

Two other children preceded him in death. Walter died in infancy and Clarence H. in 1939.

For the best In Dairy Production

Feed Farm Bureau 18% Service Dairy or use 24% Milkmaker with your own grains.

HERE ARE THE REASONS:

1 Pastura grass is probably tha greatest stimulant for milk production we hava. But it's unbalanced for maintaining body weight and continued heavy productisn.

2 Pastura grass when lush carries as high as 30% protain. It needs carbohydratas (barley, corn, oats) to halp maintain body weight and balancs it properly, and a minimum of protein.

3 Pasture grass carries all the "B"-complex vitamins —vitamins "A" and "E", all in super abundance— vitamin "D" in ths sunshine.

4 Pasture grass is rich in soluble minerals dspending on tha soil. Added calcium, phosphorus and trace minerals are practical and profitable.

5 Grain costs lass and bettsr supplaments pasture grass for milk production, health and weight.

Farm Bursau foeds are all sciantifically fortifiad to supply your livestock and poultry with all minerals and vitamins necessary for the besl growth and production.

Be Sure Title to Land Is Right Before Buying, Surveyor Warns Purchasers

Be sure your title is right before buying land, is the warning of Mrs. Mary Feindt, county surveyor and head of the Charlevoix Abstract office.

Lately there have been a number of cases of trouble over such titles. Either the property lines were not right, there was a flaw in the record, the buyer did not know of existing restrictions, or other trouble developed.

Titles in Charlevoix County (as well as much of this north country) often have flaws in them. During the logging days, folks were careless regarding both boundary lines and legal requirements. The attitude presisted after the lumbering was over and the result often spells trouble for the unwary.

"Many folks think when they get an abstract their title is guaranteed," Mrs. Feindt says. "That isn't so. The abstract simply is a history of who has owned the land. It there is a break, that shows up."

There are two chief sources of trouble, she points out. First is the actual land itself. All too often a buyer thinks he is getting one particular parcel when actually he may be several feet off. She tells of one recent case where the boundary line cut a house diagonally in two. Over in Petoskey a man actually started building on another's lot.

The safe way to check on lines is to have a survey made. Then the surveyor guarantees, in most cases, that the land you are buying is what is marked out for you by stakes.

Taking another's survey is risky. Recently a new buyer did that, cut some timber, and now faces suit for having cut trees which were on a neighbor's land.

Another safe procedure is to talk with the neighbors and see if their understanding of joint boundaries is the same as the buyer's.

The second big source of trouble is due to actual flaws or restrictions in the title. The safe procedure here is to get an opinion of the abstract from an attorney, or to buy title insurance which gives financial protection.

Common title faults are:

A husband or wife deeding property alone. The other spouse and his heirs can enter a claim in such cases.

Title does not agree with tax description. One Charlevoix woman had to buy back six feet from the state which went on tax sale.

Description, if set down in measurements and angles, does not form a closed area but has a gap at one corner. Often court action to quiet title is necessary.

The title, if one is to be safe, Mrs. Feindt says, should go back to the original plat or better yet to the federal land patent. Then if there are gaps in the chain of title, an attorney can spot them.

One other thing to watch for are restrictions or easements. Some previous owner may have sold mineral rights. Or there may be restrictions on the type or height of house that can be built, or a lake side lot may be barred from the beach.

All these things can be spotted in the abstract. For if they are not on record at the court house, generally speaking they are not binding until they are recorded. But once on the official books, they will permit an oil derrick in your back yard or force you to build a one story house instead of two.

U-M Helps Smaller Schools in Study of Great Paintings

ANN ARBOR — Pupils in the rural and village schools of the state are going to have a chance to view some of the world's finest examples of painting.

Two University of Michigan agencies, the Extension Service and the Museum of Art, have launched a program under which 100 reproductions of the best in art will be available to these schools on a loan basis.

Above, Everett Soop, director of the Extension Service, is showing two school teachers a reproduction of Van Gogh's "Woman Rocking a Cradle." Left to right, the teachers are Miss Beth Brown, of Stephenson high school, and Miss Elizabeth Bastien, of the Carney Public School.

The University's Audio-Visual Center will handle the details of loaning groups of two to five pictures to the schools on a weekly basis.

New County Set-Up Explained to Club

How the new United Health and Welfare Fund of the county will tie in with Charlevoix's Community Chest is explained by Gordon Freedman, a director of both organizations as well as of the State Fund.

Freedman says the county organization will operate much like the War Fund did, covering the rural as well as the city areas. A committee already is at work, receiving applications for support from organizations, and checking the validity of these applications.

The Community Chest will have only one drive but at that time it will collect two groups of funds. The first will be for strictly local purposes, such as Girl Scouts and community nurse. The other will be for county and national needs. Included in these will be the Boy Scouts, hospital, polio, cancer, heart and similar organizations.

Freedman points out that by doing the whole job at once considerable administration expense is saved. By having a county set-up, both the load and the way the money is used are equalized. The individual actually saves money by giving in one lump sum instead of individually to a dozen different drives.

After Many Had Failed

After many other inventors had failed, George Selden completed the first successful internal combustion engine in 1877. The Duryea brothers made the first auto to run on a public highway in 1893. R. E. Olds' straight-line assembly, Ford's mass production and standardized parts were vital factors that helped build a four billion dollar industry. It has created nearly seven million jobs in 1,375 cities in 44 states. One-fourth of all U. S. patents relate to automobiles.

Wearing Good Protein

Recent medical research on the value of high protein diets is paralleled by the fact it long has been realized that leather shoes were beneficial. They consist largely of protein!

Death of the Heath Hen

Many years ago, despite every human effort, the Heath Hen died on Martha's Vineyard, an island off the coast of Massachusetts. He was the sole survivor of what had once been a vast host of this species of game bird although the range was very limited from New Hampshire to New Jersey and Chesapeake bay.

The "old grad" and the oil filter

It's "School Days" Again for Standard Oil Dealers
. . . to give your car better service

When your Standard Oil Dealer returns to his station a graduate from one of our training schools, the *feel* of different car parts has new meaning for him. He feels the oil filter, for example, and its temperature tells him whether service is needed. With improved know-how he supplies "Personalized Service," which for your car means the individual attention it needs, and for you the personal service you enjoy.

Thousands of Standard Oil Dealers have completed this advanced training; 250 others take the course every two weeks at our 80 schools. When they put into practice what they have learned in school, they receive the Service Specialist award you see in many Standard Oil Dealer stations.

Red Cross Explains Why It Can Not Join Fund Drive

(Editor'a Note: The following statement from the Charlevoix County Chapter of the Red Cross explains its position on a combined drive for welfare funds. Of the various big organizations which object to going into a combined drive, the Red Cross alone in my opinion has any reason for staying outside. The others object because under a combined plan they no longer could grab the major portion of the funds contributed.—LT.)

The Executive Board of the Charlevoix County Chapter of the American Red Cross feels that a clarification of the stand taken by Red Cross on participation in joint fund raising is most pertinent and necessary at this time when the United Health and Welfare Fund, Inc., is about to go into action in Charlevoix County.

A united appeal for funds has many distinct advantages. However, for many years the Red Cross tried to cooperate in joint fund raising campaigns in some 400 communities. The experience showed conclusively that the merging of the Red Cross fund appeal with other agencies' appeal resulted in real harm to the Red Cross.

The American Red Cross is the largest single charitable organization in the world. Local joint fund raising agencies must adopt regulations and exercise a degree of control over the objectives and scale of operations and budgets of their participating agencies that cannot be applied to a national and international organization such as the Red Cross without seriously crippling its ability to meet those very emergencies for which it was created.

We wish to make it clear that the Red Cross does not oppose joint fund raising in prineiple However, in the past it has been proven that joint fund raising has failed to meet the budgetary needs necessary to cover national and international obligations as well as local and that there was a loss of personal and direct relation with an aetive and participating membership.

Only after careful study has the Board of Governors fixed the present policy which states that no chapter has the right to join with other agencies in joint fund raising nor to accept money raised in such campaigns. In view of this policy, deviation from which would result in the revocation of our charter, the Charlevoix County Chapter of the Red Cross will conduct its own separate annual fund campaign next March as usual.

Feminaires of Grand Rapids Will Sing At Jamboree Saturday

The Feminaires of Grand Rapids will be one of the featured quartets to sing at the Charlevoix Chapter's sixth annual Jamboree On Sept. 4.

The foursome is doubly a SPEB outfit, all the husbands also being members. Fannie Pell, bass, is the wife of Peter Pell, tenor of the Cosmopolitans. Harriett Bennett, lead, is married to Roscoe D. Bennett, first president of the Grand Rapids Chapter and sports editor of the Press. Muriel Boynton, tenor, and Ferne Van Dyke, baritone, became so interested in barbershop singing they persuaded their husbands to join.

During the year the Feminaires have been singing they have been coached by Frank B. Goodwin, director of the Grand Rapids Schubert Club, Shrine Chanters and the Creston a capella choir.

Re-Elect Otto W. Bishop

to Represent This District In the Michigan State Senate

He has been a life-long resident of Northern Michigan and for many years has been very active in its civic, industrial, agricultural, as well as in the political life of local and State Government. At present he is a member of some of the most important committees in the State Legislature. He is a Chairman of the powerful Finance and Appropriations Committee of the Senate, as well as a member of the Committee on Highways, Senate Business, and Interstate Cooperation.

Since his election to the State Senate he has consistently urged the development of the Tourist and Resort industry in Northern Michigan. He has secured appropriations annually for the development and promotion of this industry.

As the best aid for the development of Northern Michigan he has consistently urged and secured appropriations for the construction and maintenance of good roads.

He is credited with being first to suggest and urge State Aid for the promotion of County Fairs and 4-H Clubs.

He secured the passage of legislation encouraging and providing assistance for County Health services, especially in rural counties.

He is active in securing legislation providing financial assistance for the aged and introduced the bill relieving Counties of the burden of the care of dependent children by making this a State obligation.

His activity in the interest of Veterans is well known. He introduced and secured the passage of the Act creating the Reserve Fund for disabled veterans and their dependents.

His support of all measures promoting education both in its primary and higher forms is well known.

An important measure introduced by him, which readily received the approval of his colleagues, was the Act to prevent over-draft by all State departments and agencies.

The experiences gained through his labors in Lansing especially qualify him to cope with the problems of revenue, taxation, conservation, education, roads, and other important problems that will have to be solved by the next legislature.

He will appreciate your active support in the coming Primary Election September 14, 1948.

Committee.

Case Here Points Need for County Juvenile Home

The need for some kind of a juvenile home for Charlevoix County has been pointed out by a drastic incident here.

Two weeks ago a call came to the sheriff's office from Beaver Island. The Shillelagh had been entered at night. It developed that a Charlevoix boy, 11 years old, was suspected. He had been there at the time but had returned to the mainland.

That Saturday morning he was picked up and was to appear in juvenile court Monday. But there was no place to hold him. The former juvenile home has been condemned by the fire marshall's office as unsafe and none other found. City police tried to find a private family which would be responsible but none would accept the duty. So the boy was released.

Sunday at the St. Mary's bazaar, Mrs. Albert Russell dropped a wad of bills, $99 in all. The boy was there, saw the bills drop, and grabbed them. Reports that he was spending large bills led police to suspect him and when questioned he admitted picking up the money, which by then was all gone, much of it to adults.

In Juvenile Court, Judge Rollie Lewis had to put him on probation since there was nothing else he could do, lacking a county home.

Garden Club Picnic Will Be Sept. 21

Sept. 21 will mark the date of the picnic for the members of the Charlevoix Garden Club with Mrs. Joe Foster and Mrs. Fred Willis.

The members met last Tuesday with a picnic luncheon at the Ironton home of Mrs. Ross Alexander. Mrs. W. S. Richardson of LaCrosse, Wis., Mrs. Naomi Plank of Elkhart, Ind., and Mrs. Lola Hahn from Muskegon were guests.

Bronze Castings Hold Up Bridge

Work on the new bridge is being held up by failure to get a set of good bronze alloy castings.

For it is on these chunks of bronze that the new span will roll as it lowers and raises. Technically they are known as trunnion girder castings. Riveted to a big steel casting with a curving edge, the bronze pieces will carry the entire weight of the bridge.

Two sets have been cast so far and neither was up to specifications. A third set is now being made.

The steel for the span is ready and waiting at the company's plant at Mt. Vernon, Ohio. As soon as suitable castings are made, the trunion girders will be assembled and the whole shipped here.

Last week H. J. Armstrong, Mt. Vernon superintendent here, has kept his crew busy putting together the approaches. The south side one was done Wednesday noon and then work was started on the northern end. These approaches will carry the pavement out from the abutment to the lift span.

The steel frames for the counterweights already have been put together in place under the approaches and will be riveted to the trunnion girders when these arrive. The south span will be erected first.

While work on the bridge is being held up, the Lamb-Leudtke crew is going ahead with the concrete work.

First concrete on the new paving at the south side was poured Aug. 24. Work here will be continued until the entire new pavement, 64 feet wide, is poured. It will extend south to a line in front of Dutcher & Johnson's store.

The west side will be laid first. Then traffic will be routed over it, the old blacktop dug up on the east side, and that section poured. New curbs and some sidewalk also must be replaced. The entire job will be done shortly after Labor Day.

In between times the side wall on the north side pier will be completed and work started on the forms for the two side walls on the south pier. The major part of the concrete work on the foundations is completed. Aside from the two flanking walls, not much more can be done until the steel work is farther along.

Stork Shower Given For Mrs. Medsker

Mrs. Leo Rising was hostess at a stork shower Thursday evening honoring Mrs. E. C. Medsker.

A buffett supper was served after an enjoyable evening of games with prizes going to Miss Velma Kane, Mrs. Helen Sneathen, Mrs. Alma Bartleson and Mrs. Lee Sneathen.

Those attending the shower were Mrs. George Cook, Mrs. Helen Sneathen, Mrs. Fred Melin, Mrs. Maude Medsker, Mrs. David J. Smith, Mrs. Milo Kane, Mrs. Tripp, Mrs. Frank Case, Mrs. Frank Paquette, Mrs. Alfred Allison, Mrs. Lee Sneathen, Miss Louise Medsker of Cheboygan; Mrs. Warren Bartleson of Grand Chain, Ill., Mrs. Harold Johansen of Detroit, Miss Mary Louise Schiffler of Traverse City and Miss Velma Kane.

The honored guest received many gifts.

Former Pastor Now Lives In Grand Rapids

Walter Quant, a Charlevoix visitor this week, brought news of his family, former residents.

His father, Rev. H. R. E. Quant was the Methodist pastor here and is now retired. He and Mrs. Quant live at 1426 Bemis, S. E., Grand Rapids. Walter's sister, Marella, is now Mrs. C. M. Bell. Her husband is a member of the Board of Blodgett Memorial Hospital.

Mr. Quant is auditor for the Hayes Manufacturing Co., at Grand Rapids. Here he visited the Browns, Hookers and Beldings.

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

Labor Day week end was a sad one in one respect. It was the time of saying goodbye to many summer friends, many of whom hated to return to the city to take up their work for the winter months ahead . . . Of course many summer folks are staying through the fall weeks to come and those who have left us can never realize that the most beautiful time of the year is yet before us . . .

The Ted Foster family have been in Copper Harbor vacationing . . . It's now Capt. and Mrs. Hubert Paddock. Congratulations! . . . Bob Richards and Harold Dutcher were at Sault Ste. Marie Monday to attend the State Kiwanis Convention and were among those who were caught in the traffic jam at St. Ignace on their return . . . Billy Zeitler returned home from Ann Arbor Tuesday after spending several months at the University Hospital there. He wishes to thank everyone for their cards and gifts they sent him while he was there. And his Charlevoix friends are happy that Billy is so much better that he could return home.

Shirley Sauri writes that she feels she was a mighty lucky girl to have rated a trip to California. She flew out to San Diego and is terribly thrilled over the mountains and how hilly San Diego is. Flowers are in bloom there and it seems strange to hear them talking about what they are going to plant in their gardens for winter. To a snow bird that is mighty strange.

Mr. and Mrs. Robert Bennett, who have spent the summer at the College of Education at Greeley, Colo., were here last week visiting the Roy Bennetts. From here they went to Alpena. Mr. and Mrs. William Bennett and daughter, Janis of Alba were also here and returned Labor Day as school started Tuesday morning. Bill is superintendent at Alba. "The boys are just chips off the old block," said Mrs. Bennett. Bill, who is but 25, is one of the youngest, if not the youngest superintendent in the state . . . Joan Ward has returned to Elkhart, Ind., to finish her schooling. In a few weeks she will be graduated . . .

Mrs. John Zeitler and daughter, Janice spent Labor Day week end in Detroit visiting Mr. Zeitler. From there she went on to Portsmouth, Va., to visit Bruce Zeitler. Bruce is a chief petty officer and has just returned from a trip to the Mediterranean . . . Miss Alice Chew returned on Wednesday to Bay City to resume her teaching duties in the Garfield school there. Mrs. Dora Cooper, and daughter, Celia of Kenosha, Wis., Mr. and Mrs. Galo Chew and son, Richard of Alma; Mr. and Mrs. Milo Chew and daughters, Carmen and Eunice of Flint have returned to their homes after having spent the past week or so here due to the critical illness and death of their mother, Mrs. M. K. Chew.

School time also means club time and getting programs lined up for the coming months . . . Mrs. Betty Aerne and son, Andro returned Friday to their home in Oak Park, Ill., after having spent the summer months at their cottage at Ironton . . . Mr. and Mrs. Dick Paddock of Midland spent the week end here and were among the guests at the Clair Websters' gardan anniversary party . . .

Heard a new one this week. A fellow gave his recipe to get his wife to return home from vacationing when he was getting darn lonesome. Said he: "Take the home town paper and clip an item out of it. Then send the paper to wifie. That missing item on page one does the trick and friend wife will be back on the family doorstep before you know it." Said he had passed this advice on to several folks and it works every time.

A place that would be a lot of fun to visit is Arlington, Vt., especially if you are a follower of Norman Rockwell covers on the Post. Seems that most everyone in that little town has sometime or another appeared in those humon interest covers. And to walk down the streets, peer into stores, restaurants, one can find these folks in the flesh . . .

Mr. and Mrs. Oscar D. Hutchison and Mrs. Fred Stebbins of Chicago have been house guests for the past week at the Ray

Wojan to Build Finishing Mill On Stover Road

Ground has been broken and work likely will start the first of the week on the new lumber mill which Tony Wojon of St. James plans to build on Stover road.

The Wojans, father and sons, own considerable timber on Beaver Island. They also have a sawmill at St. James producing rough lumber. In the past they have morketed it in that state.

Now they plan to put up a finishing mill here, manufacture all kinds of interior work, and sell the finished product.

The mill will be at the east end of the former Bob Withers property, where Mr. Wojan has bought a tract 300 by 300 feet on Stover road. The first unit, the finishing mill, will be 80 by 120, one story high, with a brick front and concrete block walls. Later a small dry kiln, 20 by 50, will be added.

If it can be obtained from the city, he plans to use electric power in the plant with steam for the kiln.

About 600,000 feet of lumber brought over on the White Swan already is piled on the rear of the lot, being air dried. Approximately half of it is hard wood.

Bowling League Planned, To Meet Thursday Night

Bowlers, who would like to join one of the City League teams for this coming winter's play, should be at the City Hall Thursday at 8 p. m.

Six teams have been planned for the coming season and sponsors found for them. Some of the teams, however, do not have the full number of bowlers. It is to fill these vacancies that the Thursday meeting is planned.

The League will bowl at Petoskey this coming season instead of East Jordan like last year.

Work On Bridge Still Held Up

Work still is being held up on the new bridge.

Failure of needed parts and steel to arrive is the reason.

One thing is chiefly responsible for the delay. It is the set of bronze castings called trunnion blocks on which the two 72 foot spans will roll as they lift and lower.

The blocks have been cast twice already and neither time did they meet specifications. Word of how the third ottempt came out has not yet been received.

As soon as they arrive, work will stort with a rush.

Radle Baby Dies, Services to Be Here

Word was received Tuesday evening of the death of Susan Radle, four months old daughter of Mr. and Mrs. Edward S. Radle at Whitefish Bay, Wis.

That day Mrs. Radle had put the baby in her cab and outdoors for a nap. Ten minutes later she went out and found the baby all right. Taking another look after another ten minutes, she found the baby dead. It had vomited in its sleep and strangled.

The Radles have one other child, Tommie.

Mr. and Mrs. Earl Miller, parents of Mrs. Radle, went to Frankfort Thursday morning to meet them. Mrs. Esther Radle is his mother.

Funeral services for the baby will be here.

Brother, Sister Buy Burr Home

New owners of the former Redmond Burr home at 502 Michigan avenue are Sol F. and Joanne Hassenbusch.

The children of Mr. and Mrs. Samuel Hassenbusch of Charlevoix and St. Joseph, Mo., they have bought the place as their future summer home. They have taken immediate possession.

READY SOON

New Poultry Plant Nearly Done

Weather permitting, work on the new poultry processing building will be finished this week according to William Wallace, the contractor.

The roof was completed last Friday, and the pouring of the concrete floor is now going on.

The only major job remoining is to finish the sewage system. Instead of trying to hook on to the city system, the plant will have its own septic tank. The tonk will hold 3000 gallons. Carrying off the overflow water from the tank will be 175 feet of tile laid in washed stone.

Work on the building had taken just five weeks Saturday. It is 52 by 88, has a boiler room and truck unloading platform at the west end. At the east side is the shipping and storage room with the processing section in the center of the building.

A railway siding will be built in at the east for shipping poultry by rail.

Installation of the equipment will be started week after next, according to Fred Willis, manager. The cooler unit already is on hond. The boiler is being bought from Korths. The pickers and some other equipment have not yet arrived.

Singing Visitors Have Fine Time

Charlevoix made a lot of new friends on Labor Day weekend when it was host to the Sixth Annual Barbershop Jamboree.

For a good proportion of those coming it was the first visit to Charlevoix. Almost without exception the visitors told local membera of the fine time they had and of their intention to return if the Jamboree is held in 1049.

A lot of hord work went into the preparations needed to put on the three-day event.

Two parties were staged Friday night. The joint chapter meeting of Boyne City and Charlevoix was at 103 Clinton street and was attended by some 100 singera who arrived that day.

At the same time the party for the ladies was staged at the Hallett Hotel. In charge were Mrs. Charles Hamlin, Mrs. Robert Miles, Mrs. Don Feagan, Mrs. Bud Gill and Mrs. Henry Ingalls.

Saturday night the Concert at the high achool used the new stage set. Dealgned by Bob Miles it wos built by him, Henry Ingalls and Harry Gregory. It represented an old fashioned phonograph with the horn atop. The quartets stepped out when the doors were opened.

Dal Henry had charge of the concert and of the Afterglow immediately afterward, held at the Beach Hotel dining room and attended by almost 300 barbershoppers. Entertainment wos provided by impromptu quartet singing.

The concert itself attracted a packed house. Tickets, ushers and arrangements with the school

WATER . . . WATER

Small Cloudburst Floods Streets

This section got a lot of water in some 20 minutes Monday night.

After a hard thunder shower in the afternoon, at 7 p. m. the rain started again. Soon it was solid sheets of woter. Harry Ladd says his rain guage recorded .48 inches.

Worst hit place was the 200 block of Clinton street, where State street acts as a low dam. Close to ten inches backed up, covering the sidewalks and front lawns as far as the school grounds.

Some damage was done at John Mol's where the water flowed into the cellar until it was four feet deep and Ray Hamilton had to bring his marine pump to get it out.

Lawn cuttings and leaves packed many of the catch basin gratings on several streets and caused similar but smoller ponds.

Considerable trouble was caused at the bridge. Fill dirt had been carefully graded in under the south approach and was ready for the casting of a six inch concrete apron. The rain washed possibly ten cubic yards of this dirt into the hollow foundation.

There the water will have to be pumped out and then the dirt shoveled out by hand, and the whole bank regraded.

FOR RIPLEY

Lightning Hits Same Owner Twice

A Believe It or Not worthy of Ripley occurred here Monday at 5:30 p. m.

Lightning struck the home of Mrs. Della Lomas on South State street, knocking bricks loose from the chimney, splintering rafters and studding and setting fire to the front of the house in the attic, 25 feet from the chimney. There it burned through the siding and roof.

At the same time the same or another bolt of lightning rang the phone at Moonlight Garden, owned by Mrs. Lomas. Besides the phone ringing, fire flew from a water pipe but nothing caught fire.

In three minutes, the phone started ringing. Mrs. Lomas was afraid to answer it but when the ringing kept up, did. It was her neighbor, Mrs. Robert Mitchell, calling with the news her house was on fire.

BEST YET

No Drownings Here This Year

For the first time in years, there was not a single drowning here in any of the three lakes.

There were several close calls. The new life guards can be credited with two rescues from what might have been possible deaths and the Coast Guard reached several capsized boats in the nick of time.

Joseph Etienne, head of the Coast Guord station, gives a lot of credit to citizens here. As soon as anyone saw anything which looked unusual, it was promptly reported to the Coast Guard which sent a boat and crew to investigate. If it had not been for this prompt cooperation, the summer's record might have been entirely different, Etienne says.

City Has Lots of Traffic Labor Day

Charlevoix has a lot of traffic at times.

Richard Lahti of the Conservation Patrol Boat was curious, So Sunday and Monday evenings he ran a one-man check on cars. Stonding at the corner of Bridge and Clinton streets, he got these counts:

Sunday, 7:30-8:30 704
Monday, 8:30-9:30 581

The evening rain Monday came during that hour.

Gridders Start Drill, Opening Game Sept. 17

With the summer gone and September here Coach Ray Kipke is hord at work with 45 prospective football players in an effort to build a team for the first game with Mancelona on Sept. 17.

With five letter men returning for positions in the line and two for positions in the backfield, his work for the next few weeks is cut out for him.

In the lina he will have such veterans as Warren Shadko, who won a guard berth on lost year's All-Conference team; Arnold Loper, tackle, who was given honorable mention; Junior Potter and Herb Boss, guards; Don Coney, Ross Case, ends. Others out ore Charles Fairbanks, Jerry Gibbons, Brad Foster, George Hoggard, Ed Klein, Tom Hamlin, Lorry Peterson and Bruce Shanahan, and Elmer Monville.

In the backfield will be Pat Martin and Dick Jolliffe, who has recovered from hunting accident, both veterans of three years play; also out are Bill Barber, Jim Bowman, Don Hardy, Bill Wallace, Ron Cunningham seeking other positions.

Other players not mentioned may, after a few more days practice, become likely candidates for the Rayders who ore defending champions in the Northern Michigan Class C conference.

Kipke's task will be a difficult one for in building this year's team he must fill positions left vacant by such players as Bill Carey, quarterback, and Bob Carey, end, who were co-captains last year and All-Conference choices. Dave Hardy, Cliff Lagerman and Dick Donaldson, all backfield men; and line-men Bill Peterson, Bob Shonahan, Jack Roberts, Bob Clarke, Ray Williams, Dave Smith, Jim Harvey, Jack Klein, all of whom graduated. Don Burke, All-Conference guard, and Phil Martin are unable to play because of scholostic regulations.

274 Register In First Week of Draft

Charlevoix county men of draft age have kept the clerks at various registration centers in the county busy since they started registering on Aug 30.

Through Sept. 3, 274 men in various age groups had registered, Mrs. Anna Eccleston, county draft board clerk, reports.

Many who are leaving for school or for various other reasons have registered on days other than those assigned to special age groups.

Since the older age groups were scheduled to register first, the majority of those who signed up by last Friday are the older men. There are six more age groups still scheduled to register.

Grange Meeting Picks Delegates

The Charlevoix County Grange convention was held Thursday evening at Maple Grove Holl.

Granges represented were Marion Center, Barnard, Maple Grove, Peninsula and South Arm. Delegates selected to represent the east side Granges at the state convention were Mr. and Mrs. Versel Crawford of South Arm. Their alternates are Mr. and Mrs. Henry Daugherty.

Delegates from the west side are Mr. and Mrs. Gerald Burke, of Maple Grove. Their alternates are Mr. and Mrs. Otto Kane.

Louis McSawby Back At Gaylord

Lying in bed with one leg in a plaster cast, Louis J. McSawby hopes to be able to return home soon.

Right now he is at the Gaylord Sanitarium.

Last April he was sent to Percy Jones at Battle Creek and underwent an operation there for bone tuberculosis. Now he is back at Goylord to recuperate. His letter indicates that he is coming along fine and soon may be home and on both feet.

Coming Events

Chest Asks Local Groups to Present Budget Tuesday

The Admission and Budget Committee of the Charlevoix Community Chest will meet Tuesday at 8:00 p. m., in the City Hall to form the budget for the 1048 Charlevoix Community Chest Campaign.

It is important that all local agencies requesting funds have a representative present to discuss and present their budget.

This will not include other than local agencies as all agencies having a National Organization will be covered by the United Health and Welfare Fund of Charlevoix County.

Fern Waffle Wins Blue Ribbon At State 4-H Contest

A blue ribbon was won for Charlevoix County at the State 4-H competition at East Lansing last week.

Fern Waffle's wool dress, exhibited in the clothing section, took the first award. She is the daughter of Mr. and Mrs. Medrick Waffle.

The model barn, built by the Barnard Handicraft club, took a red ribbon and Betty Warner's dressing table unit was awarded a white ribbon. Betty is the daughter of Mr. and Mrs. Clyde Warner.

Going from here were Nita Brumm, who exhibited her wool suit in the style revue, Mrs. Clyde Warner, Mrs. William Hair, Mr. and Mrs. William Parsons. They returned Friday night.

Charlevoix county received special mention at the 4-H event for being the county farthest north which was represented by a delegation of leaders.

On the trip to East Lansing the Charlevoix delegation called on B. C. Mellencamp at Mt. Pleasant. Now county agent for Isabella, he organized the first 4-H clubs here.

At East Lansing the leaders were guests at the Thursday evening banquet, and witnessed the evening program. Friday morning, with K. C. Festerling as leader, they saw the 4-H Livestock exhibit and judging.

After a trip through the sunken gardens at the college, the group toured the state capitol and the School for the Blind before returing home.

900 Attend County Labor Day Picnic

More than 900 citizens of Charlevoix County attended the annual picnic Monday at the Whiting State Park.

Coffee and prizes were supplied by the Charlevoix County Chambers of Commerce.

The oldest persons there were Mrs. F. E. Miller of Muskegon, 81, and L. Henderson, 86 of Boyne City. Mr. and Mrs. Stanley Florenski of Boyne City won $5 in groceries for having the largest family present: nine children.

In charge of the event were Ed Rebman, K. C. Festerling and J. E. Brotherston of Boyne City.

Library Schedule Changes Monday

The Charlevoix public library will resume its winter schedule on Sept. 13, Miss Floranz Milner, librarian, has announced.

Beginning on that date the hours will be from 2:00 until 5:30 and 7:00 to 8:30 p. m. every week day.

Fair to Observe Charlevoix Day On Thursday

Charlevoix will observe Thursday as its day at the County Fair by making it easier for folks here to attend.

As has been the custom in past years, many of the business places in town plan to close during tha afternoon. All the city and county offices will do likewise.

The Fair got under way Tuesday when exhibits and concessions started arriving on the grounds. According to Ed Rebman, secretary, the Fair this year has the largest Midway any Charlevoix County Fair ever has had. There are five major rides, three kiddie rides and a number of concessions.

Exhibits, according to early registration, promised to be larger thon last year. Among others, the county Granges the first week were preparing their exhibits.

Baseball is one of the featured attractions of the 1948 Fair. Wednesday the East Jordan and Central Lake teams were scheduled to meet. Thursday's game will be between Boyne City and Alden. The Friday game will be between the two winners. On Saturday, Cheboygan will play the East Jordan nine. All games are scheduled for 2 p. m.

Three more days of racing remain. Thursday will see the 2:18 trot and the 2:24 pace. Friday's events will be the 2:22 trot and Free for All. Purses in all four will be $500.

Soturday there will be the running race and the pony race.

Also on Saturday will come the horse pulling contest, divided into light and heavy classes. So far 20 teams have been entered. It will be at 2 p. m. in front of the grand stand.

A good program of free acts has been scheduled. Instead of having the same acts all week, the Fair will exchange programs with the Alpena Fair. Thus one set of acts will perform at East Jordan Wednesday and Thursday. For Friday and Saturday, the acts will come here from Alpena.

Klooster Heads Soil District

Officers for the newly established Charlevoix Soil Conservation District were elected last week. These are: George Klooster, East Jordan, chairman; Clayton Healey, East Jordan, vice chairman; Peter Winnick, Charlevoix, treasurer; and Ed Rebmon, County Agricultural Agent, Boyne City, secretary.

Russ Hill, secretary of the Soil Conservation Service, was present to discuss the duties and obligations of the board of directors. He also instructed the directors in regards to laws governing the district.

Secretary Rebman stated that no application forms are available yet for services. As soon as they are made available farmers will be notified the proper procedure to follow in asking for service. Application has been made to the State Soil Conservation Service for assistance and that a farm planner be stotioned in this district.

Labor Day Proves Safe Holiday

Labor Day, from safety standpoint, was almost a complete success here.

Only two mishaps were reported to the police. Four cars bumped fenders but no one was hurt. There were no law violations reported.

New Engine Shuts Down for Repairs

After two months of continuous operation the new diesel generator at the city power plant was shut down Sunday.

A couple of springs on exhaust valves broke and were replaced.

Enlists In Paratroops

Andy Essenberg, son of Mr. and Mrs. Andrew Essenberg, Sr., has enlisted in the Paratroopers and left Tuesday for Fort Bragg, N. C., for basic training.

Why Frank Andrews

Next Tuesday is the primary election.

Among the other contests, two men are competing for Republican nomination for state senator from this northern district. The Courier believes that Frank Andrews is the far better man for the job and should be nominated.

We need a man at Lansing who can command the respect of his legisative colleagues and others in government. Our senatorial district does not enjoy this at present. Frank Andrews can win it for us.

We need to get rid of the reputation of being the most poorly represented senatorial district. Frank Andrews can do that for us.

Frank Andrews is primarily interested in Northern Michigan and will work for its interests.

He has no intention of being a rubber stamp or errand boy for Gov. Kim Sigler.

He has a record of hard work on civic jobs and of genuine pubic spirit.

Frank Andrews should be nominated next Tuesday.

Why Not Keep Our Money Here?

During recent weeks two fine Charlevoix organizations have been hooked by outside, high-pressure promoters who held out rosy pictures of easy money.

In both cases, the full revelation of just how the plan was to work came after the signatures were on the dotted line below the fine print which called for a stiff payment for non-fulfillment of contract.

Nine of ten of these promotion outfits all work the same.

The almost invariable features of the plans they present are:

An advance man hits town and approaches any reputable organization's officers with an "easy plan for making your outfit some money."

He presents letters and recommendations from similar organizations in other place all attesting to the excellence of his company and the big profits to be made.

The actual plan usually is for some worthy purpose.

There is a contract to be signed, specifying the division of income.

A second worker, to handle the actual production will follow the advance worker.

So far it all looks rosy. Until, that second worker appears. Often it is a woman. She begins to outline all the work the organization members have to do.

She explains in clearer detail just how the money is to be split. And it slowly becomes clear that the major portion is to be paid over to her firm.

The pay-off is that the real profits are to be paid by the businessmen of town. The worker always can think of some reason why there should be an "advertising program." The ads in it are worth, as advertising, as much as the torn label on a tin can in the city dump. But she will get three and four times the cost of production, all of which goes to her firm in one way or another.

These schemes are shake-downs. No company can afford to pay skilled workers to come to Charlevoix for a couple of weeks, can supply materials and travel expenses and do it just for the love of this community. There is big money—for the outside concern—in such promotions. And there is small profit for the home town organization.

There are exceptions. A donkey basketball outfit or similar entertainment gives full value, as a rule. But the other kind are bad medicine.

The Courier believes that they do no good and some harm to our community, taking away much and leaving little if anything. Because of this, from now on, The Courier will refuse to print programs or accept advertising for all such promotions, unless it is clearly shown that the sponsoring organization is keeping a just proportion of the proceeds here and that our businessmen are not being mulcted.

Further, if any such promotion is started here, The Courier does not propose to support it. If the case is flagrant, it will oppose the scheme, editorially, no matter what the sponsoring organization is.

The Tow Line . . .

(Continued from page one)

Faulkner apartment . . . John Dutcher of Detroit has returned home after spending the past two weeks with his parents, Mr. and Mrs. Del Dutcher . . . The George Buttrick family expect to return to their home in New York City this week end. "Don't want to go," said David . . . Belated birthday congratulations to Vi Ranger, who celebrated Sunday . . . Mr. and Mrs. Dick Herrick of Albion spent the week end with Don Campbell . . . Marion Benninghoff, who has spent the summer on Mackinac Island running the House of Jewels shop, returned Saturday, spending the week end with the L. E. Towes. She has returned to Ann Arbor where she is registrar at the Dental School clinic . . .

Went into Bergeon's store the other day to try and match some ribbon and found they did not have a notion counter anymore. It was then that Walt told what I think is the prize tourist story of the year. He said a sweet, young thing came in, scantily attired as many were on Bridge Street this summer. Moreover, she was quite an eyeful. She saundered up to Walt and looking him straight in the eye said, "Have you any notions?" Poor Walt. Now, what would you have said in his shoes? . . .

Mr. and Mrs. Jack Worth left Saturday to return to school. Jack was the ad man for The Courier this summer and made many friends on Main street. The couple will go to State to finish their Senior year and then plan to go to the Southwest . . . Mr. and Mrs. Charles Koch of Los Angeles are visiting for a week with Mrs. Koch's brother and wife, the James McGeaghs. They will go to Detroit from here for a short visit and then to Florida for the winter, returning to California next spring . . .

Mrs. Margaret Stroud Haggerty, a teacher in the Pontiac schools, is spending several days with her mother, Mrs. E. E. Stroud at Stroud's Cabins . . . Mr. and Mrs. Ras Hendriekson visited last week end in Grand Rapids with their son-in-law and daughter, Mr and Mrs. Clare Usher. While there they saw President Truman and daughter, Margaret. The Hendricksons also saw a baseball game between the Chicks and Comets of Racine, Wis. . . .

It was a wonderful loss, if such a thing is possible. But when one has a cast cut off, that's a day of rejoicing. That happened to Mrs. Lota Coulter last week at the hospital where she has been for the past few months, following an accident. And it's home again, as well . . . Miss Sally Usher has returned to her home in Grand Rapids after visiting her grandparents, Mr. and Mrs. Ras Hendrickson and Mrs. A. J. Usher . . .

Larry Grate took his first water ski ride on Labor Day and furnished his spectators with many thrills. He was truly a clown on skis. Not knowing exactly how it was done, but with a remarkable sense of balance, he was standing first on one leg, then another, and doing all sorts of things as funny as any circus clown could put on. It was a real experience for all . . . Jack and Carolyn Goldman have returned to St. Louis but will be back for fall weather and to try out their new boat, The Ranger, which they will have by that time . . .

E. Josephine Madill got a real birthday present this week when she received a cablegram from her son who has been in Paris, but expects to be returning to the States shortly . . . A whopping cucumber is on display in Staley's window. Grown by Elmer Gibson, it weighs 2½ pounds . . .

Word has been received from Ann Arbor that Mrs. Harry Craig, who expected to return last week end from the hospital, is not quite ready to return as yet, and has been battling with that old enemy, Mr. Temperature . . . "Didja hear about the big fish I caught?" said June Kirkwood Tuesday morning. "What kind was it?" I asked. "T'was me!" And then she showed her bandaged hand. Ran a fishhook in it Monday night and had to take a trip to the hospital to have it taken out . . .

From where I sit ... by Joe Marsh

One Great American Trait

I always think it does a newspaper editor good to get out from behind his desk and see how folks in other parts of America look, and think, and act.

And that's what I've been doing these past weeks, touring the country from Michigan to Texas, California to Maine. It's a mighty encouraging experience. Not only because of the different points of view you run into—but because of the *tolerance* which reconciles those different points of view.

I mean the tolerance of a Pennsylvania farmer for the habits of his city cousin; the tolerance of folks who vote one way towards those who vote another; the tolerance of those who prefer spring water towards those who enjoy a moderate beverage like beer.

From where I sit, it's that great American trait of tolerance—respect for individual tastes and liberties—that makes this country strong. Let's never lose it!

Michigan Disproves New Federal Plan

A direct refutation of the latest Washington proposal to put more government interference and federal job holders into our lives is supplied by Michigan.

The new proposal is for federal medical service, which means socialized medical and hospital program. Washington says that private and voluntary systems are not meeting the need.

Michigan's Blue Cross plan, an entirely voluntary, non-profit system, has enrolled more than 1,000,000,000 and is supplying low cost service of the kind Washington says only the government can supply.

SPEB Jamboree Attracts Many To Charlevoix

(Continued from page one)

were handled by C. A. Odmark.

Sunday night was the big dance at the Belvedere Casino. Both the Casino, the dance and the refreshments were all directed by Charles Sessions. More than 250 attended. Besides dancing, there was more quartet singing, some of it after the formal party broke up.

Others who played a large part in putting over the show were: Dr. D. C. Nettleton, unofficial host, Barney Englehart, in charge of signs; Jerry Scudder, secretary; and Loton Willson of Boyne City who directed the chorus singing.

Comedy routines and superior barbershop singing provided high spots at the concert. The Mid States 4 of Chicago appeared twice and had a hard time getting the audience to let them quit.

Two surprise items were on the program. The Salt City Four of Manistee arrived unexpectedly. The Mystery Four of the announced program proved to be four men who had never sung together before being called to the platform and performing. They were Al Eason of Detroit, Jim Anderson of Lansing, Del Bradford of Appleton, Wis., and Cam Rose of Marine City.

O. H. King Cole of Manitowoc, Wis., international president, attended and did an outstanding job as master of ceremonies. He conferred with barbershoppers from all the state who gathered here.

"Everyone tells us," said Chapter president Don Feagan, "that it was as successful a Jamboree as the chapter has had. We couldn't have put it on if such places as the Beach Hotel and Belvedere and the school had not cooperated the way they did.

"The folks who came said they enjoyed it and will come back to Charlevoix. On that basis alone ,the Chapter feels repaid for all it did."

South Arm Places Change Owners

Two pieces of property on South Arm are reported to have changed hands.

Frank Brown has sold his estate to Seth Whetmore of Lansing, secretary of the Table Toppers Association.

Earl Powers has sold his home to Dr. Stanley P. Jesson of Detroit.

Peak of Polio Season Is Past

With the peak of the polio season past, Charlevoix has come through the summer without a single local case according to Dr. A. F. Litzenberger, district health officer.

Only three cases were reported in the four-county district. One was a boy who came from Detroit, another came from Ohio and a girl at Bellaire had it.

While the worst danger is past, Dr. Litzenberger still advises certain precautions. Extra cleanliness should be observed, particularly before meals.

Stay away from crowds when possible, don't get overtired, avoid chilling and swimming in polluted waters.

Charlevoix Still Tops

A card from E. J. Madill, postmarked Paris and showing the Eiffel Tower carries this message: "8:29.48, The Editor: Even this far away it has nothing on Charlevoix."

• Dona and Mona McFarland, daughters of Mr. and Mrs. F. E. McFarland, left Monday for Detroit to spend a few days before leaving Saturday via Eastern Airlines for West Palm Beach, Fla., where they will enter the Rosarian Academy for the school year. They returned to Detroit with their uncle and aunt, Mr. and Mrs. Edward Staffeld and son, Paul, and daughter, Marcella, who had spent the week end here with the McFarlands and other relatives.

Natural Colored Cloth

Production of febrics from natural colored cotton in the USSR is to be steedily increased. Twenty-seven cotton textila and woolen mills ere to weava cloth from this raw materiel, which was planted ovar considarebly expanded areas in Soviet Central Asia in 1946. The harvest of raw colored cotton and processing of the fiber increesed several timea over 1945. Apart from the fect that the color of fabrice produced from naturelly tinted cotton is faster then thoaa dyad by chemical processes, the cloth is more durable then that mada from ordinary cotton.

Save your money. Some day you may be able to buy a new car.

Card of Thanks

CARD OF THANKS

To our many friends and neighbors who so thoughtfully and generously aided us in our bereavement, we extend our heartfelt gratitude and appreciation, also to Rev. Mrs. Wm. Parsons

Mr. and Mrs. Arthur Hittenberger of Detroit arrived by plane in a field near the home of Mrs. Hittenberger's parents, the C. S. Ways, last Saturday morning to spend the Labor Day week end. As the field was too small for a take-off it was necessary to taxi the plane to another field from which he made several flights during the week end taking passengers for a ride. Art has had more than 90 hours of flying and is an expert pilot as he proved by several breathtaking stunt demonstrations.

Mr. and Mrs. Everett Warner and family, Mr. and Mrs. Muller of Pontiac and Mr. and Mrs. George Anderson of Lansing were guests over the week end of Mr. and Mrs. Charles Warner.

Mr. and Mrs. Gale Brintnall and children of Williamsburg spent the week end visiting her parents, Mr. and Mrs. George Parsons.

Mr. and Mrs. Glen Lord and son of East Jordan were Sunday visitors at the William Jolliffe home.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island enjoyed a week of perfect summer days and cool, refreshing evenings. 'Tis the cream of the season and the Island has many visitors to enjoy these glorious days.

The school bell will ring on the Island Thursday. The teaching staff of St. James grade and high school remain the same with one exception. Sister Thea, who taught the lower grades for the past five years, has been transfered to St. Alfred's School, Inkster. Sister Rose Alma has replaced Sister Thea.

Mrs. Carl Left has been reappointed to teach Sunnyside School.

A stretch of 300 feet of sidewalk was laid from Mielke's cabin toward the point. Mickey Belfy had the contract.

The summer visitors who left for home port during the week were Mr. and Mrs. Paul Heflin, Mrs. Gwen Sheridan, Mrs. Grace Logan and Mrs. Ella Bonner.

Mrs. Margaret Gordon, Ann Gordon, Mr. and Mrs. Carl Gordan and son, John, all of Chicago were guests for a week at the King Strang Hotel. Mrs. Gordon and her family formerly lived on the Island.

Mrs. Sophia McDonough attended the graduation of her daughter Mary Ellen, from the Mercy School of Nursing, Grand Rapids. Bertha McDonough, also attended her sister's graduation.

Grand Rapids has claimed another Island colleen, Madonna McDonough.

Mr. and Mrs. John Gillespie and family have been the guests of John's parents, Mr. and Mrs. Kett Gillespie.

The corn crop looks good and tastes even better. Last week, the first of this year's corn was brought to town.

This reporter shucked three dozen ears of Rosie Bonner's corn and found nary a worm. The worms are missing something though, because Michigan sweet corn is so delicious.

Bob Maxwell came up from Chicago to join his family who have been visiting Mr. and Mrs. Hugh Connaghan for the past month.

Paul Holstein and Mr. and Mrs. Roy Holstein, Detroit, were recent guests of Mrs. Agnes O'Donnell. Marcella Bestman, Mrs. O'Donnell's daughter, spent three weeks visiting her mother.

Steve Stevenson, who built up a boat rental business during recent years, has sold his entire batch of boats to Art Miller. The boats are located on Barney's Lake, Fox Lake and Lake Geneserath. Besides the present number of boats, Miller plans on building a few more this fall.

Hugh Wilson and "Roundie" Jeneski, visitors from Ann Arbor concocted the most delicious fish salad using Barney's Laka blue gills. They boiled the fish, boned it, mixed in chopped celery, hard cooked eggs and dressing and folks, it was a dish fit for a king.

Rolland McCann, Jr., left Saturday to return to Providence College, Providence, R. I. Dorothy Lee McCann will enroll in St. Mary's School, Bay City.

Mrs. Edwin McCann and family left on Saturday's boat for Charlevoix where they will make their future home.

Mr. and Mrs. Charles Archer and two children, Maywood, Ill., arrived Saturday to visit Mrs. Archer's parents, Mr. and Mrs. James O'Donnell. Bernard O'Donnell, Chicago is also a guest of his parents.

Mr. and Mrs. Arthur Houston and two sons are visiting Mrs. Houston's parents, Mr. and Mrs. Frank Nackerman.

Saturday's boat came over-loaded with cars and visitors. It was necessary for the Mary Margaret and North Shore to return Saturday night to accommodate those who wanted to spend Labor Day week end on the Island.

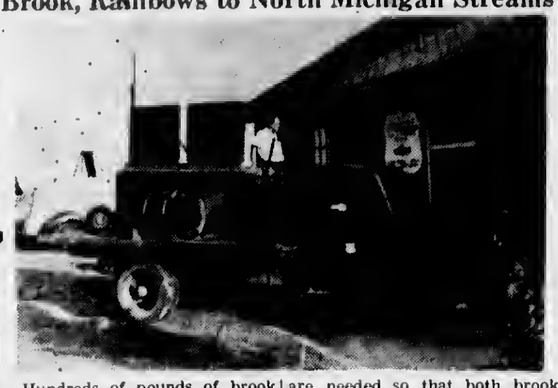
Mr. and Mrs. Norbert Gallagher and family, Rochester, Ind., spent the week end with Norbert's parents, Mr. and Mrs. J. H. Gallagher.

Ann Kane, East Jordan is the guest of Mr. and Mrs. Vernon LaFreniera.

The King Strang Hotel was filled to capacity and very few cabins remained unoccupied.

The Has-Beens are about ready to crawl back in retirement after a reign of glory which lasted two weeks. The Beaver Braves bounced back in an exciting game Sunday afternoon to win over the "old" married fellows in a 22 to 9 victory. Jack O'Donnell pitched for the Braves and Bob Maxwell for the Has-Beens.

Charlevoix Hatchery Sends Thousands of Brook, Rainbows to North Michigan Streams



Hundreds of pounds of brook and rainbow trout have been going out of Charlevoix every week recently.

Despite the fact that trout definitely are undersized, the shipments have been entirely legal. They have come from the U. S. Fish Hatchery and have gone to streams and lakes over all Northern Michigan in the trout tank truck shown.

Standing on the truck is George Roff, manager of the hatchery, while Walter Muchler is ready to bring pails of trout from the tanks inside.

The two truck tanks will hold 00 to 70 pounds of fish apiece. Motor driven pumps ean circulate the water inside as well as blow a stream of air into each to keep the water fresh and the fish lively.

The fish themselves vary from 40 to 100 to the pound. Two tanks are needed so that both brook and rainbows can he hauled at one trip to save mileage.

Here in Charlevoix County about 40,000 brook trout will be planted this year in the smaller streams such as Loeb's and Wood. They range from 3 to 5 inches long.

The Boyne, Jordan and Lake Charlevoix will get 80,000 to 90,000 rainbows, 3 to 4 inches long.

The fish are not just dumped in the streams or lake. Stretches near the headwaters are chosen and small quantities distributed along above and below the place which can be reached by the truck.

The fish are supplied free to anyone who applies and whose application is approved by the U. S. Fish and Wildlife Service and the State Conservation Department.

Cpl. R. Rickerd To Leave Philippines

Cpl. Robert Rickerd, 207 W. Garfield, Charlevoix, will soon leave the Clark Air Force Base in the Philippine Islands for reassignment in the United States.

While here, he has served with the 338th Reconnaissance Squadron, 5th Reconnaissance Group. Cpl. Rickerd will leave at the completion of his normal 24 month tour of duty here.

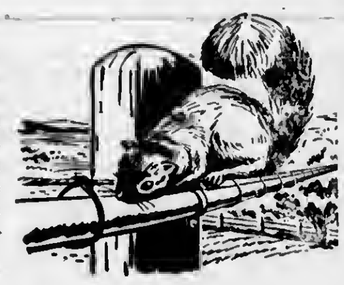
LARRY ECKLUND

Rural Tele-news

THE RINGS YOU CAN'T HEAR — Many improvements in telephone service come about so gradually that it's sometimes easy to overlook the results. Take the matter of ringing on rural lines, for example. Ten years ago, nearly every rural-line telephone customer served by Michigan Bell heard the rings of *all* other parties on the line. Today 87 out of every 100 hear the rings of no more than half the parties on their line.

METAL MUNCHER—Squirrels occasionally gnaw holes in the lead sheathing around telephone cables. To prevent damage from moisture reaching the wires through these and other types of puuctures, many cables are kept filled with gas. When the gas escapes, lowered pressure sets off an alarm in the telephone central office. Sensitive devices help tell where the break has occurred and a repairman can go out and clear the trouble, in most cases before service is interrupted.



DIAL DECADE — Ten years ago only one-tenth of the telephones on Michigan Bell's rural lines were dial. Today, even though the war years temporarily halted the extension of dial service, nearly two-thirds of the rural-line telephones are dial. Michigan Bell's $13,500,000 5-year postwar rural expansion and improvement program will mean still more rural dial telephones as time goes on.

MICHIGAN BELL TELEPHONE COMPANY

Our $13,500,000 postwar rural construction program means more and better rural telephone service

Lowest Priced Car With Fluid Drive

"NEW FEATURES" Dodge has had for *years!*

There's a lot of talk today about this new feature or that. But down-to-earth engineering advances are a matter of record. And this record shows that many of today's so-called "new car features" have been part and parcel of Dodge over the years.

From the earliest Dodge Safety Steel Body to today's Dodge All-Fluid Drive, Dodge owners have enjoyed a succession of engineering "firsts". These features have made Dodge famous for comfort, economy and dependability.

Mr., Mrs. Eugene Lewis Will Celebrate Their 50th Wedding Anniversary Next Thursday

Another Charlevoix couple, Mr. and Mrs. Eugene C. Lewis will celebrate their golden wedding anniversary this year.

Plans are being made for an open house at their home at 102 W. Hurlbut ave., on Thursday, Sept. 16, in observance of the occasion. Friends and relatives are invited to call from 2 until 4 and 7 until 10 p. m. No invitations are being issued.

Mr. and Mrs. Lewis, who have always resided in Northern Michigan, were married at East Jordan on Sept. 16, 1898. They made their home at Mancelona for the next three years, coming to a farm in Eveline township in 1901. In 1924 Mr. Lewis retired from farming and they came to Charlevoix to make their home. Since then he has worked as an interior decorator.

Mr. Lewis was born in Bradford county, Pa., on May 27, 1877, and came to Mancelona at the age of eight. Mrs. Lewis, the former Sylvia Brock, was born in Eveline township on Aug. 23, 1880.

Both are active and enjoy life and their work to the utmost. Mrs. Lewis is active in church and lodge circles, being a member of the Methodist church, the Rebekah lodge and the Pythian Sisters. Mr. Lewis was a member of the Gleaners when he lived on the farm and formerly belonged to the Knights of Pythias.

The couple have one daughter, Mrs. Glenn Ingalls and five grandchildren, Russell, Maxine, Lorna, James and Beth Lewis all of Charlevoix.

Atomic Film Will Be Shown Monday At Barnard Church

"God of the Atom," a full-color scientific film depicting the atomic bomb problem, will be shown at 8:00 p. m. Monday at the Barnard Reformed church.

In the 45-minute movie, produced by Dr. Irwin A. Moon in Los Angeles laboratories of Moody Institute of Science, scientific apparatus and diagrams are used to demonstrate the theory of atomic power. Then actual on-the-spot film records of the Nagasaki and Bikini blasts show the atom bomb in action.

The film concludes with the presentation of the world crisis caused by the discovery of atomic power, and offers a unique solution to the problem.

An exclusive feature of the film is a sequence portraying the giant 184-inch cyclotron at the University of California.

Former Resident Passes In East

Word has been received here of the unexpected death of Mrs. John A. Auld, former resident, on Wednesday, at the home of her daughter, Mrs. Robert Esterly at Port Washington, Long Island.

The body was returned to their former home at Charlotte where funeral services were held at 11 a. m. Saturday. Burial was at Charlotte.

Mrs. Auld, the former Annie Blodgett, came to Charlevoix as a child. She was one of the first operators in the local office of the Michigan Bell Telephone Co. The family left here about 1920. Her husband, Dr. Auld, died about ten years ago. Since then she has made her home with her two daughters, Mrs. Esterly and Mrs. Hale Cowling at Garden City, N. Y.

Rites Are Saturday For Mrs. Lewis

Mrs. Ruth Lewis, 64, wife of Merritt Lewis, died early Friday morning at the Charlevoix Hospital where she had been a patient for ten days. Funeral services were held at the See Funeral Home at 2 p. m. Saturday with Rev. A. B. Claypoole officiating. Burial was in the Brookside cemetery.

Born at Hart on Jan. 5, 1884, Ruth Fox came to Charlevoix in 1902. A year later she was married to William O'Neill who died on June 23, 1926. After his death she went to Benton Harbor returning here in 1028 when she married Mr. Lewis. For many years she was employed at the Charlevoix Hospital.

Besides her husband she is survived by two daughters, Mrs. Thomas Murphy and Mrs. Robert Zeitler of Charlevoix; 16 grandchildren; one great grandchild; a sister, Mrs. A. C. Peterson and a brother, Frank Fox, both of Benton Harbor.

Among those from out-of-town who attended the funeral were Mr. and Mrs. A. C. Peterson, Mr. and Mrs. F. W. Fox, Mr. and Mrs. Thomas Holmes of Benton Harbor; Mr. and Mrs. B. A. Peterson and daughter of Dowagiac and Mrs. George Hartung and daughter of Pellston.

Mother of Mrs. Butler Passes At Home Here

Mrs. Martha Jane Hockin, 90, who has made her home with her daughter, Mrs. Percy J. Butler, for the last six years, died Wednesday evening at the Butler home, after a brief illness.

Funeral services were held at the Dockery Funeral Home, Elk Rapids, at 2 p. m. Saturday. Burial was in the Maple Grove cemetery.

Born in New York state on May 30, 1858, Martha Jane Palmer went to Canada as a child and to the Rapid City district as a young woman. She continued to live there and at Elk Rapids until making her home with the Butlers. She has lived here four years.

She is survived by four daughters, Mrs. Butler, Mrs. Will Weckerle, Mrs. Victor Bobb and Mrs. Harry Warner, all of Elk Rapids; two sons, Will Hoopfer of Elk Rapids, and Maurice Hoopfer of Rapid City; 21 grandchildren, several great-grandchildren; a brother, Harry Palmer of Flint, and a sister, Mrs. Sarah Ringler of Rapid City.

Recently, when a Dun & Bradstreet representative called at the office, he declared that every grocer deserved a medal today for absorbing increased costs to the extent that is being practiced.

"YOU CAN'T EXPECT TO GET MORE THAN 900 MILES ON A TANK OF POWER-FLIGHT"

warns

Mrs. Blah Blowfield

Reportedly Mrs. Blowfield said, ". . . next to fishermen and radio hams, car drivers lead the world in the pernicious usage of moral inexactitudes . . . mainly boasts about the mileage they get from this or that gasoline . . . but none of 'em can match this one. A while back I switched to Power Flight partly because Gable's double is pumping it at the corner. That smile and that line of his, they are priceless . . . so I figured I'd go back real soon . . . but it was a full month—or 900 miles later before I had a valid excuse . . . no indeed you can't expect to get more than that from any gasoline."

★ ★ ★

Thanks so much, Mrs. B., for your highly enthusiastic remarks about Power Flight but we don't believe a word of what you said regarding miles per gallon.

Of course we do know that Power Flight delivers as many miles per gallon as any other good gasoline, if not more. This is because our modern methods of production insure a power-packed, super-smooth gasoline which countless customers stoutly maintain is the world's best. Such consistently high quality has made Power Flight the first choice of Michigan motorists.

Speaking before the ladies of local W.A.A.C.* Mrs. Blah Blowfield made some rather questionable statements about our product, Power Flight Gasoline.

Mildred Boss Becomes Bride

The Atwood Reformed church was the scene of the marriage Friday evening of Mildred Boss, daughter of Mr. and Mrs. Frank Boss, Elisworth and David C. Matchett, son of Mr. and Mrs. Frank Matchett of Charlevoix.

Rev. Wayne Lemmen officiated at the double ring ceremony. Baskets of gladioli and two seven-branched candelabra formed the background. Walter Shooks was soloist and Mrs. Hans DeYoung organist.

The bride, given in marriage by her father, wore a white satin gown styled with a lace yoke and long sleeves extending into a long train.

Her fingertip length veil of bridal illusion was held by a wreath of lily blossoms. She carried a white Bible topped with a white rose.

The maid of honor, Leona Stoel wore a yellow taffeta gown. Her bouquet was an arrangement of gladoli. The bridesmaids, Anne Essenberg and Jean Ruis wore blue and pink gowns respectively.

Lorraine Boss, niece of the bride, and Mickey Smith were miniature bride and groom. Lorraine wore a white satin gown with a full skirt. She carried a bouquet of phlox. Micky wore a white wool suit and black bow tie.

Carlton Smith assisted as best man and guests were seated by Harold and Bernie Boss, brothers of the bride.

Hans DeYoung and Mrs. Carlton Smith completed the wedding party as master and mistress of ceremonies.

For her daughter's wedding, Mrs. Boss chose a royal blue dress a corsage of red rosebuds. The bridegroom's mother wore a powder blue dress and corsage of red rosebuds.

Immediately following the ceremony the reception was held at the church parlors for 140 guests.

The couple are taking a wedding trip through northern Michigan and Canada.

Captain Paddock, Mrs. Smith Wed

Announcement has been made of the marriage of Mrs. Mildred Smith and Capt. Hubert E. Paddock, U. S. N. (retired), both of this city, at Salt Lake City, Utah on Wednesday afternoon, Sept. 1. The Rev. Mr. Graves read the service in the First Congregational church.

For her wedding the bride selected a tailored suit of taupe wool, a red agate hat and black accessories. Her corsage was of yellow roses.

After a wedding trip through Yellowstone Park and the West, the couple will return here to make their home at 304 Dixon avenue.

Annual Hatchery Meet Sept. 15, 16

Poultrymen who attend the annual hatchery conference at Michigan State college Sept. 15 and 16 will find a varied and interesting program.

Highlight will be President John A. Hannah's account of his European trip as a delegate to the International Poultry Congress in Denmark.

Another feature will be a talk by Dr. M. W. Olsen of the U. S. Department of Agriculture. Dr. F. N. Waters of the Regional Poultry Laboratory at East Lansing will discuss poultry breeding.

"Newcastle Outbreaks in Michigan" will be the topic of Dr. John Groves of the State veterinarians' office. Dr. H. J. Stafseth, head of the bacteriology and public health department at MSC, will speak on "Commercial Remedies—Good and Bad."

C. O. Card, head of the department, will discuss opportunities in poultry and J. A. Davidson will describe "New Wrinkles in Poultry Management."

A discussion of the 4-H Club work in poultry in Michigan will be given by J. M. Moore, extension poultryman at MSC. Dr. W. L. Mallman, MSC bacteriologist, will speak on new disinfectants.

Newcastle disease will be considered in a round table discussion and also in a speech by Dr. F. R. Beaudette of Rutgers University.

Clair Websters Mark 25th Anniversary

Sept. 8 marked the 25th wedding anniversary of Mr. and Mrs. Clair Webster and the occasion was celebrated Sunday when the couple received 70 of their friends in their beautiful yard from 3 to 5 and 8 to 8 o'clock. Miss Sally Miller and Mrs. C. S. Webster, Jr., presided over the punch bowls.

Those from out of town for the occasion were Mr. and Mrs. R. K. Paddock and son, John of Midland, Mr. and Mrs. Chester Miller, Mr. and Mrs. Forrest Miller and Mrs. Robert Riggie of Lansing and Mr. and Mrs. C. S. Webster, Jr., of Marine City.

A chest of silver as well as many other presents, flowers, money and telegrams made the day a most happy one for Mr. and Mrs. Webster.

• Mrs. Robert Goss left Wednesday for Detroit to spend the remainder of the week with her parents, Mr. and Mrs. Charles Spare. Mrs. Goss will join her for the week end.

Local Bowlers Meet High Score Keglers

Rolling against one of the top U. S. bowlers, Bill Matzinger, Jack Hartzell Sunday lost a four game bowling match by only 38 pins.

Their opponents were Johnny Crimmins and Herbert Rice of Detroit. Crimmins is rated in the first ten bowlers in this country. The two men came up to the Argonne to visit Matzinger, who challenged them to a three game match at Petoskey.

The Charlevoix keglers won the three games by nine pins. The visitors insisted on one more, and won the series by only 38. The individual scores were:

Crimmins	182	172	267	169
Rice	188	152	140	220
Hartzell	199	169	187	174
Matzinger	165	226	164	168

Larry Morrison, 10, In Television Show

Ten-year-old Larry Morrison of Chicago, who has spent the summer at the Tower Hotel here, made a guest appearance on a television show screened by Station WWJ-TV on Sept. 1.

Baseball, on which young Larry has become an authority, was the topic discussed on the show with Harry Heilmann and Billy Evans.

Larry became interested in the game in '45. Determined to learn more about it, he has read everything from box-scores, batting averages, record books and periodicals until now he can give you any pertinent bit of information ever published in the last three years.

Earlier this summer he appeared on a quiz program sponsored by a Chicago station and heard in Detroit. Impressed by his knowledge WWJ officials called the Chicago station and asked for the lad's address. They didn't have it so after perusing the telephone books and calling Morrisons by the dozens it was found Larry was in Charlevoix. A wire from Detroit bearing the invitation to appear on the show was accepted, and he and his mother left here last Monday for Detroit.

Andrews, Ikens, Wangemann Carry County Primary Election

City Supports All Three; No Race Is Close

Charlevoix County is satisfied with its present officials but wants a change in its state senator, as does the rest of this northern district.

In Tuesday's primary Floyd Ikens was renamed as sheriff, Lyle Wangeman as road commissioner, and Frank Andrews of Hillman soundly defeated incumbent Sen. Otto Bishop of Alpena.

By Wednesday noon 23 of the 25 precincts in the county were reported. Melrose and Boyne Valley kept no record of results but election officials say all three races were close. As usual, Chandler and Hudson failed to report except by mail.

With less than 100 Democratic votes cast in the entire county, the Republican primary safely equals election.

Only three contests were on the ballot; sheriff, road commissioner and state senator.

Sheriff Ikens held a safe plurality over either of his two opponents. Lyle Wangeman ran safely ahead of Dean, his opponent, carrying their home town Boyne City. Supervisors' opposition is blamed for swinging Beaver Island against him.

Frank Andrews, the newcomer, Wednesday seemed safely nominated for the state senate by at least 1000 votes. Wednesday morning the count was 1400 ahead with a number of precincts unreported. Bishop carried only Emmet and Cheboygan counties.

In a phone conversation Wednesday Senator Bishop said he lost his home town of Alpena by 136 votes, virtually conceded his defeat and said The Courier was a major factor in swinging the Charlevoix County vote to his opponent.

The county results are shown in the accompanying table.

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

A HEARTY WELCOME to all teachers of Charlevoix Schools, many of whom have been engaged in other occupations during the summer months. It's true that there are no new teachers on the the faculty this year, but I am sure that our faculty would like to be told that they are VIP (very important people) in our community and that the town is happy to entrust its children to them for another year.

Usually it is an apple for the teacher the first day of school, but Charlevoix was different. One man in town, (and his hair is red, what there is left of it) saw to it that there was a box of fudge for every faculty member when they met Monday morning for their Teachers' meeting . . . And at that meeting Dorothea Badger discovered that she had become president of the Teachers' Club . . . In the afternoon, as a grand finale to the day the faculty were entertained at a garden party at Supt. and Mrs. Roy Bennett's home . . .

There were some pretty excited children Tuesday morning not to mention a few excited mothers, starting off on that big advantura of childhood, tha first day of school . . . Mrs. Robert Paul is back from Montreal whera sha took Deodee Paul to anter har second year of schooling there . . . Janica Howe is now able to ba down town with tha aid of a walking iron on her foot, which injury she received several weeks ago in an automobile accident. She also received some chost injurias.

No longer is there a Craft Corner at Geik's, but other plans are in the offing to make additional funds for the hospital . . . It's George Ernest Brown since last Saturday, new son of Mary Ann and Ernest Brown. Of course, granddad Glados was mighty happy to have the baby given his first name. And dad was happy, too. The little Merica girls had plans for a baby girl cousin, but will probably succumb and fall hard the first time little George Ernest gurgles at them . . .

Mr. and Mrs. Howard North returned Suoday after visiting friends and relatives in Detroit, Bay City and Newaygo. Don North of Newaygo has been a guest of the Norths . . . Everyone is keeping his fingers crossed and hoping that all will be well so that Mrs. Harry Craig will be home from Ann Arbor by Friday so that she will be here when

Football Season Opens This Friday

The possible starting line-up at the opening football game is that shown above. Line, left to right, Don Coney, Junior Potter, Arnie Loper, Charles Fairbanks, Warren Shadko, Jerry Gibbons, Ross Case. Backfield, left to right, Dick Jolliffe, Bill Barber, Don Hardy, Ron Cunningham.

Early injuries have dogged the Charlevoix football team during the last week and the team will go against Mancelona Friday with possibly two or three of the expected regulars missing.

The game will be played here at 2:30 p. m.

The injuries have blocked the developing of team work, Coach Ray Kipke admits. He would just get one combination at work when he would have to realign it altogether, due to the temporary loss of some player.

Among those who have had the more serious breaks have been Charles Fairbanks with a possible cracked collar bone; Elmer Manville, an injured back; Dick Jolliffe, foot; Pat Martin, knee and Junior Potter.

Manville is out for the entire season but the others are expected back soon, possibly Friday.

The schedule for the coming season is:

Sept. 17, Mancelona—here;
Sept. 24, Grayling—there.
Oct. 1, Boyne City—there.
Oct. 8, East Jordan—there.
Oct. 15, Harbor Springs—here.
Oct. 22, Pellston—here.
Oct. 29, Gaylord—here.

Chest Meeting To Set Budget Will Be Tonight

Because of the primary election Tuesday, the Admission and Budget Committee of the Community Chest will meet Thursday.

The meeting will be at the City Hall at 8 p. m. It will receive applications for funds to be used here for health and welfare work. All organizations wanting to be represented by the Chest should be represented Thursday.

Lindsay Named New Head of Draft Board

Dr. Bernard J. Beuker of East Jordan, who has served as chairman of the Charlevoix County Draft Board since it was organized in 1941 and again when it was reorganized this year has resigned.

Gilbert M. Lindsay of Boyne City, former Charlevoix county veterans counsellor who previously served on the board when it was reorganized this year, has been renamed to the board and elected chairman to replace Dr. Beuker. Other members are George N. Secord of East Jordan and J. M. Foster of Charlevoix. Mrs. Anna Eccleston is clerk.

486 draft-age young men had registered through Sept. 9.

Too Much Whooping Cough, Doctor Says

There is too much whooping cough in the county and it could be prevented, says Dr. A. F. Litzenberger, district health officer.

The time to end danger of the disease, he points out, is when the baby is three months old. All required then is simply one injection. There are no after effects nor discomfort.

The family doctor or the Health Department has full information on the immunization.

Only 400 citizens of the county took advantage of the free chest X-ray outfit at the County Fair last week. According to Dr. Litzenberger, in general it was the folks who were almost certain to be free of TB who had the X-rays.

Those who might need early diagonsis the worst stayed away.

City Band Starts Rehearsals Monday

City band rehearsals for the winter season will start Monday at 8 p. m.

They will be held in the high school as usual. Director Clarence Odmark says that positions are open for most of the instruments and anyone wishing to join the band should be at the school Monday.

Steelhead Are Biting In Lake Charlevoix For Fall Anglers

The steelhead are biting again!

Catches are beginning to be reported.

Friday Kay Fitch caught one along the south shore of Lake Charlevoix, and Sunday had three strikes, landing one.

Also on Friday Clarence Wood landed one; Sunday he had two strikes. Louis O'Neill landed three Sunday and Monday. J. H. King of the Chicago Club caught four.

Golf Course Shows First Profit In Years

Fulfilling the forecast of Manager Charles Hamlin, the municipal golf course this year returned a surplus to the city treasury after years of deficits.

Since he took over the head job at the course, Hamlin has been saying that in normal years the course should pay its own way easily. This year it did, with $405.24 to the good.

Income from greens fees was $3710.00. Outgo was in three forms: wages, $2306.64; course expense, $031.27; new equipment $285.85.

One blue note was sounded in the report. The club house needs a new roof or a major overhaul on the present one. This likely will take part or most of the $405.24.

Insulation Being Put In At Plant

Work is going forward on the new poultry processing plant on Stover Road.

The cooler units are on hand and a crew is installing the insulation in the storage room at the east end of the new building.

Rev. Howell Heads Ministerial Group

Rev. Gaylord Howell of the Methodist church was elected president of the Little Traverse Bay Ministerial Association on Monday.

The group met at Petoskey, with Dr. Harry Crain of Frankfort, Ind., as the principal speaker. Attending from here were Rev. and Mrs. Howell and Rev. and Mrs. Ansley Claypoole.

Six District Schools Reopen

Only six rural schools in the west and north part of the county opened again this fall, the rest sending their pupils to the graded schools as they did last year.

The schools which are open and their teachers are:

Norwood—Miss Grace Baumback
Marion Center — Mrs. Mildred Coblentz;
Ironton—Mrs. Goldie Summerville;
Horton's Bay—Miss Betty Clarke;
Bay Shore—Mrs. Ruth Hair;
North Bay—Mrs. Anna Warner.

County GOP Will Meet Here Monday

Charlevoix will be host to the County Republican Convention next Monday at 8 p. m. in the Court House.

Barney Milstein of East Jordan, county chairman will preside. Chief business to come before the meeting will be the election of county committeemen and the choosing of delegates to attend the state convention.

Story of Beavers Is Told In West

Beaver Island was publicized clear from tha West Coast last Wednesday.

John Nesbitt, broadcasting from California, told tha story of tha Island, of King Strang's colony, tha Battle of Pina River, and of the Mormon dispersal.

Health Teacher To Be Here Sept 21

Miss Georgia Hood of Lansing, Health Education Consultant, will work in Health Unit No. 3 the week of Sept. 20.

She will be in the Charlevoix schools on Tuesday, Sept. 21. Her work includes setting up Health Education programs in schools.

Coming Events

Sept. 16—Meeting of Alcoholics Anonymous, City Hall at 6:30 p. m.

Sept. 20 — American Legion Auxiliary will meet at Legion Hall.

Sept. 22—The Margaret Parker circle will meet with Mrs. Lester Smith at the William Supernaw Sr., home, 310 W. Hurlbut.

Sept. 22—The Mary Burns circle will meet at the home of Mrs. Fenton R. Bulow.

Sept. 22—Women's Auxiliary of Episcopal church will meet with Mrs. Walter Bergeon.

Council Votes Funds, Turns Task Over to JCC; City Has Lowest Pollen Count in State

With the lowest pollen count of any place in the northern part of the Lower Peninsula, Charlevoix is out to eradicate ragweed, the bane of hay fever victims.

Wednesday and Thursday crews of school students, under the supervision of the Junior Chamber of Commerce, systematically are covering block after block of the city, pulling up the pollen-spreading weed.

Each student is supplied with a gunny sack labelled with his name. On Thursday afternoon at the end of the drive, all the sacks of ragweed will be piled on the band platform at city park, then hauled to the baseball diamond and burned. This burning will be Thursday night at 8 when the school band will lead a procession to the ball field for a football pep meeting and the weed blaze.

The City Council Monday night initiated the movement to get rid of what ragweed there is in town. Despite the fact that Health office reports show Charlevoix has the best record in lower Michigan in a bad ragweed year the Councilmen decided there still is too much of the sneeze weed.

To finance the clean-up campaign, they voted $100 and through the Board of Commerce asked the JCC to undertake the actual job of handling the drive. Tuesday night the JCC directors met and mapped out the campaign.

The prizes will be awarded on the basis of weight, and only ragweed gathered under the supervision of a JCC member will be counted.

All prizes will be in trade certificates, good at any store in Charlevoix, and redeemable at either bank. First prize will be $15. There will be two of $10, three of $5 and 50 of $1 each.

The certificates will be presented to the winners Friday between halves at the Mancelona football game here.

School Opens with 19 More Pupils Enrolled

Classes opened in the Charlevoix public schools Tuesday morning with more than 800 youngsters from kindergarten through high school age, crowding class rooms for the 1948-49 school year.

The junior and senior high school enrollment has remained about the same as last year with the greatest increase coming in the elementary school.

The enrollment for the present term and for the same time last year follows:

	1947	1948
Kindergarten	65	77
First grade	65	50
Second grade	58	59
Third grade	65	58
Fourth grade	71	68
Fifth grade	69	77
Sixth grade	50	68
	452	468
Junior High		
Seventh grade	57	50
Eighth grade	56	59
High School		
Ninth grade	61	69
Tenth grade	71	60
Eleventh grade	45	65
Twelfth grade	52	44
	342	347

The figures given above are for the first day of school and will vary some within the next few weeks.

Bishop Wade Will Preach Here Sunday

Bishop Wade will preach at the regular morning worship service of the Methodist church at 11:00.

Bishop Wade is the retiring Bishop of the Detroit area and also has been the Bishop of the Stockholm area in Sweden before coming to Michigan. At the close of the war he presided as Bishop at Frankfurt, Germany. He is a man of wide experience and knowledge of world affairs and religious trends.

At present he is the President of the Bay View Association.

White Elephant Sale To Be Staged Here On Sept. 24-25

The annual White Elephant sale of the Kiwanis Club will be Sept. 24 and 25 at the American Legion Hall.

More goods are needed, according to Rev. W. D. Wood, chairman of the event. Anything can be used—furniture, clothing, utensils, tools, rugs. Last year old ties were one of the most popular items.

The Kiwanis members will collect any articles which the owners will donate to the Sale.

NEW SIGNS

Three Conventions Coming in '49

Three conventions for next June already have been lined up by the Board of Commerce, but two or three more are needed, S. E. Coleman reported to the city Council Monday evening.

Coleman, Secretary of the Board, said the conventions to meet here are:

June 18-19—Michigan United Conservation Clubs.

June 19-22—Michigan Savings and Loan Associations.

June 30-July 1—Michigan Association of Small Loan Companies.

All three will have headquarters at the Belvedere Hotel, which will bring in its staff early to handle this business.

The need now is for a couple more gatherings to fill the eight day gap between June 22 and 30.

Coleman says that on an average a person at a state convention such as these spends $25 a day. The MUCC meeting will attract at least 800 it is expected with upwards of 200 at each of the others.

Charlevoix enjoyed a good summer season, Coleman also told the Councilmen.

There were 100 more boats visited the city than last year. Most places serving the public have told him they did as much or more business than in 1947 and several report considerable gain.

Charlevoix has three new city signs along main state highways and by spring will have two more.

S. E. Coleman of the Board of Commerce Monday night asked the Council's approval on putting up the two additional roadside advertisements.

The three now up are at Carp Lake, Fife Lake and Standish. All have been rebuilt, newly painted and set in concrete. The old one at Mackinaw City has been taken down. The two new ones will be on U. S. 10 near Clare and on U. S. 31 near Ludington.

All the signs follow the present day trend. They are smaller than the old big bill boards. They use few words. They play up the word Charlevoix and the picture of a gondola and fireworks. On most the new scotchlite is used to catch the eye at night.

Coleman also made a report on the city's advertising. Highly effective, he said, were the new signs, the placing of The Courier in cabins and tourist resorts, and the new Trav-O-Guide. He recommended that less money be used in the West Michigan publication.

No Credit to Us

I received a bad jolt last Thursday over at the County Fair.

Now, this county has the makings of a good fair there. There is a hard working group heading it. Enough prizes are offered to make it at least interesting if not really profitable to the farmer. The buildings, while in need of paint, are good and there are enough of them.

But those buildings were comparatively empty.

We surely have enough good cows, calves, sheep, pigs and chickens in this area to make a good exhibit and to provide some worth-while competition. But they were not at East Jordan.

A county fair always has been primarily for the benefit and enjoyment of the farming community. But to be of value, it must have rural support. Except for the Granges, little of that was in evidence at the Charlevoix fair this year.

Let's Take a Lesson from the Legion

It is said that the Roman legionnaire was invincible as long as he could fight alone. But in time his moral fibre weakened until he could fight only in platoons, then companies and finally regiments. He no longer had any strength in himself. Then he went down before the barbarians.

That is the basic reason I am against this compulsory health or medical care program Mr. Truman is promoting. It is one more step in the wrong direction. It tends to supplant government mollycoddling and management for individual backbone and initiative.

Not only this country, but every one I've ever heard of (except one—the Inca) grew great and prospered only when the individual could be self-reliant. Our present government trend is to do everything it can to kill that idea.

That is what is wrong with this compulsory medical plan. It puts the responsibility on Washington and a few billions more bureaucratic tax burden on the wage earner, the little guy who gets the weekly pay check.

Sure, I'll grant that present conditions are not ideal. But the way to correct them is not to saddle a ten times worse situation on the American public.

50 Charlevoix Students to Enter College In Fall

Trunks are being packed, transportation schedules checked and good-byes being said as more than 50 Charlevoix young people leave for college this month.

Michigan State claims the largest number of Charlevoix graduates with Virginia Ranger, Marion Craig, Joan Nelson, Helen Jean Hammond, Joan Heise, Elaine Brow, Ardeth and Vonda Howe, Sally Miller, Doug Byers, Wayne Saunders, Jack Abfalter returning to classes there. Eleanor Brow and Bud Kohler, who are doing graduate work there, will also return to classes in the near future. Nancy Totten has transferred to State from Alma. The Carey twins, Bill and Bob, have enrolled as freshmen.

Nancy Heering, Jane Kohler and Don Carey have returned to Alma and Dick Hardy has transferred from the Soo branch of Michigan Tech to Alma. He left Sunday to resume his studies.

Among those who are returning to Central Michigan at Mt. Pleasant the week of Sept. 20 are Jim and Arlyle Roberts, Bob Smith, Bob Hamilton, Lois Courier, Pat Foster, Hubert Olach, who will be accompanied by Mrs. Olach, and George Sneathen, who will also be accompanied by his wife. Herb Wickersham has transferred to Central from the Soo branch of Michigan Tech and Bob Bartlett has enrolled for his first term.

Versal Shearer and Jim Foster accompanied by Mrs. Foster will leave soon for Ann Arbor to resume their studies at the University of Michigan. Bob Shanahan, a recent high school graduate, has enrolled as a freshman at the University.

Charles Smith left last week for his studies at Olivet College. Linda Bowman has resumed her studies at Albion College; Don Boss left Friday for Hope College, Holland; Don Bellinger, accompanied by his wife will leave late this month for Chicago where he has enrolled at the Northern Illinois College of Optometry. His brother, Joe Bellinger accompanied by his wife, will leave this week for Chicago to begin his studies at Chicago City Junior College where he will study for a term before going to Optometry College.

Jack Mol left last week for the the Soo where he has enrolled at the Soo branch of Michigan Tech. He was accompanied by Louis Holstad, who has returned to his studies there.

Davida Blake will return to Chicago late this month to resume her graduate studies at the University of Chicago. Helen Hamlin Henshaw will return to her studies at Anderson College, Ind. Joyce and Ruth Butler have returned to Bay City Business College.

Other recent high school graduates who have enrolled in schools for their first terms are Frank Partridge and Dolores Winnick who left last week end for Grand Rapids and Aquinas College; Phyllis Trimble who has enrolled at Grand Rapids Junior College; James Gibbons who left last week for Detroit where he has enrolled at the University of Detroit; Shirley Sauri who has enrolled in a Business College in San Diego, Calif.; Margaret Ann Roussin, who left Saturday for her classes at St. Mary's-of-the-Woods, Terre Haute, Ind., Dona Sternberg and Pat McKinney have chosen the field of nursing with Miss Sternberg enrolled at Saginaw General Hospital and Miss McKinney at Sparrow Hospital, Lansing. Janet Bulow will leave late this month for Detroit where she has enrolled at the Detroit Business Institute and Beryl Frank will leave about Oct. 1 for Detroit where she will study voice.

Oldest Wooden School

The oldest wooden school in the United States still stands at St. Augustine, Fla., its red-cedar boards with coquina chimney and dormer window overlooking one of St. Augustine's historic, narrow streets. The exact age of the school is not known. It was not new in 1763 when Juan Elixio de la Puente, Spanish engineer, listed it as a "house of boards."

MICHIGAN Motoring

The beginning of the school term and a hint of fall in the air usually brings our youngsters out on the highways, heading for the community parks and near by lakes for weenie roasts and outdoor gatherings. So—right now—at the beginning of the fall excursion season, is the time for a family get together on Safe Driving. Talk to the youngsters — impress upon them just how important Caution in driving is.

Did you know that during the first six months of this year there were almost SIXTY-NINE THOUSAND traffic accidents, resulting in FIVE HUNDRED SEVENTY-SIX DEATHS? That these accidents brought injury to almost 18,000 people? These figures are shocking and every citizen of Michigan must help to prevent a repetition of those figures for the rest of 1948.

Help keep your family safe — practise good driving yourself . . . instill the principles of good driving in every driver of your family—talk "Safety, Safety, Safety" Do your part in protecting the thousands and thousands of Michigan youngsters who are starting back to school this Fall.

Leo Close Takes School Post Near Bay City

Leo Close, county School Commissioner, has accepted the job of superintendent of the Bangor Township School near Bay City and has started on his new work.

Meanwhile he has agreed to continue to serve as Charlevoix County Commissioner until the annual reports are done next spring or through the 1948-40 year. The Bangor board has agreed to this.

The Bangor school is a consolidated one with a census of 1543 and is in the middle of a building program.

Mr. Close was elected a year ago last spring and still has a year and a half of his term to serve. If he decided to give up the office of Commissioner, his successor will be named by the County Clerk, Judge of Probate and Prosecuting Attorney and will serve until the next spring election.

Speech, Hearing Clinic to Be Held In Alpena Oct. 13, 14

The Traverse City district office of the State Board of Control for Vocational Rehabilitation will sponsor a Speech and Hearing Institute at the Bingham school in Alpena on Oct. 13 and 14.

Speech and hearing specialists from the University of Michigan Hospital will be there to give proper diagnosis and recommendations for treatment. Vocational rehabilitation will follow up the recommendations providing hearing aids, speech training and treatment where necessary.

Anyone 15 years of age or older having any kind of speech difficulty, a cleft palate or who is deaf or hard of hearing is eligible to attend. (Those who have hearing aids and do not find them satisfactory may also attend).

A physical examination is required in order that the specialists may better know the general medical condition of those attending. Vocation rehabilitation will pay for these medical examinations if necessary. Medical forms may be obtained from the District Office of Vocational Rehabilitation, 130 West Front St., Traverse City.

Requests should be in by Oct. 1 so that appointments can be made. You will be notified of the time of your appointment. You must provide your own transportation.

Ferries Start On Fall Schedule

The Fall schedule of the Michigan State Ferries operating at the Straits of Mackinac between St. Ignace and Mackinaw City went into effect Monday.

Following is the schedule of departure from both cities:

Leave Mackinaw City: 0, 7:30, 9 and 10:30 a. m.; 12:00 noon; 1:30, 3, 4:30, 8:00, 7:30, 9:00 and 10:30 p. m. and 1:30 and 4:30 a. m.

Leave St. Ignace: 6:00, 7:30, 9:00 and 10:30 a. m.; 12 noon; 1:30, 3:00, 4:30, 6:00, 7:30, 9:00 and 10:30 p. m.; 12:00 midnight and 3:00 a. m.

Two boats will operate the Fall schedule with a third one available for additional trips if needed to handle the traffic.

The schedule will remain in effect until November 7 when the ferries will begin operating night and day as often as required to accommodate deer hunter traffic crossing the Straits. The hunting schedule will be in effect through November 30. Winter schedules will start December 1.

Road Board Tells Why School Bus Routes Are Risky

Complaints have been received from various parts of the county that many of the roads used by buses for the consolidated schools are not safe.

Meeting Monday, the Board of Road Commissioners readily admitted the fact and issued a formal statement on the matter. It said:

"Extreme caution must be used on many of the township roads traversed by Charlevoix County school buses. Too often shoulders are narrow, or guard posts are missing.

"With the continued consolidation of schools and increased transportation of pupils, certain new routes have been laid out by school authorities, often without consulting the Road Commission. While the Commission has no authority to inform the schools that any certain road should not be used, neither is the Commission compelled by law to snowplow or maintain roads for school buses or mail routes.

"Always in the past the Road Commission has tried to maintain the roads used by both the mails and schools, and will continue to do so as long as funds are available. However, the public must realize that the only funds allocated for roads are from the Gas and Weight Taxes.

"Inasmuch as it is a stipulated sum from the Gas Tax, the increase in gallunage sold does not increase the allocation. The Weight Tax (license plates) has remained the same since it was reduced by half 20 years ago.

"So with practically the same income today as then, the Road Commission must operate with steadily increasing expense. Equipment and repairs have gone up 50 to 75 percent; payrolls are 100 percent higher.

"It is with this thought in mind that the Commission explains its position to the public. It asks that all drivers use caution on the township roads. And it also suggests that if Charlevoix County wants better and safer roads, a word to our state legislators for more road funds will help us have them."

Granges Enter Fine Display of Garden, Field Products At Charlevoix County Fair

One of the best displays at the County Fair was that entered by the various Granges in the main exhibit building. At the far left corner is that of the Barnard Grange, which took four firsts. At the right is that of the Marion Center Grange, winner of hree seconds. Next is the Maple Hill exhibit from Antrim county and one corner of the Peninsula Grange exhibit just shows at the lower right. This was the first time this Grange entered. On the table in the center are various entries by individuals.

her daughter, Martha, is married Saturday.

Edith Harris, daughter of Mr. and Mrs. James Harris, will not spend her vacation in the cabin on Lake Charlevoix as she has been invited by the National Story League to give a talk on Michigan Folk Lore in Knoxville, Tenn., at Knoxville College. Miss Harris is past President of the League . . . Mr. and Mrs. C. L. Boak left for their home in Chicago after spending two weeks with their parents, Mr. and Mrs. Henry Hair. They also visited their aunt, Mrs. Delphelia Acnis at Remus and their cousins, Dr. and Mrs. Rolf at Stanton.

Tough luck, Leona Courier could not vote Tuesday. And just one more day to go to be old enough to . . . Mrs. Mary Suparnaw of Harbor Springs is spending a week with her son-in-law and daughter, Mr. and Mrs. Charles Marshall and her sisters, Mrs. Eva Pearl and Mrs. Madelino Bisbea. Mrs. Marshall's sister, Mrs. Mary Snider of Detroit is also visiting here.

Mr. and Mrs. Ray Faulkner spent the week end in Alpena. While there Mr. Faulkner attended the Shrine Ceremonial . . . The John Schroeders and the Ralph McRaes are home from a vacation jaunt to Montreal, Quebec and back via Buffalo. That's a real vacation trip that gives a person a touch of old world atmosphere . . . Sally and Norm Houck expect to spend the winter months in Lansing to be nearer Norm's working headquarters.

Our sympathy to Peter John in the loss of his wife. This couple were always seen together and it is going to seem an empty world to him without her . . . Charles Fairbanks received a shoulder injury during football practice last Friday and Doc has said "No more football." Tough luck, Charles . . . Mr. and Mrs. C. S. Webster, Jr., are now living at Marine City. Bud is still continuing his GI work and at the same time is now employed at Chris Craft in the Engineering and Lofting Department. Marine City is on the St. Clair River and seems more like home to the Charlevoix couple. The Websters were fortunate in getting a home on the river with a wonderful view. Sue said she had a terrific fright when they first moved in. She noticed a big river boat at night and suddenly she had a feeling that it was coming right throught her front window . . .

Mrs. Kenneth Wagner and daughter Jan of Midland are visiting her parents, Mr. and Mrs. A. C. Belding . . . Mrs. Grace Brock of Detroit is visiting her sister, Mrs. Harley Ochs for a week . . . Miss Valera Ripley of Pontiac visited here last week for a few days with her mother, Mrs. Florence Ripley . . . Jaek Klein who is in boot training at Great Lakes, expects to arrive home for a furlough on Friday for ten days. His mother, Donna Klein, plans to take her vacation then and enjoy the time with her son.

There was a real effort made to get the name uf every student who was going away to school this ycar. If you don't think it entails plenty of contacting, try doing it yourself. But it is easy to slip up. Therefore if there are any omissions, please advise us as we want every person mentioned who is leaving home for further education . . . Don't forget there is an urgent call for all your white elephants for the Kiwanis Rummage Sale on Sept. 24-25. Just call Bill Wood and he will see to it that materials are collected . . . It's been "sob and moan" for many a student at the thooght of having to return to school Tuesday, but many others were secretly glad . . .

Charlevoix has a number of hay fever sufferers from down state who are here in Charlevoix for relief. With the low pollen count that we have here, it behooves everyone of us to keep the town and countryside free of the pollen from ragweed. It is really offensive to sneezers. If you see any of the cursed weed about, would you please make an extra effort to pull it out so that it cannot do further damage. I am sure all hay fever sufferers would bless you for it . . . Dr. and Mrs. Phil Brown of Charlotte were in Charlevoix about ten days ago and last week they returned again, after taking their children home to school. Now they hope to spend a month in these parts next summer . . .

We were standing near the window of the Betsy-Jo shop the other day when we suddenly heard a dark-eyed little miss say, "Don't you think that is better than a doll?" Then we discovered that she was speaking of an image of a horse in the window. Looking at her little playmate she turned and said, "She thinks dolls are nicer, but horses last longer." That's real childhood philosophy for you! . . . Mrs. D. E. Blake is teaching in Northport in the elementary grades. Mr. Blake left this week and will he with her during the coming months.

Couple Ara Married At Belvedara Homa

The Belvedere homc of Mrs. C. C. Gilbert was the scene on Sunday of the wedding of Miss Alfreda Townsend of Cincinnati and Vernon Grant of Detroit.

Rev. W. D. Wood of the Church of God performed the ceremony in the presence of many friends of the couple. Among the guests present were Babe Hathman of Chicago; Mr. and Mrs. H. Jackson, Miss A. Montgomery, Miss Lola Brown, Mrs. Hazel Watson, C. Lee all of Cincinnati; Mr. and Mrs. Russell Swendell of Detroit; Osey McNeil of Memphis, Tenn.; and Mrs. Mary Ramsey of St. Louis, Mo.

Posy Is Pretty— But Not Its Smell

It is beautiful, but how it smells!

That is the star caetus plant belonging to Capt. and Mrs. Allie Moore. The bloom itself is a five pointed star 2½ inches across. Inside the five stiff petals is a perfect ring and within that another smaller star. The flower is lemon color spotched with chocolatae.

When the cactus bloomed, Allie says, they started hunting the place over for a piece of overripe meat the eat had brought in. Finally their noses led them to the flower. In the future, he says, it will have to bloom in well aired rooms.

$25 Offered In Car Crash Case

The driver who smashed into the side of the new Cadillac belonging to Harry H. Weinbaum the night of Sept. 5 still has not been found.

Mr. Winebaum, publisher of three suburban Detroit newspapers, is offering a $25 reward for any information as to who did the damage.

The car was parked in front of the Weinbaum home at 303 Mercer. During the night someone, evidently driving a machine with one of the new rounded bumpers, backed or drove into the door and front fender. The Weinbaums believe it was done intentionally.

Ironton Bureau Names Committee

Three men were named last Wednesday by the Ironton Farm Bureau to represent the new ear insurance for that gruup.

The three, Vern Mathews, Oakley Saunders and Leonard Babel, were appointed by Chairman Arlo Wickersham after John Rosquist explained the new insnrance plan.

The Bureau group met at the Saunders home. Nine members and two visitors were present.

The next meeting will be at Homer Naason's on Oct. 13.

Church Night Supper Thursday

The first Church Night Supper at the Congregational Church will be Thursday at 6:30.

A short program will follow the potluck.

• Saturday guests at the Neeland Baker home in Hayes were Mr. and Mrs. David Baker of Walloon Lake and the new granddaughter, Annie May; and Mrs. Phyllis Rought. Callers Sunday were Johnny Jerichow of Harbor Springs and his father, Herman of Hayes; Mr. and Mrs. Leon Pease and his sister, Bonnie Pease of Petoskey.

• Guests of Mr. and Mrs. Lance Neff over the Labor Day week end were Mr. and Mrs. Marion Largent and daoghter, Doris and Lillian and John Munson of Cadillac.

IT HAPPENED ON ....

BEAVER ISLAND

By Mrs. J. C. Hanley

With the summer rush over, ll schedules are in effect.

The North Shore began leav- ig from the Island Monday. The oat will make a daily trip, leav- ig the Island at 7 a. m.

The King Strang dining room s closed but the hotel will stay pen indefinitely for roomers.

The Shillelagh will remain op- n under the management of Mrs. James Elms. James Elms is in Ann Arbor, where he is improv- ing.

It is interesting to see the progress made by those are building on the Island. The two log cabins constructed for Dr. John Montgomery and Mrs. Henry Watchpocket on Sand Bay are a credit to the Island. The exteriors of both cabins are completed. The interiors partially completed.

The Dean Wilsons started their summer home on back beach two years ago with a Quonset Hut as a basis of structure. Coming up from Ferndale to work at every opportunity the hut has been transformed into a large spacious home.

Vernon LaFreniere engaged the buildozer to level off his lot on back beach where he will build an ultra modern cabin.

Work on the Beaver Lodge at the Head is progressing.

Margie Gatliff left Tuesday to spend the school year with Dr. and Mrs. Montgomery. She will attend school in Saginaw.

Carl Keubler spent several days on the mainland during the week.

Trotting off to school for the first time on Thursday morning were Edward Cross, Charles Dudley, Ann Galiff, Mary Elizabeth Gallagher, Ann Marie Hanley, Alvin LaFreniere, Joseph LaFreniere, Barbara Pischner and Donald Washagesic.

Our new teacher, Sister Rose Alma, spent 15 years teaching in New Mexico before coming to the Island.

Archie LaFreniere, Sr., has returned from Iron Mountain where he attended the funeral of his brother-in-law, Nels Bergstrom.

Capt. E. J. LaWay, Cheboygan brought a party on a fishing expedition to the Island during the week. They stayed overnight at the O'Brien home. Those in the party were: Mr. and Mrs. H. J. Shelby, Indianapolis; Mr. and Mrs. Fred Lamb and Roy Winkler, Huntington, Ind.; Mr. and Mrs. F. M. Skeels, Alanson, Mich.

Mary Greene, Chicago is visiting Mr. and Mrs. Johnny Andy Gallagher.

Elizabeth LaFreniere, who spent much time and effort in planning and caring for her garden, must feel a great satisfaction. During the summer, Elizabeth furnished flowers for the altar at the Christian Brother's Lodge.

Thursday evening, a group of Island men entertained Father Fabain Keenan with a corn beef and cabbage dinner as a farewell gesture.

Burt McDonough suffered severe burns on his left hand after a mishap in taking care of the beacon light at the Head lighthouse. The beacon light, made and installed in 1851, is fed by kerosene.

Sunday afternoon three Island girls overturned in the car they were driving on King's Highway near John Ricksger's home. Although the car was badly damaged, none of the occupants were injured.

Magnesium is only two-thirds as heavy as aluminum and about one fourth as heavy as steel.

Farewell Picnic Given Fr. Keenan

To honor Father Fabian Keenan, who will depart Thursday after six years spent as pastor of Holy Cross church, a parish picnic was held at the Beaver Island airport Sunday afternoon.

Assembling on the grounds at 2 p. m. the afternoon's activities started off with a baseball game. The teams were made up of Beaver Braves, Has-Beens and high school lads.

Father Keenan led the assembly in community singing assisted by Bob Vestl McDonough.

During the festivities, Lloyd McDonough and Vernon LaFreniere presented Father with a purse, a gift of the Islanders.

Picnic lunches were spread and refreshments were served to all.

Past Matrons Plan Halloween Party

Mrs. Clair S. Webster entertained the Past Matrons Club at a potluck dinner on Friday afternoon. Twelve members and two guests, Mrs. James Parsons and Mrs. Herma C. Zachary of Jacksonville, Ill., enjoyed the dinner served at a table set on the lawn. A social hour and business meeting followed.

Plans were made for a Hallowe'en party to be given late next month by the local club for the Past Matrons Clubs of East Jordan and Boyne City.

Dogs After Dope

In China, the custom officials use dogs to track down narcotic smugglers. The animals are trained to follow the scent of the drug.

18,000 More Fish Licenses Bought During 1948

Ranks of anglers in Michigan have swollen this year by more than 16,000 over the record in 1947, a conservation department tally of license sales reveals.

Up to Sept. 1, 616,922 licenses for fishing were sold, compared to 800,719 during the same period in 1947. The figures include resident, temporary and annual non-resident licenses.

Trout anglers still have until Sept. 12 in the season for brooks, rainbow and brown. Rainbows may be taken through November on specified lakes and streams.

The general seasons for large and smallmouth black bass extends to Dec. 31, for bluegills and sunfish to Feb. 28 and for northern pike, yellow pike-pereh (walleyes) and muskellunge, with some exceptions, to March 15.

Greatest increase this year was shown in annual non-resident licenses, which rose from 83,035 for the period last year to 65,736 this year, a rise of 6.6 per cent.

Resident licenses rose 3.5 per cent from 040,607 to 600,134. Temporary non-resident licenses declined from 77,977 to 70,052, a decrease of 10.2 per cent.

Included for the first time in the count are $1 trout stamps, sold for the first time this year. Anglers have purchased 131,450 of these.

Original Pedestrians

Walking and running races were popular sports in the 19th century. Runners were known as pedestrians or "peds."

New Owners Plan Permanent Home

Mr. and Mrs. Seth Whitmore of Lansing, who have purchased the Frank J. Brown estate on M-66 about 12 miles south of Charlevoix, plan to make it their permanent home. Facilities on the property will also be used as an exclusive lodge.

The property consists of approximately 38 acres with a frontage of 700 feet on Lake Charlevoix and extends more than 1000 feet along the highway. About 12 acres along the highway are cleared and have been planted to fruit trees.

Mr. Whitmore, in partnership with his step-father, Robert L. Austin, formerly of Lansing, own and operate Austmore Farms near East Jordan, where they have 100 acres under development in the production of apples, cherries, raspberries and other fruits.

Mr. and Mrs. Brown, well-known in Charlevoix have left for their home at Lantana, Fla.

Episcopal Choir Guests of Milwards

Members of the choir of the Episcopal church and their director were guests at a buffet supper given by Mr. and Mrs Frank Milward at their Ironton home on Saturday evening.

Those who attended the supper and the social hour which followed were Bill and Bob Carey, Sally Swinton, Bruce Barker, Marion Carol Seymour, Dorothy Allers, Barbara Bice, Norman Bartlett, Mike and Debby Bergeon, Mrs. S. E. Coleman, Miss Helen Rose Cline and their director, Mrs. Walter Bergeon.

Will Enter University

Bob Shanahan, son of Comm. and Mrs. Edward Shanahan, will enter the University of Michigan's Engineering School this fall.

Our Policy on PONTIAC Deliveries and Prices

Despite the fact that Pontiac has built over a half-million cars since the resumption of production after the war, demand still exceeds supply. In the face of this production record, those who place orders now will still experience some delay in delivery. If you are among the many people who feel that Pontiac represents an outstanding value—and wish to order a Pontiac for future delivery—you will be interested in the following policy on retail distribution which we, as Pontiac dealers, will observe:

WE WANT YOUR ORDER

And the sooner you place it, the sooner you will get delivery. So if you want a Pontiac, order it now.

WE WILL ESTIMATE DELIVERY DATE

Due to conditions beyond our control, we cannot give you an exact date of delivery. But based on anticipated future shipments from the factory, we will, when you place your order, give you an honest estimate of when you may expect your car. Such estimates will be reviewed any time on request.

ORDERS FILLED BY PRIORITY

A definite proportion of the cars we receive from the factory is set aside for preferential delivery to users whose work is in the public welfare and to others with certain occupational requirements. *Otherwise, all orders will be filled on the basis of the time when they are received.*

YOU PAY FACTORY-SUGGESTED PRICE

Due to changing economic conditions, we cannot, when you place your order, tell you exactly how much the car will cost when delivered in the future. But, at the time of delivery you will be charged only the factory suggested price on your model—which will be shown in a published list of local prices.

YOU SPECIFY ACCESSORIES

While most of our customers order their cars equipped with accessories, we do not *force* accessories as a condition of sale. You specify what accessories you want when ordering your car, and these are the ones (and the only ones) it will carry when delivered. Some items may be lacking due to current shortages; but *none will be added.*

REGARDING TRADE-INS

Naturally, if you have a car to trade, we would like to have it in order to take care of our regular used car customers. Our appraisals are fair, based on current conditions. But if you do not have a car to turn in, we still want your order and will accept it for delivery based on the conditions outlined above.

Since this is our "home town", our business and its future is based on our good relations with the people of this community. We are most happy that so many people here—as all over the country—have made Pontiac their number one choice as a new car.

Nothing pleases us more than to turn over the keys of a new Pontiac to one of the many people whose orders we have, because we know they have chosen well—for Pontiac is *always a thoroughly good car, and a thoroughly good value,* this year, next year, *any* year.

Charlevoix Folks Go to Fair, See Exhibits, Eat Hot Dogs, Meet Friends, Watch Races

By Mrs. Ed.

There was a real tug last Thursday of "Come, come, come to the Fair," as we headed the family jalopy for East Jordan to take in the Charlevoix County Fair.

Like church suppers and bazaars, a county fair is as American as ham and eggs and besides, it is a time when folks in the county hold real gab-fest reunions, inquiring about Aunt Jenny, whom they haven't seen since last county fair time.

Cars were everywhere as we drove up near the gate to get in line. Sure enough there were some Charlevoix folks standing near the gate to get in: Mrs. Louis Orlowski, her daughter, Mary Margaret, E. Josephine Madill and Agnes Tellman . . . Oh, there's the merry-go-round and the ferris wheel, without which no County Fair would be complete.

Coming down the midway were kids with cotton candy. Remember when you used to beg mother and dad for some of the same kind of stuff, only to find that it melted away as soon as you touched it with your tongue, but it wns fun . . . "Oh, mother, kin I have a pony ride?" a little miss cried as she tugged at her mother's skirts . . . And there is quite a bit more skirt to tug on this year . . . Well, if there isn't Andy Grillo in charge of the vegetable stand and doing a right good business, too . . .

Where to park? There were more cars inside the gate than outside . . . "See that beautiful quilt by the window?" and immediately we hied ourself to the Craft building . . . Blue ribbons hung all over the replica of a laminated barn frame, a 4-H Club project, that carried away ribbons at the State 4-H Show. How thankful we can be for the 4-H boys and girls, and they can really show up mother and dad in winning awards . . . Judges had been busy sampling foodstuffs. Noticed that Pat Jablinsky carried away several blue ribbons on canned goods . . . Elizabeth Richardson must be another good cook . . . The Jolly Workers Canning Club really had netted themselves many blue ribbons . . .

Someone had done a real job on a pair of pillowcases in needle work that should have rated the blue ribbon it did . . . Flowers were much in evidence, although the warm day had done its bit to wilt some of the fine specimens . . . Some mother's hands had knit some beautiful cable stitch mittens in black that anyone would highly prize in the winter months ahead . . . Aprons, quilts, doilies of all kinds and descriptions made up the tables and bespoke of long hours with the crochet hook or knitting needles.

For the women who roamed the halls, looking and visiting there were many things to interest them in new household appliances. Who wouldn't like a deep freeze or a new stove when one has spent hours over the old kitchen range canning and preserving . . . Many folks had gathered around the latest in new washers and youngsters were casting long glances at new bikes on display . . . It was too hot to think of woolens but some mothers must have had snowdrifts in mind who were looking at snowsuits for sister, Susie or Johnnie.

"Register here for a free X-ray" we heard as we came out of a building and blest if it wasn't Marg Davenport drumming up trade for the X-ray booth and many folks were taking advantage of this splendid service by our Public Health people.

Well, the Barnard Grange did alright by itself and had a good display of grains, vegetables and canned fruit for which they had won many firsts . . . Marion Center walked off with three seconds and one fourth. The Peninsula Grange had its first showing and won three fourths and one third, which was certainly not bad.

The canned fruit took our eye. There were canned raspberries, chickens, puff ball mushrooms, canned orange peel and corn on the cob. How does one ever get all those perfect ears in one can, besides the usual run of cherries, peaches, pears, etc.

Among the oddities found in vegetables were the 39 inch slicing cucumbers that had come from the garden of Claud Pearsal, Jr. Also there were gourds on exhibit three feet long. And who ever heard of shelled cranberry beans. Shows I was not raised on a farm. As we stood poring over the prize cans of fruit someone said in our ear, "Never saw so many people before at the Fair. There were the Henry Hecklers. Going out the door we nearly ran over Agnes Ecklund.

Nearing the grandstand we could see Boyne City and Alden baseball teams warming up for the game of the afternoon. Men in shirt sleeves were hanging over the fence waiting for the horse races to begin. And crowded in among them were to be found many women, for they love a horse race, too. The announcer was telling of the purse for the afternoon racing and also of an old veteran of some 70 years who had been racing for a half century. And he was on hand for the afternoon race; said he didn't want to quit. (Heard later in the day that the old fellow did all right by himself and won some of the heats.)

Looking in the cattle barns and on through the others we felt that many more farmers had prize winning stock that should be shown. After all the Fair is really the county's time to strut its stuff and there is still room for more folks to enter . . . Jack Erber was holding down the Ford farming implement sections, although he was not expecting rushing business while the horse races were on . . . Norm and Sally Houck were walking down the midway and here comes the Lowell Merica family with granddad to do the Fair . . . The Dal Henry's were there too.

"Hot dogs, hot dogs, how about a nice juicy hot dog?" And there was the usual imitation orange drink. But, again it wouldn't be a county fair without these stands . . . "Try your luck at darts". Again we knew we could never hit the barrage of balloons fastened to a back drop . . .

One certainly realizes that styles change with carnival concessions as with milady's hats and dresses. A stuffed animal that seemed to be a cross between a penguin and a bear was the object of much interest and many a dime was tossed on the counter in hopes to getting the lucky number . . .

On we went in the direction of the palmist. Those are always the ladies extraordinary, resplendent in many petticoats, high heeled shoes, gold teeth and earrings who can tell you all about your love affairs and business. It was fun listening to her bait us on. "Come on lady," and then she really knocked the props out from under us when she said, "You aren't from around here." Sad fate, when we thought we were beginning to look like the folks of this section.

Gee, it wouldn't be a complete Charlevoix day at the County Fair without Colin McKenzie and there he was, all dressed up like a plush horse, taking in everything and having a wonderful time . . . Down the midway a piece were the Rosquists glancing toward the fruit section . . . Just as we knew it was time for us to leave we heard the announcer say that Ralph Bacot had won the first heat of the horse races.

Wouldn't have missed it. Everyone knows that county fairs have been popular since high wheel days and are an institution that will grow and grow with the coming years. Here's to our Charlevoix County Fair!

Dale Boss Goes To State 4-H Camp In Upper Peninsula

Dale Boss, son of Mr. and Mrs. John Boss of Charlevoix, left Monday morning to attend the State 4-H Conservation Camp at Camp Shaw near Chatham in the Upper Peninsula.

Camp closes Saturday morning. Dale was picked to represent the conservation classes and clubs of Charlevoix County by K. C. Festerling, Supt. Roy Bennett and Max Novak.

During the week the 100 boys at camp will drive a square mile of deer territory to determine the game population, will visit a fire fighting station and see the Conservation department in operation.

One day will be devoted to a study of land use, another to Michigan game, one for fire fighting, one for geology and one for etomology.

The camp is staffed by professors from Michigan State College and the Conservation department. Boys range from 15 to 20 years and come from all parts of Michigan. This is the first year at Chatham, the camp having been held previously at Higgins Lake.

Mrs. Funk Heads W. C. T. U. Chapter

Mrs. Gladys Funk was named president of the local union of the W. C. T. U. at the first meeting of the current year at the home of Mrs. Floyd Bartholomew on Friday.

Others elected were Mrs. May Smith, vice president; Mrs. Mary Kerr, secretary; corresponding secretary, Mrs. Bartholomew; Mrs. Elizabeth Murray, treasurer.

Plans for the ensuing year were discussed and Mrs. Ernest Howe, Mrs. A. J. Usher and Mrs. Lena Swanson named on a planning committee.

Mrs. Swanson gave a report on the annual picnic held at East Jordan last month at which eight unions in the district were represented. Plans for the state convention to be held in Petoskey next month were also discussed.

From where I sit ... by Joe Marsh

"Farming" Versus "Ranching"

Talked to some editors who run my column in their papers—in states where there's mostly cattle and sheep raising—about the differences there might be between farming and ranching.

And they told me: "Joe, there's no real difference between cattlemen and farmers. We make our living from the land like your folks do; we have the same 4-H Clubs and Granges; the same problems of prices and marketing.

"When it comes to recreation, we have the same liking to get together now and then for a barbecue and a friendly glass of beer."

And from where I sit, that about sums it up. Ranchers may have different names for things or grow different crops. But all over America folks who work the land share those common traits of hard work, sober moderation, and good fellowship, whether they're growing cattle for beef, or barley for good American beer and ale.

Throughout the summer and fall squirrels are mighty busy. These provident animals obtain and store ample stocks of winter food. Then when winter comes they are ready for it.

Providential householders also prepare for winter during warm months by filling their fuel oil tanks from our presently ample stocks. This in turn, permits bulk stations to maintain a full supply of oil for distribution later.

To insure oil heat all winter it is necessary to keep a balance between the oil supply and the season's demand—therefore it is vital that your tanks and ours be kept full at all times.

May we fill your oil tank NOW?

Sights, Smells of Italy, Greece Described In Letter to Folks from Arthur Pischner

War scars still are to be seen aplenty in the Mediterranean countries says Arthur Pischner, son of the H. R. Pischner family nf St. James.

He has been over in those lands on a sales trip demonstrating the use of surplus engines bought from the government by the Kahlenberg Brothers of Two Rivers, Wis., and being sold abroad.

In a letter written from Athens he tells of flying to Gander, Newfoundland, Shannon, Ireland, Paris, Geneva and Rome. Over Rome lots of war damage still could be seen but it is being repaired rapidly.

"It is a very beautiful city. Italy is very mountainous and appears to have a lot of desert where nothing seems to grow.

"Have seen quite a lot of the ancient Greek ruins. My room at the hotel overlooks the Acropolis. I have a private balcony where my breakfaat is served every morning. Haven't eaten a meal indoors aince I arrived. Lunch is served on the gallery and dinner on the roof overlooking all Athens. It is very beautiful from that height where one can avoid seeing the proverty and filth of the people and away from the smells.

"Sanitation is practically unknown here. The bread and other foods (unwrapped) are piled right on the sidewalks and covered with dust ond germs. But they eat it.

"It is customary to close everything at 1 p. m., and take a siesta until 5:30 p. m. Then everyone works until 8. They escape the hottest part of the day this woy. At other times the noise is terrific. The most important part of a car is the horn."

"This is the land where the donkey is the principal beast nf burden and the loads they pile on are amazing. They are only slightly larger than Rover was and when loaded one can barely see a part of the animal. When several start broying, you'd think Gabriel was blowing his trumpet."

Greek money is not worth much, a dollar buying 10,000 drachmas. His hotel and meals cost $7.75 a day.

From Athens he was to go to Istanbul, and return by way of Casblanca and Lisbon.

Dollenmaier Goes To Bay City Post

Jack Dollenmaier will be from Bay City instead of Milwaukee after Sept. 15.

For 14 years he has been with the Line Material Co. of Milwaukee, being the assistant vice-president in charge of sales. He has resigned that position and the middle of the month will go to the Kuhlman Electric Co. of Bay City as sales manager. Both firms are in the electrical supply business.

This past winter and spring the Milwaukee firm sent him to Japan, Shanghai and Manila to arrange for the manufacture of porcelain insulators, becoming a scarce article here.

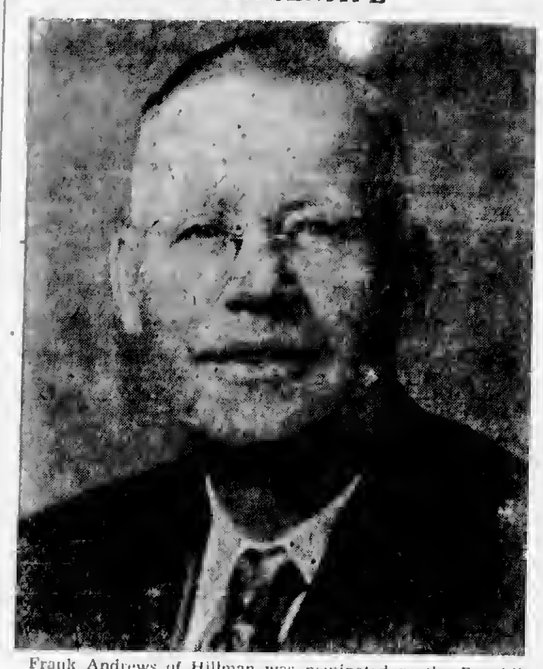
Bureau Leaders To Meet Tuesday

John Rosquist, Charlevoix County Farm Bureau President announces that there will be a meeting of the Action Committee men, Community Farm Bureau Committee, Executive Committe of County Board, County Women's Chairmen, and Junior Farm Bureau officers at Gaylord high school, Tuesday. The meeting will start at 8:30 p. m.

Stanley Powell, Legislative Counsel of the Michigan Farm Bureau, will talk on the importance of insuring a maximum rural vote, and will discuss the amendments on the Nov. 2 ballot.

NOMINATED FOR SENATE



Frank Andrews of Hillman was nominated as the Republican candidate for State senator in the district primary.

• Mr. and Mrs. Lance Neff visited Sunday with their daughter and family, the Basil Kennedys of Traverse City and Munday they were in Grand Rapids on business.

• Recent guests at the home of Mr. and Mrs. C. M. Jurgens were Mr. and Mrs. Stephen Davidhazy of New York, Frank J. Davidhazy and Miss Marjorie Krantz of Grand Rapids. They visited here enroute home from the Upper Peninsula and Mackinac Island.

Laundry May Stay Open This Winter

Whether or not the Self Serve Laundry Center will operate all winter depends on the present customers.

Mr. and Mrs. Fred England, the owners, say they will keep the new plant open during the cold months if, during the next few weeks, enough folks indicate they plan to use the laundry service.

You just *know* it's a Packard!

There's a story of exclusive values behind these exclusive lines. Come in—see for yourself!

When you point to this proud, glistening grille, any schoolboy can tell you it's a *Packard* . . . the car that still *looks like itself!*

That's because the Packard radiator grille, for nearly 50 years, has been a trademark of *precision-built character.*

Packard, for example, has always meant precision-built *engines.* And Packard today is winning new fame with the amazing economy of its new "free-breathing" straight eights!

Packard has always meant masterful *roadability.* And Packard leads again today—with a "self-controlling" suspension system.

Packard has always meant precision *workmanship.* And today's Packards are the finest-built Packards ever to bear the name!

It all adds up to a story we'd like to tell you in full . . . and *soon!*

Grangers Sift All Neighborhood to Get Fair Exhibit

There is quite a story back of the Barnard Grange's exhibit at the County Fair.

On Labor Day evening, the members gathered at the Grange Hall with their cans of fruit or vegetables, samples of fruit and grain. These were spread out on long tables. Then the sorting began.

If any member had a better can of pickles, or bin of wheat, of crate of apples at home, he was to bring it back. The entries filled more than half the Grange floor and from them were selected 78 cans of food, and the full range of grains, fruit and vegetables to be exhibited.

No item was duplicated and each was picked as the best in the entire community.

Clyde Warner was in general charge of the exhibit.

Big Bankroll Proves Begger Does All Right

A professional beggar in town Wednesday night gave some Bridge Street observers a new insight into incomes.

A likely looking prospect came along, the beggar asked for enough to buy food, the prospect handed over a dollar bill. As soon as he had gone on, the beggar pulled out a roll that literally was inches through, added the new bill, and snapped the rubber band back on.

When he got a coin, it went into a long leather snap purse. The observes decided he was doing all right.

Cline Family Will Winter In Texas

Plans are being made by the Wilbur A. Cline family to spend the winter in the South, likely southern Texas.

Helen Rose Cline has resigned as school secretary and a successor is being sought for that apot.

Robert Sloan will go with them, as he is a Texas admirer. They plan to leave along in November or early December and will spend three or four months away.

Chicago Magazine Praises Port Captain

"There should be more Captain Howards at the various ports of call," was the sentiment expressed by Carl Fox, editor of the Blinker, Chicago Yacht Club publication, in the September issue of the magazine.

The article, with a picture of Captain of the Port Joe Howard, was written by Fox, owner of the "Freebooter II", who has made Charlevoix his port of eall many times. Among other things Fox said, "One of the many pleasures experienced by yachtsmen traveling the east coast of Lake Michigan is the stop at Charlevoix. In addition to a well placed harbor and a congenial atmosphere among the residents of the city, Capt. J. F. Howard adds perhaps the greatest note of welcome.

"Long after the yachting season is over, come Christmas time, every Yachtsman who has been in Charlevoix receives a Christmas card from genial Capt. Howard bringing back some of the pleasures of the previous season."

• Mr. and Mrs. D. J. McKenzie of Sarnia, Ont., are visiting the former's sister, Mrs. Margaret Novak, and brother, Colin McKenzie and family.

Fighting Own Fires

Many homes are destroyed because householders attempt to fight small fires themselves. Hence the National Board of Fire Underwriters amphasizes that the first thing to do in event of any fire, no matter how small, is to call the fire department. Few hames are less than two or three minutes run fram the nearest fire station, except in rural districts.

A PROBLEM For Both of Us!

Coal prices today are a problem for both the consumer and the dealer—and don't we know it!

Back when a good Pocahontas was $8.50 a ton, we didn't have to worry so much about credit.

But now, 2 cars of coal cost us what 5 used to.

So, Here's Our Problem . . .

We no longer can carry coal accounts for the time we used to. From now on, we've got to collect sooner.

So, please don't ask us to carry your coal account all winter.

We'd like to—But we simply cannot.

Much of a bank's work must be done before the doors are opened each day and after they have been shut. For instance, here are some of the jobs to be done: opening the vault, supplying tellers with cash, distributing mail, proving cash, making up the balance sheet, sending out-of-town checks for collection, to mention a few. In short, public banking hours are as long as may be necessary to serve the community efficiently.

Rayders Hit by Injuries, Play Grayling Friday

Friday the Charlevoix Rayders will go to Grayling for the second game of the season after handing the Mancelona team a 28 to 8 drubbing here last Friday.

Wednesday morning Coach Ray Kipke was facing the likely loss of at least four players for the Grayling game. Don Coney reported a hurt back Friday and still has not recovered. Kipke planned to put Jim Jolliffe in at end for Coney but Tuesday Jolliffe came down with poison ivy and may not be able to play against Grayling.

Jim Bowman turned an ankle in the opening game and it still is sore; it is doubtful if he will

Mancelone Geme on Page 8

get in the game. Charles Fairbanks' shoulder still is bothering him. He may be able to go in on offense, leaving the defensive job to Peterson.

The light Boyne City team Saturday defeated Grayling 12 to 8 and should have made two more scores according to Boyne City observers. Unlike most of the conference teams, the Boyne City squad evidently is starting the season in good condition as the team did not take a time out Saturday.

Gaylord, with a 172 pound line and 104 pound backfield, didn't show up well last week against the light East Jordan squad which won 18 to 0.

That East Jordan victory was the biggest surprise of the opening week of football. Another but lesser one was the 8-8 tie to which Pellston held Harbor Springs. Harbor last year lost its line but Pellston has a green team this year and was rated likely to lose.

Foster Company To Diversify Its Plant Activities

Greater diversification to avoid the ups and downs of the boat business was announced as the 1949 policy of the Foster Boat Co., at the annual meeting Monday.

It was held at 2 p. m. at the company offices here. The reports for the fiscal year ending Aug. 31 showed a small profit.

Plans for the future call for about half the operation to be devoted to boats. There is some government business now being done. The department which is growing the fastest is the canvas division, which is making a variety of articles, many custom made.

The same officers, who also are the directors, were reelected. They are: H. G. Foster, president and general manager; Victor S. Mancley, James E. Foster, C. S. Webster, vice-presidents; C. A. Duerr, secretary-treasurer.

Sgt. McSafety Talks Safety Before Pupils

Safety was preached by Sgt. Jerry McSafety to the grade school pupils here Monday.

3000 Pounds of Ragweed Gathered in City Clean-up Campaign, Burned

Three thousand pounds of ragweed, a ton and a half of potential sneezes and future trouble for hay fever sufferers, went up in smoke Thursday night as the climax of a whirlwind drive to cut Charlevoix's low pollen count still lower.

This is the worst ragweed year Michigan has had for some time. Hay fever victims all over Northern Michigan are complaining they are not getting their accustomed relief by coming north.

In order to do something about it, Charlevoix last week staged its ragweed campaign. The Council approved spending $100 for the job. The Board of Commerce asked the Junior Chamber of Commerce to take full charge of the drive. That group's officers by Tuesday night had the plans all made.

With the cooperation of the school, teams of pupils, totaling 110, started out Wednesday afternoon and literally covered most of the city, block by block. Volunteered trucks hauled the ragweed to the ball diamond where

Chest Budget Set at $3350

During October Charlevoix will be asked to contribute $3350 to carry on the work of four local organizations during 1949.

It will be the second annual campaign of the Community Chest and will tie in with the national Red Feather drive.

Thursday night the Budget Committee of the Chest met at the City Hall and to receive applications from all organizations which wanted to be represented. Only four appeared. After going over the case of each one, the Committee approved the 1049 budget. It is compared with the 1048:

	1948	1940
Boy Scouts	$ 833.00	$ 800.00
Girl Scouts	440.00	550.00
Hospital	1,000.00	1,500.00
Health Nurse	850.00	500.00
	$3,123.00	$3,350.00

The Boy Scout Council set $800 as Charlevoix's quota.

The Girl Scouts this winter are

Girl Scouts Start Their Fall Program

Girl Scout activities for the 1048-49 school year are starting this month.

New troops are being organized as quickly as possible and others divided as soon as leaders can be found. Troop 1, with Mrs. Jack Reed and Mrs. Lester Smith as leaders, met Thursday at the City Hall. Second class badges were awarded to Darlene Coatta, Jackie Cooper, Maudelaine VerWys, Leitha Troost and Nancy Ikens. Leola Scott was given a book-binder and leather proficiency badge.

They will meet again at the City Hall at 3:45 Thursday for a nose-bag lunch and meeting.

Troop IV under the leadership of Mrs. L. E. Grate and Mrs. Homer Brady will meet at the City Hall at 3:45 Monday for an organization meeting.

Troop V members are to give registration dues to Mrs. Robert Kelley and Mrs. Edward Swanson.

Mrs. Ralph Hamilton, finance chairman, prepared the Girl Scout budget for the year for the Community Chest budget meeting on Thursday evening.

Mrs. Helen Richards is president of the local Girl Scout organization.

Any girl wishing to join the Girl Scouts is asked to call Mrs. Charles Bleha at 841 and leave her name, age and other necessary information and not contact acout leaders.

Doctors Attend Medical Sessions

Dr. and Mrs. G. B. Saltonstall left Sunday for Detroit where they will attend the annual convention of the Michigan State Medical Society.

They will return home this week end. Dr. and Mrs. Robert McClintock plan to attend some of the sessions of the four-day meeting.

Dr. L. E. Grate, who had been in Lansing for the Rural Health meeting last week, returned home Sunday. While in southern Michigan he also visited his parents at Clarkston.

• Mr. and Mrs. Carl Johnson returned to Twin Lakes Tuesday after spending a week with relatives and friends here and in Escanaba. They also visited Mr. and Mrs. Harry Hammond who returned home Sunday after a week at Muskegon, Cedar Lake and Edmore.

School Expresses Thanks to Goldman Fund for Help

Sincere thanks from the school, and from the community, was paid to the Lenore Goldman Myer Fund in a letter to its trustees from Supt. Roy Bennett at the reopening of school.

"It again becomes my pleasure to express the appreciation . . . for the splendid contribution you have made to the welfare of the youth in this community. At a time when our whole country and world are filled with struggles between selfish groups, it gives us new inspiration to find that there is still an unselfish group who makes an unsolicited contribution to those who are deserving.

"You have enabled approximately 50 children to enjoy the benefits of the milk program, and many more have been able to take their places in the regular school program because of the clothing you have provided. There is more to the benefit than just the physical health promoted by food and clothing; there is the value to an individual of being like his playmates, making for a mentally healthy person."

At the annual meeting on Sept. 8 the Fund officers expressed their appreciation to the local committee for the work done and voted unanimously to continue with the fund as long as there is a need and the community interest continues. Since the Fund was founded, $7500 has been expended.

Trip Combines Water, Land, Air

Mike Cull and Dick LaFreniere of Beaver Island mixed a lot of variety into their quick vacation tour of the Upper Peninsula last week.

They left Charlevoix last Thursday at 8 a. m. aboard the Patrol Boat No. 1 which was headed north. The craft took them through the Soo, where they saw the new MacArthur lock from the inside, and on to Munising.

There they were met by State Police who saw to it they got to Manistique, where they engaged a plane to take them to Petoskey Sunday, arriving back in Charlevoix Monday morning and St. James that afternoon.

On one point neither would comment. That was the State Police episode. They wouldn't say if the officers escorted them out of courtesy or to see that they behaved themselves.

Angus Leitch, City superintendent, has been elected a member of the Executive Committee of the Michigan Municipal Utilities Association. Chairman of the group is F. W. 782 Men Register for Draft In County; 5 In First Call

Seven hundred and eighty-two draft age men have registered in Charlevoix county since registration started on Aug. 30, Mrs. Anna Eccleston, draft board clerk has announced.

The number of men in each age group is as follows:

1922, 38; 1923, 101; 1024, 103; 1025, 108; 1920, 88; 1927, 100; 1928, 09; 1920-78; 1930, 77.

Questionnaires are now being sent to men who have reached their 10th hirth date through the 28 year old age group who are single, non-veterans, non-father registrants. No questionnaires will be sent to 18-year-olds.

Charlevoix county has been given a 5-man quota for the first draft call on Oct. 5. These men will go to Traverse City for physical examination and return here to await their call for induction.

New Amendments, Insurance Are Topics

Appointment of three auto insurance committeemen and discussion of the first three constitutional amendments occupied the McGeagh Farm Bureau members Monday evening when they met at the Lawrence Swanson home.

State Committeeman George Block explained the proposal to form a strictly mutual insurance company accepting only Farm Bureau members. The plan was indorsed by the group and Kenneth Sweet, Henry Stephan and Orton VanDusen named on the committee.

Warren Schoal was the discussion leader and took up the three first constitutional amendments to be submitted this fall. The group took no formal action deciding that the individual should vote as he sees fit.

17 Attend Session Of Marion Bureau

The Marion Center Farm Bureau met at the Wilbur Himebauch home Sept. 15.

Fourteen members and four visitors were present. Three men were appointed to represent the new ear insurance for the group; Wilbur Himebauch, Walter McElroy and Lawrence Straw.

The topic for dusecussion was the amendments appearing on the ballot at General Election. They will be discussed further at the next meeting.

Realty President Gets Historic Gavel

A gavel, made of walnut from Mt. Vernon and Monticello, homes of Washington and Jefferson, and decorated with steel from the U. S. S. Missouri, was presented to Earl A. Young at Detroit Thursday.

As president of the Antrim-Charlevoix Board of Realtors, he was given the gavel by Hobart C. Brady, president of the National Association of Real Estate Boards. The presentation was made at a dinner in connection with the annual meeting of the Michigan Real Estate Association.

President Brady was in Detroit to give the gavels to the heads of local boards as part of the state association's observance of Constitution Day.

New Red Tower to Take Place of Old Wood One

The old red light and foghorn tower on the South Pier is being taken down.

It will be replaced by a new steel tower, already on the pier, of about the same size and shape. The new one will be placed in the same place.

To make the chenge, the Coast Guard construction crew hes rolled the old wooden tower some 30 feet back on the pier to ellow the new foundetion to be put in.

The new tower will have dupliceta eir compressors and foghorns. The old bell will be discarded. The same light will be used but a new housing mey be installed. The work will take about two weeks.

New Road Nears Completion; Gap Still Left at Viaduct; Early Opening Is Probable

With luck, good weather and nothing unexpected happening, traffic between here and Bay Shore may be rolling over the new road before Dec. 1.

That is the forecast of the office of the Loselle Construction Co.

With the same luck, good weather and everything going fine the present Bay Shore-Burgess and Charlevoix detours may not be necessary after another two weeks. When that happens traffic bound for Petoskey can drive out on the new pavement, swing right on the new access road by the Argonne and drive over the old road clear to the railway underpass this side of Bay Shore.

There the traffic will go on to the new pavement and continue on it.

Present detours follow the gravel road north from the WaySide and then east across the new pavement and by the Argonne. At Burgess the detour goes south, then east past the Clifford Struthers farm and on to Bay Shore.

The main concrete slab was finished Wednesday except for a 900 foot gap at the railway underpass. That cannot be poured until the steel work on the viaduct is done, likely about Oct. 1.

Then there is the job of moving the Pere Marquette tracks back from the present sidetrack to the new bridge and removing some 1000 or more cubic yards of dirt over which the trains now roll. The dirt will be used partly for roadside shoulders and fills and partly will be hauled away and dumped.

The Loselle crews during the next few days, weather permitting, will be blacktopping intersections at Bay Shore, where the old road ties in with the new pavement at the underpass, and at the Argonne detour which remains a permanent county road.

Also during the next few weeks the Loselle crew expects to have much or all of the shouldering and grading done so that only a few minor jobs along the Charlevoix- Underpass section will remain to be done.

The actual date for admitting traffic to the new road remains with the state highway engineer. He is the one who will say when we can begin to roll along smoothly and enjoy the lake scenery.

White Elephant Sale This Week

Charlevoix's annual community bargain sale will be staged this Friday and Saturday at the American Legion Hall.

It is the Kiwanis Club's White Elephant Sale, which goes with the closing of summer homes and the fall housecleaning.

With Rev. W. D. Wood as chairman, several new things will be tried out this fall.

As far as practicable, all goods will be sorted and displayed on tables according to price. Thus there will be a 10 cent, a 25 cent, a 50 cent, $1 and $2 table. Kiwanians will be on hand to help each day from 9 a. m. to 8 p. m.

Persons having goods which they still wish to contribute should call Rev. Wood or deliver the items at the Legion Hall on East Garfield during the day.

According to the chairman, there will be the the usual variety of articles for sale this year, but he is especially boosting about the clothing department. In fact, he says he has even tried on some of the suits himself.

Word Received That Steel for Bridge Is Due

Steel work may be resumed the last of this week or the first of next on the bridge.

According to word received here the bronze trunnion castings turned out all right. They have been attached to the big trunnion girders and the whole four assemblies shipped from the plant at Mt. Vernon, supposedly about Monday. The cars are expected to arrive here this week.

When the steel does come, the work of putting the two 90 foot lift spans together will be resumed. As planned, the south section will be fabricated first.

First sections to be put in place will be the big 23 ton trunnion girders which roll up and down and serve as the sides of the bridge span. The bronze castings on them carry the weight of the whole bridge.

They were cast twice before and both times were not up to specifications. The third casting evidently proved acceptable.

Meanwhile the Lamb-Leudtke crew is going ahead with two concrete jobs. The paving will be done, possibly by the end of this week and traffic will be flowing in two lanes again after a ten day wait.

At the south bridge pier a crew is putting together the forms for the operator's house. It will be poured of concrete. The walls will rise 16 feet from the present foundations and will be poured all at one time. Afterwards, the two floors will be poured.

School Installs New Equipment

New equipment has been installed at the home economics room at school this week.

Included are two new Kelvinator electric ranges and a new 8½ foot refrigerator, all installed by Glenn Pemberton. The appliances replace older but similar equipment.

Under a deal the school has with the company, the school bought the original equipment at factory cost, which is lower even than wholesale. Then for five years the company replaces the appliances with the latest models out and at no further cost to the school.

Retained in the room are two gas stoves in addition to the electric ranges.

District Nurses To Meet Oct. 1

The Northern Michigan District Nurses Association will meet at the Little Traverse Hospital Hall, Petoskey at 8 p. m., Oct. 1.

A member of the State Nurses Association, will be the principal speaker at the business session which will be followed by a style show given by the Petoskey group.

All registered nurses in the area are to attend. For further information call Mrs. L. E. Grate.

Teachers to Attend Petoskey Sessions

Charlevoix teachers will be going to Petoskey Sept. 30 and Oct. 1 to attend ahe annual Regional Conference of Region Five.

The Charlevoix band, directed by C. A. Odmark, will play. Uno A. Suomela is chairman of the section on Industrial arts and education. Harry Bingham is a member of the nominations committee and regional secretary.

Among the speakers will be Lee M. Thurston, superintendent of public instruction; Henry Hodges, explorer-lecturer; and John Metcalfe, Washington analyst, who will talk on the Russian situation.

• Bert Crandall arrived Saturday night from the West where he has been for the past two months visiting his sons, Wallace, Arlie and Bob and their families in Des Moines, Iowa; Placerville, Calif and Milton, Wash. It has been some time since he has seen them and he found all of them fine and well situated.

Craig-Wigglesworth Nuptials Are Saturday

Miss Martha Craig, daughter of Mr and Mrs. Harry Allen Craig, became the bride of George L. Wigglesworth, Jr., son of Mrs. G. Lester Wigglesworth of Naugatuck, Conn., at a candlelight service at the First Congregational church at 8 p. m. Saturday.

Rev. G. Russell Parker of Northport read the double ring service in the presence of 150 guests.

Preceding the ceremony Mrs. A. J. Stelter at the organ played a program of traditional wedding music and accompanied the Charlevoires, Mrs. E. D. Hawley, Mrs. Clair Webster and Mrs. Charles Bellinger, who sang "O Promise Me" and "At Dawning." She also played the wedding marches.

The bride, given in marriage by her father, selected a white satin gown fashioned with long sleeves, a bodice with net inserts and a full hoop skirt with a cathedral length train. Her veil of silk illusion was decorated with seed pearls and she carried a shower bouquet of white roses.

Mrs. Wigglesworth

Miss Marion Craig was her sister's only attendant. She wore a gown of pale green taffeta styled with a shawl neckline and a long bodice which ended in a hoop skirt. Her headdress was of talisman roses and she carried a Colonial bouquet of the same flowers.

Nancy Madison of Birmingham and Ann Louise Hawley as flower girls, wore gowns of yellow taffeta designed with tiered skirts, headdresses of talisman roses and carried small Colonial bouquets.

Donald C. Wigglesworth of Naugatuck was his brother's best man and Robert Cooke of Naugatuck, James Heffington of Ypsilanti, Donald Swinton and Robert Wexstaff were ushers.

Mrs. Craig chose a slate blue two piece faille suit, black accessories and a corsage of pink tea roses for her daughter's wedding. Mrs. Wigglesworth, mother of the bridegroom, wure a deep blue crepe gown.

A reception followed at 307 Michigan ave.

After a wedding trip to the Upper Peninsula the couple will make their home in Connecticut. For traveling the bride selected a grey gabardine suit and black accessories.

The bride is a graduate of Michigan College of Education and is a member of Kappa Mu Delta. The bridegroom attended the United State Naval Academy and recently graduated frum the University of Michigan.

Among those from away who attended the wedding were Mrs. Ellen W. Cooke, Robert N. Cooke, Mrs. Jesse Howell, Mrs. John Phillips, Mrs. G. Lester Wigglesworth and Dunald Wiggleswurth of Naugatuck, Conn.; Miss Joyce Foster of Seymour, Conn.; Mr. and Mrs. David Hoadley of Dearborn; Dr. A. L. Swinton of Marquette; Prof. and Mrs. R. S. Swinton, Prof. and Mrs. Rubert Craig, Mr. and Mrs. Elton Magnuson of Ann Arbor; Ralph W. Craig of Painesville, Ohio; Mrs. Vincent Madison and daughter, Nancy of Birmingham; Rev. and Mrs. G. R. Parker of Northport.

Baby Book Party Honors Mrs. Edwards

A baby book party hunoring Mrs. Richard Edwards was given Monday evening by Mrs. Don Meggison and Mrs. Gordon Moeller at the latter's home.

A large box in the form of a baby book held the many gifts the guest of honor received. Several games were played with Mrs. Laverne Heise, Mrs. Clare McGhan, Mrs. Clarence Goldstick and Mrs. George Smith winning the prizes. At the close of the evening refreshments were served by the hostesses.

Others present were Mrs. Lavern McGhan, Mrs. C. B. Meggison, Mrs. Tom Coxe, Mrs. Robert Wexstaff, Mrs. Robert Livingston, Mrs. Gaylurd Howell, Mrs. Arthur Edwards, Mrs. Joe Arville, Mrs. Harry Stewart, Mrs. Joe Williams, Mrs. Angus Fochtman, Mrs. Glenn Ingalls, Mrs. Robert Fochtman, Mrs. Larry Ecklund and Mrs. Fay Davis.

Loads in Horses

Iowa farmers had 569,000 horses and colts last year on their farms, the largest number of such animals of any state. Utah and Nevada had the lowest number, about 1,000 each. These did not include the wild horses on range

Relatives, Friends Help Mr., Mrs. E. Lewis Celebrate Golden Wedding Anniversary

More than seventy-five relatives, friends and neighbors gathered at the home of Mr. and Mrs. Eugene Lewis Thursday afternoon and evening in honor of the couple's fiftieth wedding anniversary.

The refreshment table was centered with a large tiered cake made by their daughter, Mrs. Glenn Ingalls and decorated by Jack Stokan. An arrangement of gold bells hung over the table. Their daughter-in-law, Mrs. Lola Lewis and Mrs. Ola Kibbe presided at the table during the afternoon and their grand-daughters, Maxine and Lorna, took their places during the evening.

The couple received many gifts, flowers, cards and other remembrances of the occasion. During the evening the Saturday Nighters quartet gave an impromptu concert.

MICHIGAN Motoring

Did you know that of all persons in an automobile, the one sitting at the right of the driver is most likely to be hurt in case of an accident? That should be food for serious thought for every person who drives! Every driver should be doubly careful . . . knowing that his wife, his son, or daughter, his mother might be killed simply because of driving carelessness. Carelessness in one recent month alone resulted in 119 deaths in Michigan traffic accidents. That figure set a new high for 1948 . . . and should begin a new campaign for Safety — a personal campaign on your part — a campaign that reaches out to your family, your neighbors, your friends.

During that same month there were 10,920 reported accidents, bringing serious injury to 3,643 persons — in addition to the 119 deaths. Some of these people will be crippled for life. Would you bring that fate upon a member of your family? Begin today, right now, this very minute, to practise the rules of good driving. Use common sense in driving — caution, alertness — obey every traffic signal. Remember, the life you save may be your wife's, your son's, your daughter's—or it might be your own.

Beaver Islanders Want Return Game

Beaver Island ball players are wondering if Charlevoix's Knight Owls are avoiding a return match.

Last summer the Charlevoix team went over there and received a defeat in which St. James hospitality was supposed to have played a decided part.

The Islanders Sunday wanted to come over here for a return engagement but too many of the Owls were out of town. Monday the Islanders were making derogatory remarks up and down Bridge street about the mainland gang being afraid of a match.

The Style Beauty Shop will be closed every Monday and Tuesday until further notice.

Chest Budget of $3350 Will Be Raised This Fall

(Continued from page 1)

planning to add three more troops to their present seven. The officers want to send two leaders to training school, inasmuch as there is no trained and paid executive in this area. In view of the 141 girls in Scouting last year and the two camps conducted last summer, the Committee approved the $550 without question.

Three factors caused the Chest committee to approve the increase in the Hospital item. The Hospital is the only one in the county and serves a large part of it. The summer residents last summer gladly supported the institution financially now that community is helping carry the load. And thirdly, all costs are going up and the Hospital is hit hard by these advances.

Last year the school district and the Chest between them supported the work of the health nurse. This year the District Health Office has devised a plan for redistributing the cost. Mrs. Dean Davenport will continue to serve the Charlevoix School District exclusively, but only $500 is needed from the Chest.

The date for the campaign will be announced soon. Due to the fact the State Health and Welfare Fund organization has not yet set quotas for the national charities, such as polio, cancer and heart, these funds canot be included in the October Chest Drive.

For this year only, the Chest will have to stage a separate campaign later on for these charities but after this year, both will be combined in a single request.

Last year $500 was raised as an emergency fund. Most of this sum still is on hand. When the money was raised, the Chest directors stated that the emergency fund would be carried from year to year and more money asked only when it was needed.

In keeping with this, no additional money either for the few campaign costs or the emergency fund are being sought this fall.

• Mr. and Mrs. P. R. Ross spent the week end with their son-in-law and daughter, Mr. and Mrs. Perin Johnston at Sanford.

(Continued from page one)

Service almost three years, he has also spent some time in China and Australia. Rickerd is a mechanic in the air corps and following his 47 days of leave he will go back to Selfridge Field. He will be through next May . . .

Don Campbell, E. B. Bowman and Archie Livingston had themselves a real boat ride last week. They went over to Sheboygan, Wis., in Don's boat and met up with rugged weather. What was planned as a week-end trip resolved itself into several days. The men finally got back to Ludington and then the weather held them up, but now that it is all over, it was really quite a trip to look back on . . . Who can remember when Edith Mason was the outstanding singer in Charlevoix? . . .

The football season has really begun. Keep up the good work boys! . . . I will never gaze upon the Empire State building without thinking of stacks of dirty dishes. Read an article last week which stated that in the course of an average housewife's career that she washed enough dishes to make 72 stacks, each of which would be as tall of the Empire State building, or 340 tons of dishes. I wonder if a minister should inject an additional phrase of "Do you promise to love, honor, obey and wash 72 stacks of dishes as tall as the Empire State building" in his marriage ceremony, if some brides would be so glib as saying, "I will." Sister, that's an order!

. . . It took mom's presence to make the Craig-Wigglesworth wedding a perfect one Saturday night. Friday Mrs. Ione Craig arrived home from Ann Arbor where she has been for a number of weeks following major surgery and was able to attend the wedding and reception. Her presence brought tears of happiness to all the friends and relatives as she walked down the aisle supported by her nephew, Don Swinton . . .

Mr. and Mrs. Charles Powell and daughter went vacationing last week up to Sault Ste. Marie and on into Canada. Going in their automobile, which is also a Charlevoix taxi, the Powells' really found it hard getting into Canada. "How were the officials to know that they would not use the car commercially if they let them into Canada?" they were asked. Well, the Powells must have had honest faces for they finally convinced the officials that the trip was for pleasure only. They enjoyed themselves so much that upon their return the Robert Millers and Mrs. Lillian Hull were sold on the idea of taking the same trip and away they went last week-end . . . Walked into one of our local stores Monday only to find the folks in there busy, getting their new stock on the shelves in readiness for that early Chirstmas shopper. And plenty of folks are doing just that very thing, too, when stock is fresh and one has time to shop leisurely.

Margaret Harwood found herself in the hospital the other day, as well as Mrs. John Martin, who suffered a heart attack. We are glad to report that both women are progressing nicely . . . Saw some bright maple leaves the other day; a sure sign of what is to come within the next few weeks. Charlevoix folks who live away from here voice their disappointment by saying: "This is the time of year when we are sorriest that we do not live there anymore." It will soon be "Colortoura" time and where can one find a lovlier spot?

Jim Gibbons, who is attending U. of D. at Detroit really has got himself a job. He is working at Mary Grove School for Girls (and what gals) where he gets his board and room and laundry done. Jim can truly be the envy of his classmates . . . Announcements have been received from friends of the Dr. George Buttrick family of New York City of the marriage of Shirley Miller to John Arthur Buttrick on Thursday the 12th of August. John Buttrick spent his summers with his parents at Sequanota and is well known here. The couple will be at home after the first of October at New Haven, Conn. . . . The Bill Woods are in the throes of having a new modern kitchen and when completed, it is going to be a mighty attractive room in the Church of God parsonage . . .

Mrs. Frank Harris is expecting Mr. and Mrs. James Morrow and son, Jimmie, Jr., and Celeste Buechc of South Bend, Ind., Friday for a week's stay at a cottage on the Isle of Pines. The party are looking forward to a week of fishing as steelheads are biting. Mrs. Harris' expects to return to South Bend with them on their return . . . Mrs. Lola Lewis will take Helen Rose Cline's position in the office of Superintendent Bennett when Miss Cline leaves her post October 15 to go to Texas . . .

Mrs. Dave Griswold and children, Sandra and "Jug" who have been visiting Mr. and Mrs. Bill Meyer at their cottage on Pine Point left for a week's visit in Grand Rapids with his parents, Mr. and Mrs. Ralph Griswold. When she drives to her Palm Beach home she will be accompanied by her parents on the trip . . . The Keith Hollys of Detroit drove up this week end and brought some of their Detroit friends wit hthem.

Ada Golden returned Saturday from a week's vacation trip to Detroit and Wyandotte. She took her young son, Bill, with her, his first trip to the big city and to make it a real thrill the couple saw the Tigers play ball . . . We understand that some of the Past Matrons of the Eastern Star had to do a real squeeze play the other night. The Past Matrons were guests of the evening at a dinner at the hall and were told to wear a gown they wore during their year. Several got into their installation dresses and some didn't . . . Anyway they had a wonderful time, and, as one of the Past Matrons said, "We didn't have to do the dishes."

John Eccleston is home from Texas on furlough and was looking pretty fine as he walked down Bridge Street and was saying "Hello" to his former buddies . . . Philo Shanahan was a mighty happy mother the other night when the telephone rang and it was Bob from Ann Arbor who told her that he had made the Michigan Band.

Record Delegation Attends GOP Meeting, Backs Own Candidates; Denounces HCL

With the largest attendance of any recent party convention, the Republicans of Charlevoix County gathered at the court house Monday night.

There they elected eight persons to attend the state convention in Detroit Friday and Saturday, and adopted resolutions applauding the Republican party and its nominees, deploring the Democratic bureaucratic record and the high cost of living.

Art Rouse, the new county chairman, presided. George Haggard is the county vice-chairman; Guy Conkle, the secretary. Delegates were present from Boyne Valley, Charlevoix, Eveline, Chandler, Hayes, Marion, Norwood, St. James and the three cities.

The resolutions, suggested by the delegates themselves and presented by Floyd Supp, endorsed Dewey, Warren, Sigler, Keyes, Ferguson, Potter and Andrews, and urged our national legislators to get rid of the top-heavy national bureaucracy, as well as achieving a program to lower the cost of living.

Barney Milstein, retiring county chairman, asked the cooperation of all for the new officers. Delegates elected to go to Detroit were Art Rouse and Roy Scott of Boyne City, George Haggard of Charlevoix, John Porter of East Jordan. Alternates are James Gallagher of St. James, Mrs. Maude Kightlinger and Mrs. Sam Tokoly of Boyne City, Leo Berg of Hayes.

The formal dinner to be given Gov. Kim Sigler at Boyne City Oct. 6 was announced.

From where I sit ... by Joe Marsh

Nicest Compliment I've Had

One of the nicest comments I've received about this column was from an editor in the Middle West I called on. And while I don't like to give myself orchids, I think it illustrates a point.

"Joe," he said, "it so happens I don't agree with everything you say, but I always like to run your column. Because it gets down to earth and talks about *the right to disagree*. And it only asks for *tolerance* towards the other person's point of view."

He went on to explain, by way of illustration, that he never had happened to have a taste for ale or beer. But that when I spoke of the *right* to enjoy a moderate beverage like beer, well, he was right there with me!

And from where I sit, that's the important thing: not whether you share another person's tastes or point of view—but whether you recognize his right to exercise a free choice in a free land.

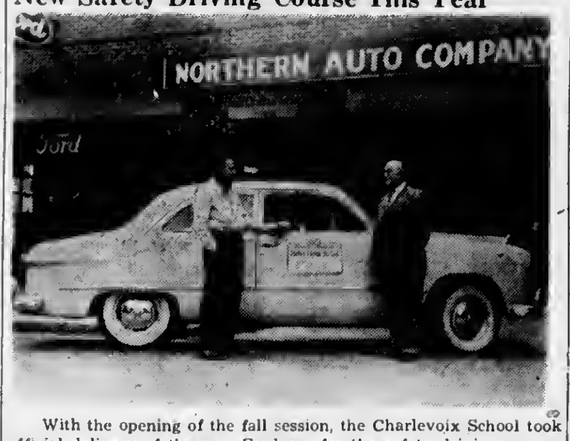
School Takes Formal Delivery of New Car for New Safety Driving Course This Year



With the opening of the fall session, the Charlevoix School took official delivery of the new Ford car for the safety driving course. Karl Erber of the Northern Auto Co. handed the keys over to Supt. Roy Bennett as Max Novak, teacher of the course, looks on from the new machine, which was given to the school by the Northern Auto Co.

Roads, Ferry Schedules, Phone Books Are Most Sought Items At Information Office

Road directions to Detroit and the ferry schedules for Ludington, Frankfort and the Straits are the two things most folks ask for at the Board of Commerce building during the summer.

So. says Mrs. Marilyn Swanson, who has been meeting the public there all summer.

A big majority of those who come to the little square building on Bridge street are pretty decent folk, she says. They come with a definite question they want answered and in almost all cases they find out what they want and go away smiling.

Of course, there are a few of the other kind. She recalls especially the man a year ago who got directions to a cabin on North Point, wound up at the south end of town and then cursed her fluently over the phone because he wasn't where he wanted to be.

Then there was the woman this year who insisted on stepping ahead of three other parties waiting for information and when asked to await her turn, yelled her wrath for all that block to hear.

But those kind are not common, Marilyn insists.

The most difficult questions to handle are from those folks who want her to recommend a certain place to eat or stay. Because the Board is supported by all the community, the office cannot recommend any certain one of the 32 eating places in town, or any of the 100 or more homes, cabins or hotels.

"I tell them to ask some citizen on the street if they insist on a recommendation. Or I'll answer questions about any certain place, what it charges and if it specializes. By the end of the summer I think I've heard every sort of trick question along that line!"

Many tourists come in to ask what the vicinity offers in places to see. Marilyn says that the most popular spots seem to be the South Point drive, Michigan avenue homes and Beaver Island.

"Lots of folks wanted to visit the Island this summer. It seemed to me there was more interest than there has been."

Other spots she recommends right along are the Ironton Ferry, the drive around the Lake, the Charlevoix beaches and parks, the Council Trees.

One question always strikes her as funny. On the average of once a week at least some one will come asking what town this is. "And right there next door is that big sign that says 'Charlevoix the Beautiful'."

One of the toughest times she had this summer was the afternoon two Japanese women came in. Their English grammar was built along Nipponese lines, and after both had tried to ask a question they would have a spell of giggles. Marilyn finally learned that they worked here, were anxious to go back to Chicago, but first they wanted to make a one day trip to Mackinac Island.

Along that line she had one definite suggestion to make. Most of the folks employed in the summer homes here have Thursdays off. After a couple or three weeks, they would like some extra recreation. She said one day trips to Mackinac, the Soo, St. James or other interesting spots would be greatly appreciated, and should be worth putting on.

Yes, she says, numbers of Charlevoix folks come to the office. The three things which attracted most of them were the Detroit phone book for numbers and addresses, the ferry, plane and train schedules, and the new Trav-O-Guide. She said the little bi-weekly handbook of Northwestern Michigan was the most popular publication they ever had had at the office.

Drenth Elected Club President

Ellsworth—the Ellsworth Farm Bureau club has elected the following officers.

Chairman, Gerrit G. Drenth; vice chairman, Wren L. Chellis; secretary and publicity chairman, Mrs. Walter L. Chellis; discussion leader, James Heeres; member of county board of directors, Duncan Crawford; member of county women's committee, Mrs. Charles D. Edson; hospital service chairman, John R. Weiland; and song leader, Mrs. John R. Wieland.

Ironton Church Gets New Sign

A new sign invites both transients and residents to attend church services at Ironton.

Measuring 4 by 6 feet and framed with cedar, the sign has been put east of the church on Route 66. It says:

Services ..... 10 a. m.
Sunday School ..... 11 a. m.

Let Your Attendance at Church Be a Testimony of Your Belief in God.

Cleggs Will Not Open Hotel Next Summer

Mr. and Mrs. Frank Clegg, who came here from Toledo and operated the Hillcrest Hotel this summer, have gone to Grand Rapids.

Despite a successful and busy summer, they have decided not to reopen next year and have turned the property back to Mr. and Mrs. Harry Turner.

CARD OF THANKS

I want to thank all the friends who called, or sent cards, flowers or fruit, and especially the VFW for their gift, during my illness at the hospital.

IT HAPPENED ON . . . .

BEAVER ISLAND

By Mrs. J. C. Henley

When the Mary Margaret docked Tuesday afternoon, Beaver Islanders welcomed Father Giles Berthiaume, O. F. M. Conv. Father Giles, who has been appointed to succeed Father Fabian Keenan as pastor of Holy Cross church came to the Island from St. Peters church, Louisville, Ky., the same parish to which Father Fabian has been appointed.

Dr. and Mrs. Russell Palmer left Tuesday for a trip to Canada to visit relatives.

Robert Dennis Cull made his appearance at the home of his parents, Mr. and Mrs. Ray Cull, Sept. 15. Mother and son are fine.

In the absence of Dr. Palmer, a visitor, Miss Nellie Kaster, superintendent of Marshall Hospital, Marshall, Mich., took charge of bringing Robert Dennis into the world. Bid Sandenburg ably assisted Miss Kaster.

Thursday morning when Father Fabian departed on the 7 o'clock boat, the dock was filled with friends who came to bid him goodbye.

Mr. and Mrs. Peter Gallagher left on Thursday's boat to return to Charlevoix. Mr. and Mrs. Gallagher have spent the summer at their Island home.

Mr. and Mrs. Willis Cross have rented the Peter Gallagher home for the next three months. Mr. Cross is employed on the North Shore.

Wednesday, Gus Mielke's mill finished sawing this year's cutting for the Hanley-Allen lumber project. The lumber is being shipped to the Despers Dowel Co. of Grand Rapids.

When Daniel Morris Boyle arrived at the airport to return to his home in Chicago after a visit with his grandparents, Mr. and Mrs. Dan Boyle, his pet horse, Bob, given to him by his grandfather, trotted onto the airport and stood near the plane. Old Bob and Daniel had become great pals during the summer when they helped with the mowing at grandfather's farm. It may have been just a coincidence, but it looked pretty much like the horse came to tell Daniel goodbye.

Mr. and Mrs. Ted Groskopt spent their vacation at the O'Brien's home. Mr. Groskopt is lighthouse keeper at Windpoint, Wis.

Ed McQuaid, Charlevoix furnace man, has been on the Island for the past month repairing furnaces and installing new ones. Archie LaFreniere, Jr., Jewell Gillespie, Dr. Palmer and Johnny Andy Gallagher are getting new furnaces.

The juniors of St. James high eager to start the school year off wiht something special, gave their initial party Friday evening. The party was called "Dancing On the Green." In the light of the big, full moon, the evening was spent square dancing on the lawn in front of the Dominican Nun's home. All high school students and their friends were invited. Refreshments were served.

After the White Swan left Saturday loaded with Wojan's lumber, one lone pile of stickered lumber remained near the mill. For the past year the hill on which Wojan's mill is located resembled a fortress so high and numerous were the piles.

After all votes were counted Tuesday, it was discovered there was only one Republican in all of Peaine township. The question is, who is the lone wolf?

September is bringing us beautiful weather. Over the week end it was warm enough to take a swim in the big lake.

With beef at such a premium, this incident is tragic:

Sunday, seven cattle were discovered dead, one in Egg Lake and six in Greene Lake. The cattle, in an effort to reach water sunk in the deep mire surounding the lakes. Unable to free themselves, all perished.

The State dentist, Dr. Earl Faber, flew to the Island during the week to make arrangements to return Sept. 27. Dental care will be given to pre-school and will be given to grade children. Dr. Faber and his assistant plan to stay four weeks on the Island. They will set up shop in the Parish Hall kitchen.

Back from Hospital

Erwin Belfy of the Conservation Department is back from the hospital at Petoskey. He went over Sept. 13 and returned Sunday.

56 Pupils Get Prizes for Part In Ragweed Drive

(Continued from page one)

sacks were weighed and the weed piled.

Thursday night the high school staged a big pep meeting for the opening game Friday against Mancelona and the oil-soaked ragweed supplied the big central bonfire. The pep session was planned and directed by the students themselves, with the band making music. Short talks were given by Junior Potter, Warren Shadko, Dean Davenport, Rev. W. D. Wood, L. E. Towe and Dr. Earl Faber led yells.

Friday between halves at the football game S. E. Coleman, secretary of the Board of Commerce, handed out the $100 in prizes to the pupils who brought in the most pounds of ragweed.

The winners were: Louis Mason, $15; Jim Doyle, $10; Bill Anderson, $10; Jack Schantz, $5; Herb Kane, $5; Bob McDermott $5. The 50 prizes of $1 each went to:

Stanley Whitley, Ruth Hittenberger, Frank Lagerman, Leonard Rayman, Dick Niswander, Charles Rose, Ronald Geer, Ken Allison, Ed Emmons, Phil Martin, Paul Johnson, Bill Stevens, Carolyn Orvis, Bob Olstrum, Charles Cross, Jim Niswander, Nora Elzinga.

Mrs. Edith Harris Honored At Shower

A miscellaneous shower was held Tuesday evening at the home of Mrs. Glenn Ingalls for Mrs. Edith Harris who will marry Celeste Beuche of South Bend, Ind., in November. Mrs. C. Y. Marshall and Mrs. John Rathburn were cohostesses.

Games were played during the evening, prizes being awarded Mrs. E. J. Smith, Mrs. Getch Campfield, Mrs. W. H. Wallace and Mrs. Laverne Heise. Sixteen guests were present.

Rayders Take Opener 26-6 From Mancelona

Running up its usual championship score but still lacking smoothness, the Charlevoix football squad Friday won easily from the light Mancelona team, 26-6.

The game was marked by double the normal number of times out, many injuries and some flashy plays. The Rayders played their habitual clean game but with a 20 pound advantage, they simply mowed down the Iron Makers.

The game showed that Coach Ray Kipke needs one or two new gears, or some big improvements, to have a smooth running machine. But for a first game, the team did well.

On the line Shadko, Loper and Gibbons did brilliantly on defense, breaking through regularly for behind the line tackles. Ross Case looks like a good pass receiver; Bill Barber did a good job calling the signals.

Dick Jolliffe and Martin in the backfield were the big ground gainers. Four newcomers on the first string who will bear watching are Cunningham and Hardy in the backfield, Fairbanks and Boss on the line.

Mancelona kicked off. Martin and Jolliffe made gains. Charlevoix lost the ball on a fumble and regained it on downs. Martin hit the line for 8, Cunningham circled end and Jolliffe took it to the 15. With the goal in sight, Mancelona got the ball on a fumble.

Failing to gain, they punted. Cunningham made 9, Jolliffe 19, Martin 3 and 22, Barbor 9. A 5 yard penalty came for takIng too long. Potter made the 5 back, Jolliffe went to the 2 and Barber crossed the line standing up for the season's first score. Jolliffe carried for the extra point.

Charlevoix kicked, Gibbons and Jolliffe stopped two plays behind the line of scrimmage and then Long passed 30 years to Sherwood as the quarter ended.

Getting the ball on downs, Charlevoix started another march only to lose distance on a fumble and be forced to punt. Shadko and Loper stopped Mancelona plays and they punted. Martin passed 55 yards to Case for the biggest gain of the day and a touchdown. The try for point failed.

The second half started with Mancelona kicking. Barber recovered the fumhled pass. Martin and Jolliffe made first downs, and Charlevoix received a 15 yard penalty for pushing. Cunningham punted. After losing ground through tackles by Jolliffe, Gibbons and Cunningham, Mancelona passed. Case intercepted and ran 47 yards to the 2 yard line. Jolliffe went through line like an express train only to have the play called off and a 5 yard penalty imposed for a man in motion. Jolliffe promptly made all 7 yards on the next play. Cunningham's kick failed.

Fairbanks kicked off, Loper and Gibbons hroke through for tackles, Case missed intercepting another pass and Gibbons recovered a fumble on the three yard line. Martin scored around end and Jolliffe went across for the extra point, making the score 26 to 0.

Shadko kicked off. On the third play the Mancelona center started to pass the ball, then balked. Shadko tackled the center, on the ground the play legally had started. The officials ruled against him and penalized Charlevoix 5 yards.

In the fourth quarter Coach Kipke started sending in substitutes. Mancelona players, taken out, earlier, were sent back in and Mancelona started to work the ball down the field. After three first downs, the lone score was made on a pass. Hamlin stopped the attempt for extra point.

Mancelona kicked to Case, Don Hardy made 15 yards, Mancelona recovered a fumble. Four Charlevoix players smothered the passer for a 13 yard loss. Jolliffe had his nose broken on the next play making the tackle. Hardy knocked down a pass and the ball went to Charlevoix.

Mancelona intercepted a Charlevoix pass and the game ended with Mancelona trying to connect by air.

Boyne Church To Hold Concerts

First in a series of fall and winter concerts will be held at the First Methodist church at Boyne City Sunday at 8 p. m.

Frances Hunter Carlson of Rockford, soprano, will be soloist. Accompanying her at the organ will be Ross W. Stoakes, Jr., of Petoskey.

Legion Auxiliaries Will Have Joint Installation

Plans for the joint installation of American Legion Auxiliary officers to be held at East Jordan on Monday were discussed at the regular meeting of the Charlevoix organization at the Legion Hall on Monday evening.

Mrs. Rose Humphrey, a district officer, will be the installing officer when the new newly-elected officers from East Jordan, Ellsworth and Charlevoix take over.

Christmas gifts the local group had purchased for the Veterans gift shop at Percy Jones Hospital, Battle Creek, were packed at the meeting.

Following the business session, Mrs. John Johnson and Mrs. Charles Cellner served refreshments.

Garden Club Discusses Program for Year

Eighteen members of the Garden Club met Tuesday afternoon o nthe spacious lawn of Mrs. Fred Willis on Dixon Ave., and enjoyed a cooperative luncheon.

Following the meal the women adjourned to the house where Mrs. Albert Edwards, incoming president of the Club, read the program for the coming year. A diseussion followed regarding beautifying the boulevard on State street next spring.

The next meeting will be held at the home of Mrs. Trina Nelson.

• Floyd Harwood, student at Michigan State College, East Lansing, came Frlday to spend several days with his mother, Mrs. Margaret Harwood. His wife and her sister, Miss Beatrice Berentsen returned to Lansing Sunday after the week end here.

• Mr. and Mrs. Harold Hunt and young daughter, Coral left Saturday for their home in Marshalltown, Iowa. Mrs. Hunt and daughter have been here for the past six weeks at the home of her parents, Mr. and Mrs. Albert Holmes. Mrs. Holmes has been recovering from an automobile accident and Thursday had the cast removed from her leg. Mr. Hunt spent last week with them.

News of folks, your neighbors and mine . . . but did you know that--

It hardly seems any time at all since friend husband was being beseiged to hurry up and get the screens up and get rid of those pesky storm windows. It won't be tao many weeks before we will be washing those windows and hoping they are in place again, before . . . October is here and whu doesn't enjoy this time of the year—perch are biting, school is under way, it's a friendly month with folks gathering about the fireplaces indoors, or having a lark at their outdoor grill, (sort of a last fling before old Man Winter announces his arrival). Besides who can resist Old Mother Nature when she goes on such a spree, throwing color about at random. A ride in our north country proves that it is truly "color-toura" time and what colors the north does have!!

"Teachers' In-sty-toot" time comes Thursday and Friday and that means school will be out for those two days. The teachers will hie themselves off to Petoskey for the meetings and a few kids may get their last swim of the season, if this glorous weather continues . . . Was stopped on the street this week and asked if we had read Norman Mailer's book, which is a best-seller, "The Naked and The Dead." Was told that Charlevoix was mentioned three or four times in the book. A story of men in combat, the writer speaks of our town in a nostalgic mood, comparing tho heat of the islands with the cooling breezes off Lake Charlevoix, and of the beautiful drives.

Word has been received from Hsrper Hospital that Mrs. Opal Allard underwent major surgery last week, having her right hand amputated at the wrist. Her friends are hoping that it won't be too long before she will be able to return home. Mr. Allard and their daughter, Mrs. Audrey Herrington, accompanied Mrs. Allsrd, who was there a week prior to the operation for observation . . . Blest if we haven't some spirea on our desk, in full bloom. The bushes up at the Ralph Hamilton home decided it must be spring agsin with such weather and bloomed for the second time this year.

Mr. and Mrs. Glenn Krohn spent the week end in Detroit on business . . . Golly, sure wish that someone in town who is a wonderful seamstress would start some sewing classes for women who wish they had learned to sew. With clothes so expensive and materials by the yard available again, surely some gal could set herself up a good teaching business . . .

A little poem in the Christian Science Monitor brought to mind what one of the persons working at the Kiwanis White Elephant sale voiced: At a rummage sale, I often quail, I'm watchful every minute, lest I would chance to make a sale, with my own hat wrapped in it." . . .Congratulations to the Kiwanians on their sale. They had hoped to make $300 and according to latest report they made $302.00. The club is truly grateful to everyone who gave so gencrously of their wares and also thankful for the many persons who came and bought.

It was from Will Hampton, down in Ann Arbor that a news item that will be of interest to the old-timers, comes to us. It concerns the former Winifred Bartholomew, daughter of Mr. and Mrs. L. D. Bartholomew, who were pioneer residents of Charlevoix where Mr. Bartholomew was in the hardware business. Winifred was mnrried originally to Edward Carr of Owosso. Later he retired and the Carrs went to Los Angeles where Mr. Carr died two ycars ago. Now the widow has remarried and is now Mrs. Robert A. Copple.—They will continue to live in Los Angeles. Mr. Hampton then adds: "Winifred was a very attractive girl when I lived there and her family was one of the leading in every way. Her mother, who died only recently, was over 90 and active and as bright mentally to the end as she was when I knew them" . . . The Hamptons are also former Charlevoix folks who cannot resist the call of the north when it is so colorful and expects to arrive sometime in October . . .

Rose Howard just knows that she is going to have to step out and buy herself a new look dress for there is going to be a wedding in the family. It's her nephew, Jim Pearce, well-known in Charlevoix, of Sault Ste. Marie. Now a dentist, Jim is taking unto himself a bride early in October . . . Little Bruce Allan Livingston who was born Sept. 19, has already arrived home from the hospital and has gone visiting nlrendy to grandma's and grandpa's house . . . Mr. and Mrs. Robert Dickie have returned bome from Grand Rapids where they were with their dau-

Miller Ships Wood Parts By Air Special

Miller Boat Co. made its first shipment of wooden parts by eir last week.

Two men from a firm in Illinois flew up for a conference with Harold Miller and to look over the plant. While here they noticed three bags of parts reedy for their company. So they loaded the begs in their plane and took them back by air.

Daily shipments are ordinarily made to this perticular customer by express.

Rev. Claypoole Resigns As Pastor of Baptist Church

After three and a half years as pastor of the Baptist church here, Rev. Ansley B. Claypoole has resigned.

He will leave Oct. 31. The church Board has not yet met to consider what it will do about engaging his successor. The annual business meeting of tho church will be in the church parlars Monday at 8 p. m.

The Claypooles will move to their home at 229 River Blvd., Ypsilanti. There Rev. Claypoole plans to continue to serve in interim pastorates and ns pulpit supply.

Rcv. and Mrs. Claypoole returned last week from Fowlerville where they had been called by the death of a former parishtoner and at whose funeral he officiated. While there they sttended the Philomathean Club, of which Mrs. Claypoole had been a member, and renewed old acquaintances.

Mary Margaret May Be Sold

That the Mary Margsret soon will cesse serving Beaver Island is a close and distinct possibility.

The Arnold Transit Co., of Mackinac want to buy her. Prentiss Brown and other top men in the Arnold line have been here, inspected the boat,and will want a yes or no answer from LeRoy Allers by Friday.

The boat, according to Allers, is booked solid for the deer season, as is the North Shore. The Arnold line is insisting on immediate delivery and the deer hunters would have to find other transportation if possible.

Shaw Barn, Contents Are Complete Loss

Fire completely destroyed the 80 year old barn on the John Shaw farm on old M-66 four miles out of town Wednesday morning.

Mr. Shaw discovered the fire at 6:30. By the time the Charlevoix fire truck arrived, the whole building was ablaze and the department concentrated on saving the nearby tool shed. Cause of the blaze was belicved to be damp baled hay.

Lost were 750 bushels of oats, some corn, loose hay, a combine, trailer and other items. There was some insurance.

Stove Explodes, Lester Prough Dies of Burns

Lester Prough, 60, died at the Chsrlevoix Hospital late Monday afternoon from severe burns received in a fuel oil explosion in his home in Eveline township earlier in the day.

The accident occurred when he was starting a fire with fuel oil about 7:15 Monday morning. The fire which followed completely destroyed a tenant house on the Boyer farm one mile south of Ironton on M-66.

His wife, Della, was treated for arm and facial burns incurred when she tried to extinguish the flames which had enveloped her husband when his clothing was saturated with the fuel oil. Their daughter, Ida, 15, escaped in her night clothes.

The house, their clothing and belongings were a total loss. The Charlevoix and East Jordan fire departments answered the call but were unable to bring the fire under control and so devoted their efforts to saving near-by buildings.

Mr. Prough was born in Altoona, Pa., on March 7, 1888, and resided there until coming to Charlevoix county in 1930. Since then he has farmed and been caretaker st various farms in the Charlevoix district.

He is survived by his wife, Della; and six daughters, Mrs. Ada Williams of Ironton; Mrs. Msrtha Keller, Mrs. Genevieve Chapin and Mrs. Josephine Southmead of Detroit; Mrs. Dorothy Orvis of Flint; Ids, at home and 11 grandchildren.

Funeral services was held at at the See Funeral Home at 2 p. m. Wednesday with Rev. W. D. Wood officiating. Burial was in the Brookside cemetery.

Because of the violence of the explosion and because Mr. Prough had reported to Glen Williams that his stove was acting oddly, the State Police are checking on the possibility that gasoline might accidently have got mixed in with the fuel oil.

Boyne Sportsmen Invite Trapshooters

Charlevoix trapshooters have been invited by the Boyne City Sportsmen's Club to come over Sunday for an afternoon of shooting.

Businessmen there have put up $25 worth of prizes. The shoot will be at the Sportsman's Park across from the old ball park. It is a non-profit affair, entry fees being only enough to replace the prizes for a later match.

Besides the clay pigeons, there will be pistol shooting. East Jordan also has been invited to send a delegation.

Plan Booster Night

The Barnard Grange will combine the regular meeting and Booster Night this Friday evening. There will be a potluck lunch and a special program.

New Steel Lighthouse Is Replacing Famous Old Fog Horn Structure

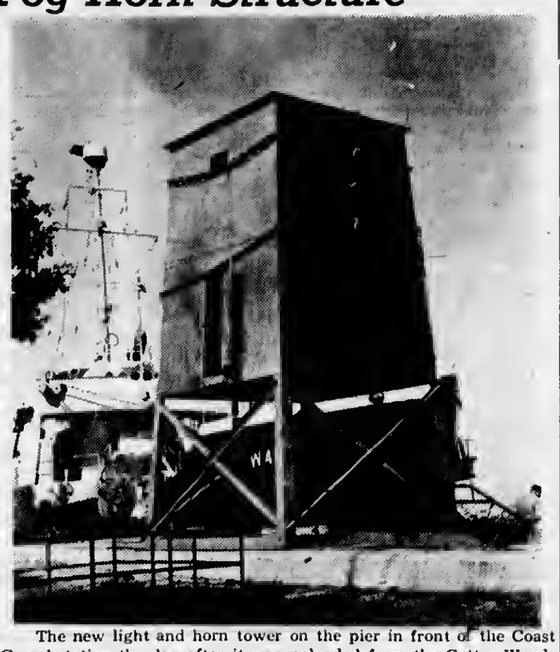
The familiar old red wooden lighthouse on the south pier, which has guarded the entrance to the harbor since 1885, will be dismantled to make way for a modern steel structure.

Located near the end of the concrete and steel pier about 500 feet out from the mouth of Pine River, the old lighthouse was formerly located on tlfe north pier. in 1914 it was moved to its present location when a 61-foot pyramidal skeleton tower with a blinker light was bullt on the north side.

The old tower, 41 feet above low water, is equipped with a red light which can be seen for 13 miles, a diaphone or foghorn which sounds for two seconds and is silent for 18 seconds and a fog bell for emergencies. The modern foghorn famtliarly known as "Ferdinand, was installed in 1937. Prior to that time a bell was always used.

The old lighthouse, which is literally a part of Charlevoix's history, has marked the entrance to Pine River and the harbor proper, Round Lake, since the days of the sailing vessels when northern Michigan was a logging area and hundreds of sailing craft were towed into the harbor by small tugs to take on cargoes of lumber, tan-bark and logs. It has seen the change from sailing vessels to steam and other modern means of navigation. It has been a beacon in many storms and guided vessels to the safety of Charlevoix's land-locked harbor. It has been a trysting place for lovers and probably one of the most photographed spots in this area. Even though the new steel structure will hold the same facilities to navigation, the old lighthouse will hold many nostalgic memories for Chsrlevoix residents and many visitors.

The new lighthouse, which was built in Milwaukee snd brought here, will be approximately the same size as the old structure. It is being erected under the supervision of th district U. S. Coast Guard Engineers wit hthe assistance of the C. G. Cutter Woodbine of Grand Haven.



The new light and horn tower on the pier in front of the Coast Guard station the day after it was unloaded from the Cutter Woodbine. The Sundew is moored just beyond it.

Council Approves Gun Club Lease; License Is Asked

The Rod and Gun Club Monday night was grsnted a lesse on some 20 acres of city property for its proposed club house and a skeet grounds.

The land is south of the old red water tower and east of the municipal golf course on the former Chicago club property. The site selected by the Club for the new 40 by 00 club house is on the knoll near the north and south road.

The city lease is for 15 years and is renewable. It calls for $1 a year rental. Don Swinton, who represented the Club before the Council, reported that the contract for starting the basement has been let.

William Beukema, who operate the WaySide, asked the Council for approval of a liquor license for the establishment. Mayor Ray Hamilton pointed out that application should be made first to the State Liquor Control Commission. The Councilmen said that meanwhile they would sound out public opinion here on the questian.

The Margaret Parker Circle will have a rummage sale at the Board of Commerce building Oct. 8 and 9. Those having goods to contribute can have them picked up by calling 5 or 447.

Rayders Go to Boyne City For Next Game

By John Knight

The twice victorious Charlevoix Rayders will be going to Boyne City Friday afternoon.

The Boyne team is light, fast and hard hitting according to sll reports, and hss been geeting set for the red squad as the team it wants and expects to beat.

Stymied by a stubborn Grayling defense plus a playing field that was more like a sand pile than a gridiron, the Rayders Friday broke loose in the second half to roll over the Green Wave for a 19-0 victory.

Two sustained drives and a brilliant 25 yard run back of an intercepted pass by Ross Case highlighted the second half. Charlevoix looked weak in only one department—pass defense. On four occasions the Grayling receiver was in the clear but they had no passer who could get the ball out there.

Martin and Jolliffe stood out in the backfield while Barber and Cunningham showed definite promise. In the line Shadko was the big gun ably supported by Gibbons, Loper snd Potter.

Fairbsnks kicked off for Charlevoix to the Grayling 30 yard line. A sleeper pass failed and after two running plays were stopped. Trudo punted to the Charlevoix 40 yard line. A aeries of running playa took the ball to the Grayling 30 where Martin fumbled. Grayling failed to gain and Trudo punted to the Chsrlevoix 35 yard line.

A pass, Bsrber to Cunningham and two line plays failed to produce the necessary yardage, so Cunninghsm was forced to punt. Grayling was stopped again and after running off one first down Charlevoix punted. Miller, Grayling end, was in the clear on the next play but Trudo's pass fell short. Charlevolx took over, but again the attack stalled, and the half ended soon after with the score 0-0.

Charlevoix started to move in the third quarter, and off tackle plunges plus end runs by Martin and Jolliffe soon took the ball to the Grayling 12 yard line where another fumble halted the drive. The next time Charlevoix got the ball they were not to be denied, and Barber finally went over on a quarterback sneak. Jolliffe's plunge for the extra point failed and the score was 6-0 as the third period ended.

After another series of downs and an exchange of punts, Charlevoix took over on the Grayling 35 and in three plays scored. A pass, Barber to Case was good for 22 yards. Martin dashed around end for 8, and Jolliffe went the rest of the way through left tackle to score standing up. Barber on a quarterback sneak got the extra point.

Following the kick-off, Trudo tried a long forward which Case intercepted and in a nice piece of broken field running went all the way for the Rayders third and last score. Barber's plunge for the extra point was short. The game ended soon after with the final score 19-0.

The starting lineup:

Charlevoix		Grayling
J. Jolliffe	RE	Miller
Potter	RT	Krage (c)
Loper	RG	Logan
Fairbanks	C	Worden
Shadko	LG	Papperdick
Gibbons	LT	Feldhauser

BUSY GAL

Babies, Pupils, Parents All Served by Health Nurse

By the time 5 o'clock comes, anyone who has followed the community health nurse around on her work knows she has put in a full day's labor.

She is Mrs. Dean Davenport. Her role of health education combines everything from advising a new mother to go to the doctor for the regular check-up to running down a suspected case of measles. Sandwiched in between are such minor items as getting an injured child to a doctor and trying to find a former TB case for Howell.

Has Double Job

It is a double job. She is the school nurse and as such is in charge of health education, serving both St. Mary's and the public schools. As a side line she also looks after first aid cases too serious for the teachers to care for, checks on possible infectious cases and (as her annual report shows) wages an occasional battle with head lice.

The other half of the job is as community health nurse serving the population of the school district. This combines demonstrating better ways to care for sick folks, teaching health techniques, and working with the doctors in serious or chronic cases.

Has Emergency Case

Last Thursday was a typical day. Mrs. Davenport planned to make a brief routine call as school opened and then start out. But a little girl had fallen, cutting herself and necessitating a doctor's care. Then there were half a dozen other unexpected things turned up.

So it was after 10:30 before she was ready to start out. First call was on Billy Zeitler, back from Ann Arbor and two major operations. Eight years old, with both legs paralyzed, Billy was sitting up in a chair and cheerful as a new day.

"He always is," Mrs. Davenport says. "And bright as they come."

Dressings Prove Handy

Usually she helped Billy's mother, Mrs. Bob Zeitler, change the dressings but this morning, what with taking a picture of Billy and his new jumping kangaroo, that was skipped.

Those dressings are large, expensive ones. The supply was a problem until Mrs. Davenport ound the cancer dressing made by the Lutheran Womens Guild and never used. The Guild agreed to let Billy have them and will supply more.

Bill Zeitler showing how the new jumping kangaroo works. He had been coloring in the book on the table.

Billy Needs Tutor

Right now Billy needs a tutor. At the University hospital he started schooling for the first time and Mrs. Davenport wants to have him keep on.

Before leaving, Billy's younger brother went through what has come to be an established ritual. On an earlier call she told him one health rule and ever since he insists on saying it back to her: "Youholdyourhandinfrontofyourmouthwhenyoucough."

"Gat Doctor's Advice"

Next call was on Jimmy, ten weeks old baby, and Jimmy's mother, Mrs. J. Hurlbut. While the baby was being undressed for weighing, Mrs. Davenport discussed feeding, general care of the baby, and strongly advised going back to the doctor for a post-natal check-up and to see if the baby's formula needs changing.

Never crying once, Jimmy gurgled as he was weighed in the baby scales Mrs. Davenport takes with her, along with the little black bag containing a white

How I'm Going to Vote, and Why

Michigan has the good or bad habit of submitting a lot of governmental questions to the citizens themselves every two years. Mostly they are in the form of constitutional amendments. This fall we have seven such propositions.

These are discussed elsewhere in this paper.

For years as an editor I have made a practice of sticking my neck out and telling in print how I intend to vote, and why. Not that I necessarily expect to influence many votes. But it does give those who disagree an excellent excuse to tell me why I'm wrong—and The Courier always is glad to carry the other side of any question.

Between now and November 2 I may change my mind on a couple of the propositions, but if I were voting tomorrow here's how I would mark the ballot:

No. 1—Yes. It is just common sense to have more folks in line for a vital job that easily could be left vacant with no present provision for filling it. There is no reason to believe the Legislature could pick a better interim governor than one of the men already elected.

No. 2—Yes. That iniquitous sales tax amendment should be repealed. The job of appropriating money is a legislative task, not a constitutional one. If the Legislature doesn't do right, get new members. But don't strait-jacket the state finances. The principle of the whole thing is wrong, to say nothing of much of its operation.

No. 3—Yes. The present pay is terribly wrong. For example, the Auditor-general gets $2500 a year and some of his staff members get $7500. It being hard to get good men, We should be willing to pay our public servants.

N. 4—No. The pay of the legislature is a slightly different matter. For years I've contended that the best money Michigan could spend would be to boost the pay of the lawmakers to $10,000 apiece annually. That would get rid of the present mediocrity and attract capable men. It also would save 10 to 20 millions annually through better government. This amendment smacks of the pork barrel. It is too much of a half measure, giving the present lawmakers a little more but not enough to attract good men.

No. 5—Yes. This amendment is favored by the school association as a means of getting new and needed schools built. If I could have written it, I would have left in the two-thirds requirement as a safeguard. But all the same, the present provisions are pretty strict. And if a school district's citizens don't know their own business, who should? As I see it, this would give some self-government back to the local units. If a district wants to be foolish, that still is or should be an American privilege.

No. 6—Yes. Although there are strong arguments against it. This is on the so-called Callahan Act which aims to bring all the subversive workers out in the open. Whether it will is open to a lot of question. The attorney-general ruled it unconstitutional and a group of its enemies obtained petitions to submit it to a popular referendum.

The Revision—Yes. After 40 years and 43 amendments, it seems to me it is about time that our Constitution had an overhaul. Heaven knows the tax set-up alone is a nightmare that needs remodeling. Such a revision could clean house, bring our government up to date and start us off anew. At any rate, if the product the convention turned out did not suit us voters, we still would have the right and opportunity to turn it down.

Daughter, Granddaughter Surprise Mrs. Henry Hair

Mrs. Henry Hair had a happy surprise on her birthday anniversary last Tuesday when her daughter, Mrs. Marybelle Anderson and granddaughter Mrs. David Miller and daughter, Ruth Ann, called to help her celebrate the occasion. They brought a birthday cake and ice cream and Mr. and Mrs. Hair and three guests enjoyed a social hour.

High Honor Comes to Former Citizen

One of the highest photographic honors in the country has just come to a former Charlevoix boy, Allen E. Arnold now of Birmingham.

At the national convention of the Photography Association of America he was given the degree of Master of Photography and awarded the society's gold medal and ribbon. Since 1937 only 107 of these have been awarded in the United States and Canada.

The degree is granted those who have earned 25 merits, 13 for pictures exhibited at national conventions and 12 for work done for photographic associations.

Gets Case Records

Last call before noon was on Norman Dissette, son of Mr. and Mrs. LeRoy Sendenburgh. Norman, now 6, had a club foot. At another town before coming here a doctor had put a cast on his foot which had done no good.

Almost as soon as the family arrived, Mrs. Davenport learned of Norman and started in. No records could be obtained from the former doctor or town. Finally, a set was obtained from the Crippled Children's Commission.

Norman Wants Football

Then Norman was taken to the Children's Clinic at Traverse City. Last March he underwent two operations. One straightened his ankle and the other built a new heel. There followed long weeks in a cast when he got around on one leg and a tricycle. Then the cast came off. Now he wears corrective shoes and runs like a scared cat.

Bright eyed and in the first grade at St. Mary's, Norman hauls his 10 months old sister, Sandra Sue out of her crib and lugs her around. But his great ambition now is for a football, this lad who a year ago was dragging about with a useless club foot.

Seeks TB Case

"I've got a tough job this afternoon," Mrs. Davenport says. "An arrested TB case from Howell is supposed to be living here. I just know his name. I've got to try to find him, find out if he's had a check-up since 1942 and if he hasn't persuade him to get one. Likely I'll end up by having Peter John help me find out where he lives. He's my best source of information."

But no TB case was run down that afternoon. Reports came in of some measles and whooping cough cases and the whole afternoon was devoted to visiting each one, nine calls in all.

It's Complex Job

It's a complex job. It combines keeping parents happy, teachers cooperative, persuading folks to go to their doctors, trying to head off contagious diseases. But the cases like Billy and Norman, where possible misfits or social handicaps are helped become useful individuals—those make the job most worthwhile.

Seven Constitutional propositions Will Face Voters On Ballot At November Election

Seven propositions affecting the Michigan constitution will face the voters when he goes to the polls a month from now.

Six of them will be on a long sheet. These are the amendments and referendums.

On a small ballot will appear the question of a general revision of the constitution itself.

Boiling down the fine print and translating the legal phrases into daily English, the propositions are:

—1—

In case the governor dies or cannot fill the office, the line of succession to that office shall be the lieutenant governor, secretary of state, attorney general, state treasurer and auditor general.

The present law provides for the same succession as far as the secretary of state. The amendment merely lengthens the chain, so that in case of a plane crash or similar catastrophe, the state would not be left leaderless.

—2—

This one repeals the sales tax diversion amendment which was adopted two years ago. A "Yes" vote is for repeal and against the amendment.

—3—

Amendment 3 would let the legislature set the pay of the governor, secretary of state, treasurer, auditor general and attorney general. Their pay is now set by the constitution. The governor and attorney general (lawyers evidently wrote the provision) now get $5000; the rest receive $2500.

Their pay, however, could not be increased during the next term of office.

—4—

This amendment would let the Legislature set the pay for themselves, but not for the next term. They now get $3 a day plus mileage.

—5—

This amendment would modify the present 15 mill amendment, adopted back in the 1932 depression days. It would let any governmental unit raise up to 50 mills (5 percent of the valuation) per year for 20 years and do so on a simple majority vote.

The law now provides that the limit may be boosted to 50 mills for five years only and requires a two-thirds vote.

—6—

This is a referendum on the contraversal Callahan Act to require registration of representatives of foreign organizations. Aimed primarily at communists, the act was passed by the legislature, held unconstitutional by the Attorney General (but not by the Supreme Court). Then opponents of it obtained petitions for a general referendum, hoping to get the law repealed by this means. The vote on Nov. 2 will be on repealing or retaining this highly controversial Callaghan Act.

The present state Constitution was written by a Convention back in 1907-08. It has been amended 43 times since then. The voters this fall will decide whether or not a convention shall be called to prepare a revision. This revision then would have to be submitted to the voters for their approval or rejection. This vote now merely is on calling a convention to go to work.

Sudden Death of Si Powers Takes Active Citizen

A man of varied abilities, the wholly unexpected death of Si Powers last Wednesday was a severe jolt to Bridge street and Charlevoix.

A sports fan, advertising sign man, retailer, political worker, fraternal member, Si played an important part in many phases of this community's life. Tuesday night he had had a sick spell but appeared better Wednesday morning. That afternoon he was taken worse and rushed to the hospital where he died.

Military funeral services were conducted at the See Funeral Home Friday by the Leslie T. Shapton Post of the American Legion and the Veterans of Foreign Wars. Rev. W. D. Wood officiating. Burial was in Brookside cemetery.

Leo W. Powers was born in Goshen, Ind., on April 20, 1892 and came to Charlevoix with his parents in 1906. He was graduated from the Charlevoix high school in 1910. He was married to Edna Kirkpatrick on Oct. 30, 1912, and except for a short time spent at Harbor Springs he always resided in Charlevoix.

Mr. Powers had operated an advertising sign company for 35 years; had been manager of the Michigan Liquor Control commission retail store here since 1939; was active in Charlevoix county Democratic politics; at various times had managed baseball, basketball and boxing teams; he was one of the charter members of the local American Legion post and had held many offices in the organization; he was also a member of the V. F. W., the Elks and the Eagles.

During World War I he enlisted in the army in February, 1918, and served with A. E. F. in France for a year. He held the second highest Civil Service rating in the state of Michigan.

He is survived by his wife, the former Alice Dixon, whom he married on July 30, 1936; two daughters, Mrs. Ted Cooper of Charlevoix and Mrs. Jack Thomas of Seattle, Wash.; his mother, Mrs. Alonzo Powers, also of this city; and three grandchildren. His father preceded him in death in April, 1948 and his only brother, Joseph, was killed in action in France during World War I.

▪ Mrs. S. E. Coleman and daughter, Martha have been in Detroit where last Saturday they attended the wedding of her cousin, Helen Papineau, to William See. On the way home they visited her brother Keith at Midland, and other relatives at Ithaca and Mulliken.

Shakespeare Club To Meet Monday

Members of the Shakespeare Club will have their first club meeting Monday with a luncheon at the Nautical. Club members will hear of the plans for the club year from their president, Mrs. George Haggard.

Garden Club to Have Workshop Meeting

Mrs. Trina Nelson will be hostess to the members of the Charlevoix Garden Club at her home at 1210 State Street Tuesday.

The meeting will be in the nature of a work-shop and each member is asked to bring a container of some flowers and make her favorite arrangement.

For Roll Call each one will tell of some pleasant summer experience.

Mery Brewster Circle Meeting Is Oct. 13

The opening meeting of the Mary Brewster circle of the Congregational church that was to have been held Sept. 29, has been postponed until Oct. 13. The meeting will be with Mrs. Rollie Lewis and will be a cooperative luncheon.

Joyce Fiedler Has Birthday Party

Joyce Fiedler celebrated her 13th birthday last week with a hamberger supper at Mt. McSauba. Mrs. Fiedler drove the guests in her station wagon to the park. Games were played, marshmallows toasted and presents were presented to the guest of honor by her friends, Debby Bergeon, Joyce Hardy, Janet Krulik, Amy Lou Kipke, Barbara Roff and Jackie Cooper.

Luncheon to Feature First Dickens Meeting

The first meeting of the Dickens Club for the year will be held Monday with a luncheon at Grey Gables at 1:30.

The club program for the year will be given out to the members with Mrs. E. B. Bowman as its new president for the year.

All reservations must be made not later than Friday morning.

Miss Joan Hampton Wed In Missouri

Daughter of Mr. and Mrs. Charles H. Hampton, soon to be Charlevoix residents, Miss Jean Charraine Hampton was married Sept. 12 in Newberg, Mo., to Albert Marion Gaddy.

The double ring ceremony took place on the lawn of the Claude Mace home. The newlyweds are now at Laramie, Wyo., where he is completing his law course at the University and Mrs. Gaddy will finish her studies in creative writing. Both attended the University of Missouri for the last two years.

Mrs. Gaddy was graduated at Dayton, Ohio, and served as a sergeant in the WACS in India and China. Her husband, a Navy veteran, served aboard an aircraft carrier.

Ironton Man Weds Joyce Brown of Pellston

Miss Joyce Brown, daughter of Mr. and Mrs. Clarence Brown of Pellston, and Carl Schulz, son of Mr. and Mrs. Thomas Sarna of Ironton, were married at the bride's home Sept. 11.

The double ring ceremony was used. The couple were attended by Mrs. Allen Leismer, sister of the bride, and Jim Doherty, brother-in-law of the groom. A reception for the immediate families followed the ceremony.

After an Upper Peninsula wedding trip the couple returned to their new home in Petoskey.

• Mr. and Mrs. Scott Wilson are leaving Thursday morning after their summer at the Belvedere. They plan to go to Jacksonville, Ill., to visit his folks and then on to Indian Rocks, Fla., where he will work this winter.

• Mr. and Mrs. James Woodward are visiting at Nashville, Tenn.

Billy Schwab Goes to Custer Hospital

Billy Schwab last Thursday went to the Fort Custer Hospital for a check-up and observation.

Don Meggison drove him to Battle Creek. Last winter he underwent an operation at Ann Arbor, and has been here since. During the war he was with Patton's third army and was wounded at the Bulge.

No News Here On New Phone Strike

Nothing could be learned here about the possibility of the threatened Bell phone strike.

Mrs. Betty Woodward, steward of the local union, is out of town. Word as to strike or stay on the job will come from Detroit headquarters.

The union is asking for a pay increase. The Bell company says that the contract, negotiated last winter, still is in effect and under the Taft Hartly law a strike is illegal.

Hull Family Loses Home, Belongings In Farm Fire

In another fire late last Tuesday the farm home in Hayes Township near the Murray school and occupied by the Joe Hull family was completely destroyed and the family's belongings lost.

It is believed that the fire had smoldered for some time and had quite a start before the children returned from school. The mother was working at the Model Home Laundry at the time.

Lost in the fire were all the family's furniture, clothing, canned goods and staples which the mother had been purchasing during the summer.

The family, which includes seven children at home, a daughter who is staying in town and attending high school and an older son who is working out, are now looking for a place to live. The Bud Sneathens have taken the family in until they can find other quarters.

Anyone having clothing, furnishings or bedding they would like to contribute to the family can call Mrs. Jack Reed, phone 931, Charlevoix Red Cross Home Service director, who will make arrangements to pick up the contributions.

Retailing Forum Plan Explained

The secret of retailing is to make your customer want to come back G. R. Sommer told the Kiwanis Club Monday night.

Sommer and J. D. Marcus, Coordinator of Business Education at Central Michigan College, were here Monday to exptain the new business promotion program being sponsored by the College in Northern Michigan. Under this program, a course dealing with any phase of merchandising can be put on in a community

Michigan, Sommer said, is one of the worst states in its general handling of customers by the retailer. He said four things which would bring back customers are attractive stores, goods well displayed, new merchandise and stocks of what is wanted.

Frank Oleksy was taken into the club as a new member, Roy Bennett giving the charge to him. W. D. Wood reported on the White Elephant Sale and Dean Davenport explained the blood bank plan.

Mr., Mrs. George to Leave for South

Michigan Farmers Pay Big Debt

Michigan farmers paid off a lot of loans during 1947, according to the American Bankers Association.

On Jan 1. 1947 there were $57,000,000 in outstanding bank loans. During the year, farmers borrowed $188,029,000 more, making a total of $127,029,000. And during that year they paid off $102,832,000.

Kroger

And They Mean It

When Kroger store managers, clerks, meat-cutters and checkers say "Thank You,"—they really mean it. For every Kroger employee knows that your patronage is a compliment to his company — to his store — and to him. ghter and family, the Neil DeYoungs. Another daughter and her husband, Mr. and Mrs. Robert Sheets of Anderson, Ind., were also there, so the occasion was quite a family reunion . . .

Don Campbell and E. B. Bowman are in Boston on a business trip. What a wonderful time to go business-tripping. Can't you just imagine what the scenery will be like along the Mohawk trail these days? . . . Following the game Friday Coach Kipke took his team on to Alma where they stayed the night and then on to Eas Lansing to the Michigan-Michigan State game . . . And who should Charlevoix folks bump into the first thing but the Carey boys with carpenter aprons on selling programs. Seems mighty strange to think of the Carey hoys anywhere but out on the field, but their time will come . . .

Violet Fisher is back at her job at the Michigan Bell following two weeks vacation. She took her daughter to Terre Haute to school and then back to East Tawas for a few days vacation and last week Mrs. Fisher was in Cheboygan with her parents . . .

Already some folks are thinking of closing their homes and starting to other points for the winter . . . Mrs. Nettie Francis is one of these folks and left Tuesday for Sarasota, Fla., where she will spend the. winter with her daughter, Mrs. Joe Privett . . . Mrs. L. E. Green, Mrs. T. J. Ferguson of Alpena and Mrs. A. L. Wiesner of Canfield, Ohio, are guests of Mrs. A. F. Wentz on Park Ave. this week . . .

Surely a good looking spot on Bridge Street now is the Campbell & Supernaw Market. How that building does stand out now since it has all been done over in white with brown trim . . . Did my best Saturday at the football game at East Lansing to try and pick out Bob Shanahan, who is now a member of the University of Michigan marching band. Although I declared a couple of times that I had spotted him in the brass section . . . It won't be long now before many folks can forget their pet peeve, the parking meters for another season. . . . Mr. and Mrs. Rollie Lewis are in Lansing attending the annual State Bar Association meeting . . .

Word has been received from Portsmouth, Va., of the birth of a baby girl to Mr. and Mrs. Bruce N. Zeitler at the Navy Hospital on Sept. 22. Mrs. John Zeitler is there with the two other daughters at home . . . Marguerite Johnson has arrived in Wheatland, Wyo., where she will be for an indefinite time with friends . . . Mrs. Thomas Kovar will he mighty busy making kalache this week end for there is going to be a crowd at their home. Mary Jane Cooper, Mr. and Mrs. Wesley Simmerman and Mr. and Mrs. John McConnaughey, all of Detroit, will be here. This will also be one of the last times that Stella will be with her sisters here in Charlevoix for she is planning to leave in a few weeks for Clearwater, Fla., where she has accepted an all-the-year around position . . . Well, canning and preserving season is nearing an end, and who is sorry? . . .

Mrs. Jane Fiedler says, "Well, my boys are back in cnllege again. Robert has returned to Central Michigan College at Mt. Pleasant; Mark and his wife have enrolled at Olivet Nazarene College at Kankakee, Ill.; Chester has enrolled at Western Michigan College at Kalamazoo. Mr. and Mrs. Dean Fiedler are content with extension sourses inasmuch as both are teaching at Central Lake.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island seems lovelier than ever at this time of the year when the sun takes on a longer slant and nature begins to splash a dash of red here and there through the wooded sections. Cold weather seems remote during these golden September days.

Even though the growing season was late this year, crops flourish and the yield is gratifying. Corn crops are especially fine. In the village, where the soil is considered poor, back yard gardens are reaping plenty for the table with enough remaining to store away on the pantry shelf.

Mr. and Mrs. Ray Hermen, Chicago are spending a few weeks in one of McDonough's cabins.

The game club did it and they're glad—for running around on the Island are 25 adult pheasants, which were planted in June, and 50 young pheasants, which were planted this past week.

One sport which practically vanished from the Island in recent years is on the rebound. Reports say snow shoe rabbits are plentiful.

It's sad but true—the deer herd isn't what it should be.

Thursday, Jerry LaFreniere, son of Mr. and Mrs. Vernon LaFreniere, was taken by plane to Little Traverse Hospital for examination of possible injuries after a fall from a swing on the playgrounds. The report was good—no injuries.

Friday, Leo Close, County Superintendent of Schools and Mr. Thompson, Bay City, came to the Island in the interest of installing adequate heating facilities in the school rooms.

Leaving on Saturday's boat were Mr. and Mrs. Arthur Miller, Sr., and Mrs. C. E. Webster, Mrs. Miller's mother. In Charlevoix they were met by Mr. and Mrs. Arthur Miller, Jr., who drove up from Detroit to take Grandmother Webster back to her home in Lansing after spending the summer on the Island.

Mrs. George Miller and son, Billy flew to Charlevoix Saturday, which made the Miller get-together almost a family reunion.

Mr. and Mrs. Dave Wilson were on the Island for the past week taking care of some last minute jobs and closing up their home for the winter. They returned to their home in Ferndale Saturday.

At last our Toledo ambassador has arrived. Owen Tansey and wife came over on Saturday's boat. With them came the twins, Maggie and Jiggs, a couple of cocker spaniel puppies. The Tanseys will stay six weeks on the Island.

To greet the ambassador, a large sign saying "Welcome Tansey" was displayed in the Shamrock tavern.

Mr. and Mrs. Sonny Belfy and family arrived Saturday to visit Mr. and Mrs. Bob McDonough and other relatives.

For the past two weeks, perch fishermen have been well satisfied with their catch.

Coming up by plane to fish during the week end were Dave Olsen, South Haven; Mr. and Mrs. Hugh Boss, Mr. and Mrs. Gerald Ehle, Belding; P. L. Shupert, L. C. Daly, Clyde Barkman, Adam Mallinhaur, Elkhart, Ind.

Thursday evening in the Parish Hall, the county conservation agent will meet with Island farmers to discuss soil conservation.

Mrs. Larry Osborn of Williamsburg, Iowa, has been visiting her parents, Mr. and Mrs. Frank Gillespie. With her were her children Mary, Helen and Sammy. The two girls are twins and both teach at the School for the Blind at Vinton, Iowa.

Island Sodality Starts Year's Work

During the past week the Sodality of the Blessed Virgin Mary has been busy getting ready for the year's work.

Our Lady's committee had their meeting on Tuesday and elected Sally Ann Cull as chairman and Mary Margaret Greene as secretary. The new chairman of the Eucharistic committee is Charlotte McDonough, with Mary LaFreniere as the secretary.

Fr. Keenan Now In Terre Haute

Fr. Fabian Keenan has been transferred from his new parish at Louisville.

His new address is 188 South 9th street, Terre Haute, Ind.

Southwoods Mark 25th Anniversary

Mr. and Mrs. Fred Southwood celebrated their silver wedding anniversary on Friday with open house at their home 103 East Garfield avenue. More than 50 relatives and friends called during the evening.

Refreshments were served from a table centered with a large wedding cake and decorated with lighted tapers and white gladioli. Bouquets of autumn flowers were also used about the rooms.

Mr. and Mrs. Southwood were married in Goshen, Ind., on Sept. 24, 1923 and have made their home here since then. Mr. Southwood has been with the Pere Marquette division of the Chesapeake and Ohio railroad for 18 years. Mrs. Southwood, the former Dorothy Reinhart, is an operator and supervisor at the local office of the Michigan Bell Telephone company. She received her 20 year award from the company last summer. They have one son, Dick.

The couple received many gifts, cards and other remembrances of the occasion.

Stanley Janchas Announce Marriage of Daughter

Mr. and Mrs. Stanley Jancha announce the marriage of their daughter, Marie to Josh Mitchell of Pontiac, son of Mrs. Ina Mitchell of Woodbury, Tenn., and Robert B. Mitchell of Dearborn. The marriage was solemnized by Rev. R. S. Hocking at the Methodist parsonage in Saline at 3 p. m., Saturday, Sept. 18.

The bride selected a gray dress-maker suit, green accessories and a corsage of pink roses for her wedding.

Her only attendant, Mrs. Bruce Jewell, wore a blue suit with brown accessories and a corsage of white roses.

Mr. Jewell assisted the bridegroom as best man.

Immediately after the service a reception was held at the home of the bridegroom's father in Dearborn.

After a wedding trip to Tennessee and to northern Michigan the couple will make their home at 128 Mill street, Pontiac.

The bride is a graduate of the Charlevoix High School and the Foote Memorial Hospital, Jackson. The bridegroom attended high school in Lima, Ohio, and is now a member of the staff at Pontiac General Hospital.

Elected Secretary

Martha Jane Kohler, daughter of Mr. and Mrs. Carl Kohler, has been elected secretary of Alpha Theta sorority at Alma College, where she is a sophomore.

How should I endorse a check?

The simplest form is the blank endorsement, which is made by writing your name on the back of the check exactly as it is written on the face. However, inasmuch as a check bearing a blank endorsement may be cashed by the finder, it is better to avoid using this type except when cashing checks over the counter. When depositing checks it is better to use the restrictive endorsement—your authorized signature written below the words "For Deposit Only".

State Gets New Governor's Home for $1 a Year

By Gene Alleman
Secy., Michigan Press Assn.

At a cost of $1 a year Michigan is to become the 33rd state to provide its governor with a home.

The state administrative board has accepted an offer from the City of Lansing whereby the stately 17-room Orlandu M. Barnes residence, located at the south end of Capitol avenue, will be leased for a period of 50 years. The annual rental is $1.

Built 73 years ago in the elegant Victorian manner, the Barnes home has long been a showplace of the capital city. Barnes, an attorney, was identified with industrial, lumber and railroad enterprises. He served three terms as mayor and once ran unsuccessfully for governor on the Democratic ticket.

Capital News Round-Up

Aroused by killing of 200,000 fish in the Kalamazoo River, the state stream conrol commission is considering statewide restriction on cyanide discharge by industries into public waters. The Union Steel Products Company, Albion, was the offender.

The Upper Peninsula community industrial survey, sponsored by the state department of economic development, has been published in a booklet. Thirteen thousand copies will be distributed in an effort to attract new industries to the region.

As a result of the primary election, 30 or more new legislators are likely to take their seats in the house and senate next January. Among the changes will be the replacement of Senators Bishop, Down, Fletcher and Callahan. Senator Don VanderWerp, Fremont, unopposed for relection, is being groomed for his old job as chairman of the senate finance committee.

County governments in Michigan were more than $8 million in the red for the year 1947. Revenues totaled $88.6 millions, while expenditures were $96.8 millions.

County road commissions received $26,118,000 from the state, the commissions spent $26,981,000 for road construction and maintenance.

Michigan's state parks enjoyed an attendance of 11.5 million persons last year. A total of 130,271 acres of recreational land are administered by the conservation commission.

In an effort to control the rising cost of state publications, Controller John A. Perkins of the state department of administration has created the post of state printing director. All agencies must submit printing requests to the budget division for the director's OK. A legislative committee has estimated the total cost, printing and labor, at $1,000,000 a year.

Property assessments are not uniform throughout the state, charges the State Bar of Michigan which asks Governor Sigler to appoint a study committee. The remedy proposed by attorneys: Give the state tax commission power to equalize property assessments.

The Wayne County Medical Society has asked oculists and opticians to discontinue the rebate system whereby part of the cost of eye glasses is rebated by some supply houses to eye doctors without knowledge of patients. The Detroit Better Business Bureau has been pushing the reform.

Iron ore resources of the Upper Peninsula will continue to provide employment for thousands of miners. Such is indicated by availability of a new process, costing $2 per ton, for production of pig iron from low-grade taconite ore. The process was developed in Minnesota.

A 14-member committee of legislators has been studying Governor Sigler's streamlining proposals for modernizing of state government.

If prices reach their apex of the postwar inflation this winter, as is now forecast by many leading economists, the state sales tax will hit its high point of revenue.

The budget division still is convinced that State government is headed inevitably for red ink financing in the near future.

G. W. Dennis, 90 Passes After Long Illness

George Washington Dennis, 90, resident of this community for 50 years, died early Saturday morning at the Lalonde Convalescent Home after an extended illness.

Funeral services were held at the See Funeral Home at 2 p. m. Tuesday with Rev. W. D. Wood officiating. Burial was in the Brookside cemetery.

Mr. Dennis was born in Lisbon, N. Y., on Sept. 8, 1858 and as a young man went west. He was married to Lenora Ellen Denbow in Iowa on Nov. 20, 1881 and they lived in North Dakota before coming here in 1898. He lived on a farm in Charlevoix township where he had served as Road Commissioner and Justice of the Peace. He has also been a member of the Masonic lodge. His wife preceded him in death in Oct. 1935.

He is survived by three sons, Walter of Grand Rapids, Leroy and Earl of Lansing; two daughters, Miss Musa Dennis and Mrs. Henry Stephan of Charlevoix; six grandchildren and 14 great grandchildren.

Charlevoix Continues to Have Lowest Pollen Count In Lower Peninsula, Boyne Next Best

Ragweed is worse all over the North Country this year, according to word from the District Health Office and the State Health Department.

Despite this, and even before the ragweed cleanup of last week, Charlevoix continues to have the lowest count in this area.

In a report prepared for The Courier by the District Health Office, Charlevoix had had a total count up to Sept. 11 of only 223.

The figures for the four check points in the three county area so far this year and for all of 1947 are:

	1947	1948
Charlevoix	662	223
Boyne City		527
Petoskey	1222	832
Gaylord	1603	3858

The hay fever weed seems to have been favored by the wet weather which has prevailed.

Many persons have remarked on the luxurious crop of goldenrod whch flourishes all over the countryside. Doctors say that to most allergy sufferers, the goldenrod may be irritating but the pollen is so heavy that it settles to the ground and causes little or no trouble. The ragweed, on the other hand, will carry on the wind.

Scores of Charlevoix citizens remarked during the cleanup drive of last week that they did not know what ragweed is. To help remedy this, The Courier has had several plants in its front window.

New Laws Provide Changes for Voters On Nov. 2; Last Day to Register Is Oct. 13

By Fran Martin

"Several changes have been made in the voting laws which we would like to bring to your attention," Fenton R. Bulow, Charlevoix County clerk, has announced.

Voters are asked to read them carefully so that when the General Election on Nov. 2 comes they will not lose their vote.

Voters are reminded that the last day for registration for the Nov. 2 election is Wednesday, Oct. 13. If you are in doubt about your status, contact your city clerk or township clerk.

If you do not register before that date and you wish to vote on Election Day, you must have some persons known to the Election Board other than a relative with you who knows that you or some member of your immediate family were sick, or that you were out of the city or township on business which prevented you from registering.

Law now provides that you cannot swear your vote in after 4:00 p. m. on Election Day.

Absent voter's ballots will be in the hands of the township and city clerks on or about 10 days before the election. If you are physically unable to be present at the polls on Election Day, apply to your city or township clerk for an absent voter's ballot before 2 p. m. Saturday, Oct. 30. Further, if you intend to be out of the precinct on Election Day be sure and apply at once for an absent voter's ballot. They will be mailed to you as soon as the ballots are received.

Polls are now open in all voting places from 7:00 a. m. to 8:00 p. m. Eastern Standard time.

Since 1944 the President and Vice President have been on separate ballots.

There will be five ballots in the Noverber election: Presidential, Official (Congressional, state and county offices), Nonpartisan (for Probate Judge and Court Commissioner), Amendments and Referendum on General Revision of the Constitution. Watch The Courier for comments on amendments and Referendum.

A supply of instruction ballots on buth will be available at the County Clerk's office before the election.

Be sure to register before Oct. 13 so you can vote on Nov. 2.

Mrs. Joe Arvilla and Mrs. Harry Stewart were hostesses at a stork shower honoring Mrs. Richard Edwards last Tuesday evening.

Friends gathered at the Arvilla home for games with prizes, refreshments served at a table tastefully decorated for the occasion and a social hour. She received many gifts.

Invited guests were Mrs. John Schroeder, Mrs. Dun Meggison, Mrs. Arthur Edwards, Mrs. F. F. McMillan, Mrs. William Schwab, Mrs. Howard North, Mrs. Wayne Belding, Mrs. Joe Williams, Mrs. Pearl Cluff of Cheboygan, Mrs. Leonard Burns, Mrs. Abe VerWys, Mrs. Howard Stephens, Barbara White, Elaine Edwards.

Teachers Club Has First Potluck Dinner

The Teachers Club opened activities for the year with a potluck dinner at the Belvedere Club Wednesday evening. Fifty-four members and guests were present. The Board of Education and their respective husbands and wives were guests of the club.

Following the dinner, games, stunts and group singing lead by C. A. Odmark with Mrs. Dean Davenport and Mrs. Leonard Burns at the piano were enjoyed by the group. A gift from the Club was presented to Capt. and Mrs. Hubert Paddock.

Your Most Important Right

Now that the bandstand has been painted, and the park re-landscaped, we have about the nicest village green in the county.

And it's all because, at the last town election, folks got out and *voted*—85 per cent of them! That way, they passed the amendment calling for park improvements—over those opposing it.

Reminds you again how important the right to voto is in this country. And it's a right we can retain only by exercising it! . . . like all the other individual liberties—from freedom to enjoy a glass of beer or ale, to a woman's right to vote along with men.

Folks can thank *themselves* that on summer evenings they'll be able to listen to band concerts in a well-kept park . . . enjoying a bottle of beer or soda pop (whichever they prefer). Because from where I sit, that's a freedom they've *earned* by exercising a still more important freedom: Voting!

Toys Made by German Children for Food Sent Them from U. S. Are Exhibited Here

Bits of paper, cloth, leather and wood, painstakingly put together are a visual "Thank you" to the children of this country for gifts of food.

They were made by the school pupils of Darmstadt, Germany as their only means of showing appreciation for the food sent them by the children of this country. With their town one of the most badly bombed of all the war cities, the children had to make their gifts themselves, and largely out of materials they could salvage from the rubble.

The story starts a couple years ago when the American Friends' Society asked for help in sending food to German children. Girl Scouts, Sunday Schools and similar groups contributed, among them Charlevoix children.

Last winter the Quaker group received a big box of toys from Darmstadt. Realizing the impossibility of giving even one toy to each of the thousands of American children who contributed, the Society made up exhibits and has been sending these over the country.

Mrs. C. S. Webster, superintendent of the Congregational Sunday School, read about the exhibits and requested one for Religious Education Week, Sept. 25-Oct. 3. It arrived last Wednesday and was displayed Sunday at the Congregational Church.

Volunteer blood donors in Charlevoix County are being recruited by the County Red Cross Chapter for the local civilian blood collection to be held in Charlevoix Oct. 14-15 at the American Legion Hall.

Mrs. E. J. Edwards is County Chairman of the Red Cross Blood Bank and Mrs. Gordon Freedman is acting as Registration Chairman for Charlevoix.

All Charlevoix county men and women between 18 and 50 who are in good health are asked to register immediately to obtain appointments at the time most convenient to them.

Any person who has not been contacted already and who wishes to give blood is asked to call Mrs. Edwards or Mrs. Freedman immediately. All registrations must be made not later than October 7.

The blood received will be processed into plasma by laboratories of the Michigan Department of Health. It will stay in this county and will be free to anybody needing it for surgery, suffering from burns, shock or other emergencies.

St. Mary's School Has Open House

St. Mary's Catholic school held open house on Sunday afternoon so the members of the parish could meet the new Sisters and see the improvements made at the school and convent during the summer months.

The new teachers are Sister Mary Louis, who is principal and 6th, 7th and 8th grade teacher; Sister Marie William, who teaches the 3rd, 4th and 5th grades and Sister Thomas Francis, who is temporarily engaged to teach the first and second grades. Sister Rose Ann has returned as housekeeper.

St. Mary's Rosary Altar Society was in charge of the tea served at tables decorated with autumn flowers. Mrs. J. M. Foster and Mrs. Louis Orlowski presided at the tea table. Mrs. Herbert Campbell, Mrs. Elmer Barber, Mrs. Hugh Mayne and Mrs. Harry Bingham were in charge of arrangements.

Charles Hampton to Join Millers

A former Charlevoian is returning.

He is Charles H. Hampton, son of Will Hampton, and will be with the Miller Boat Co. in charge of sales of both boats and the wood products.

He and Mrs. Hampton will live at the Birdsnest. They are coming here from Dayton where he has been general sales manager for Protective Treatments, Inc., a Dayton paint firm.

They are expected to arrive next week.

• Mr. and Mrs. Frank Bird have returned home after spending a week in Detroit, in Dundee where they visited their son and daughter-in-law, Mr. and Mrs. Douglas Bird, in Adrian where they visited another son and daughter-in-law, Mr. and Mrs. Devere Bird and in Mt. Clemens where they attended the marriage of their son, Kenneth and Miss Gloria Morrison on Friday evening.

The Tow Line

[illegible] and Tom Sadler are in Charlevoix on Portorigh. The Miss Elva from San Antonio last week and will be here until next Tuesday when they report for duty at Panama City, Fla. Mrs. John Zeitler was in Portsmouth, Va., taking care of her new granddaughter but started northward when she learned that her son was home . . .

Surely hope that everyone possible can take advantage of the super-colossal (that's Hollywood's favorite descriptive adjective) show that Mother Nature is putting on in the North at present. A ride through the countryside is truly an oooooh and aaaaahing time. The maples now bright red and gold silhouetted against the green of the cedars and pine make an unforgetable picture, especially looking across the waters of Lake Charlevoix which has a carpet of brilliant red sumac laid to its very shores . . .

Dell Peterson and Don Hardy are going to Radar School in Biloxi, Miss . . . Looks like Charlevoix has a broadcasting studio when one glances to the roof of Dr. Mattleson's office. Doctor is really having himself a time with his receiver sez; said he talked with folks from Johannesburg, S. Africa, Scotland and Ireland last week . . . Have you signed your registration card as yet to give your pint of blood for the blood bank sponsored by the Red Cross next week in Charlevoix? When somebody gives, it means that somebody may live for what you have done. Call Mrs. Gordon Freedman, who is taking care of the blood bank clinic for Oct. 14 and 15.

Folks truly enjoy the covers of the Saturday Evening Post, especially those of Norman Rockwell, because of the human interest touch he always seems to catch with his brush. Artist Rockwell should have been around Monday afternoon. Members of the Dickens Club decided to go color-touring following their luncheon. Got my crowd down the road not far from the entrance to the Loeb farm, when blah . . . out of gas! Bernice Wexstaff went to our rescue and brought back some gas. If Rockwell could have seen the two of us trying to fill the tank, all dressed up in our new fall togs, figuring out how the wiggly-looking funnel worked plus the expression on the faces of the women who had been held up while the others were enjoying the scenery, he would have had a real picture. Then to top my embarrassment I had to ask one of the women in the car to pay the gas bill—no money.

It's truly fall when club time begins. As one woman said, "I always feel that the first club meeting of the year is also my coming out party, for I am rarely seen throughout the summer." She struck a common note for that is the case with many others about town . . . Mr. and Mrs. George Wigglesworth are back home for a few days with the Harry Craigs, following their honeymoon trip in the Upper Peninsula. They are a busy couple for these few days for they are packing all their wedding presents which must be sent to Connecticut where the couple will make their home.

Bill Ochs spent the week end with his parents. Bill has been in New York for the summer with the accounting firm of Haskins and Sell. Now he has been transferred to their Detroit office and Bill is most happy for that means he can get home twice in a blue moon instead of only once . . .

Have you seen the grounds around the new Michigan Bell Building since they have been landscaped? It is a wonderful addition to our town and the building is fast nearing completion. Now when we have a new court house across the street, State Street will truly be complete . . . .

Chest Drive Will Open Next Week

The Community Chest Drive for Charlevoix and the nearby area likely will start Oct. 15 and end Nov. 1.

The Board of Directors are to meet this week and make final plans, including the setting of the date.

The local goal is $3350 and was set at the open meeting of the budget committee at which all organizations were asked to present their budgets and requests. Two items were decreased from last year, two increased and one dropped altogether.

The community health nurse's item was put at $500 instead of $850 because needed funds can be had from other sources; the Boy Scouts at $600 instead of $833.

On the strength of a greatly increased program which will include almost a third more girls, the Girl Scouts were boosted

from $440 to $550. Because of advancing costs and of increased support from summer residents when Charlevoix helps, the hospital item was advanced to $1600 from $1000.

Dropped entirely this year was the emergency fund item. Enough was left over from last year to make this unnecessary. The $3350 does not include any amounts for state or national charities.

East Jordan and Boyne City both are planning to have Community Chest for the first time this year. Each will budget an item equal to Charlevoix's for the health nurse program, and each is expected to raise $250 toward the support of the hospital.

The Special Gifts Committee, William Meyer and George Haggard, will start its canvass Friday and Saturday.

Tough Clues Mark Treasure Hunt

One hour and three-quarters were required Sunday night for the winning carload to solve the 12 clues of the treasure hunt.

The winners were Mr. and Mrs. Lyle Miles, Mr. and Mrs. Getch Campfield, Mr. and Mrs. Frank Ochs. There were 45 on the hunt, making an $11.25 pot of gold.

Next week's hunt will start from the ball park at 9 p. m.

The clues this week were:

1. pair of blue jeans; 2, story shop; 3, explore—a section; 4, money—nothing but; 5, national services—too much of them; 6, bridge made of wood; 7, 4—drive; 8, unite—halt; 9, hurn—sheltered side—cover; 10, where a saddle is placed when in use; 11, man—understands; 12, the first car.

HARD WORKER

Handicap Doesn't Stop Girl

That courage and determination can transform a burdensome handicap into an inventive leading to triumph has been proved by a small slip of a girl in our own community.

She is Ruth Butler, daughter of Mr. and Mrs. Percy Butler, who despite the fact that she suffered a severe attack of polio in 1940, went on to graduate at the head of her class from the Charlevoix high school in 1947 and who is now making a fine record for herself at the Northeastern school of Commerce at Bay City.

As an active youngster of 11, Ruth contracted the dreaded disease in August, 1940, following a trip to Missouri with her family who were then living at Williamsburg. She spent her twelfth birthday at Munson Hospital where she was hospitalized for eight weeks while receiving all the treatments, including the pool

treatment, devised for victims of the crippling menace.

The polio had affected her right

Old Red Lighthouse Gone Except in Many Pictures

Gone now but certainly not forgotten in thousands of photographs is the old red wooden lighthouse tower, taken above just after it was moved back to make room for the new steel structure.

Visible just to the left of it are the wooden forms for the new concrete foundation.

The light was shifted from the wood tower to the new one Thursday and turned on again that evening.

The new tower has two duplicate foghorns and air compressors for producing the signal. On the old one there was only one foghorn and in case something went wrong, there was the big bell as a standby. The bell has been discarded now.

General decay was the reason for replacing the wood tower. Many of its beams were so rotten that Coast Guardsmen say they often wondered that it did not collapse during some storm.

The same light, made in France in the 1880's, is being used.

Charlevoices to Sing At Eastern Star's State Meeting

The Charlevoices, Mrs. Charles Ballinger, Mrs. Clair S. Webster and Mrs. E. D. Hawley, have been invited to sing at the annual Grand Rapids session of the O. E. S. to be held in Grand Rapids Oct. 12-13-14.

The invitation was extended the trio by Mrs. Claude Sherwood of Allania, Worthy Grand Matron. They will be the featured music during the three day meeting and will sing at the closed party Monday evening and at all the meetings during the session.

Mrs. Hamilton Awarded Two Scouting Honors

Mrs. Ralph Hamilton of Charlevoix was awarded one of Boy Scouting's high honors at the annual Scenic Trails Council meeting last Thursday at Traverse City.

It was the Veteran Award and was given because of her years of work with Cub Scouts. She also received the training award. Because of her auto accident that same day, Mrs. Hamilton could not attend. Capt. and Mrs. Hubert Paddock represented Charlevoix.

Robert Bridge, treasurer of the Council, resigned and was succeeded by Paul Willison.

Bridge Steel Is Actually On Way

Steel for the bridge definitely is expected to arrive from Mt. Vernon the last of this week.

Instead of the verbal reports of its being shipped, which have been received up to now, actual bills of lading have arrived here. Coming by rail are the big trunnion girders which are the next pieces needed by the steel crew and which will make possible resumption of the work.

Meanwhile the Lamb-Leudtke crew is going ahead with what concrete work it can. The control house walls are completed up to bridge level and one floor can be poured. The aprons under the approaches can be poured and the new paving is almost completed.

Mr. and Mrs. Harold Dutcher returned Saturday from a week's vacation spent driving about the Upper Peninsula.

Doctors Organize Hospital Staff

The Medical staff of the Charlevoix Hospital met at the hospital on Monday evening to organize, adopt by-laws, rules and regulations in an effort to improve the standard of care and treatment at the hospital.

The organization is composed of medical men in this area who practice at the Charlevoix Hospital, among them eight active staff members including one oral surgeon and six courtesy members.

Following the business session a colored film, "Diagnosis and Treatment of the Female Breast" was shown and a symposium held.

Officers will be named at a later meeting. Miss Ann Baumgartner, superintendent of the hospital, served refreshments at the close of the meeting.

New Managers At Gas Office Here

Mr. and Mrs. Fred Koehler are the new managers of the Charlevoix Gas & Appliance Co.

They take the place of Mr. and Mrs. Grover Glossenger. Mr. Glossenger has been in charge of the office and gas supply since it was opened here a year and a half ago. The Koehlers took over Oct. 2.

For more than three years they have been connected, with the Petgas Company at Petoskey. Mrs. Koehler has been office manager for both the Petgas and Petoskey Gas companies and will handle the office here. They plan to move here soon, bringing their two year old daughter, Jackie with them.

Kiwanis Will Stage Hallowe'en Party

Once again this fall the Kiwanis Club will be host to the boys and girls of Charlevoix at a Hallowe'en Party.

Details will be worked out and announced later. The committee in charge of plans and arrangements is Harry Bingham, Meyer Levinson, Roy Bennett, Harley Ochs and Frank Oleksy.

Rayders Meet Undefeated East Jordan

By John Knight

Outscored and outweighed but emphatically not outfought, Boyne City's football team fell before the Red and White of Charlevoix last Friday 24 to 6 in the game at Boyne City.

That leaves Charlevoix and East Jordan, both undefeated and deadlocked at the top of the Class C Conference with the crucial game coming this Friday at East Jordan.

Sophs Look Good

Martin stood out in the backfield with Ross Case doing some fine punting. Gibbons was a thorn in the side of Boyne all afternoon and was backed up in good shape by Shadko, Loper and Potter. Incidentally, all of Charlevoix's sophomore players showed up well.

For Boyne Everest was a one man team, with the best support coming from Scott and Moore in the line.

Weak On Extra Point

The Rayders scored the first time they got their hands on the ball. A beautifully executed forward and lateral from Barber to Case to Jim Jolliffe did the trick. The plunge for extra point failed, as did all the others. Incidentally, this points up a glaring weakness in the Charlevoix offensive. So far the team has made only two extra points in three games. This could be fatal in a close contest.

Neither team had much of an edge the rest of the half and it was not until the last minutes of the third quarter that Charlevoix tallied again on a 20-yard end run by Martin. Later Boyne actually crossed the line on a forward pass but they were penalized for pushing and the play called back.

Two Passes Score

Soon after the start of the fourth period the Ramblers hit pay dirt on a sustained drive culminating in a touchdown pass, Everest to Scott. This only served to steam up the Rayders and after an exchange of fumbles, they marched 60 yards to score with Dick Jolliffe going over from the 4-yard line.

The final touchdown came on a pass, Martin to Case, following Boyne's fumble on the kickoff. The play covered 30 yards.

The starting lineups were:

Charlevoix		Boyne City
Case	LE	Scott
Gibbons	LT	Corvell
Shadko	LG	Kirby
Fairbanks	C	Moore
Loper	RG	Newkirk
Potter	RT	Tompkins
Hamlin	RE	Miller
Barber	QB	Waggoner
Martin	LH	Shaler
J. Jolliffe	RH	Everest
D. Jolliffe	FB	Maves

Shaws to Go West

Mr. and Mrs. Robert Shaw and children expect to leave Charlevoix about the 15th of the month and are going to southern California to make their home. They plan to drive and will make it a real vacation trip enroute.

New Poultry Processing Plant Will Have Open House Oct. 16

With almost all the machinery in place, the new poultry processing plant is nearly ready and an open house for all the community is being planned formally to celebrate its opening.

That will be Oct. 16 from 1 to 5 p. m. Fred Willis, manager of the new cooperative, says there will be a supply of poultry on hand and the machinery will be operated to show visitors how it works.

The invitation is for everyone, both in town and country.

Work still remaining to be done is to clean up the yard, connect the boiler, finish the wiring and install one minor piece of equipment.

Wednesday Last Day to Register For Fall Election

Next Wednesday will be the last day voters can register for the general election on Nov. 2.

On that day the office of the City Clerk at City Hall will be open from 8 a. m. until 9 p. m.

Township clerks likewise will be at their homes for taking the names of electors.

Voters who have already registered but who have changed their name or place of residence within the city are warned that the correction on the registration books must be made on or before Oct. 13. It has been the custom of the voter to make that correction when he comes to vote on election day. From now on the corrections will not be accepted at that time and the person will lose his vote.

Don't forget. Check your registration before the closing date on Oct. 13.

NBC Star to Give Concert Here At School On Oct. 25

Two NBC stars will come to Charlevoix Oct. 25 to present a concert.

They are Robert Drumm, pian-

Robert Drumm

ist, and NBC's singing star, Fred Thomas, baritone.

The concert will be at the high school auditorium at 8:15. It is sponsored by the school. Committees will be announced next week and tickets will be placed on sale soon.

Missionary Rally Will Be Friday

Charlevoix will be host to the Northern Michigan Missionary Rally of the Church of God this Friday.

Rev. Thomason of Boyne City will be the speaker.

Mr. and Mrs. Marshall Ackert had as their guests last week the latter's brothers and sister-in-law, Mr. and Mrs. Roy Marshall of Rockford and William B. Marshall of Lansing.

Knight Owls Scalp Visiting Beaver Tribesmen, 16-1

The Beaver Island Braves were scalped Sunday 16 to 1 by the Charlevoix Knight Owls in a return game played here.

The Braves, obviously unaccustomed to fast ball pitching, were soft touches for the Charlevoix hurlers, Supernaw and Gallegher who whiffed 14 hitters between them. Perry Smith, after an easy summer at the Post Office surprised everyone, including himself, by hitting four out of five to lead the batting parade for Charlevoix.

Aside from the pitching the teams were quite evenly matched. The Braves left vowing they would return to take the third and deciding battle.

Leaders Named for Scout Troops

The Girl Scout Council met Monday evening and announced new leaders for three of the troops.

Mrs. Franklin Curtis and Mrs. Fay Davis will be leaders for Brownie Troop 7 which will meet in the Kindergarten room on Mondays.

Edith Olach and Betty Strehl will take over Intermediate Girl Scout troop No. 3. They will meet at City Hall on Wednesday. Mrs. Harry Ladd and Elaine Edwards will be in charge of Intermediate Girl Scout troop 8 who will meet at City Hall on Thursday.

Mrs. Robert Richards, president of the local council, was named as a delegate to the Regional meeting to be held in Detroit Nov. 10-12.

Nowlands to Mark 50th Anniversary

Mr. and Mrs. Archie Nowland, former residents now living in Rhinelander, Wis., will celebrate their golden wedding anniversary on Oct. 7.

The couple were married in Charlevoix and left soon after to make their home in Wisconsin where Mr. Nowland was a railroad man for many years, retiring several years ago. Mrs. Nowland is the former Katherine (Kate) Shores.

Bear Stories Getting Common

Bear, real live black ones either are getting plentiful in Charlevoix County—or else one bruin is covering a lot of territory.

The section of the county between the South Arm of Lake Charlevoix and Lake Michigan has supplied half a dozen prime bear stories this summer.

Roy Myers, postmaster at Ironton, took a drive over to Norwood on the big lake a couple of Sundays ago. He almost ran over a plump blackie ambling across the road. When he told about it at Norwood, folks there took it casually. Bears had been reported all summer up by Fisherman's Island.

In June Walter Kemp, farmer between Ironton and East Jordan, found one of his cows with her sides badly torn by a bear's claws. This particular cow had learned she could chase the Kemp's black dog. Walt's theory is that she saw a bear out in the pasture, figured it either was the dog or enough like Fido so it would act the same, and playfully started to run the bear out of the field. Quite evidently it didn't run.

In a three-cornered bear vs cow vs horse fracas on Sept. 17 the bear definitely came off worst. It happened down in the Dear Creek section. Claude Pearsall has a heard of ten Holsteins which he pastures across the road from Ralph Thompson's home.

Running with the cows is a horse of Thompson's. That evening Thompson suddenly heard the horse start squealing. Over in the pasture was a big bear in the act of knocking down one of the cows. It scored a clean knockdown.

Right then the horse pitched in, attacking with fore feet and teeth. Immediately it swung around and kicked. That sent the bear rolling. Thompson grabbed a shotgun and let fly just on general principles.

The bear headed for the woods and kept going. The next day he and Pearsall looked over the cows, which still were wild, but could find no marks. However, they figured that any sane bear would tackle the smaller ones. A couple of days later he happened to examine the largest Holstein in the bunch, weighing nearly 1600 pounds. There were two gashes on her ribs.

May Be Flattery But No Fun

One of the profs down at MSC says that the farmer should feel flattered for being blamed for all these high prices and inflation.

That sentiment means, he explains, that folks believe the farmer has the ability to set prices and so has boosted them up. This isn't so, he points out but he insists that the faulty belief still is flattering.

It may be flattering, but if I were a farmer I would happily do without it. I would far prefer to have folks think straight and realize how little the farmer has to say about that he gets.

The high prices result from a shortage of consumer goods. This shortage is due to the years of war production and to the generally lowered productivity per man hour of industry since the war.

If government would quit spending so much, and if industry and labor would start producing more—then we'd lick this inflation. But the farmer shouldn't be blamed.

Citizens Dodge Duties Here At Home, Cause Much of Present Trouble, Problems of State

By L. E. Towa

Citizens here in Charlevoix county are to blame for most of the troubles which are plaguing the State of Michigan today.

We aren't the only ones to blame but a share of the fault can certainly be laid at our door.

Friday afternoon I listened for three hours to a panel of five high ranking state officials tell about their troubles. One chord ran through all their remarks—

"If you folks back home would look after your own responsibilities, taxes would go down and much of our present state difficulties would be solved."

They pointed out how our individual indifference to our own personal responsibility was making each of us pay extra dollars every week. Not only are we wasting money, which we pay as taxes, but we constantly are making conditions worse.

The occasion was the annual University Press Club meeting at Ann Arbor. The speakers were John A. Perkins, State Controller; Joseph W. Sanford, Corrections Commissioner; W. J. Maxey, director, Department of Social Welfare; Dr. Albert E. Heusts, Health Commissioner; and Dr. R. L. Dixon, Acting Director, Department of Mental Health.

Instance after instance was cited showing how local laxness was forcing Lansing to take up a certain burden, at greater cost and less efficiency.

Take Old Age Assistance. Children, financially able to care for an aging mother or father, find it easier or less bothersome to shunt them off on public relief. The money seemingly comes from a distant source and doesn't hurt or cost anyone here at home.

If the counties had to pay for that upkeep, public pressure would force children to care for thousands of cases that now are public charges, and everyone would be better off.

(Incidentally, persons on Old Age Assistance can earn up to $14 extra a month at "occasional" work without jeopardizing or lessening their checks.)

There are hundreds of cases, particularly in the county infirmaries, of close relatives being placed there at public cost because a son or parent or brother didn't want to be bothered with the care of a troublesome individual in the home.

Along that line, Michigan today has far too many insane and feeble minded individuals. They are cared for at public expense but the public has not yet awakened to the crying need for cutting down on the pyramiding supply by refusing marriage licenses to subnormal individuals.

The schools are a shining example of how the public has shifted responsibility to the state. With three quarters of the operating funds coming from Lansing, school meetings are poorly attended and the citizen feels he has little interest or influence in his educational system except as it effects his child.

But if three-fourths of the cost of operation could be levied locally, how that money is spent would become of vital interest.

Circuit judges can be one of the major factors in boosting public spending. Last year, for example, 954 first offenders were sentenced to state prisons. There it costs between $900 and $1000 a year to keep them. Probation under close supervision costs only $40. And most of those first offenders would be better off and likely to become better citizens by staying out of prison.

Divorces are granted too easily in cases of families with children. Perhaps the parents don't get along, but all too many fathers, once divorced, duck the load of supporting the children. That leaves the state with the task of paying for the groceries and trying to catch up with the father, which in itself is costly.

There is no question about the prison sentences and the divorces being strictly according to the law. But something more is needed—a public opinion which will support the judge who protects the public—and quickly condemns the ones who makes the easy decision.

Charles Pischner arrived during the week to accompany his wife and family back to their home in Green Bay, Wis. Mrs. Pischner, her two sons, Mrs. Mamie Gallagher, her mother spent the summer on the Island. As a farewell gesture the Pischners entertained 25 friends last Wednesday evening.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Lake Michigan has been on very good behavior during the past week. Crossing to the mainland has been a pleasure.

Father Giles left on Monday's boat for Petoskey to attend the Forty Hour Devotion at St. Francis Xavier's church. Father returned Tuesday.

Dr. and Mrs. Russell Palmer returned to the Island Tuesday after a vacation to Canada and side trips along the way.

An attractive addition to the younger set is Jill Smith, neice of Dr. and Mrs. Palmer. Jill returned with her uncle and aunt for an indefinite stay on the Island.

Tuesday evening in the Parish Hall the members of the Blessed Virgin's Sodality held a benefit party, the proceeds to go towards a juke box for the hall.

Tuesday, the school children said good-bye to class rooms for the rest of the week. Sister Gilbert, Sister Rose and Sister Rose Alma left on Wednesday's boat to attend the teachers institute in Petoskey.

Although the children were free from school, there were dental appointments to be kept with Dr. Faber, who has been a busy man.

Judy Palmer has come to the Island to visit his father, Jerry Palmer. Judy came direct from Alaska where he fishes in and around Kechikan.

85,000 feet of lumber cut from the old Antrim Iron property, now owned by Charles Zeibrath is being piled on the lumber loading dock for shipment to Zelbarth's factories in Grand Rapids and Carey, Ohio.

Mr. and Mrs. Ward Bennett, Mr. and Mrs. John Lambkin, Empire, spent a short vacation on the Island recently. Mr. and Mrs. Bennet have been coming to the Island for the past 30 years.

Three weeks ago, Vernon LaFreniere's lot was leveled off on Back Beach. Now a white cottage with red trim stands on the lot, the speedy work of Walter Wojan, contractor and Jack O'Donnell, assistant.

Sunday morning Masses were at 8:30 and 9 to accommodate the cedar Beavers who wished to attend the ball game in Charlevoix. The North Shore, loaded with passengers, left the Island at 9 a. m.

Mrs. George Miller has organized a sewing club for the high school girls. Mrs. Miller, an expert with patterns and sewing, will conduct classes on Friday evening in the home of Mrs. James Elms. Their initial meeting was held this past week.

Friday evening, Dr. and Mrs. Russell Palmer entertained the children who took part in the musical playlet, "Cinderella" and the adults who assisted with their talent. The evening was spent enjoying music and dancing. Refreshments were served.

Word has been received that Mr. and Mrs. John Petrnard, Chicago, are the proud parents of a son, born Sept. 28. Mrs. Petrnard was the former Sadie Gallagher.

Saturday, Mr. and Mrs. Lloyd McDonough flew to Charlevoix where they were met by Mr. and Mrs. Lee Cuddington, Grand Rapids. The foursome remained over Sunday to see the ball game. After the game, Mr. and Mrs. McDonough drove to Montague to visit Mr. and Mrs. David Pike Wednesday, Mrs. McDonough will

Homer Believes In Service Motto—Daughter Finds He Lost $5 Bill As Birthday Present

Miracles do happen in this city—at least that is what Homer Beaty believes this week. Monday night while the [illegible] Homer had the misfortune to lose a $5.00 bill. He reported the loss to his family.

Monday, Billie [illegible] her way to school on her bike. Passing the corner she thought she saw something green among the leaves and papers blown against the curb. She went back and sure anough there was a $5.00 bill. Billie took the money and gave it to the Sister in charge of her room at school, as is their custom when anything is found. Later in the day Homer called the school and identified his bill and got it.

Marriage of Former Resident Announced

Mr. and Mrs. Francis A. Noonan of Marblehead, Ohio, announce the marriage of their daughter, Muriel to Charles Wiedenhoft, Jr., son of Mr. and Mrs. Charles Wiedenhoft, Sr., of Marblehead on Sept. 10.

After a wedding trip to Niagara Falls and the East the couple will make their home in Marblehead. The Noonans are former Charlevoix residents.

The Inn Line . . .

For more or less a year, Mr. and Mrs. Carl Cornelius of Chicago have been coming to Charlevoix about this time of the year for their vacation. They have made many friends and they fully enjoy the beauty of the north plus the quiet it gives them after the confusion of a large city. This year they decided it would be different and that they would go to New Orleans. They got the usual travel material, read up about it, looked up routes. When all was ready, Mr. Osterhage looked up at his wife and quietly said, "Let's go to Charlevoix." By the look on his face he knew that was her wish too, so here they are in Charlevoix for a two weeks outing . . .

Alvin Goldman, Mr. and Mrs. Jack Goldman and Mr. and Mrs. Gil Rosenthal of St. Louis are expected this week end for a couple of weeks vacation. If you see a beautiful new cruiser out on Lake Charlevoix during that time you will know that it is Jack's new boat "The Ranger" that will be getting a real workout . . .

Our deepest sympathy to Mrs. Ralph Hamilton. Breaking a leg is tragic enough but to have the loss of a father on top of that—it seems that her cup of trouble really ran over the brim . . . Remember this is fire prevention week over the land and attention is especially directed to rural residents to eliminate fire hazards on their farms . . . It was a big night over in Boyne City this week with Governor Kim Sigler honored at a banquet at the Dilworth Hotel.

Passengers Hurt As Truck Hits Car

Mrs. Ralph Hamilton is a patient at Little Traverse Hospital Petoskey, where she is recuperating from injuries received in an auto accident near Petoskey Thursday morning.

She suffered fracture of both bones in the lower left leg, severe lacerations of her left arm and other abrasions and bruises when a Charlevoix Limestone truck skidded on wet pavement near the Emmet county fairgrounds and struck the left side of her car.

Deanna Left, 9, who with her mother, Mrs. Gerald Left, were passengers in the Hamilton car, suffered fractured ribs and lacerations and remained in the hospital for treatment. Mrs. Left was treated for bruises and was dismissed to her home.

Frank Lamphear of Boyne City driver of the truck, was held on a reckless driving charge. The Hamilton car was badly damaged.

Alcoholic Is Sick Person, Psychiatrist Says

[illegible] the 12 steps to [illegible] by Alcoholics Anonymous and how difficult it would be for a normal person to follow them was told by a well-known Detroit psychiatrist at an open meeting of A. A. [illegible] Odd Fellow hall in Petoskey. Sponsored by the Charlevoix group, approximately 100 including a group from Traverse City, several from Charlevoix and 50 from Petoskey attended. The meeting was to explain AA to interested persons.

The speaker, who has been a member of AA for 7½ years, went on to explain that alcoholics are mentally ill and that they need help just as a person who is physically ill. He also stated that the worse the case the easier the person is to manage once he comes to AA for help. Another thing he emphasized was the fact that the spouse of an alcoholic must be educated to many things before he or she can be of assistance to the respective mate.

One of the cardinal rules of the organization is that a person must want to be helped before AA will step in. Once an alcoholic asks for that help and receives it, he learns that in aiding others he is helping himself.

Charlevoix is only one of many groups being organized in northern Michigan. A Petoskey group is being started as a result of the meeting.

BABY TALK

Births registered at the Charlevoix Hospital recently include:

A son, Glenn Ray, Jr., son of Mr. and Mrs. Glenn R. Gee of East Jordan on Sept. 26.

A daughter, Barbara Ann, born to Mr. and Mrs. Charles B. Levinson on Sept. 30.

A son, Ronald Ross, born to Mr. and Mrs. Frank Case on Oct. 1. Mrs. Case is the former Thurl Kane, daughter of Mr. and Mrs. Milo Kane.

A daughter, Janice Arlene, born to Mr. and Mrs. Edward Feildstra of Ellsworth on Oct. 2.

Girls Rescued From Capsized Boat Here

If you ever lose money after saving it all long and think the other [illegible] from the Mackinac Straits to the Coast Guard station, is was Margie [illegible] and [illegible] Catherine [illegible] of Beaver Island.

The two girls went to Charlevoix on Saturday morning's boat to shop during the hour and a half lay-over. With shopping over, they stopped in a down-town restaurant to get a hamburger with all the trimmings. Suddenly they realized it was time for the boat to depart.

When they reached the dock, their hearts sank but their lung power rose loud and fast. The North Shore was on its way towards the channel.

A passenger heard the shrill cries and notified the pilot. The girls were told to get down to the Coast Guard station and the boat would pick them up.

Potato Grading Demonstrations Will Be Given Monday

Potato graders, loaders, and dealers will have an opportunity to see demonstrations of potato grades and standards in a series of meetings. The purpose of the meeting is to acquaint those concerned with potato marketing with grading procedures and standards before the heavy shipping season begins.

Demonstrations will be conducted by Earl L. Biddick, federal supervisor for the fruit and vegetable inspection service of the state department of agriculture which is cooperating in the demonstrations. Those attending will see potatoes graded and hear an explanation of why potatoes fall in different grades.

The meeting begin at 8:00 p. m. and is scheduled for Boyne City on Oct. 11.

Food, Furnishings Needed for Family

Again in response to an appeal made last week by the Red Cross for clothing for the Hull's seven children, who are at home and for furnishings for the house. Among the items still needed however, are beds, mattresses, bed clothing, pillows, as well as cooking utensils, dishes and cutlery. Also needed in the furniture line are dressers' or chests of drawers, chairs, a kitchen table and cupboards. Other items which are needed are towels, mop pail, dust pan and any small kitchen utensils as well as the larger cooking pans.

The Red Cross is also asking that each family who can afford it give at least one jar of canned fruit or vegetables. Mrs. Jack Reed, home service worker of the Red Cross, said that one jar from each family would go a long way toward replacing the dozens of cans of fruit and vegetables canned by Mrs. Hull

School Closes for Potato Harvest; Most Crops Good

Ellsworth—Pupils of the two local schools Monday started a two week vacation in order to help in harvesting the potato crop.

The crop is reported as extra good and some yields of 350 bushels per acre have been harvested.

The pickle crop this year also was good and, due to the long growing season, the tonnage at the local salting station of Heinz & Co. was about double that of last year's big crop. The pickle station closed last week.

Jay Kuiper of Fairview will start harvesting his crop of sugar beets this week and he is one of the first to start on this crop. Ernest Brown of Essex was the first farmer to bring in this year's cob corn to be ground at a local mill and the quality was excellent. The yield on corn in this vicinity is also good.

Ellsworth Notes

J. Timmar, Reporter

Mr. and Mrs. Mint Piersema of Grand Rapids were week end guests at the home of her mother, Mrs. Martha Brock.

Mrs. Harold Sustead left Sunday for a visit in Detroit.

Mrs. Margaret Peebles left Sunday for Detroit where she expects to be employed this winter.

E. R. Wilson has moved from his farm south of town and expects to spend the winter at the home of his son and daughter-in-law, Mr. and Mrs. Emory Wilson.

Mr. and Mrs. Martin Van Til of Ripon, Calif., arrived Wednesday for a visit at the home of Mr. and Mrs. Herman Fielstra of Pleasant Hill.

Woman Is Killed, Three Nuns Hurt In Detour Crash

A Rogers City woman was killed and three Mercy nuns injured at 10:30 Sunday morning when their car skidded in loose gravel on a detour near Bay Shore and overturned, pinning the driver of the car under the wreckage. The dead woman was Mrs. Ruth H. Henderson, 47, who died of a broken neck and other injuries. The injured were Sr. M. Flocella Schulist, Sr. M. Eileen Tobin, who suffered lacerations, and bruises and Sr. M. Oswald, who had possible chest injuries. They were taken to Little Traverse Hospital in Petoskey.

Mrs. Henderson was the wife of Norman R. Henderson, chief engineer of the freighter Robinson of the Bradley Transportation Co., of Rogers City. He was at Ludington at the time of the accident and arrived here Sunday evening. Besides her husband, Mrs. Henderson is survived by one daughter, Margaret, 13.

The body was taken to North Easton, Mass., the family's former home for funeral services and burial.

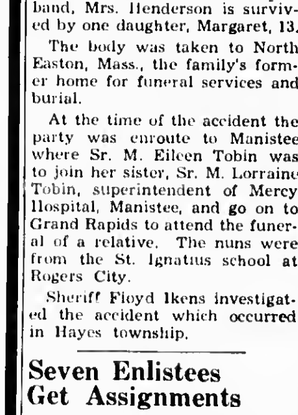
At the time of the accident the party was enroute to Manistee where Sr. M. Eileen Tobin was to join her sister, Sr. M. Lorraine Tobin, superintendent of Mercy Hospital, Manistee, and go on to Grand Rapids to attend the funeral of a relative. The nuns were from the St. Ignatius school at Rogers City.

Sheriff Floyd Ikens investigated the accident which occurred in Hayes township.

Seven Enlistees Get Assignments

Seven of the boys who enlisted in the Army Air Forces at the same time last June have completed basic training and have received their assignments.

Pvt. William Peterson and Pvt. David Hardy have gone to Biloxi, Miss., where they will attend radar school; Pvt. Glenn Cook has gone to Cheyenne, Wyo., to attend electrician's school; Pvt. Clifford Lagerman and Pvt. Dick Donaldson expect to be home this week end for a furlough before going to clerk-typist school at Cheyenne; Pvt. Don Zeitler and Pvt. Bernie Zeitler will go to Florida.



Ruth Butler Makes Fine Record At Business School

(Continued from page one)

hip, leg and left ankle.

For more than a year she was forced to use crutches. But with the resiliency of youth she never let that slow her up and, although she had missed a full year of school, she returned the following year on her crutches and worked twice as hard as before.

Ruth's parents today say that probably the happiest day of their lives came when Ruth learned to walk again.

The slight limp with which she still walks has in no way dulled her love for life. She does all the things young girls do—even to dancing. After the family moved here four years ago, she got a job at the Central Drug store, where she has worked for the last two summers, asking no quarter because of her handicap.

The handicap also served as an incentive for her to excel in something and that something has been her school work. As a result of her hard work she was valedictorian of her class. Her sister, Joyce, 19 months younger, was salutatorian.

Now she is starting her second year at business school where she has kept on making excellent grades and has almost a straight A average. Aid from her parents and arrangements by the Vocational Rehabilitation office at Traverse City enable her to attend business school.

What her teachers at Northeastern School of Commerce think of this plucky lass was revealed in a recent letter from M. W. Cochran, vice president of the school. In part it said: "At no time throughout her school career has she given in to her handicap either physically or mentally and she has gone ahead and built an enviable record for herself. While attending here, she has been very active in church work by singing in the Methodist choir as well as doing young people's work.

"In all the time she has been with us she has only lost four days of school because of illness, and I personnally feel that there were many times when she could find an excuse to stay home, but her determination is such that she is bound to do a good job in anything she undertakes.

"I trust this will give you some idea of what we think of Ruth, and you can rest assured that she is one girl who will get ahead."

When she completes her course in November, the school will attempt to find her a satisfactory position.

Because the week of October 4 is "Employ the Handicapped Week" this is being published in the hope that it will serve as an inspiration to others and as a motivation for employers towards the further employment of the handicapped.

Get The Truth!

Called on my good friend "Cappy" Miller, who edits the County *Bee*, the other day. And hanging up on the wall of Cappy's office is this slogan for his paper:

"Remember there are two sides to every question. Get both sides. Be truthful."

A good slogan . . . not just for a newspaper—for people, too. Because there'll always be two sides to every question: the side of those who vote one way, and those who vote another—the side of those who enjoy a temperate beverage like beer or ale, and of those who swear by nothing but cider.

And from where I sit, once you've got both sides—and faced them truthfully, you realize that these differences of opinion are a precious part of what we call Democracy—the right of the individual to vote as he believes, to speak his mind, to choose his own beverage of moderation, whether beer or cider.

John M. Cherney Rites Wednesday

John M. Cherney, 79, died early Sunday morning at the home of his daughter, Mrs. Ralph Hamilton, with whom he had lived for the last two years.

Funeral services were held at St. Mary's church at 8 a. m. Wednesday with Rev. Leo Zielinski officiating. Burial was in St. Mary's cemetery.

Born in St. George, Austria-Hungary, on March 3, 1869, he was married to Margaret Wiger in 1899. He came to this country in 1910 and lived in Cincinnati, Ohio, until coming to Charlevoix in 1946. His wife preceded him in death in 1926.

Besides Mrs. Hamilton he is survived by another daughter, Miss Velma Cherney of Cincinnati; and two sons, John of Texas and Nicholas of Cincinnati; six grandchildren and one great-grandchild.

Do you make life insurance loans?

Yes! We make loans based on the "cash surrender" or "loanable" value of life insurance policies. You sign a note and an assignment form, then leave the policy with us as collateral for the loan; the policy remains in full force. When the loan is repaid, your policy is returned to you. This is a convenient way to borrow because a loan of this type may be readily obtained.

Throughout the summer and fall squirrels are mighty busy. These provident animals obtain and store ample stocks of winter food. Then when winter comes they are ready for it.

Providential householders also prepare for winter during warm months by filling their fuel oil tanks from our presently ample stocks. This in turn, permits bulk stations to maintain a full supply of oil for distribution later.

To insure oil heat all winter it is necessary to keep a balance between the oil supply and the season's demand—therefore it is vital that your tanks and ours be kept full at all times.

May we fill your oil tank NOW?

Newlyweds Visit Home Of L. C. McDonalds

Rev. and Mrs. Howard F. McDonald of Coral were guests here last week at the home of his parents, Mr. and Mrs. Lewis C. McDonald on Route 1, following their marriage Sept. 25 at Albemarle, N. C.

Two weeks ago Rev. McDonald, who has been pastor at the Coral Methodist church for four years, went to North Carolina with his parents. There at the First Street Methodist church he and Miss Sarah Ramelle Lowder of Albemarle were married. The newlyweds accompanied the McDonalds back to Charlevoix, arriving last Wednesday evening. They stayed here until Friday when they left for their new home at Coral.

Mrs. McDonald is the daughter of Mr. and Mrs. L. C. Lowder of Albemarle. She was graduated from Scarrit College, Nashville, Tenn., and for the past year has been director of youth work in Methodist churches at Baltimore.

Rev. McDonald is a graduate of Central Michigan College and Drew Theological Seminary, Madison, N. J.

The elaborate church ceremony was followed by a wedding supper at the home of the bride's parents.

Shakespeare Mambars Discuss Year's Program

The initial meeting of the Shakespeare Club for the year was held Monday afternoon at the Nautical with a fish luncheon.

A short business meeting followed with Mrs. George Haggard giving a greeting to the club and the members discussing the program for the year. The next meeting will be held with Mrs. Florence Milward.

Closed Season On Lake Trout Nears

The annual closed season on lake trout in Michigan waters of the Great Lakes is only a few days away, the conservation department's fish division is reminding commercial fishermen.

In Lake Huron the season is closed from Oct. 1 to Oct. 31, in Lake Superior from Oct. 10 to Nov. 4, and in Lake Michigan from Oct. 10 to Nov. 10 inclusive.

The statute banning the taking of lake trout during their spawning season to allow maximum natural reproduction of the fish in the lakes has been in effect for many years. The conservation department is again following its long-established policy of issuing no permits to take spawn during the closed season. It is expected that all the trout eggs needed to supply state fish hatcheries will be obtained when the season reopens.

Workshop Meeting Held By Garden Club

Mrs. Trina Nelson was hostess to the Garden Club Tuesday afternoon, the occasion being a Workshop Meeting.

Each member brought some flower arrangements and told of its composition. Most unusual effects were achieved.

Fifteen members and one guest were present and a social hour followed the serving of the refreshments.

• Mr. and Mrs. George Papineau of Dearborn who brought Mrs. Leo Carey, Mrs. S. E. Coleman and daughter, Martha home from southern Michigan, spent the week end here and then went on to St. Ignace to visit relatives. They will then return to Dearborn via he Soo and Canada.

Drunken Driving Brings Fine, Jail

Andrew Johnson, 27, charged with driving while under the influence of intoxicating liquor, was sentenced to ten days in jail, ordered to pay a $75 fine and $10 court costs and had his driver's and chauffeur's licenses revoked for one year in Justice Court Monday before Justice H. E. Paddock.

The charge was made after he became involved in an accident with three other cars on south Bridge Street at 6:40 p. m. Sunday.

The accident occurred between Garfield and Lincoln avenues, when Johnson, driving a '38 Chevrolet north on Bridge street at an excessive rate of speed, sideswiped a 1929 Pontiac driven by Grant Ferguson of Hayes township on the right side. Johnson's car then skidded across the street and struck a 1947 Packard of the Charlevoix Cab Co., owned by Chuck Powell and which was parked in front of his residence at 807 Bridge street. It pushed the cab over the curb and forced it into a 1946 Ford parked just ahead of it which was owned by Richard Foster, also of the 807 Bridge street address.

The Charlevoix Cab car was badly damaged while the other vehicles sustained minor damages. The Johnson car also was badly damaged.

Johnson was taken to the Charlevoix Hospital where he was treated for facial lacerations and bruises. Police officers Homer Brady and Joe Smith investigated.

Dickens Club Take Color Tour By Lake

Monday was the opening of the club year for the members of Dickens Club and the occasion was marked by a luncheon at Grey Gables at 1:30.

Mrs. Margaret Bowman, incoming president, greeted the members. All past presidents of the club were honored. Each one received a miniature corsage tied with the club's colors. Club programs also were distributed.

The closing feature of the afternoon was a color tour made by the club along the shores of Lake Charlevoix.

News of folks, your neighbors and mine . . . but did you know that--

To prove to folks that even an election of officers for their organization can be made into an outstanding evening of fun, the Congregators last week staged a mock convention, even unto the red, white and blue bunting (or was it crepe paper?) The clever plans were laid out by Mr. and Mrs. Charles Bleha, Mr. and Mrs. Clarence Odmork and Mr. and Mrs. Bill Supernaw. When the smoke of the election battle had cleared away Bob Miles had come through as victor for the president's chair and Ann Higman was the secretary-treasurer.

Oh, why did the rains have to come and wash away so many of our beautiful red maple leaves? Now we can look forward to Indian Summer days and they can't come too soon after the few days of "lawery weather" so aptly described by Linda Camphell . . . Several persons from Charlevoix drove to Mackinaw City Sunday to attend the dedication ceremonies of the Blue Star Memorial Highway.

Marie Heise is a pratty sick girl at the Charlavoix Hospital . . . Coming back from Ann Aabar this week end we raalized that hunting season was really upan us when wa saw a car approaching with a buck tied on the frant fender. Sama fallow had gaod luck with his baw and arrow.

Mr. and Mrs. Robert Neff and family of Newberry stopped Sunday to see their parents, Mr. and Mrs. Lance Neff, enroute to Niagara Falls where the folks were going on a vacation jaunt . . . Dr. and Mrs. Carlton Dean were week-end guests of Mr. and Mrs. Archie Livingston. It was from doctor himself that we were told of the strange marauder in their home about ten days ago. Arriving home from Detroit, the Deans unlocked their front door only ta find the living room in a mess. A floor lamp on the floor, broken china and pottery, a ruined French window, badly torn curtains, broken glass. Later in the day the culprit was seen standing in the middle of the dining room, a fox squirrel. Some of the choice pieces of porcelain and old glass on the mantle were rare antiques brought to them by their son, Robert from abroad. The damage amounted to $500 and several of the objects are not replacable.

Have yau naticed Brad Faster's dahlia garden which is in full blaam aut on Petoskey Aveanue. It's a baautiful sight . . . Mrs. Sadie Faulkner is spending twa weeks in Detroit visiting her sister and other relatives . . . Daug Gallery down in Cara said that he had seen many signs af a father and san in business, but it took a trip ta Jahnstown, N. Y., ta see a sign af Frank T. Hester and Daughtar.

The Elmer Barber family is surely having its seige with hospitals. Bonnie, who has been in Saginaw for some time in a hospital following a recent automobile accident, entered the Charlevoix Hospital Monday night to undergo another operation for the removal of the plate and wire that had to be used to fix her shoulder in the accident. This makes the third accident for Bonnie in seven months. Well, three times and out as the old saying goes . . . Then Mrs. Frances Garvey, mother of Mrs. Barber, is still in the hospital in Saginaw and not coming along as well as hoped. The payoff was their son, Eugene in California. Nothing had been heard from him for two or three weeks. Then they received a letter telling of a bad infection in both hands which necessitated lancing . . .

Everyone spoke too soon. Happy and proud that there were no drownings last summer, everything was ruined when the tragic accident happened Saturday in the Round Lake channel . . .

Are you one of those folks who forgat to register and won't be able to vata in the Novamber election. Shame on you! . . .

It's no wonder some folks are having high blood pressure these days. If Cleveland had not won the World Series I do not think some folks could have hung on much longer. Then every Friday and Saturday blood pressures take terrific jumps when the football games are on, both our local teams and college teams. What an upset the Michigan-Purdue game was Saturday with a 40 to 0 score. Now the presidential election is in the offing with each day a

Gov. Sigler Gets Gift of Perch on His Visit to City

Pledging himself not to seek appointment to the United States Senate if reelected, Gov. Kim Sigler quashed a lot of rumors when he spoke at Boyne City last Wednesday night.

It was the first visit and speech he had made in Northern Michigan during this campaign.

Saying little about his administration or state affairs, Governor Sigler paid tribute to Gov. Thomas Dewey. He told of working with him in the annual governors' conferences.

"I'm always amazed at the depth and breadth of the knowledge of this man Dewey," he said, in telling of how Dewey always seemed to have the best analysis of any subject which came up, whether schools, taxes or other public problems.

Governor Sigler also expressed his approval of the work Northern Michigan is doing to inform the rest of the state of what it has to offer before and after the usual tourist season. Up here we have an all-year resort area he stated and it will pay Michigan and the Middle West to appreciate what the North offers.

The Governor and five newspapermen flew in Wednesday afernoon to the Charlevoix airport, Sigler piloting his own private plane. Thursday morning as he was leaving, S. E. Coleman of the Board of Commerce presented him with a package of Lake Charlevoix perch on behalf of the city and county.

Search Still on For Missing Body

Dragging operations were continuing Wednesday for the body of Mrs. Marie Verberg, 45, of Grand Rapids who was drowned in Round Lake Saturday about 4:30 p. m.

Officer Joseph Etienne of the Coast Guard says he believes that the body is lodged in one of the deeper holes which pit the bottom of the channel near the Belvedere bayou where the rowboat carrying Mrs. Verburg and William C. White, 51, capsized.

White's body was recovered at 5:10 Monday by the picket boat. It was lying at the edge of the dropoff where the depth goes from 18 to 35 feet and probably at the spot of capsizing as the fishing rods were found in the same place.

From this Etienne believes that Mrs. Verburg's body, clad in a fur coat, likely sank close by as she clung to the overturned boat for only a short while. He also questions the theory that there is a strong current along the bottom.

High winds have made the work of dragging doubly difficult. Wednesday the boat planned to anchor and work the area of the deep holes thoroughly. The bottom there is littered with logs, stumps, tree limbs, ruhbish and the crew has recovered a lot of fishing tackle.

The accident took place during the storm as the couple were returning from Lake Charlevoix in a rented outboard boat. Experienced folks here beached their boats in the lee of the Belvedere but evidently White thought he could bring the craft back.

Etienne believes that something must have gone wrong right where the full force of the waves and the 45 mile wind hit them at the end of the channel. The motor quitting, a big wave, getting into the trough—any of these things could have put the small boat sideways and rolled it over.

Elden Potters Buy Moore's Station

Mr. and Mrs. Elden Potter have assumed management of the Moore Shell Service located at 1308 South Bridge street and Carpenter ave.

Board Debates Putting Charge On Ironton Ferry

There is a decided likelihood that the only free highway ferry in the United States will become a victim of the rising cost of everything and cease to be free.

In other words, the Board of Supervisors meeting this week is seriously considering the proposition of charging a toll for riding across the South Arm at Ironton on the ferry. At the opening session of the October term Monday, Board Chairman Arthur Bergeon appointed a special committee to consider the pros and cons and confer with the standing Ferry Committee. The joint report will be brought probably on Friday.

The special committee consists of Barney Milstein of East Jordan, Howard Stephens of Hayes and George Haggard of Charlevoix. The standing committee is William Sanderson of Eveline, Talmon Brudy of Boyne City and C. B. Meggison of Charlevoix.

Several factors are making the change seemingly necessary. It costs nearly $7000 a year to operate the ferry. The engine has been working for 22 years; a new one would cost $25,000. Wages are still too low.

It has been suggested that a ferry charge of possibly ten cents for cars be made, and this money put in a sinking fund until enough is accumulated to replace the engine when and if necessary.

The bulk of the work coming before the Board this week is financial. Various groups have or will be appearing before the Board to present their needs for the coming year. Among these are welfare, advertising, the city and township clerks.

The appropriations and city and township clerks committees are at work this week checking over these requests and setting up the county budget and spreading the tax for 1948.

Mary Margaret Sold, Will Go On Mackinac Run

The motorship, Mary Margaret, of the Charlevoix-Beaver Island Transit Co., has been sold to the Arnold Transit Co., of Mackinaw City, Capt. Leroy Allers, co-owner of the boat, has announced.

The boat will leave the harbor this week for the Straits of Mackinac where it will go into service on the St. Ignace-Mackinac Island-Mackinaw City run. During the fall season it will be the only boat on the run, the new owners have told Capt. Allers.

Plans call for the remodeling of the boat which will include the removal of the upper passenger cabin and the construction of a new cabin below which will extend to the outer rail.

The boat has been on the Charlevoix-Beaver Island run for the last 12 years. Capt. Allers, who has operated the boat, has no immediate plans.

Youth Temperance Council Started

A meeting to organize the Youth Temperance Council was held at the home of Mrs. John Funk on Monday evening. Mrs. Mary Kerr was named general secretary.

FIRST TIE

Rayders to Meet Harbor

By John Knight

In a game marred by inept officiating and highlighted by vicious tackling on both sides, the Red Rayders of Charlevoix and the Crimson Wave of East Jordan battled to a scoreless tie Friday at the latter's field.

The statistics were virtually even. Charlevoix chalked up 7 first downs and East Jordan 5, but the Crimson boys completed 5 passes while the Rayders could only hit on 2.

Dick Jolliffe Hurt

In this connection, the usually glue fingered Ross Case had a bad day. Barber and Martin hit their mark consistently only to have the ball bounce out of Case's hands.

Charlevoix was hurt by the loss of Dick Jolliffe in the first few minutes of play. He likely will be out for the rest of the season.

Pat Martin was the outsanding back on the field, both offensively and defensively. The big four of the Charlevoix line—Potter, Loper, Gibbons and Shadko—again performed creditably. The sophoromes continued to show up hetter.

East Jordan Toss

For East Jordan Cutler and Hammond starred in the backfield while Saxton and Thompson looked good in the line. The

Reimanns Sell Camp to K. Smith

Mr. and Mrs. Lewis C. Reimann of Ann Arbor announce the sale of their Camp Charlevoix, a private summer camp for boys, to Mr. and Mrs. Kenneth W. Smith of Grosse Pointe Woods effective Oct. 1.

Camp Charlevoix was founded in 1927 by the Reimanns. It has been attended by several thousands boys from 28 states and three other countries.

Mr. Smith has been on the camp staff for eleven of Camp Charlevoix seasons and has devoted his full time as associate director for the past three years. He taught at Detroit University School, Grosse Pointe, for several years.

Mr. Reimann completed his 32nd year as a camp director. He directed Y. M. C. A. camps for four years and was founder and director of the University of Michigan Air Camp for four seasons.

He has established a Camp Consultant Service to camp directors and parents, the only service of its kind in the United States. He is also executive secretary of the Michigan Camping Association. He will devote his time to camp service and plans to do writing in the camping field as well as for the Camping Magazine, the official publication of the American Camping Association.

Hospital Adopts Publicity Policy

A new policy was announced by the Board of the Charlevoix Hospital following its October meeting last Wednesday.

From now on it will seek to keep the public informed of all Hospital activities. In a prepared statement the Board says:

"We feel that the public should be taken into confidence as there is room for much improvement in the needs and management of the Hospital. The Board wishes everyone to know they are well aware of some of the unsatisfactory conditions which have existed and will welcome criticisms and comments.

"Under the direction of the new superintendent many improvements have been made and although the Hospital cannot be changed overnight, steady improvements will be made until we hope that our Hospital, for its size, equipment and building, is second to none.

"The aim of the Board is to run the Hospital with maximum efficiency, providing the public with all the services possible in the present building.

"The Board feels sure that everyone who has been in the Hospital recently will agree that conditions are much improved; and it will continue to have the Hospital warrant public support."

SMART LOYALTY

Pony Gets Help for Mate

The Stub Swansons feel they have one smart pony.

Last summer they bought a team which had been together for years. Friday night Mrs. Swanson heard a whinnying at the window that didn't sound right. Stub investigated. Outside the living room window stood one of the Shetlands. The other wasn't about. He went out to the barn and rattled the feed box lid. No ponies.

The one in the yard refused to come into the barn. It continued to whinny and started off. Stub followed. Over in a neighboring yard there was a newly dug ditch. Wedged tightly in it and down so far it couldn't be seen except from above was the other pony.

Once it had led him there, the first one seemed to lose all interest in the situation but went back to the barn to get out of the weather. It was a tough job getting the pony out. It almost certainly would have died before morning if the mate hadn't brought help.

Poultry Plant To Have Open House Saturday

Visitors to the new poultry processing plant's Open House here Saturday afternoon will see new mechanical equipment doing the work that used to require hours of hand labor.

But they also will see some hand work, still required to finish the birds so they will qualify for top grades and more money for the grower.

Work Is Pushed

Work this week is being rushed to get the plant into operation both for the Open House and for the fall crop of turkeys and chickens. Virtually all the equipment is in place, but scores of small jobs still remain to be done.

Visitors, and live birds, both enter the plant at the northwest corner. The big doors here admit to the large enclosed unloading dock. At one end of this is the boiler room and the wash room.

Canveyar Carries Birds

Occupying the center of the new building is the main work room. Overhead and making several big loops is the overhead conveyor. Driven by a motor, the hooks for carrying poultry travel at ten feet a minute. One loop passes through two narrow openings in the wall out into the unloading dock.

Here the birds will be taken from crates and fastened to the conveyors. Just inside the work room they will be killed. An electric shocker stuns the nerves so there is no flapping of wings.

Usa "Dry Pick"

The first machine, the scalder, merely is a long steel tank in which the birds are dunked for ahont 60 seconds. Two pumps circulate the water rapidly so that every feather is wet. Heated only to 124 degrees, the water is

Angler Bats 1.000 On Bait; Catches 36 With 36

Batting 1.000 percent on his bait Charles Hampton last week went out with 36 lures and came back with 36 perch.

He took 24 minnows and 12 worms. The catch to the story is that he caught six of the 36 on a perch eye which seemed to be more attractive even than the other baits. He fished in Round Lake and the Belvedere channal.

He Hath Sought Out Many Inventions

Folks who go out to the new Co-op Poultry Processing plant Saturday afternoon for the open house there, are going to see some surprising new machines.

Take for instanee the de-featherer. I suppose it's properly called the pieker. Adjustable to the size of the bird and length of neek, the maehine gently pulls the freshly sealded feathers off by means of whirling rubber fingers.

This brings to mind a folder whieh just eame in. Put out by a paper faetory, it showed some of the new things in agrieulture.

Included were maehines whieh pulled sugar beets, shook them and then ehopped off the tops. A similar one does the same job for onions. Then there's a stone pieker. And a set of twins—one shakes the nut tree, the other works like a vaeuum cleaner and gathers the erop.

A pea eombine picks and pops the peas. The land planer, 80 feet long, levels six acres an hour for irrigation.

Even eleetronies are going on the farm. A form of radar will be used to sort out most produetive seeds. An eleetronie tomato harvester will grade the fruit by size and eolor.

But the ultra, ultra dream is a plastie top for the traetor that will give a view all around, sereen out the sun's heat rays, keep out eold in winter, and allow the farmer to get the ball game while eultivating the corn.

Letter To the Editor

(Editor's Note: That editorial on how I intend to vote hit pay dirt soon. Supt. Roy G. Bennett disagrees with my Yes vote on the sales tax amendment repeal and presents his case. We'd like to hear from others.—LT.)

Charlevoix wents a good school program for its boys end girls. This has been shown again end again by their loyal support of their school by attendance at Open House, by attendance at school activities ,and by their willingness to support financially such a progrem.

A satisfaetory school program for our boys and girls can be assured only by qualified teachers working with adequate facilities. This satisfactory program depends on a reasonable finaneing, which is now made possible by the Sales Tax Diversion Amendment. It the Sales Tax Diversion Amendment were repealed, it would be necessary to find another source of income in order to continue our program as it is. If this souree were to be loeel, then the property tax is the only available means. A property tax sufficient to meet our present costs would be much higher than the everage citizen could afford.

When the Sales Tax Amendment was first passed, the strongest argument for its passage was to provide funds for our schools. The income from this tax has proven to be one of the state's best sources of revenue. Then we would assure ourselves that a reasonable amount of this revenue will go to the schools.

Last year we were told that if the Sales Tax Diversion Amendment carried, our state program other than schools would be curtailed seriously, that state building would be drastically reduced, that salaries of state officials could not be increased, and that the state would face a large deficit for the year. This has not proven to be the case. The state building program has continued, the state employees received substantial raises, and a deficit has not been incurred.

The schools of Michigan have had a long, uphill struggle to obtain state aid to supplement local property taxes in order to finance a reasonable program of education. The Sales Tax Diversion Amendment was passed by an overwhelming majority of 280,000 votes in November, 1946.

Governor Sigler states, "Until there are changes in the constitution and in the state tax structure, I believe this amendment (sale tax diversion) should remain in force."

To insure continued funds for Michigan schools, we must defeat the repeal of the Sales Tax Diversion Amendment. Vote NO on Proposal 2.

ROY G. BENNETT.

Peggy McGhan Wedded In Grand Rapids

At a quiet ceremony solemnized at the Park Congregational church in Grand Rapids at 9 o'clock Thursday evening, Miss Peggy McGhan, daughter of Mrs. John Johnson of this city, became the bride of E. Clarke Rought, son of Mr. and Mrs. Daniel Rought of Detroit. Rev. Roy Jones read the simple service.

The bride selected a forest green dressmaker suit and black accessories for her wedding. Her flowers were a corsage of red roses and white bebe mums.

Mrs. Kenneth Wilson of Grand Rapids, as her only attendant, wore a fawn brown suit, matching accessories and a corsage of talisman roses and white bebe mums.

Mr. Wilson assisted the bridegroom as best man.

After the ceremony a wedding dinner was held at the home of Mr. and Mrs. Jack DeWildt. A wedding cake centered the table.

After a brief wedding trip through southern Michigan the couple will make their home in St. Joseph, Mich., for the present.

The bride is a graduate of the Charlevoix high school and has been a supervisor in the local office of the Michigan Bell Telephone company. Mr. Rought, a veteran of three and a half years army service in the E. T. O., is a supervisor with the Western Electric company.

Council Says Folks Are Cold to Plea for New License

Charlevoix sentiment is generally against the licensing of another liquor place and particularly the WaySide, the City Council Monday night told William Beukema, present operator there.

Communications opposing the move were received from the Ministerial Association and the Methodist Board of Aldermen also reported many personal calls in opposition. Mr. Beukema said that without a license he doubted if the WaySide would open next spring.

The Council accepted without hesitation the offer of the Garden Club to look after the flowers in the State Street boulevard. The club will do away wih the present borders, use large ovals in the center and plant tulip bulbs this fall to provide early spring flowers. It also asked the Council to order petunias for summer flowers.

The Council authorized the installation of storm windows in the Petoskey street school occupied by the Health and Welfare offices. It also is looking for a garage for the city trucks this winter. The County is bringing in another big truck here and the space in the county highway garage no longer is available.

Bills of $2098.10 for fuel oil and $3929.61 for wages were approved.

Floyd Supp complimented the city on the new roadside sign by US-131 at Fife Lake.

Milk Producers Start Program to Boost Rating

Asking the help of state and local health officials in planning a program to raise the official rating of Charlevoix-produced milk, members of the Milk Producers Association met here Tuesday at the City Hall.

Conferring with them were three men from the state health department, one from MSC and Robert Coleman, local sanitarian. The producers asked that the state inspectors help them make changes in their equipment and methods which will comply more closely with the standards set up by the state. The object is to enable the local farmers to sell their milk on the downstate retail market.

The irony of the situation is that Charlevoix now has one of the finest milk sources in the state. The milk distributed here rates far below the standard bacteria count (4000 instead of 100,000) and has a much higher fat content (4.1 instead of 3.5).

Thus the changes which the farmers seek to work out are in teachnicalities rather than in quality.

little more exciting. Are you getting your right slant on all the candidates so that you can vote right? And how about those state amendments? The fate lies in your hands.

Remember Bob and Vida Jane Merriam, formerly of Charlevoix, and now of Northville? They arrived in town Saturday after having been color-touring the Upper Peninsula with their movie camera. They stopped to spend the night with the Art Wexstaffs and found friends they had not seen in years, the V. W. Crandalls of Boston who had been at the Wexstaffs' for a week . . . Read an interesting comment made by a member of the Michigan Tourist Council when he stated that tourist business was good throughout Michigan this summer but the visitors had gluey fingers when they handled their money. Guess this condition prevailed everywhere.

Isn't that new stretch of highway between Charlevoix and Bay Shore wonderful, especially after that rocky-road-to-Dublin-ride that one had to take in going to Petoskey. If one's car was not a wreck before starting, it was by the time one returned . . . For a fellow who thoroughly enjoys tripping the "light fantastic" we nominate Joe Foster . . . It was a real toss-up Saturday night who had the better time, the hosts or the guests when Alvin Goldman, and the Jack Goldmens entertained 90 of their Charlevoix friends at the cabin near Horton's Bay. With such genial hosts how could one fail to heve a good time!

Everyone is turning their eyes Englandward these days and wondering just when the blessed event will take place with Princess Elizabeth "Infanticipating" . . . Another week and the J. H. Kings will say goodbye to their cottage at the Chicago Club until early spring of next year, and return to Chicago. They are some summer folks who stay and realize what a lot the summer folks miss who declare their vacation at an end by Labor Day. . . . Suppose the Charlevoices are doing their stuff at Grand Chapter at Grand Rapids this week . . .

Personal nomination for a clever gal, that Phoebe Ross, who can take a handful of parsley, a glass bowl, some colored grape fruit rind and convert them into a bowl of realistic roses . . . Yes, sir, it's another boy fo rthe Fred Youngs . . . Donald Carey and Richard Hardy, who are at Alma College, are members of the Alma College foothall squad . . . The Earl Johnsons are going to enjoy their new home on Belvedere when they get all settled. It was the former Markham house . . . Vida Black is the owner of the John Cook house on Mason Street . . .

Mr. and Mrs. Robert R. Wright of University City, Mo., are at Sequanota this week. They flew here as they left their car when they returned home, thereby giving themselves a real excuse to return.

S. R. Alexander Will Wed Evelyn Campbell of Petoskey

Mrs. Angus Campbell of Petoskey has announced the engagement of her daughter, Evelyn Janet to Samuel Ross Alexander, son of Mr. and Mrs. Ross Alexander of Ironton.

The wedding will take place in Petoskey on Thanksgiving Day.

Table Decorations Tied For First Place Honors

Table decorations so good they tied for top honors featured the birthday luncheon meeting of the Charlevoix Extension Group Tuesday at the Congregational church.

The table trimmed by Mrs. Stanley Hasher and Mrs. Uno Suomela tied with that by Mrs. Hap Cunningham and Mrs. Roy Ranger. Mrs. George Meggison's table took second prize.

Mrs. Tony Novotny supplied the music.

Blood Donor Clinic Here Cancelled

Due to the apparent lack of interest resulting in a small number of registrations for the Blood Donor Clinic scheduled to be held Oct. 14-15 in the American Legion Hall, the Michigan Department of Health has advised the Charlevoix County Chapter of American Red Cross to cancel the clinic.

It is regrettable that this worth while project for the good of this territory has to be abandoned for the year at least.

Mrs. E. J. Edwards, County Chairman of the Clinic, wishes to thank all those who registered, also Mrs. Gordon Freedman, the local registration chairman for the clinic and all those organizations who assisted in getting volunteers.

Nephew of Citizen Killed In Crash

Word has been received here of the death of Major Harry H. Stanford, Jr., Detroit war ace and nephew of Mrs. James Gaskin, killed Saturday when his AT-6 training plane crashed near Victoria, Tex., while searching for another AT-6 which had been missing since Wednesday. He was stationed at Randolph Air Force Base, Tex.

A veteran of 76 missions in the African campaign, he held the Distinguished Flying Cross. He was to have been transferred to Waco, Tex., this week.

• Pfc. Richard Donaldson of the Air Force left here last Friday after a week visiting his parents, Mr .and Mrs. Bruce Donaldson, and family. Friday they all drove to Detroit and Pontiac to visit relatives. From Detroit Dick flew to Chicago where he joined Pfc. Clifford Lagerman at the home of the latter's sister. The two then took a bus to Cheyenne, Wyo., where they are attending a clerk typist school.

• • Mr. and Mrs. James Earl have as their guests her sister, Mrs. Ellen Woodward of Vanderbilt and Mrs. Clifford Sutton of Mt. Pleasant.

• Mrs. L. P. Peterson spent the week end in Alma with her father, R. C. Best, and her brother-in-law and sister, Mr. and Mrs. Howard Bayliss.

Report Shows TB Is Problem In This County

That TB still is at large and a real danger in Charlevoix County is proved by the results of the chest X-ray clinic held in Boyne City.

Altogether 149 persons were checked. The Michigan Tuberculosis Association, which sponsored the clinic, reports the findings:

1 case active TB.
20 of primary healed TB.
1 case of inactive infectious TB.
1 of suspected reinfection.

The association recommends that those who have not had a test recently get a tuberculin test from a docor. This is quick and simple. Those reacting are urged to get a chest X-ray as a further check.

The results of the X-rays taken by the mobile unit at the County Fair in East Jordan have not yet been released.

• Mr. and Mrs. Carl Kohler spent the week end in Alma with their daughter, Jane, a student at Alma College and in Saginaw. They were accompanied by their son, Bud, who was enroute to Detroit.

Bank Staffs Go to Gaylord Dinner

Both Charlevoix banks were represented Monday night at the meeting of Group 2 of the Michigan Bankers Association at the Hidden Valley Lodge east of Gaylord.

The Lodge is part of the Otsego Ski Club.

Going from the Charlevoix County State Bank were Mr. and Mrs. Robert Bridge, Mr. and Mrs. William F. Meyer, J. M. Foster, Pat Hawley, Mauriee Foster, Mrs. Ingma Pontious, LoAnne Anderson, Mrs. Ada Golden.

From the Charlevoix State Savings Bank were Mr. and Mrs. Archie Livingston, Robert and Janet Livingston and Leone Courier.

Go to O. E. S. Meeting

The annual Grand session of the Order of the Eastern Star is being held in Grand Rapids Oct. 12-13-14. Mrs. Harold Bedford, worthy matron of the local chapter, accompanied by Mr. Bedford, Mrs. Joseph Arvilla, Mrs. F. F. McMillan, Mrs. Harry Ladd and members of the Charlevoices, Mrs. Charles Bellinger, Mrs. Clair S. Webster and Mrs. E. D. Hawley are attending.

7½ Pounder Is Largest Steelhead Reported So Far

Largest steelhead reported here this year was the 7½ pounder taken Oct. 2 just off the Belvedere by Leonard Burns.

With him in the boat was C. A. Odmark. The trout struck at a minnow and was weighed on the scales at the A & P Store. It had a big eel mark and Burns says it did not put up the fight such a fish usually does.

Work On Underpass Is Nearing End

Work is nearing completion on the grade separation structure south of Boy Shore which carries the tracks of the Pere Marquette railway over the US-31 relocation.

Although there still remains some work to be done on the structure, it is being used by the railroad and contractors are now excavating at that point preparatory to paving

Mail Overseas Packages Now

If you want to send a Christmas package overseas to anyone in the armed forces, now is the time to mail it.

The Post Office says that Nov. 15 is the absolute deadline for delivery by Dec. 25, and packages going to distant points may be too late if mailed even then.

Senders are cautioned to use extra care in wrapping and packing. Metal, wood or solid fibreboard boxes are recommended. These should be tied with strong cord in four separate pieces. Inside, there should be enough cushioning material to prevent rattling and crushing in shipment. An extra outside wrapping with heavy paper and an additional tying is better.

Packages must show the complete address of both sender and person addressed. It is advisable also to put both name and addresses inside the package also.

90th Division Group Planned

Former members of the 90th Infantry Division are forming an association in Michigan. Frank A. Schmidt, Jr., 65 E. Fairmount, Pontiac, is heading the organization.

Nine Are Hurt In Two Car Accident Near Susan Lake

Nine persons were treated at the Charlevoix Hospital Saturday evening for injuries received in a two car collision near Susan Creek, 4½ miles north of town on US-31.

The accident occurred when a 1940 Ford driven hy Albert Luciani of the Canadian Soo skidded on the wet pavement and went out of control. It hit a second car, a Cadillac driven by James R. Barnes of Grosse Pointe on the curve near Susan Creek. The second car was going north.

Mr. and Mrs. H. E. Heaton, Robert King and Mr. Barnes all had arrived from Grosse Pointe Friday evening to spend ten days at the Heaton's Belvedere Club cottage. Mrs. Heaton received facial lacerations and bruises and the others were bruised. All were dismissed to their home.

In the Ford were the driver who was uninjured; Tony Luciani, Rose Bumbacco, 24, Lena Cappossi, 28, and Laura Tucci, 24, all of Canadian Soo. All were treated for lacerations and bruises. They were enroute to Traverse City at the time of the accident and continued on their trip after being dismissed from the hospital.

Both cars were badly damaged. Sheriff Floyd Ikens investigated.

Hallowe'en party at St. Mary's Hall, October 28. Dancing and refreshments.

Garden Club to Have Fetchit Luncheon

A Fetchit Luncheon will feature the meeting of the Charlevoix Garden Club Tuesday at the cottage of Mrs. Glenn See on Lake Charlevoix at 1 p. m.

Members are asked to wear low shoes for there may be a hike through the woods if weather permits.

From the Garden Club

Autumn is the ideal time for replanting and redesigning existing gardens and for planting new ones. Trees, shrubs and hardy perennials are much better off put in the ground now than spring or transplanted on your own place.

There are two great advantages in fall planting, first the plants are in better condition to be moved, the leaves have dropped and the part of the plant above the ground is dormant, or nearly so, while the roots are still active. Second, the ground is warm and the air moist. In the spring it is the opposite, the ground is cool and the air warm which develops quick leaf growth before roots become fully established.

Most amateur gardeners would be surprised at the amount of transplanting that is done in nurseries up until the ground freezes. Then, too, what is accomplished in your fall gardening, leaves more time for the many tasks that must be done in the spring for that beautiful garden everyone dreams of having next summer. Why not begin now to make Charlevoix more beautiful by having more beautiful gardens.

Garden Club Press Correspondent

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Islanders are working hard these days making necessary repairs before cold weather arrives.

The area around the Post Office is a lively, busy spot. Hammers and saws are flying furiously in the hands of workmen who are having a race with the oncoming winter.

There's Francis Ricksgers, who is building next door to the Post Office. Francis arrived on the Island in the early summer to resume work on his home which he started last year. Doing a large part of the work himself, Francis expects to be ready when cold weather arrives.

Accross the street, Mike Cull and his sons are working hard to complete the home they are building for Ray and Clara Cull.

Over the Post Office, the Nackermans are remodeling the apartment for living quarters. When finished, the Nackermans will move in for permanent residence.

Archie LaFreniere, Jr., is adding a breakfast nook to his home. Extending from the kitchen, the nook will be very cheerful with so many windows.

George Miller is adding another room to his log house, a combination kitchen and breakfast room.

Mr. and Mrs. James Elms and family have decided to migrate further south for the winter. They left last Monday for Hot Springs, Ark.

Alfred E. Smith and Earl Fuss, East Toledo were recent guests of Mr. and Mrs. Owen Tamsey.

The White Swan came to the Island the first of the week loaded with 150 tons of coal to be distributed by Carl Keubler. In two days the Swan was relieved of the black burden. In another two days the boat was ready to set sail with Zeibarth's lumber.

Mark Cross is back piloting the North Shore after a trip to the Georgian Bay on the Swan.

Wednesday evening, Mrs. Ted Wojan was honored with a surprise stork shower at the home of her mother, Mrs. Irene LaFreniere. Mrs. Robert McDonnugh was cohostess. Fifteen guests were invited.

Mr. and Mrs. Lawrence Feindt were on the Island during the week surveying.

One of the busiest persons on the Island is Mrs. Carl Left. Besides caring for her family, she teaches at Sunnyside School. In her spare moments, shè has canned over 600 quarts of vegetables and fruits, most of which came out of her own garden.

Thursday evening, Mr. and Mrs. Russell Palmer entertained a few friends to honor Mr. and Mrs. O. C. Wright who will leave Tuesday to spend the winter in Miami. The guests encluded Mr. and Mrs. Wright, Mr. and Mrs. Mike Cull, Mrs. Tess Hintz and Jill Smith.

Visitors who happened to be nn the Island Friday must have wondered what was turned loose when the parade of freshmen marched down the main drag in costume.

One of the cutest get-ups was worn by Jack and Jill, the O'Donnell twins.

Sister Mary Paula, Grand Rapids, accompanied by Sister Rose Ann, Charlevoix, arrived Friday to visit our Dominican nuns.

Saturday, the lake was an such a rampage the North Shore was unable tn return from Charlevoix. The blow continued throughout Sunday.

St. James Freshmen Stage Parade

Nursery rhyme and story book characters stepped from hetween the pages to parade in the village of St. James Friday, tnitiation day for the freshmen of St. James High.

Each freshman with orders from upper classmen, appeared in custome according to direction.

The thirteen freshies presented an interesting looking group as they struggled through the day weighted down with unaceustomed attire and doing the bidding of the seniors.

Undoubtedly, Peter Green was the most uncomfrtable in his get-up as Humty-Dumpty. Surrounded with half dnzen pollows over which a sheet was stretched, Peter was really weighed down. Glenn McDonough as Little Bo Peep looked dainty in pale blue bonnet and dress. The O'Donnell twins, Ronnie and Rickie were Jack and Jill. Janet Gallagher, bewhiskered and in regal robes was Old King Cole. Henry Dubell in yellow honnet and ruffled pantaloons made a fetching Mary Had a Little Lamb. Verle McCann, with a package of pancake flour and umbrella tucked under his arm was Little Black Sambo. Glamorized in a long, full dress with plenty of jewelry was Robert Bonner as Cinderella. Kenneth Ricksgers wore an extension on his nose in his role. Margaret Ellen McDonough was Old Mother Hubbard. Rosemary Nackerman, Little Boy Blue and Josie Ann Lewis, Little Jack Horner.

At 7:30 in the evening, the high school students and their friends assembled in the Parish Hall for final judgement of the freshmen. With Charlotte McDonough, senior class president as "chief judge", each freshman was penalized individually. Assisting the "judge" were Mary Malloy, Patricia O'Donnell and Patricia Ramsey, all members of the senior class.

After the freshmen were tried and their loyalty tested, the hall was cleared for dancing. A grand march opened the program, followed by square dancing.

Indiana Not Like Beaver Island

Indiana air isn't like that over at Beaver Island, Fr. Fabian Keenan writes.

In a letter to The Courier from Terre Haute, he says:

"Am slowly but surely becoming accustomed to life in the city again, the traffic noise, etc. Weather here, especially the air, is different than B. I., but after all the Wabash River is a far cry from Lake Michigan when it comes to sea breezes. Regards to all and take a good look at Lake Michigan for me."

Girl Scout News

The new Senior Girl Scout troop No. I last week elected officers. They are: president, Dorothy Allers; vice president, Marilyn Bnlow; secretary, Patricia Mort; treasurer, Maudelaine VerWys.

Plans were made for Girl Scout week from Oct. 31-Nov. 6 during which time the troop will decorate a window in a downtown store. A committee is planning a benefit card party at the Tower Hotel later this fall. The troop leaders are Mrs. Jack Reed and Mrs. Lester Smith.

Girl Scout troop 3 who flew up from Brownies last Spring met Wednesday for their first meeting as Intermediate Scouts. Miss Edith Olach is their new leader and she explained their program fnr the year. They also decided on their dues and started work on their second class badges.

Troop 8 met at the City Hall Oct. 8. The officers were elected as follows: president, Debby Bergeon, vice president, Amy Kipke; secretary, Jackie Cooper; treasurer, Ann Lagerman. We are going to work on the arts and craft badge. We are going to make designs. The meetings are going to be held on Monday night from 7:00 to 8:00 once a week.

How to Celebrate Your Wedding Anniversary

The "Dutch" Millers celebrated their Tin Wedding Anniversary Saturday. Everything had to be tin. Folks even ate off tin plates, and drank coffee out of tin cups.

When it was time to drink a toast to the "bride and groom," out came the final touch: ice cold beer in cans. And come the Millers' 15th anniversary (Glass) I expect we'll be toasting them with sparkling beer in *bottles!*

And I couldn't help thinking that there was a lesson for married folks in the way Dutch and his missus have got along together—in their policy of live-and-let-live, with never a criticism of each other's differences in taste.

From where I sit, It's due to two things: Temperance—as that moderate preference for beer suggests, and Tolerance—for their own differences of opinion—and for the tastes of others, whether applied to beer, to politics, or how to celebrate an anniversary.

How do I arrange a bank loan?

If you need to borrow for a sound reason, and have a dependable means of repaying the loan when it comes due—come right in and talk to us. Tell us the purpose for which you will use the money, the length of time you'll need to repay the loan, and the source from which you expect to make payment. If it's a bank loan we can handle, we'll make the loan promptly.

"ATOMIC POWER FADED BY POWER FLIGHT GASOLINE"

says Frank F. Fadeaway

The Fadeaway Family is famous throughout the state. Its members have been speakers, organizers and radio contestants but no Fadeaway has reached greater fame than Frank F., inventor of the mythical F.F.F. perpetual motion machine and atomic critic.

"The most stupid waste of our money is the billion dollar program to develop atomic power for industrial use," says fabulous Frank. "We already have it in the form of Power Flight gasoline. My boy, an ex-GI, tells me that the demolition squads used it to blow up concrete bridges or to crumble a mountain top into usable gravel when a new landing field was needed. Whenever the job was too big or too tough for T.N.T. the sarg would take an eye dropper and a flask of Power Flight—a few squirts in the right places and wham. The dust clouds would be 20 miles across—and that beats Bikini—I think."

★ ★ ★

We "frankly" don't place any dependence in Frank's tall story. So far as we know Power Flight has never been used to pulverize a mountain—but it does move mountains of motor freight every day, so perhaps the comparison is justified.

Power Flight Gasoline is made to exacting standards to provide the best motor fuel money can buy. One tankful will prove more than a 1000-word advertisement. Just try it in your car and see.

Selling Bad Eggs Brings Fine for Petoskey Dealer

Selling inedible eggs to a Boyne City grocer last week cost George Craw of the Craw Produce Co., of Petoskey $25 fine and $5 costs.

He pleaded guilty to the charge Thursday before Justice Hubert Paddock here. The charge was brought by Jake Klooster of the Michigan Department of Agriculture.

In commenting on the case, Klooster pointed out that Craw bought the eggs from an out-of-state supplier. Under Michigan law the wholesaler is responsible for the quality of eggs resold to a retailer. If a retailer buys direct from the farmer, the retailer is responsible.

There is no tolerance on edible foods. One bad egg in a crate makes the seller just as liable for prosecution as a dozen. The only safe system is to candle every egg.

"Our job is protecting the public," Klooster says. "If the public will cooperate by letting me or any other member of the Department know about cases of undergrade or inferior foods, we can do a lot better job of enforcing the law. When the law is enforced, the housewife is pretty sure of getting full value in food."

W. C. T. U. Appoints New Committees

The W. C. T. U. met Friday at the home of Mrs. John Funk.

The annual secretary's and treasurer's reports were given and the committee which sent leaflets to recent graduates reported that all leaflets had been distributed. New leaflets have also been purchased to distribute at school.

The following committees also were ratified: Spiritual life director, Mrs. Floyd Bartholomew; scientific temperance instruction, Mrs. Carroll Feidler; character building, Mrs. Ernest Howe; Christian citizenship, Mrs. R. C. Molet; press and publicity, Mrs. A. J. Usher; youth temperance council, Mrs. Crayton Kerr; membership committee, Mrs. Usher, Mrs. Kerr, Mrs. Lena Swanson and Mrs. Jake White; program, Mrs. Howe, Mrs. Usher and Mrs. Swanson; music committee, Mrs. Guy Smith.

They also approved the payment for the new road sign which will be constructed on the George Burns property.

The next meeting will be the Roll Call luncheon at the home of Mrs. Funk at 1 p. m. Nov. 12.

Farm Topics

By ED REBMAN

Tell the Farmer's Story

If the farmers gave away the wheat they raised it would only lower the price of that loaf of bread on the grocery store shelf by two or three cents. If growers gave away their potatoes it would only save the average consumer from 15 to 20 cents a week.

What we're saying is that the consumer who points his finger at the farmer as the person responsible for his high food bills, doesn't have the facts. That consumer is forgetting that processors take a large share of each dollar that is spent in the grocery store. For instance, the farmer gets only one fourth of the money which the consumer spends on bread.

The consumer is also off base when he says that high support prices for farm products keep the cost of food high. In the first place, very few farm products are being supported at the present time. Meat and dairy products, the real high cost items in the food budget, would have to drop a third to a half before they get down to support price. In the second place, support price depends on parity, which in turn is set by the prices of things the farmer has to buy.

Frosted Forage Not Good for Cattle

A word of caution about pasturing frosted Sudan grass and alfalfa was given this week by A. C. Baltzer, extension dairyman at Michigan State College.

Baltzer points out that it has always been considered wise not to pasture either frosted Sudan grass or alfalfa. Not only does this danger of bloat exist with both, but with Sudan grass, the hazard of poisoning exists. Chemists have repeatedly found Sudan grass to carry a heavy prussic acid content both when immature and following freezing weather.

The specialist advises that cows be kept off such pasture for at least a few days. If cows are to be turned on frosted Sudan grass pasture, they should first receive a full feed of hay, possible corn silage and grain.

New Plant Will Process Poultry Faster, Better

(Continued from page 1)

more to wet the feathers than to scald. This process, known as a dry pick, actually produces a better looking bird than does the genuine dry pick where no water is used.

Making a right angle turn, the conveyor next takes the birds through the first picker, a machine with whirling rubber fingers which catch the wet feathers and pulls them out. A second picker just beyond the first completes the job. Next in line comes the wing stripper, whose steel rolls pull out the tough feathers at the edge of the wings.

Women Finish Job

Next the conveyor makes two loops. Beside it will work the women who finish the job, cleaning the pin feathers. This work is on a piece work basis. When done, the birds are taken from the conveyor and laid on racks holding 80 to 100 each.

These are wheeled into the cooling room, 26 by 52. Here they are held until the temperature of the birds drops to 36 degrees. Then they are ready for packing.

Grading Pays Extra

It is at this stage that the grower will begin to reap the second of the profits made possible by the new processing plant. The first will come from the modern and faster dressing done. The second is in experienced grading so that better prices will be obtained for the birds.

The plant has three official graders, who have taken the course set by the U. S. Department of Agriculture and will be bonded for the work. They are Wayne Saunders, Mr. and Mrs. Hiram Brock. Mrs. Brock took it so that in the event both the men were unable to work, the plant still could operate.

Land-O-Lakes Label

When the birds are cooled to 36 degrees, the graders and packer take over. Working at a long table in the cold room, the grader sorts the birds according to size and grade. Then the packer puts these into wooden cases for shipment, four toms or six hens to a case.

Mostly they will be shipped by rail. The plant will market through the Land-O-Lakes and will use that label on the cases.

East Jordan Holds Rayders to 0-0 Tie Last Friday

(Continued from page one)

Crimson's speed was easily the deciding factor in holding Charlevoix to a tie.

Each team threatened only once. Early in the game the Rayders moved from their own 30 to the East Jordan 15 before being stopped. The Crimson Wave penetrated to the Charlevoix 17 yard line in the last quarter before losing the ball on downs.

Barring an unforeseen upset, Charlevoix and East Jordan should share the conference title this year as the three teams left on the Rayder's schedule already have been beaten by East Jordan, while Charlevoix has trimmed the three left for the Crimson to meet.

Harbor Game Next

Of the three remaining games, Harbor Springs looms as the toughest for the Red and White. It will be played Friday at Charlevoix. Boyne City is the most likely team to tip over the East Jordan applecart if that should happen.

The starting lineup Friday was:

Charlevoix		East Jordan

More Aggressive Advertising Is Tourist Program

A more aggressive advertising program in the areas which send most of the tourists to west Michigan will be put on during the coming year by the Tourist and Resort Association of this side of the state.

Aurey Strohpaul, new publicity director for the Association, was in Charlevoix Thursday and discussed the plans.

The bulk of the tourists come from Southern Michigan and from the neighboring mid-western states of Indiana, Illinois, Ohio and Missouri. The association plans to step up its advertising, especially in newspapers, in these areas instead of spending so much on national publications which also circulate in sections of the country from which we draw few visitors.

At the annual meeting in Grand Rapids Sen. Don VanderWerp, Fremont publisher, proposed that the state officially set Labor Day on the second Monday of September, thereby lengthening the summer season one week.

The Association now has 1,164 members, an increase of 477 over last year.

Joe Bachunas of Tabor Farms wes reelected as president. Named to the executive board is Harry Jennings, secretary of the Chamber of Commerce at Boyne City.

Members of the Advisory Committee from Charlevoix County are Jennings and John Olson of Boyne, S. E. Coleman of Charlevoix and George Secord of East Jordan.

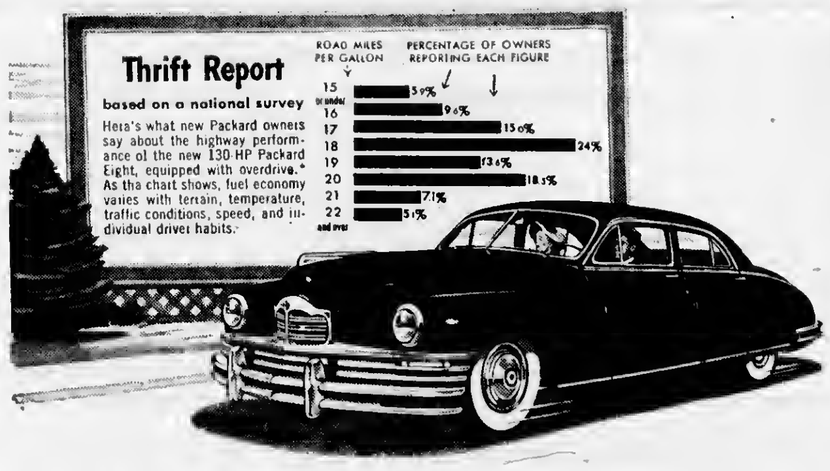
Here's gas mileage you can *bank* on!



To *any* motorist, the figures above are good news . . .

And to the owners of roomy, roadworthy, luxury cars, these frugal facts are nothing short of *sensational!*

They cover the highway performance of the husky, precision-built, 130-HP (we repeat: *one hundred and thirty horsepower*) Packard Eight, equipped with overdrive* . . . as reported by hundreds of new Packard owners in a coast-to-coast survey.

They show you how Packard's new "free-breathing" engine design combines *spectacular economy* with smooth, brilliantly responsive performance.

They show you what you can expect from a completely *new* power plant —*new* engine design born of Packard's wartime experience powering the PT boats, and America's fastest planes.

Come in—learn the year's big *thrift* story in complete detail.

JCC Seeks Toys To Distribute to Children At Yule

Toys this Christmas for every child in and around Charlevoix who otherwise might not get them is the aim of the Junior Chamber of Commerce.

First steps towards this goal were taken Monday night when the JCC mapped out the general plan.

Toys, both new and used, will be solicited through The Courier and by mail. The used ones will be repaired or repainted where necessary. Then from a list of children and their ages, the toys will be wrapped and addressed. Just before Christmas they will be delivered.

Folks having toys which they will contribute should leave them at Campbell & Supernaw's, The Courier or Edwards Food Mart. Or if they have too many to deliver, a car will be sent for them if any member of the toy committee is notified.

This committee is: Junior Supernaw, Howard Parsel, Wayne Belding, Ormiston Bergeon and Kenneth Cellner.

News of folks, your neighbors and mine . . . but did you know that-

Mrs. Berney Englehart, ill with pneumonia, is now on the gain since her fever broke this week. Mrs. Englehart is truly an example of "In again, out again", up at the hospital. While she has been having pneumonia at the hospital her daughter, Margery Russell, has been ill at the Englehart cottage. Jean has been playing nurse maid, cook, general gal about the house, hospital visitor, in addition to her work, keeping her a pretty busy gal . . .

Coming back from Ann Arbor late Saturday night we realized that we were in hunter's paradise country shortly before we reached Grayling for we sighted 16 deer on the northward trek . . . Word has been received from the Albert Edwards who are taking e desultory pilgrimmage for three weeks in the direction of New Orleans. They have been fishing and have taken life leisurely and thoroughly enjoying themselves . . . Donna Cline was a truly disappointed gal last Friday when she and her husband met with an accident with their car. That very day they had planned to drive down to Indiana to get Mrs. Cline's mother.

Mrs. Ed Shanahen wes in Ann Arber fer the game Saturday. She was joined there by her husband,' Commander Shanahen who flew in from Weshington for the Northwestern-Michigan game, and incidentally to see Bob Shanahen in the Michigan Bend doing its clever political formations on field Saturday . . . Mrs. Blenche Wood spent e few days this week in Ann Arbor. She arrived just in time to see her son-in-lew, Jeck Lucas, bring heme e pheasant end duck frem hunting. And whet a heppy fellow he was! . . .

If you are interested in spending an afternoon at the Otsego Ski Clubhouse, enjoy a luncheon and play bridge af which the proceeds will go toward the hospital at Gaylord, you will have the opportunity on Oct. 30. There is also a style show to enliven the afternoon. Mrs. Archie Livingston will give you full particulars.

Mr. and Mrs. Pete McFarland left Wednesday for Maini, Fla., where they will spend the winter . . . Other folks to go to ather winter addresses are the James W. Elms who have gone to Shorewood Hills, Ark., W. E. Flynn to Southern Pines, N. C., and Mr. and Mrs. J. T. Flynn and son to Amherst, Mass. . . . "Well, we are all in, and you can take that any way you like," said George Wolf, but just the same thu folks are moved into their new log cabin, and it's a honey, out at Boulder Park . . .

The Cherlevoices really put Charlevoix on the mep musically at Grand Chapter accordıng to the report. The applause was deafening in the lerge auditurium when the gels sang. Also they were esked to sing at Worthy Grand Matrons end Patrons party. The girls seid they sang end seng end sang. One time when they went into the lobby of the Panttind they were feirly mobbed end had to end up singing in the lobby for everyone. They reelly did Cherlevoix proud and Charlevoix is preud of them.

Everyone is so glad to hear that Opal Allard is coming along so splendidly . . . Don't forget those shoes that are tucked away in yaur closet that yau never wear anymore. There is a collectian depot in front of Don Campbell's store where they will be put to use . . .

Judge of Mrs. Rollie Lewis, Mr. and Mrs. Don Swintan Kay Fitch, Mr. and Mrs. Ranald Fairbanks, Mr. and Mrs. Leslie Ball were among those from Charlevoix who saw the Michigan-Narthwestern game . . .

What a lat of autamobile accidents there seem to be of late . . . Ray Faulkner went to Grand Rapids for two days last week and on his return he was accompanied by Mrs. Faulkner wha had been in Detroit for the past two weeks. They came back through Fife Lake State Forest and declared they had never seen the colors more beautiful . . . Alvin Ranger is nursing a mighty sore right shoulder and a broken right arm at the Charlevoix Hospital, a casualty from the Boyne City-Charlevoix game, Monday, made up of Freshmen and Sophomores. . . . Heavens, it won't be long before the buys will be at basketball practice . . .

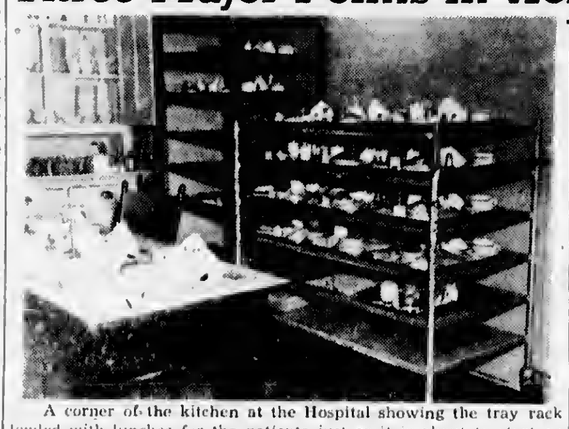
Good Food, Good Care, Good Equipment Three Major Points in Hospital Plan



A corner of the kitchen at the Hospital showing the tray rack loaded with lunches for the patients just as it is about to start on its noon day rounds.

The Charlevoix Hospital is going places; it hes accomplished a lot in past years and months, but there is a lot to do yet.

That's the impression one gets frain a tour of the hospital with the new superintendent, Miss Anne Baumgartner.

She takes a real and autspoken pride in two things about the institution.

Good Equipment, Food

First is the complete and modern equipment which the Board has acquired over the years. Such things as three oxygen tents, a baby incubator, the finest of X-ray machines, operating lights.

Second are the meals served. A visit to the kitchen shows wholesome faad being prepared in a clean place and so as to be appetizing, and served in plentiful quantities.

On the other hand there are a lat of things which need changing, and will be taken care of as soon as money is available.

Curteins for Privecy

One thing she wants is some wires strung across the men's ward and duct curtains hung from them so that each patient if he wishes can have the privacy of his awn space.

But where to get the duck is her worry now.

Then too, another refrigerator is needed up in the nursery. Now all the nursery supplies are kept in the same refrigerator with thase for the second floor. This isn't good practice she points out.

New Cupboards In

But a lot has been accomplished since the new superintendent took over. As yau ga fram raom to room and floor to flaor you see and hear abaut changes. There are new cupboards in the kitchen pantry and in the surgical supply room. They take the place of open shelves which were either unsightly or wrong as a place to store sterile dressings.

Gas is being put in at the laboratory to take the place af dangerous and puny little alcohol lamps. A water softener has been installed that will pay for itself soon in greater heating ef-

Whole Class Chips In to Buy Gift for Playmate

Even theugh three yeer old Gerry Boss can't go out end play with his little friends now that he's recuperating from a frectured leg received in a fell on Oct. 1, the youngsfers have nat forgotten him.

Twe of his special friends, Glenn Meyhew end Gordon Ward, told their clessmetes in Mrs. Coleman's second grede room ebeut Gerry's misfortune. The children wanted fo do something for him so they brought pennies to school and Friday hed enough to buy a besket of fruit fer Gerry. A delegation was nemed to deliver the gift to Gerry at the home of his parents, Mr. and Mrs. Gereld Boss. A cerd with the names of all the second graders on it accompanied the gift.

County Fair Hands Surprise to Supervisors

The Board of Supervisors had a severe shock at the session which ended Friday.

The Fair Board reported that it had operated in the black this year. Not only had the Fair made a profit but it had put $600 back into permanent impraevements, leaving a net of $418.47.

Orton VanDusen of Norwood said: "It's the first time in my 27 years on the Board that the Fair hasn't come along in the fall and asked for money to make up a deficit."

Several things combined this year to bring the change.

The officers—headed by Claude Pearsall, president; Ed Rebman, secretary; and C. W. Bowman, treasurer — worked hard and watched pennies. Farmers and businessmen cooperated as they haven't before. The Midway cnncession was required ta post a performanco bond, and shawed up with more attractions than was expected.

The Fair Board has started making plans already for next year.

Old Boat Pictures Given to Lodge

The memories of the early steamboats and sailing vessels, once familiar sights in the Charlevoix harbor, will be kept in the minds af Charlevoix residents by a set of pictures compiled recently by P. D. Campbell and presented by him to the Masonic lodge here.

Included in the composite picture are 25 vessels, including the City of Petoskey and the City af Charlevoix. The latter was built from the hull of the Champlain which burned in Lake Michigan in 1887 with a heavy loss of life.

County Bureau Meets Tonight

Movies taken of Europe and particularly its farming will provide the entertainment Thursday night at the annual County Farm Bureau meeting in the school here.

W. G. Kirkpatrick, Antrim County Agent, will show the film and describe the scenes. Last summer he was one of a group of County Agents sent to Europe from this country ta see first hand what is going on there. The films are those he took while abroad.

At the business session in the gymnasium ten directars will he elected, one from each Farm Bureau unit. Each group will nominate its awn directors. The entire meeting, however, has the right to elect the nominee or select someone else.

Milton Larsen, the new district representative, will tell abaut the new Farm Bureau auto insurance. Ed Rebman will discuss the progress of the Soil Conservation plan and George Block will tell of State Farm Bureau activities.

There will be door prizes. The refreshments will be served in the cafeteria. The committee is supplying ice cream, coffee and dishes. Members are to bring their own cakes and cookies.

1535 Are Registered to Vote; Increase of 218 Since 1946

The city of Charlevoix now has 1535 registered voters, according to figures released last week by the city clerk's office after the deadline for registration for the Nov. 2 electian.

This includes 304 voters in the first; 635 in the second and 595 in the third wards. Largest increases were in the first and third wards.

The last count made prior to the fall electian in 1946 wes 1451 voters. Since then there were 113 registrations up to the time of the primery electian this year and 105 from that time until the Oct. 13 deadline.

This shows a marked increase in the number of registrations since the names of persons who have died in the intervening months' and those who have changed their place of residence have been removed from the registratian book.

Ironton Bureau Names Officers

Officers for the coming year were chosen by the Ironton Farm Bureau at its regular meeting last week at the Homer Naason home.

Ole Neilson is chairman with Mrs. Leonard Babel as vice-chairman. Other officers are: discussion leader, Homer Nasson; secretary, Mrs. Arlo Wickersham; Women's Committee member, Mrs. Oakley Saunders; recreation leader, Mrs. Homer Nassan; publicity chairman, Arlo Wickersham; nominee as county director, Oakley Saunders; roll call captain, Leonard Babel.

After the electian the discussion centered on the amendments which face the vaters on Nov. 2.

Earl A. Young received word this week that he has been drawn to serve on the Federal Grand Jury at Grand Rapids starting Nov. 8. This is the second time in three years his neme has been drawn.

Young Folks Will Be Guests At Club's Hallowe'en Party

Young folks of Charlevoix again this year will be treated ta a Hallowe'en party by the Kiwanis Club on Oct. 29.

It will be held in two parts, one for the grade school and one for the high school students. At 10 a. m. the school band will lead a parade of the grade pupils from the school down to the Palace Theatre. There treats will be given each one after the free movie. The program will consist of a number of shorts and a feature film.

In the evening the high school students will be admitted by special tickets to the regular 7 p. m. show. Afterward at 9 p. m. the Juniors are sponsaring a dance at the school gym which will last until 11:30.

Pupils from all the rural schools near Charlevoix are being invited as are those at St. Mary's.

County Again Is Hunting for New School Director

Charlevoix Caunty once mare is hunting for a Schaol Commissioner, following the resignatian of Leo L. Close Friday.

Mr. Close, who was appainted three years ago following n similar hunt, last summer accepted the superintendency of the Bangor Township schaol near Bay City. In his letter of resignatian he explained that the pay wasn't enough to make the Charlevoix job even faintly attractive.

State law requires the Commissioner to have taught 45 months in Michigan, schaols and to hold a bachelor's degree. It pays $1800 a year, plus $200 for clerk hire, $50 for office rent and $400 for travel.

Charged with the job of finding someone to take his place is the county officer's committee: the prosecuting attorney, probate judge and county clerk. Any of the three most happily would accept an application fram any qualified person for the post.

• Mrs. N. R. Burney who has been visiting her sister, Mrs. H. R. Fowler, for three weeks, returned to Detroit Wednesday. Mr. Burney came for her.

Welfare Biggest Item in County Budget for 1949

With welfare representing more than a third of all maney appraplated, Cherlevoix County Supervisors boosted the budget for 1948 a total of $10,888.60 aver that far 1048.

Despite the fact that these are goad times with little unemployment, the Supervisors find that welfare continues to he their major headache. Last year $20,000 was voted to carry on the county's share of the load. At the October session which ended Saturday the Board passed another $6500 into the hopper to finish out this year, and voted a $30,000 contribution for next year.

The Board made other increases. The salary of the major county officers were increased to uniform $3000. Previously, for example, the sheriff had received $2200, the clerk, $2420. Exceptions to the new level is the Probate Judge who will receive the $2300 set by state law, and the Friend of the Court who will get $800 insteari of $600.

Other budgeted items include $6519.50 for the District Health Unit, a bonst of $1500; $2500 for advertising, a $1000 increase; $2200 for Veteran Affairs, a drap of $300; $1000 for the Charlevoix Hospital, a $250 increase. Other items are: Whiting Park, $750; Michigan Children's Aid Society, $100; grasshopper cantrol, $200; bee inspection, $200, fish and game, $500, a drop of $500.

The matter of charging tall on the Ironton Ferry was referred to the ferry committee which will report at the January session.

Farmers Union Will Meet At Norwood Hall Tuesday

The County Farmers Union will have its regular monthly meeting next Tuesday at the Norwood Local's hall on US-31.

It will start at 9 p. m. with a discussion of the proposed state amendments. A potluck lunch will be served.

Masquerade Will Be Held Oct. 29

Combining two purposes, a Masonic Masquerade party will be put on Oct. 29 by the Fellowcraft Club of Charlevoix.

The two purposes are:

To provide a good time for those attending.

To raise money for a Children's Christmas party.

The party will be open ta the public. There will be both square and round dances, and a smorgasbord table. Prizes will be given for the two best men's and two best women's costumes.

Camp Is Prepared for Big Season

Construction work to prepare the camp for next summer is going on at Camp Charlevoix, according ta Ken Smith, the new owner.

C. Y. Marshall is installing new sewers and septic tank, end cabins are heing chinked.

• Kenneth Russell has gone to Chicagn where he has enrolled for the fall term at Radio and Television School.

Steel Arrives, Crews Start On Bridge Work

Steel work an the new bridge is starting in earnest this week and by next week it is expected that crews will be working on both sides of the channel.

The 23 tan bascule girders arrived. The first was hauled to the south pier Tuesday and the second Wednesday. They will be swung into place and the actual assembling started soon.

The Mt. Vernnn Ca., has erranged to have one of the big Lamb cranes at the north side so that two crews can push the work before the really cold weather sets in.

NBC Star Concert Will Be Monday

A popular program of songs will be featured by the NBC stars, baritone Fred Thomas and pianist Robert Drumm, when they appear here in person Oct. 25.

The two are being brought here through arrangements made by Supt. Roy G. Bennett in an effort to bring good entertainment to Charlevoix. This program is an experiment and if it proves to be successful, arrangements will be made to bring a series of entertainers here throughout the winter. C. A. Odmark is in charge of arrangements for the concert.

A versatile program with selections everyone knows has been planned far the first concert. Included on Fred Thamas' repetoire are Mr. Thomas' theme song on NBC, "Yours Is My Heart Alone," Lehar; "Come to the Fair," "Thine Alone" from the "Desert Song", Herbert Schubert's "Ave Maria" and "Song of the Open Road", Mallotte.

In the second section af the program featuring Robert Drumm at the piano will be Rachmoninoff's "G Minor Prelude"; "Clair deLune" Debussey; Mozart's Turkish March; Chopin's "Polonaise in A Flat".

Fred Thomas will then return with such favorites as "Hills of Home", Fox; Romberg's "When You Walked Into the Room", from "Up in Central Park"; Mallotte's "Lord's Prayer"; the Irish ballad "Danny Boy"; "Tareador Song", from Bizet's opera, "Carmen."

After the intermission Robert Drumm will play "Prelude", Gershwin; "The Revolutionary Prelude", Chopin; "Moonlight Sonata", Beethoven; DeFalla's "Fire Dance."

The fifth section of the concert will include "The Girl That I Marry", Berlin; "Brawn October Ale", DeKoven; "If I Loved You" Rogers and Hammerstein; "I Got Plenty of Nothin'", Gershwin; "Falling In Love", Rogers and Hart; "Blue Birds of Happiness", Hormati. Mr. Thomas has won national acclaim for his interpretation of this particular song first introduced in the Radio City Music Hall.

Freshmen to Stage Fall Frolie Dance

The freshmen class plans to stage its first dance this Friday night at the school gym.

Called the Freshman Fall Fralic the class is planning a special stunt to enliven the party.

Pellston Sends Football Team Here Friday

With only two games left to play, the Rayders of Charlevoix will meet Pellston here Friday, Pellston so far has lost 3, won 1 and tied 1 while Charlevoix has won 4 and tied one.

Last Friday Harbor Springs sent its girdders here only to receive a 6 to 0 defeat from a Charlevoix team seriously handicapped by the loss of Dick Jolliffe.

That wasn't the only handicap the Rayders had. Time and again good gains were lost because the blockers let Harbor tacklers through. That weakness alone likely cost two additional touchdowns.

The one score came near the end of the first quarter. Charlevoix kicked off. Fumbles first by Charlevoix and then by Harbor put the ball on Charlevoix's 17 yard line. After two first downs, the Rayders punted, Harbor fumbled and Charlevoix recovered on the ten yard line. Martin, Barber and Hardy put it across in four plays but the try for extra point failed.

From then on it was a see-saw game with neither team ever getting the ball really down close to the pay-off line. The closest was in the second period when Harbor had worked to the 15 yard line anly to fumble.

In the third the defensive play was so much better than the attack that both teams resorted to punting. But this also failed to be of definite advantage to either side.

On the aerial side, Charlevoix definitely showed up the better of the two teams. Harbor tossed only faur passes. One was incomplete and the rest intercepted. Charlevoix threw seven. Two were intercepted (one for a 35 yard run back), one was incomplete, one was completed but fumbled, and the other three netted 17, 6 and 3 yards. Case and Coney were the receivers.

On paper Charlevoix played the better game. Her team scored 8 first downs to Harbor's 3; fumbled only twice to Harbor's three; and made 144 yards on the ground against 73. Harbor fumbled three times to Charlevoix's two, and incurred the only two penalties of the game. The two were abou even on punts.

Martin for Charlevoix and Ayres for Harbor were the star ground gainers of the game.

Needed—A Cleanup

There is one thing Michigan needs badly—a clean-up on drinking at our Saturday afternoon football games.

I know of only one stadium from steady personal observation, the University. But friends tell me that much the same condition exists at Michigan State and the Detroit games.

Of the sports fans who go, 95 percent behave themselves and attend in order to see the game and the spectacle of the crowd, the bands, the color and to enjoy the exciteement.

The other 5 percent evidently go to get tight, make spectacles of themselves and be general nuisances.

It is not a matter for legislation. It is something which each individual institution must clean up by itself. I understand that Minnesota has the right idea. Anyone caught bringing in a bottle, or taking a drink in the stadium, or being drunk and annoying others, is immediately kicked out.

I do not know whether or not the ticket price is refunded but it shouldn't be. What's more, the individual's name and address are taken down and for a year he is on the blacklist and cannot buy tickets.

Evidently Minnesota feels its football fans are entitled to watch the game and not have to submit to a handful of boozing rowdies.

Letter To the Editor

More on Proposition No. 2 which is coming up Nov. 2:

Larry Towe:

With regards to opinion of Supt. Roy Bennett, I cannot help but add that one of the reasons that the State continued its building program, etc., after the enactment of the Sales Tax Diversion Amendment was the fact the State withdrew from the County Road Funds the 10% tax on alcoholic beverages, thus curtailing road maintenance for the same School busses maintained by the schools. The public pays for good roads regardless whether they have them or not . . . but the garages get the money . . . so it's a vicious circle.

Ralph S. Hamilton.

Farm Topics

By ED REBMAN

Red Clover and Alfalfa Seed Supply

Roy Decker, head of the farm crops department at Michigan State College, has had inquiries about the supply of red clover and alfalfa seed for next spring's planting. His first comment is that it's still good business to buy your seed early so that you know you'll have it at seeding time.

Now about more details . . . Decker looks for the seed of red clover to be in better supply than it was a year ago. There was a larger seed crop at home and also a large crop in Canada.

Last year the short crop of red clover seed pushed the price above that of alfalfa. However, this year the supply of alfalfa will be about the same as last year so it is expected that red clover, in good supply again, will revert to the usual price relationship where it costs the farmer less than alfalfa seed.

Fall Plowing

When land is level and drainage insufficient with a heavy clay soil, there may be good reason for fall plowing. It will improve drainage to permit early planting of sugar beets, oats, barley and other early planted crops. The winter freezing and thawing improves the structure of clay soils and improves the seedbed. However, if fall plowing needs to be done, wait until just before the land freezes up later in the fall.

Mrs. Claypoole Honored At Surprise Farewell

The W. C. T. U. gave a surprise farewell party for Mrs. A. B. Claypoole at the Baptist parsonage on Friday evening.

The affair was a hankerchief shower for Mrs. Claypoole who with Rev. Claypoole is planning to leave Charlevoix about Nov. 1 to make their home in Ypsilanti.

A program, arranged by Mrs. Gladys Funk, included two musical selections by Mrs. A. F. Novotny, group singing and a quiz on the work of the Union.

A social hour and refreshments concluded the evening.

Lillien Sullivan and Robert Bergmann Wed

In a quiet ceremony performed at Battle Creek on Sunday, Oct. 3, Lillian Sullivan and Robert O. Bergmann were united in marriage. Justice J. L. Miller read the simple service.

The bride selected a gray crepe afternoon dress with a matching gray fingertip veil and black accessories for her wedding. Her corsage was of red roses and white gladioli.

Mrs. Jack Whitney, as her only attendant, wore a navy suit with navy accessories and a corsage of red carnations.

Mr. Whitney attended the bridegroom as best man.

The couple will make their home at 588 Capitol ave., Battle Creek.

Antiques Are Topic At Dickens Club

Thirteen members of the Dickens Club met Tuesday afternoon at the home of Mrs. Abbie Lewis.

The lesson was in charge of Mrs. Hilda Alexander who had as her subject "Let's Go Antiquing". With such a perfect setting as Mrs. Lewis' home with its beautiful old furniture, glass and china Mrs. Alexander spoke of how to combine the new with the old in one's home, showed several beautiful pieces of her own as well as pictures.

The next meeting will be at the home of Mrs. Ella Fochtman.

Teachers Club Honors Helen Rose Cline

The Teachers Club entertained with a tea in the Home Economics room Thursday afternoon honoring Miss Helen Rose Cline, who is leaving the office staff of the Charlevoix schools.

Miss Cline was presented with a gift from the group.

The tea table was tastefully decorated with yellow autumn flowers and yellow tapers. Mrs. Clinton G. Cooper presided.

Engagement Announced

Society Visits Alaske On Imaginery Plene

The Woman's Society of Christian Service of the M. E. church had an enjoyable meeting Thursday afternoon.

The program was an imaginary airplane tour of mission schools, hospitals and churches of Alaska. The pilot and guides were well informed and gave many human interest stories and accounts of missionary work.

Mrs. Joe Williams, as stewardess, saw to the comforts of the passengers with the necessary pills and pillows. At the landing Mrs. Frank Bird served refreshments.

All passengers donated generously with linens for the refugee pastor, Michael Svares, who arrived at Traverse City on Oct. 16 from Latvia to take charge of the Methodist church at Empire.

Smith Reelected By Hayes Bureau

George Smith was reelected chairman of the Hayes Farm Bureau Thursday evening when the group met at the township Town Hall.

Albert Honeysett was named vice-chairman. Other officers are: Fred Willis, discussion leader; Hazel Evers, secretary; Ruth Berg and Anne Smith, associated women representatives; Fred Willis, hospital insurance; Alice Honeysett, recreational leader; Ruth Struthers, publicity chairman.

Leo Berg was nominated as County Farm Bureau director. A social hour and potluck lunch were then enjoyed.

Girl Scout News

Brownie Troop 7 met in the Kindergarten room on Thursday. Election of officers was held with Wanda Russell being elected president and Donna Ann Durance, secretary. After that they sang songs and went on a hike to the beach with their leaders, Mrs. Franklin Curtis and Mrs. Fay Davis.

Is in the shock" and some folks are wondering what they are going to do with the long winter ahead, so for such folks we suggest that you get yourself a hobby for these days. (Wouldn't it be wonderful to have nothing to do just for a whole day).

Mr. and Mrs. Sydney Dine and Jeffe Dine of Cincinnati are here for a few days . . . Floyd Brown, who is one of a party of 8, is expected home from Canada this week He went "out in the wilds" moose hunting . . . Florence Fox is back at the cash register at Dutcher & Johnsons following her vacation, which she spent at home . . . Mr. and Mrs. Clair Webster and Harold Miller went Tuesday to Algonac and Marine City. They planned to combine business with pleasure and see the Bud Websters . . . Mr. and Mrs. Ed Fochtman and children of Chicago are spending two weeks in their little house on Burns street. While they are enjoying it no end, yet they realize that it is the swan song for them, for work will mean that the Fochtmanns will be living in the City. They were lucky however, to find an apartment in Evanston just two blocks from Lake Michigan and Mrs. Fochtmann and the children sepent the summer months on the beach . . . New, Higher Bell Rates Started Last Saturday

Starting the new and higher rates of the Michigan Bell will go into effect here.

The order approving the boost in rates was issued Oct. 8 by the Michigan Public Service Commission.

The order and rate schedule established two sets of rates in outstate exchanges, including Charlevoix, where extended-area service will be introduced. The first will be an interim schedule until the service is initiated and the other, new rates when extended-area service gets under way to eliminate toll charges between exchanges with the same "community of interest." Although extended-area service was authorized by the Commission in April facilities will not be ready for the service to be introduced here until the fall of 1949.

For making unlimited calls to Boyne City, East Jordan and Petoskey without paying toll charges customers here will pay somewhat higher rates when extended-area service is in effect.

Monthly residence rates for local exchange service here will be increased as follows:

Residence service —Individual line, now $2, to $2.50 until extended-area plan introduced, $3 when extended-area service in effect; 2-party, now $1.75, to $2, and $2.50; four-party, now $1.50, to $1.75, and $2; and rural, now $1.50 to $1.75 until extended-area service, and $2 when extended-area service introduced.

Business service — Private branch exchange, now $3.46, to $6.75 until extended area plan introduced, $8.25 when extended area service in effect; individual line, now $2.88, to $4.50 and $5.50; two-party, now $2.30, to $3.50 and $4.50; and rural, now $2.25, to $3 until extended-area service introduced, $3.50 when extended-area plan in effect.

Rates for residence extension telephones are increased from 50 cents to 75 cents monthly and for business telephones, from $1 to $1.25.

Long distance revenues on calls to Michigan points are increased 11 per cent with the following changes. Reduction in the initial calling period (before overtime charge) from 5 minutes to 4 minutes for distances of 10 to 15 miles to 3 minutes for distances over 15 and up to 30 miles. Increase in overtime charges from the present ½ to 1/3 of the initial period rate. Increase of 5 cents on night and Sunday calls for distances of 48 to 112 miles.

The Company emphasized that the rate increase does not provide for any third-round general wage increase. It said the order does little more than take care of wage increase of last year and pointed out that the company is now faced wih further wage demands from unions and has made offers that would raise total payroll costs by $6,370,000 a year.

Attendance Awards Presented Sunday

Honors for attendance at Sunday School were awarded Sunday at the annual Rally and Promotion Day exercises at the Baptist church.

Those with perfect attendance records for the year were Maxine McCalmon, Cheyne Fairbanks, Sylvia Lee Miles, Dickie Elzinga, Bard Miles, Jimmy Elzinga, Clara Miles and teachers Mrs. Louise Smith and Suzanna Miles.

Michael McCalmon and Laura Bell Elzinga missed just two Sundays in the year.

Clara Miles has not missed Sunday School in four years, while Baud, Suzanne and Sylvia Miles have perfect records for three years.

Kiwanians See Conservation Films

Four films of Michigan Conservation, supplied by the State Conservation Department, formed the program Monday of the Kiwanis Club.

They were obtained by Bob Wexstaff.

Three new committeemen were named to the Boy Scout Committee: Frank Oleksy, Dean Davenport and Dr. R. S. McClintock.

Visitors Inspect New Processing Plant Saturday

Farmers and poultry growers from northwestern Michigan came to Charlevoix Saturday for the formal opening of the new CoOperative Poultry Proseecing plant.

They kept coming and going all afternoon. Many brought chickens or turkeys and had them dressed while they waited in order to see how the new equipment works.

Eldon Jones, in charge of the plant, and Wayne Saunders, the Federal poultry grader, explained the workings of the machinery. Also on hand were William Cate and Ed Yevacik, in charge of Federal graders; and a delegation from the Land-O-Lakes, which will market the plant's products.

These men were Del Wilson and Robert Thompson, manager and his assistant; William McBratney, credit manager; Paul Pladsen, George Powell, Stanley Havens, Carl Gerds, sales supervisors.

Growers came from Cadillac, Beulah, Ellsworth, Boyne City, East Jordan as well as Charlevoix.

Fred Willis, manager, says the first poultry may be dressed this week, but he expects the plant to start running steadily about Nov. 1 and continue until Christmas. After that it may run part time during the rest of the winter to take care of chickens especially.

Assessed $10 Fine

An ounce and a half underweight on a piece of meat brought a $10 fine and cost on Robert Montgomery last Thursday. The meat was purchased at the Kroger store by Jake Klooster of the Department of Agriculture who brought the charge in Justice Hubert Paddock's court. It was the first time such a charge ever had been made against either the store or Montgomery.

● Mrs. W J. Gordon and Mrs. Myrtle Shenlfield returned to Greenville Sunday after visiting since Thursday with the former's son-in-law and daughter, Mr. and Mrs. Harry Gebeau.

Fetchit Luncheon, Papers, Hunt Feature Program

Thirteen members of the Charlevoix Garden Club drove to the Glenn See cottage on Oyster Bay Tuesday afternoon and enjoyed a Fetchit Luncheon together."

A short business meeting followed at which time Mrs. Arlo Wickersham presided in the absence of the president, Charlotte Edwards. She read a short article on the value of collection of pine seeds and how one woman has made this into a business.

Margaret Erber gave an interesting paper on the psychology of color. This was followed by an indoor scavenger hunt.

Review of Hamlet Given for Club

There was a large attendance at the summer home of Mrs. Frank Milward at Ironton for the meeting of the Shakespeare Club Monday afternoon.

Mrs. Robert McClintock gave an able review of the play Hamlet, after which Mrs. Milward served coffee and cookies.

● Mr. and Mrs. Stanley Nyquist of Spring Lake are spending ten days at the Jnel Johnstnns and enjoying the perch fishing.

AAA Members to Name Directors Next Month

The schedule has been completed for the annual nomination and election of community and county AAA committeemen who will hold office during 1949, according to announcement by Melvin J. Somerville, present chairman of the Charlevoix County AAA committee.

He estimated that 485 farmers in Charlevoix County are eligible to vote.

In general any farmer is eligible if he is owner, operator, or tenant on a farm on which any program administered by the County AAA committee is carried out.

The committeemen elected will be charged with the local responsibility for administering the farm price support program of loans, purchase agreements, and direct purchase; the Agricultural Conservation program for soil improvement; the sugar program; the Crop Insurance program; and other special farm activities.

Nomination meetings for the purpose of selecting candidates for community AAA committees and for naming delegates and alternate delegates to the County AAA convention will be held in the townships between Nov. 1 and 15.

The actual election of the community committees and county convention delegates will be conducted by mail ballot again this year for the third successive year. After the candidates are duly selected at the nomination meeting their names will be placed on the official ballots which will be mailed to all eligible farmers in each township. Those receiving ballots will be asked to vote according to their own choice and to return the ballot, either by mail or in person, to the County AAA office where an impartial election board will supervise the counting of the ballots.

Each eligible farmer will be notified by letter as to the date of the nomination meeting in the near fuure.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver beef has gone to market! Over 240 head of cattle have walked the gang plank of the North Shore to be hauled across to the mainland for sale in recent months.

Last Monday at the break of dawn, James W. Gallagher began the last round up of 19 head of cattle to put aboard the North Shore. Jaones, equipped with his own truck, took the cattle from Charlevoix to Gaylord for sale. With business over, James and his wife, Theresa started on a trip which will take them to Grand Rapids, South Bend and Chicago. "It woo't all be pleasure," said James. "There will be the dentist to visit and doctors to consult." Aoyway the Gallaghers could have a bang up good time with such a bulging billfold.

Comparable to a wild west show is the job of getting cattle aboard the boat. Once recently, a resentful cow broke loose on the dock. The look in those otherwise friendly eyes sent terror in the hearts of the on-lookers. Everyone ran for cover except the experienced cow hands who soon cornered old Betsie and brought her under control. Another time, a calf slipped off the gang plank into the water. It's quite exciting, but these Beaver cow boys can handle the situations.

Mr. and Mrs. O. C. Wright have started on their journey south. They will make stops in Petoskey and Logansport, Ind. to visit relatives before going to Miami.

Louis Hadad returned to Chicago the first of the week. Mr. Hadad's partner, Dan Greene will arrive soon to resume work on the Beaver Lodge project.

Mrs. Rolland McCann left Friday for Bay City to visit her daughter, Dorothy Lee.

As predicted, the cold wave hit the Island Sunday. Throughout the day, snow flurries peppered the Island.

Mrs. George Miller returned from Charlevoix Thursday loaded with supplies for the sewing class. The girls have decided on slack suits as their first project.

Anyone having an idle machine around catching dust—well, the sewing class could use it to good advantage.

Steve Stevenson wants this to be made known: He made a non-stop flight from Sand Bay to the village. Ordinarily Steve either runs out of gas or his struggle buggy develops a stubborn streak and won't budge.

Mr. and Mrs. Ted Wojan have an heir! Their son, Robert James was born Oct. 13 at Little Traverse Hospital. Mrs. Irene LaFreniere is in Petoskey to be with her daughter.

Little Patricia Allen arrived Oct. 1 in St. Joseph Hospital, Ann Arbor. Mr .and Mrs. Henry Allen are the proud parents of Patsey, who is their sixth daughter and ninth child.

Father Giles had the thrill of trapping fox last week out near Watchpocket's cabin—his first experience with such sport.

Smith and Fuss, duo from Toledo, who recently visited the Island sent back greetings to his dyed-in-the-wool democrat friends in the form of large posters of Dewey for President posters.

The old shootin' iron came out of the corner to be cleaned and oiled in preparation for the opening of duck seasnn. On the opening day, Oct. 15th, clerks at McDonough's store were kept busy writing out licenses.

Archie LaFreniere, Sr., fired his gun over the harbor the day before duck season opened to frighten away three black mallards. It is interesting and unusual the way these three wild birds became pets. Every day for the past five weeks, the mallards were daily visitors to the area aronnd Archie's dock. Frequently fed, the mallards would approach within four or five feet of Archie. According to the habits of wild birds, it isn't very often they become friendly with civilized man who usually perfer duck dinners to pets.

The members of the Blessed Virgin's Sodality sponsored the annual Fall Frolic in the parish hall Friday evening. The hall was attractively decorated with colorful fall leaves for the occasion. A supervised program of dancing was enjoyed.

Miss Ann Cain returned to her home in East Jordan after spending the greater part of the summer here with the Vernon LaFreniere family.

Mrs. Arthur Lasen accompanied her husband for a trip on the White Swan.

Mrs. Gus Mielke is at home again, having spent 11 days in Little Traverse Hospital at Petoskey.

Mrs. Ella Sommerville spent the week end in Charlevoix on business.

Mrs. R. J. McCann left Friday to visit her daughter, Dorothy Lee and Dr. Charles McCann and family as well as other relatives and friends there.

Many Changes Are Being Made At Hospital

(Continued from page one)

ficiency.

Fireproof Equipment

Several important changes were made, she points out, before she came. The preceding Board put in fireproof doors on the elevators, enclosed all the stairways, installed a modern fire escape chute for patients on the second floor, and built the new safety vault in the basement where alcohol, ether and oxygen supplies are stored.

A lot of housecleaning has been going on at the hospital. Basement rooms have been dug out, halls scrubbed and as fast as possible the whole place including the nurses' home given a thorough going over.

Serving the Public

And changes have been taking place in the staff, too. Miss Dorothy Lavendar from Newberry is the new X-ray and laboratory technician. Margaret Trace of Royal Oak and Mrs. Marie Mitchell of Charlevoix have joined as nurses. Josh Mitchell is the orderly and helping him evenings and Saturdays is Don Burke.

Right straight through, the visitor feels that the hospital and saff are genuinely dedicated to serving the public.

In commenting of the changes, one of the new members of the Board made an important point: "And don't forfet that the credit for all this work belongs both to Miss Baumgartner and to the old Board that got her to come here. We of the new Board were just lucky enough to inherit her."

Here it is! A long look ahead!

The modern design for '49 new Hudson

Come in and see the new Hudson—the lowest-built car on the highway, with beauty, riding qualities, comfort and safety only possible because of a new "step-down" design, offered by no other automobile!

Only once in a blue moon does a car step so far ahead that it is a *protected investment* in motor-car value! You are invited to see just such a car—the New Hudson with "The modern design for '49"—and for years to come!

Here is truly streamlined beauty—a stunning combination of free-flowing, low-built lines that develop naturally out of a recessed floor which is the key to a basically new and exclusive design principle. The New Hudson is the only car you step *down* into.

The development of a "step-down" zone in an exclusive, all steel Monobilt body-and-frame* permits Hudson to build the *lowest car on the highway*—only five feet from ground to top—while maintaining *more* interior head room than in any mass-produced car built today!

But streamlined beauty isn't the whole story of Hudson's modern design.

Hudson has a hug-the-road way of going on every conceivable kind of highway. The way in which this car takes even the sharpest curves makes it a "standout" for roadability in any year!

These remarkable riding qualities are largely due to the fact that the New Hudson provides the lowest center of gravity in any American stock car—yet road clearance is ample! *It is a widely recognized fact that the lower to the ground a car can be built, the more stability it will have and the safer it will be.*

Such a delightful conformity to the road, coupled with the protection of riding encircled by a sturdy box-section steel frame, gives to everyone who rides in a New Hudson a grand feeling of safe well-being! This feeling is further enhanced by the ease with which this car is operated, and by the restful quiet with which Hudson glides along—thanks to the superb sound control engineered into this advanced automobile.

See "The modern design for '49" today! Come in and let us show you the many advantages of Hudson's fabulous "step-down" design principle.

HUDSON FLOORS are recessed down within the frame (as shown above), full height seats are lowered, so you get ample head room in this car with the new, lower center of gravity.

YOU RIDE down within a base frame (as shown above), and rear seats are positioned ahead of the rear wheels so that full body width becomes available for wonderfully roomy seats. Box section steel girders completely encircle and protect the passenger compartment.

TRY AUTOMATIC gear shifting in forward speeds as provided by Hudson's Drive-Master transmission—by far the easiest of all ways to drive. You can accelerate as long and as fast as you like in pick-up gear, then lift your toe momentarily, and you're in high. The shift into high comes only when you are ready! Button control on the instrument panel provides instant change to conventional driving if ever desired. Drive-Master transmission is optional on all New Hudsons at small extra cost.

*Trade-mark and patents pending.

Hospital Now Has Eight Nurses On Regular Staff With Two Orderlies for First Time

New nurses have joined the staff of the Charlevoix Hospital to bring the number of registered nurses on the regular staff to eight, Miss Anne Baumgartner, superintendent of the hospital has announced. Also included in the new personnel is a new laboratory technician.

Miss Elizabeth Lee will continue as surgical nurse with Mrs. Florence Maxson, Mrs. Leona Zeitler and Miss Clara Louise Cummings, Mrs. Barbara Chambers, Mrs. Marie Mitchell and Miss Margaret Trace of Highland Park General, who joined the staff last week, completing the list.

Mrs. Caroline Sessions, Mrs. Peg Gallagher and Mrs. Alice Sherman of East Jordan are the regular relief nurses working when the regular nurses have days off during their 44-hour week.

Dorothy Lavender of Newberry a graduate of the Northwestern Institute of Medical Technology, is the new laboratory and X-ray technician.

Nurses aides are Mrs. Stanley Jancha, Helen Gaskin and Patsy Hamlin, who are on the day shift, Mrs. Laverne Lee and Mrs. Theresa Bissell, who are on the 3-11 shift and Mrs. Mable Cummings who is on nights.

Josh Mitchell of Pontiac joined the staff last week as orderly and Don Burke is serving in the same capacity during the evening and on week ends when not in high school. This is the first time the hospital has had orderlies.

Doing the clerical work is Mrs. Pauline Campbell, as bookkeeper. On the maintenance list are Mrs. Florence Ripley, as regular cook and Mrs. Inga Smith as relief cook; Mrs. Bessie Hall, Mrs. Marguerite Mason and Mrs. Myrtle Warner as kitchen help; Mrs. Helen Plum, laundress, assisted by Mrs. Ethel Bost; Lyle McClanaghan, janitor and Helen Hayes, cleaning.

From where I sit ... by Joe Marsh

I'm Glad We're "Different!"

There's a lot of difference of opinion in our county on the best kind of pasture. Some say alfalfa mixed with brome grass—others say mixed with oats or barley. But all agree that a *mixture's* better than a single crop.

I sometimes think people are the same way—and the strength of America is its *mixture* of so many different strains—some from one country, some from another—right down to little differences: like folks who have a taste for beer and those who prefer cider.

From where I sit, so long as we never become intolerant of one another's different tastes—so long as we live together with our differances, and even *supplement* them the way brome grass does alfalfa, then we're a mighty good crop!

So neighbor—enjoy your cider while I enjoy my beer! Vote for your candidate—I'll stand by mine! But never let our differances divide us!

Health NEWS

"Health News" is presented by your Doctor of Medicine as a health service of the Michigan State Medical Society

Athlete's Foot Infects Fifty Per Cent of Americans

Half of the American people are infected with athlete's foot and at least half of all school children will show some form of the affliction during the school year, according to G. T. Stafford, and C. O. Jackson of the Department of Physical Education of the University of Illinois in Champaign.

These figures, given in an article in Hygeia, health magazine of the American Medical Association, are based upon records of medical examinations for induction into the armed forces or for admissions to colleges and universities.

The authors further stated that most adults have had athlete's foot infection a number of times. The majority of cases are mild, yet capable of leaving infection-spreading spores on floors and premises. The disease is produced by spores, or seeds of a certain fungus, and spreads quickly, especially in damp, dark places. Locker rooms, shower rooms, shoes, and towels, are likely locations.

While the article maintained that the use of footbaths containing so-called fungus-killing preparations or "fungicides" is ineffective as a means of eliminating the infection, it did suggest other control measures. These included scrubbing and treating the floors and premises with a good fungicide at least once a week, and using an effective powder in shoes and hose.

Schools which have followed an adequate control program for athlete's foot have noticeably reduced the incidence of the disease, the article said, adding that the infection, with proper care and patience, can be eliminated.

Soil Board Plans Program for Next Year

The directors of the Charlevoix Soil Conservation District met in a double session last week to plan the program of Soil Conservation District.

Assisting these directors were: Leonard Braamse, Soil Conservationist from Michigan State College, Guy Springer, District Supervisor of Soil Conservation Services in Northern Michigan, and Ed Rebman, County Agricultural Agent and Secretary of the District.

Some of the highlights of the work-plan developed for 1949 are: 30 educational meetings, 12 tours, 24 news articles, 4 rolls of colored pictures, 40 farm plans, 400 soil tests, 50 soil surveys.

The program for the district was worked out following an evaluation of the different soil classes in the county. It was recognized that each one of these classes have different problems. Some of them important problems relating to soil conservation included: better utilization land, controlling water and wind erosion, better care of manure and more use of fertilizer and green manure crops, contour strip cropping, pasture improvement, reforestation, and drainage.

Anyone who is interested in receiving a copy of these plans should drop a post card to Ed Rebman, County Agricultural Agent, Boyne City.

While it is not necessary, it was decided however, to hold an annual meeting sometime during the first part of 1949. Plans of the local district and any problems will also be brought before the meeting.

Attend VFW Session

The Veterans of Foreign Wars and the Auxiliary held a district rally in Traverse City on Sunday. Among those who attended the one day meeting were Mr. and Mrs. Howard Griffin, Mr. and Mrs. Clarence Coblentz, Mr. and Mrs. Albert Russell and Leslie Everts.

Mrs. Alice H. Marme Funeral At Gladwin

Funeral services for Mrs. Alice H. Marme, 69, wife of William Marme, Sr., were held at the Hall Funeral Home, Gladwin, Mich., at 2 p. m. Saturday with burial in the Highland cemetery.

Born in Norristown, Pa., on Dec. 26, 1878, the former Alice H. Stevenson went to Chicago as a child. On Nov. 7, 1895, she was married to Mr. Marme and they lived in Wisconsin, Illinois and Indiana before coming to Flint in 1926. They came to Charlevoix two years ago.

She attended the Church of God.

Besides her husband she is survived by three of her 11 children: two sons, Arthur F., of Russellville and William, Jr., of Charlevoix; and a daughter, Mrs. Clara Ennis of Saginaw; 20 grand children; five great-grandchildren; a sister, Mrs. Clara Sheppard of Chicago; four brothers, Charles of Vero Beach, Fla., John of Edgerton, Wis., George of Wausaukee, Wis., and Robert of Elmhurst, Ill.

City to Ask for Old Signal Bell

Charlevoix may get the old fog bell which for more than half a century has hung on the lighthouse at the harbor entrance.

Monday night the City Council decided to ask the Coast Guard headquarters at Cleveland if the bell, now that it no longer is needed here, could be turned over to the city.

New telephone rates for Michigan Bell customers

THE Michigan Public Service Commission has authorized increased rates for Michigan Bell telephone service. New basic monthly rates are effective October 16, 1948. New charges for certain long distance calls between points in Michigan are effective October 20, 1948. This is the first general increase in 22 years. Michigan Bell requested the increase more than a year ago because of sharply increased costs of providing telephone service.

BASIC MONTHLY RATES

Basic monthly telephone rates for practically all types of service have been revised, effective October 16. New basic rates for your community will be listed in a folder enclosed with the first telephone bill you receive under the new rates.

The rate increase will produce 8% more revenue for Michigan Bell. However, the increase in some exchanges will be higher than average—in some, lower than average—in order to establish the same rates for communities having a comparable number of telephones. Your basic rate will be determined by the number of telephones you are able to call in your local calling area.

These uniform rates, fair to all, mean that you will pay the same as subscribers in other towns and cities with comparable local calling areas.

LONG DISTANCE CALLS WITHIN MICHIGAN

The following changes, effective October 20, apply to long distance calls between points in Michigan:

The initial period is changed from 5 to 4 minutes on 15¢ station calls, and from 5 to 3 minutes on 20¢ and 25¢ station calls.

Overtime rates per minute on calls costing 20¢ or more are changed from ¼ to ⅓ of initial-period rate.

Night and Sunday rates are increased 5¢ on calls between points 48 to 112 miles apart.

TO PROTECT THE QUALITY OF SERVICE ANOTHER INCREASE IS NEEDED

To meet the unprecedented demand for telephone service following the war, Michigan Bell had to tackle the greatest improvement program in its history. So far, $150,000,000 have gone into new and improved facilities—*and the program is only half finished!* Many more millions will have to come from investors before we will be equipped to give every one the kind of telephone service he wants and needs, whenever and wherever he wants it. Investors will continue to provide that money only if they are assured a fair return.

But our operating costs have continued to rise since we asked for a rate increase a year ago. Looking ahead, even with the new rates, our revenues will not be enough to pay day-by-day operating expenses and still leave enough to pay a fair return to investors. On top of that, we have made a wage offer to the telephone unions that would add substantially to our costs.

All of which means we must have more revenue. So we have no alternative except to ask for another rate increase. But you can be sure that it will be no more than necessary to operate the business and to provide a return that will attract the capital needed to continue our improvement and expansion program.

Willis Grandson Dies Unexpectedly

Word has been received here of the unexpected death of Alfred E. Torrey, Jr., 8-month old son of Mr. and Mrs. Alfred Torrey, Sr., and grandson of Mr. and Mrs. Fred Willis of this city, at the Torrey home in Terry, Mont., on Saturday.

The body is being returned to Keego Harbor where funeral services and burial will be held. Tentative arrangements have been made for Thursday.

Besides his parents and grandparents, the child is survived by a sister, Carol, and his paternal grandmother, Mrs. Archie Harper of Keego Harbor.

Mr. and Mrs. Willis and daughter, Mrs. Harold Pomeroy and two children of St. Paul, Minn., who are visiting here, left Wednesday morning for Keego Harbor to join the Torreys.

Troop 8 met Monday to hold the business meeting, play games and draw pictures of a bird, plant or flower. This last was part of the work in earning the design badge.

Jackie Cooper, scribe.

Mr. and Mrs. Glenn Heise of Detroit announce the birth of a son, David Jerome on Oct. 17. Mr. Heise is the son of Mr. and Mrs. William Heise of this city.

1½ Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employes.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25c an hour for every employe!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give *one million employes an annual raise which would average $1500 per employe!*

The total cost of this would be no less than 1½ billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads, they must have still further rate and fare increases.

Demands Unreasonable

These employes have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48c an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10c an hour.

Railroads Run for Everybody—Not Employes Alone

The railroad industry must serve not one but many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. *Everybody who enters railroad employment knows this.*

Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote. *But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!*

Reno Gambling Winners Visit Charlevoix On Start of World Cruise In Their New Boat

Has anyone seen a nearly grown tiger cat?

"It's just an ordinary alley cat we picked up as a kitten but we'd like to get it back."

The speaker was Albert Hibbs, now bewhiskered mathematics shark who with his partner evolved a system whereby they took the Reno and Las Vegas gambling houses for $12,000. The partner is Dr. Roy Wolford. They with Warren Clark of Chicago were in Charlevoix for the week-end in their boat, the Adonde of Muskegon.

All three were students at the University of Chicago. Last November and again in June, Hibbs and Wolford went West with a slim bankroll and after bucking the roulette wheels came back with $12,000 profits.

This money they used to buy their 40 foot English Channel cutter, an auxiliary sloop. In her they plan to go to New York either by the St. Lawrence or the Barge Canal. There Clark will leave them and the other two go on to the Caribbean and possibly around the world, they say.

Bad weather forced them into the harbor here. As soon as they tied up the cat jumped ship. They had picked it up in a laundry chute at International House in Chicago and had hoped to make a regular sea-going mascot of it.

So much do they think of it that they offered to pay to have it shipped on to them at Detroit.

Regarding their plans, they pointed out that the sloop's Spanish name is significant. Adonde —where to?

House of Jewels to Close Briefly

The House of Jewels will close for two weeks Saturday night.

Mr. and Mrs. Tom Coxe plan a short vacation before reopening.

• Mr. and Mrs. Sam Sorensen expect to leave Friday for a two weeks visit with relatives. Their first stop will be at Alma to see John Macy, at the Masonic Home. From there they will go to Chicago and then on to Des Moines, Iowa, with stopovers in Exira and Audubon, Iowa. Then back to Chicago and Grant before returning home.

Bob Burns Rescues Boy Shot In Leg

Robert Burns, Detroit attorney and summer resident, was called upon to play the role of good samaritan Saturday while looking over some property near East Jordan.

Hearing calls in the woods he investigated only to find Carl Valance, 16 year old East Jordan high school junior, suffering from a leg injury incurred when his gun accidently discharged. A younger brother was with the lad.

Bob applied first aid, carried the boy to his car on the highway and took him home. The parents then took the injured boy to a doctor's office in East Jordan for treatment.

Woman's Body Is Recovered 5½ Miles Down Lake

The body of Mrs. Marie Verburg, 45, of Grand Rapids, who was drowned in Round Lake on Oct. 0 when a fishing boat capsized, was recovered from Lake Charlevoix late Sunday afternoon.

The body was sighted on a sandbar about 30 feet off-shore from the Ayres Boals property on the north shore of the lake 5½ miles from where the boat capsized. Mr. and Mrs. Ayres Boals, Jr., who had arrived Saturday from Winnetka, Ill., saw the body and reported it to the Coast Guard and sheriff's office.

The Coast Guard removed the body from the sandbar with the aid of George Whitley in a skiff borrowed from the Boals. It was returned to the See Funeral Home here where it was identified and taken to Grand Rapids for funeral services and burial.

The body of William C. White, 52, also of Grand Rapids, was recovered on Oct. 11.

If you were the President of A&P...

What would you do to make your A&P a better place to shop?

Have you ever said to yourself, "If I were the President of A&P, I know what I'd do"? I think there are many A&P customers who would like the opportunity to express themselves on the subject of their A&P. I really believe that from your side of the counter, you know A&P best. That's why I ask your opinion.

You can help to make your A&P an even better place to do all your food buying by sending me your suggestions . . . criticisms . . . opinions. For instance, what about our service? Is it as courteous and helpful as you would like it to be? Is it prompt and efficient, too? Do you always find all items plainly and correctly price-tagged—as they should be? What in your opinion are we doing that we could do even better? Or what are we not doing that you feel we should do?

I INVITE YOU TO WRITE AND TELL ME HOW YOUR A&P MAY SERVE YOU BETTER

We of A&P want to make our stores the finest places of all in which to shop. That is why your suggestions, criticisms and opinions will be gratefully received and acknowledged. You see there are 100,000 employees of A&P from coast to coast jealously guarding the A&P reputation for courteous, honest, and efficient service. They never want to fail you in any way, but if they do, I am sure that they, as well as I, would appreciate your writing me.

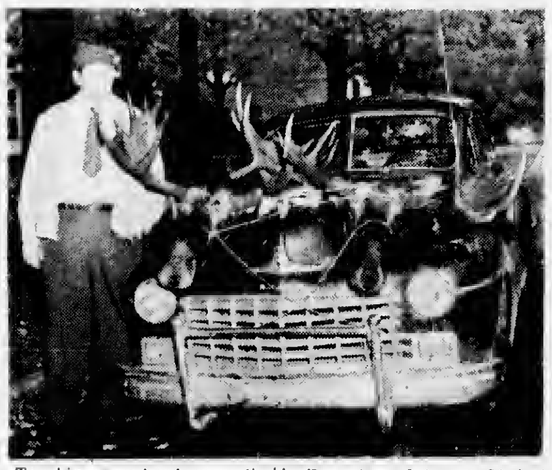
Moose Trophies Brought Back by Hunters from Northern Ontario



Two big moose heads were displayed on his car Saturday morning by Floyd Brown, just back from hunting in Ontario north of Thessalon.

The one on the right was shot by Herman Kay of Petoskey and measures 60 inches. The other is Brown's and has a 54 inch spread. The other two members of the party, S. Johnson and Joe Yonchoviak of Cheboygan bagged a third moose between them.

It took them three days to bring the heads and meat back to their cars. Fory-five miles of the trip was by river.

Bishop Addresses Kiwanis Club On Changing World

Bishop Raymond Wade told the Kiwanians Monday night sympathy, tolerance and hope are needed now by Americans if they are to do their part in solving the world's problems.

Speaking on "This World of Change", the retired Methodist bishop said that too many were afraid of change. It is true we are facing a period of rapid change. individually, notionally and socially, but that is no cause for discouragement. Other times too have been difficult.

He said we have been desperately near war in recent months but that a firm attitude by this country and Western Europe will avert conflict.

Bishop Wade was introduced by Rev. Gaylord Howell.

A tribute to Robert Sloan was paid by Judge Rollie Lewis. .

Officers for the coming year will be elected at the next meeting.

Boy Runs Into Car, Injuries Are Slight

Michael Herington, 6-year-old son of Mr. and Mrs. Robert Herington, was dismissed from the Charlevoix Hospital Saturday after being treated for bruises and cuts received Friday when he ran into the side of a car on South Bridge street.

The accident occurred during the football game when the youngster went to a gas station across the highway. As he was returning to the field, he dashed in back of the Edwards Mart truck which had stopped before making a turn into the field and ran into the side of a car going north driven by Pvt. Jerry Hamilton. He was driving a car owned by his father, Reno Hamilton.

The child was taken to the hospital where he was treated for bruises and scratches, x-rays taken and kept in for 24 hours observation.

Pellston Swamped 41-0 by Rayders, Gaylord Is Next

Last chance to see the Rayders, evidently headed for half the conference football title, will be Friday afternoon here.

Gaylord is the opposing team. The goine is at 2:30 p. m.

Pellston players made o sad mistake recently. Some of them, when meeting Charlevoix players, told the latter what would happen to them and Charlevoix's string of victories when the two teams met here Friday.

It didn't set so well with Coach Kipke's boys. So when the two squods lined up Friday at the Charlevoix field the crowd was handed a northern Michigan version of Michigan at the Rose Bowl.

Three Minutes, 13 points

It was a 41 to 0 stampede.

Within the first three minutes the Rayders had put across two touchdowns and Pellston had had only four plays. The pace wasn't quite thot fast for the rest of the game but the general idea was the same even when the third string players took over in the third and fourth periods.

Charlevoix kicked, Pellston tried a pass, Barber intercepted and took the ball 12 yards. Martin, Hardy and Barber mode the 42 yards to goal in just four plays. Barber missed his only kick of the day.

Intercept, Score

Charlevoix kicked again. After making 8 yards, Pellston tried another pass. Martin snagged this one and march was repeated with two more first downs and a touchdown followed by the extra point. Score 13 to 0.

Again Pellston received, made 3 yards, lost two, had an incomplete pass and Stark punted 43 yards against the high wind. Martin went 1 yard and then Jolliffe ran 62 yards on an off-tackle drive for the third touchdown.

Pass Brings Score

Evidently Kipke felt it was getting monotonous for he started sending in substitutes. The Rayders kicked off again and Pellston made the best showing of the day. The yellow jerseyed boys, with the help of a Charlevoix offside penalty, made two first downs before the quarter ended.

With only one yard to go, however, for another first down, they elected to punt. Martin brought the ball back 23 yards. The boys began to try passing. Wallace to Jolliffe was incomplete; Barber to Case over the line netted 11; Wallace to Case was incomplete, Martin to Coney was good for 30 and a touchdown.

Score Twice More

A 15 yard holding penalty ended a chance for another touchdown in the first half. The second half was pretty much the same story over. Another 30 yard pass, Martin to Case, brought the fifth score in the third, and ground plays produced the sixth touchdown in the final period.

Hamlin did an excellent defensive job on the line, and along with Shadko ond Gibbons made a lot of the tackles. Blocking, which was noticably lacking at East Jordan, was decidedly in evidence against Pellston.

417 Yards to 155

The visiting team's star was Stark, right half. Playing part

County to Fix Infirmary, Save on Care of Patients

Some major reconstruction work will be done at the County Infirmary this fall and winter which ultimately will save the county money.

Besides needed repairs and paint, changes will be made so that the infirmary's hospital can be used for many patients now sent to other places and at much higher cost to the county.

Total cost of the work will not exceed $7100. The contract has been let to Donald W. Clark of East Jordan. It provides that the county is to pay all moteriol and labor bills, plus an added 20% to Mr. Clark for the use of his equipment, liability insurance and supervision.

Along with the agreement is an itemized list of 12 items and the amounts for each. Mr. Clark reserves the right, that if one item is less than the specified amount and another is higher, he can recoup on the loss by the saving on the lower item.

In case all items run higher, there is no performance bond supplied or other protection for the county which guarantees comple-

Girl Scouts to Attend Church Sunday As First Observance of National Scouting Week

The more than 150 Girl Scouts of Charlevoix will join with Girl Scouts throughout the country in observance of Girl Scout Week Oct. 31 to Nov. 6. The first date, Oct. 31, is the birthday of Mrs. Juliette Low, who founded the Girl Scouts in the United States 36 years ago.

Charlevoix now has nine troops including two Senior, four Intermediate and three Brownie troops with a fourth about to be formed.

The Scouts will open the observance of Girl Scuut week by attending the church of their faith in a body on Sunday, Oct. 31. Each troop will be accompanied by one or more leaders.

One of the main projects for the 1948-49 program will be camping. Last year 41 girls attended troop camp and 72 attended day camp. This year plans are being made for at least four troops to attend camp and for the enlargement of day camp to take in at least 100 girls.

In observance of Girl Scout weeks two displays have been prepared in downtown store windows. One is a display of handicraft made at troop and day camp last year and the other shows a sample Friendship kit packed by the girls.

Junior Red Cross to Start Drive Next Monday

The 1948 Junior Red Cross enrollment campaign will begin in Charlevoix County schools Monday.

Mrs. Harry Ladd, County Chairman of the Junior Red Cross, said a goal of 100% enrollment of the schools has been set for the two week period.

Conducted on a county-wide basis the membership drive will be opened os Junior Red Cross members sign up fellow students in classroom units, at the regular fee of 50 cents each classroom in elementory schools and $1 for a group of 100 or less in secondary schools. No individual fees are required. All funds over enrollment fees go into the Junior Red Cross service fund, used to finance local, national and international Junior Red Cross programs.

Miss Eleanor Cook, state representative of the Junior Red Cross expects to meet with the county teacher-sponsors in November to help make plans for opportunities for service by the children of the county.

CCCC Backs Rail Service Program

Twenty five members of the Charlevoix County Chambers of Commerce met last Wednesday for the fourth meeting of that group at the Argonne.

After the dinner, plans for the coming Smelt Derby next spring were discussed and the group decided to back the movement seeking to keep passenger service on the Pennsylvania Line this winter.

Council Okays Bills, Adjourns

In one of the shortest Council sessions on record, the city's aldermen Monday night transacted a two week's accumulation of official business in 20 minutes and adjourned.

Bills totalling $8377.71 were approved. There were no committee reports. No citizens appeared with requests or protests. In fact at 8:25 the Council and Mayor all were tipped back comfortably in their chairs swapping colorful bear and deer yarns.

New Owner of Camp Makes Winter Plans

Major Kenneth W. Smith, new owner of Camp Charlevoix, was here last week mapping out plans for the winter's work.

Owner of the camp since Oct. 1, he has been connected with Camp Charlevoix for 11 years, ranking as associate director for the last three.

After graduating from the Detroit Conservatory of Music and Union Theological Seminary, he spent three years in religious education work, then became a faculty member at Detroit University School at Grosse Pointe.

In 1942 he volunteered in the Army, served three years overseas as adjutant of the 36th General Hospital in Africa, Italy and France, and still holds his ronk of major in the Reserve Officers Association.

For the last two years Ken has been vice-president of the Michigan Camping Association and turned down an offer of the presidency because of the added responsibility at Camp Charlevoix.

He and Mrs. Smith have two children, Julie and Pete.

Halloween Parties For All School Pupils Are Friday

Youngsters from the rural and city schools will be Charlevoix's guests Friday at the traditional Hallowe'en party, sponsored by the Kiwanis Club.

As in recent years, a free movie and treats will be highlights of the doings.

With several of the rural schools sending in their pupils, plus the big elementary enrollment in the city and St. Mary's schools, the morning show will be chiefly for the younger children.

Pupils from the country and St. Mary's will go directly to the Palace Theotre in time for the show at 10 a. m. The kindergarten and first four grades at the city school will form a parade shortly after 9:30. Led by the band the parade will go to Antrim on Grant street, then to Bridge and down Bridge to the theatre.

The evening show will be for the city pupils in the fifth through the high school and for the seventh and eighth graders uf St. Mary's. It will be at 7 p. m.

Following both shows there will be free treats for all the pupils.

In chargo of the arrangements are Harry Bingham, M. A. Levinson, Frank Oleksy, Horley Ochs and Roy G. Bennett.

Reserves Hold Boyne Squad to 12 to 6 Score

Stopping a confident Boyne City Reserve squad for three periods, the Chorlevoix Reserves Monday afternoon held the visitors to a 12 to 6 score.

Outweighed at least 15 pounds per player, the Charlevoix freshmen and sophs played heads-up football until o couple uf long Boyne runs in the final period brought two quick touchdowns. With less than a minute to go, Charlevoix shoved across its lone marker.

On the Charlevoix team, coached by Norman Gallagher and Pete Burns, were: Ron Cunningham, Jim Bowman, Charles Kralinke, Allen Louiselle, Bill Ward, George VerWys, Sam Hamilton, Ted Brawe, Norman Ketchman, Dale Suomela, Jack Parsons, Charles Donaldson and Charles Bleha.

About Those Amendments

Usually the hot fight in a presidential election is over the candidates. This one is a strange exception, with the most heat being generated over issues.

It is mostly a matter of comparison. There isn't a genuinely close, knock-down-and-drag-out battle for office on the whole blooming ticket. In contrast, the ruckus over the amendments looms up.

Proposals 2 and 5, with Michigan Education Association carrying the ball, are attracting the attention. Three weeks ago The Courier stated its position on all of them.

I still think that the Sales Tax Diversion is poor government. Appropriating money by the Constitution is too inflexible and too wasteful. We should elect legislators good enough to do that job. So I'm still in favor or repealing the amendment and telling our law makers to do right by our schools, or else . . .

But frankly, I am ready to admit right now that the repeal proposal will lose. The righteous school teacher cause, plus the grab-it boys from city and township, are waging too powerful a campaign. We'll keep the amendment I'm convinced, but I still say it's wrong.

Proposition 5 would change just two words in the present constitution. It would allow a majority of voters instead of two-thirds to vote up to 50 mills taxes for local use; and it would allow 20 years instead of five for that higher rate. Otherwise the law stays exactly the same.

If bonds are to be issued, only tax payers may vote on them. Experience in the past has been that only propositions for definite purposes have a chance of carrying. Public opinion will defeat wasteful schemes.

So, I'm still going to vote yes on No. 5 if a school district or a township wants to raise more money and maybe commit financial hari-kari, it should have the American right to make its own mistakes.

Legislators Tell How They Will Vote If Sales Tax Diversion Amendment Is Repealed Nov. 2

By L. E. Towe

With the teachers of the state spearheading the drive to keep the Sales Tax Diversion amendment in the State Constitution, the question of school money has become the chief issue in the fight over the No. 2 Proposition on the ballot next Tuesday.

The teachers say, and rightly, that without the extra money from the state, their salaries would be forced down to the near subsistence level of two years ago.

Legislature Caused Trouble

The Courier has taken the position that the teachers deserve all the pay they are getting now and should get still more. But, that using the Constitution to appropriate money is bad government, especially when money which could better go to teachers is now diverted to governmental units which do not need it.

The Legislature of three and four years ago caused all the trouble by refusing to appropriate money needed for teachers salaries to the schools. To try to find out if legislative sentiment has changed any, two weeks ago I wrote to three men: Sen. Don VanderWerp, Rep. Louis Anderson, and Sen.-Elect Frank Andrews.

Two Questions Asked

Of the first two, I asked two questions:

1. If the diversion amendment were repealed what would you personally favor as a school appropriation?

2. What do you think the Legislature would do?

Rep. Anderson's reply is carefully indefinite:

"If the Diversion Repeal should carry on Election Day I will vote for such appropriations for schools that would keep them sound financially . . . I am sure the Legislature will provide ample funds for the Public Schools on an equalization basis that would be favorable to the schools of the Charlevoix district.' He goes on to point out that an equalization basis would put proportionately more money into the northern and rural districts than the present plan.

Same or More to Schools

Sen. VanderWerp, Fremont publisher and quite possibly next chairman of the Senate finance committee, was definite:

"I would favor appropriating directly for the schools an amount at least equal to what they get under the amendment. The allocation would be on the basis of need so that the child in a poor district would get the recognition he is entitled to.

"The unfortunate thing about the diversion amendment is that some 10 millions go to units which do not need the money."

I asked Frank Andrews only the first question, as he obviously could not judge the Legislature's views. He wrote:

"If it were repealed, you would see Frank Andrews fighting to obtain, by proper procedure, adequate funds to take care of and enlarge our school system to give the best educational facilities and instruction to every child in Michigan."

Clara Cummings Bride Of James A. Martin

Miss Clara Louise Cummings, daughter of Mrs. Glenn Cummings, became the bride of James A. Martin, son of Mrs. John Martin, at a candlelight service solemnized at the Barnard Methodist church at 8 p. m. Friday.

Rev. Howard Moore read the double ring service

Escorted to the altar by her brother, Robert Cummings of Royal Oak, the bride selected a two piece dress of winter white gabardine with white accessories. She carried a Colonial bouquet of pink and white carnations and wore a matching headdress of pink carnations.

Mrs. Lloyd Cummings, sister of the bridegroom, as her only attendant, wore a two piece aqua dress, black accessories and a headdress of red carnations.

Mrs. Cummings, mother of the bride, chose a black and white print dress with black accessories and a corsage of pink and white carnations.

Mr. Cummings, brother of the bride, assisted the bridegroom as best man. Gordon Cummings, of Hazel Park and Allen Cummings of Lincoln Park; brother and cousin respectively of the bride and Frank and Phil Martin, brothers of the bridegroom, seated the guests.

Immediately after the ceremony a reception was held at the Barnard Grange hall.

After a wedding trip to Tennessee and Kentucky the couple will make their home here.

The bride is a graduate of the Charlevoix high school and the Highland Park General Hospital. The bridegroom, a veteran of three years with the Army Air Forces, also attended the Charlevoix high school.

Among those from away who attended the wedding were Mr. and Mrs. Allen Cummings and family of Lincoln Park, Mr. and Mrs. Robert Cummings and family of Royal Oak; Mr. and Mrs. Gordon Cummings and family of Hazel Park; Mrs. Arvid Lane and daughter of Detroit; Jesse Gregory and Mr. and Mrs. Edwin Gregory of Traverse City; Mr. and Mrs. Watson Gregory and family of Petoskey; Mr. and Mrs. Roy Magee, Mrs. Wilfred Harmon, Ralph Harmon and Miss Inez Howard of Boyne Falls; Henry Steves of Lansing; and Warren Duplessis of Doster.

Ask the *woman* who owns one

By tradition, she's entitled to the last word. So Packard has built it for her!

She might not care whether what's under the bonnet is a "free-breathing" straight eight, or a turbo jet.

But when she praises delightful *responsiveness*, and the soothing *smoothness* of Packard power . . . we like it! (What *man* ever put so dainty a shoe against an accelerator pedal and got such results?)

She might not care whether Packard's superior roadability and handling ease are achieved by advanced engineering, or by happy little gremlins.

But when she tells us that her Packard has the restful riding ease of a limousine, and the finger-tip handling of a tiny tot's stroller . . . we beam!

And when it comes to *styling*, and *tailoring*, and *convenience* features, she's *always* been the No. 1 authority—and New York's *Fashion Academy* confirms her good judgment in preferring Packard.

Come in—learn *all* the reasons why the most enthusiastic "man who owns one" is often a *woman!*

Farm Bureau Picks Directors, Hears Insurance Plans

Electing half the new directors for next year the Charlevoix County Farm Bureau held its annual meeting Thursday night at the school here.

Directors elected were: Rowley Williams, Marion; Leo Berg, Hayes; John Rosquist, Barnard; George Block, McGeagh; Oakley Saunders, Ironton; August Bulmann, South Arm. Six groups had not nominated directors and thus will fill those places later. They are: Inwood, Norwood, Starr, Hortons Bay, Eveline and Phelps.

Gas Tax for Roads

Mrs. Nina Zimmerman of South Arm was elected Women's Representative in place of Mrs. Oakley Saunders who has served the limit of two terms. Mrs. Saunders, in her report, said that the past year's project of a cancer detection center was not successful. The local cancer unit flatly opposed the move to set up a unit.

The meeting adopted four resolutions on state and national policy. The members are in favor of retaining the 15 mill tax limit, investigation and elimination of overlapping state agencies, getting road money from gas taxes, and they are against socialized medicine.

New Insurance Plan

John Rosquist presided at the session. Milton Larsen, district field man, and George Block, state director, discussed the new auto insurance company which the State Farm Bureau is setting up. Ed Rebman, county agent, outlined the soil conservation work. W. L. Besemer, head of the Veteran On-the-Farm training program, said 50 are enrolled and another 26 have applied. They will be enrolled as soon as another instructor can be obtained. Supt. Roy Bennett welcomed the group to the school and emphasized the fact the school is for the public to use.

Prizes Are Awarded

Charles Mascho, secretary and treasurer, reported that the county bureau has $584.24 on hand.

Door prizes were awarded to George Nelson, Arlo Wickersham, Mrs. Will Zitka, Charles Mascho, H. E. Cunningham, John Rosquist, Mark Saunders, Mrs. A. C. Murt, H. Eckert, George Block and Henry Stephan.

After ice cream and cake were served, W. J. Kirkpatrick, Antrim County Agent, showed colored movies he took while abroad this summer.

Garden Club Meets At Edwards Home

The Nov. 2 meeting of the Charlevoix Garden Club will be held at the home of Mrs. E. J. Edwards on Belvedere Ave., with Mrs. Arlo Wickersham having the lesson of the afternoon.

Teachers Named to County Posts

The Charlevoix county M. E. A. met Thursday at East Jordan for a potluck dinner and business meeting at the high school.

Max Damoth of East Jordan presided at the business session and named the following committees :

Legislation: L. E. White of Boyne City, chairman; Roy G. Bennett of Charlevoix and E. E. Wade of East Jordan.

Professional problems: Maurice Dixon of Boyne City, chairman; Harry Jankoviak of East Jordan and Max Novak of Charlevoix.

Program planning: Giles McCann of Boyne City, chairman; Mildred Karr of East Jordan, Elsie Goodwin of Boyne Falls, Dorothy McRae and Frances Milner of Charlevoix.

Public relations: Harry Bingham of Charlevoix, chairman; Charles Robinson of Boyne City, Charles Michaels of East Jordan and Carl Leach of Boyne Falls.

Publicity: D. C. Maltby of Charlevoix, chairman; Forrest Totten of Boyne City and Lavonne Huisenga of East Jordan.

Finance and membership: John Downing of East Jordan, who will name his committee.

Other officers of the organization are Elizabeth Dhaseleer of East Jordan, secretary and Dorothy Richards of Charlevoix, treasurer.

Principal speakers were Thomas Whitehead of Cheboygan and Mr. Bennett of Charlevoix who spoke on the proposed amendments.

Center Stage Actor Wins $1000 Prize

David Young, youthful actor who appeared with Center Stage, East Jordan this past summer season, has won a $1000 scholarship in advanced specialized drama given by Harrison Lewis School of Advanced Theatre in New York City.

Young did a scene as Chris, the son, in "All My Sons" the same role in which Directors Lief and Loren cast him at Center Stage, to win the award over 500 competing young actors and actresses.

(Continued from page one)

of the game with a broken nose, his punting was one of the highlights of the game.

In rushing Charlevoix gained 417 yards to Pellston's 155. Only 54 of this was gained in the last half against the substitutes. Pellston tried four passes, three intercepted and one completed for 3 yards. Charlevoix tried 12. Six were incomplete, one intercepted, and the rest gained 11, 28, 34, 40 and 25 yards.

Charlevoix was a bad offside offender, being penalized five times with two other set-backs for a total of 00 yards. Pellston lost only 10 yards on penalties.

Barber kicked five of the six points after touchdown, a great improvement over the start of the season.

Charlevoix made 13 first downs to Pellston's four. Not once during the whole game did Charlevoix punt, nor did it receive the ball once on a kick-off.

Those on the Charlevoix squad were:

Ends: Ross Case, Don Coney, Jim Feidler, George Haggard.

Tackles: Jerry Gibbons, Warren Shadko, Ed Klein, Bruce Shanahan, Don Ecklund.

Guards: Arnold Loper, Tom Hamlin, Herbert Boss, Bradford Foster.

Centers: Charles Fairbanks, Larry Peterson.

Quarterbacks: William Barber, William Wallace.

Halfbacks: Jim Jolliffe, Don Mort, Don Hardy, Ross Case.

Ellsworth to Start Cage Season With Last Year's Reserves

Ellsworth—The following schedule for the coming basketball season has been announced by Harold Edson, coach:

Nov. 19, Fife Lake, there; Nov. 23, Alanson, there; Dec. 3, Alba, here; Dec. 7, Boyne Falls, there; Dec. 17, Bellaire, there; Dec. 21, Alanson, here; Jan. 7, Williamsburg, there; Jan. 14, Fife Lake, here; Jan. 18, Boyne Falls, here; Jan. 21, Central Lake, here; Jan. 28, Bellaire, here; Feb. 4, Central Lake, there; Feb. 8, Williamsburg, here; Feb. 11, Alba, there; Feb. 18, Elk Rapids, there; Feb. 25, Elk Rapids, here.

Games with Alba, Bellaire, Central Lake and Elk Rapids are Antrim county league games. Edson, starting his second year as coach for the local school, after missing last year's county championship by one game, will use the team which last year, as reserves, won 16 consecutive games, with no losses and will try to take the county crown this season.

Williams-Denny Vows Spoken At Parsonage

Ellsworth—The parsonage of the Atwood Reformed church was the scene at 8:30 Friday night of the marriage of Barbara Williams, daughter of Mr. and Mrs. D. C. Williams, and Alvin J. (Pop) Denny, son of Mr. and Mrs. Fred Denny.

Rev. Wayne Lemmen, pastor of the church, performed the single ring ceremony in the presence of immediate relatives.

The bride wore a gray suit with black accessories and carried carnations. Mrs. Earl Denny, sister-in-law of the groom, was the matron of honor and wore a black street length dress and carried a bouquet of carnations and pompoms. Earl Denny was his brother's best man.

The young couple left to spend the week end in Lansing. The groom is a veteran of World War II.

We wish young folks would practice economy like they do piano scales and football.—Lowell Ledger.

The word for ideal refreshment STROH'S

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

In the lull between summer and hunting season, Beaver Islanders are catching up on all the odd jobs that must be done before winter sets in.

Store keepers are getting in their winter supplies. There's plenty of work to sorting and marking stocks of merchandise.

The Standard Oil man was on the Island this week to install two new pumps in front of McDonough's store.

Art Miller and his son, George are constructing stone pillars at each corner and at the entrance of St. James Township cemetery.

Mr. and Mrs. Lester Connaghan and family left last Monday to make their home in Charlevoix.

Mr. and Mrs. Roger Carlisle, regular commuters from Indianapolis to the Island, are spending two weeks at their Island home.

Edgar O'Donnell spent a short vacation visiting relatives and friends. He was the guest of Mr. and Mrs. Burt McDonough.

Mr. and Mrs. Lloyd McDonough returned last Monday from Grand Rapids.

Tuesday morning Buddy McDonough, Larry Cull and Bud McCann left in McCann's fish tug for Cheboygan to see the game between the Detroit Tigers and the Cheboygan team. The game was called off due to a heavy snow fall. The lads proceeded on to Alpena where the big league team played the next day.

Rita McCauley recently spent a week with her mother, Mrs. Lizzie McCauley. Rita, who is a "Hello Girl" in Pontiac, was wearing two tiny bells representing two years with the telephone company.

Speaking of beginner's luck, Father Giles trapped a fox the first time he set a trap, bagged the first duck aimed at and caught a coyote on the first try.

From now on, Patricia Ramsey will be scooping the school news for this column.

Coast Guardsman Robert Buckran has brought his family to the Island. They are occupying the Emerald Gallagher home which was recently vacated by Bob and Charlotte McDonough. The McDonough's left the Island Thursday to make their home in Grand Rapids.

Wednesday's boat brought across a beautiful maroon '49 Ford for the Van Erkles.

Mrs. Ted Wojan, her little son, Robert James and Mrs. Irene LaFreniere returned home Thursday. Mother and baby are fine.

Mr. and Mrs. Martin Amas, Hammond, Ind., were recently on the Island to start the building of them log cabin on Back Beach Boulevard. Barney Mooney has the contract. Mr. Amos is superintendent of the Indiana Harbor Belt Railroad.

Mrs. Erma Vories, South Bend, and Mrs. Harold Overmayer, Mishawaka, are visiting their sister, Mrs. Bid Sandenburg.

Rev. Father Raymond Oosdyke, O.F.M. Conv. of Terre Haute, Ind., and his father, Raymond Oosdyke, Grand Rapids arrived Thursday. Father Raymond, who visits the Island annually in the interest of the Third Order of St. Francis, gave one day retreat for the young people while here.

Spending the week end as guests of the King Strang Hotel were Mr. and Mrs. Andy Murch and Mr. and Mrs. C. C. Sinclair all of Paw Paw.

Mr. and Mrs. Tom Walsh and daughter, Mary and Mrs. Leacadia Jones, all of Grand Rapids spent the week end on the Island getting things in readiness for the hunting season. Walsh, manager of the Kent County Airport, bought the Pelkey's home about a year ago.

Word has been received of the death of Mrs. Ida Gibson. Mrs. Gibson with her mother operated the Gibson House in the building which was formerly the Mormon printing office. Mrs. Gibson's death occurred Thursday in Petoskey. Funeral services and burial will take place on Mackinac Island, where she made her home after leaving the Island.

The annual visitation of the Third Order of St. Francis was held Sunday afternoon at Holy Cross church with Father Raymond Oosdyke, Commissary Provincial of Our Lady of Consolation Provience.

City Is Used In Census Survey

Only a few folks knew of it, but Charlevoix was used in a Federal census check two weeks ago.

The Census bureau is compiling figures on national school enrollment. The sampling method is used. In this case, 25,000 families throughout the country were interviewed, these families representing a cross section of our entire population.

Charlevoix was one of the cities chosen. Who and how many were interviewed is strictly confidential, according to Donald P. Watkins of Boyne City, the district supervisor for the Census. Four questions were asked, and they will supply information on the number in school, the grades attended, and the highest grade completed.

Coyote Hunting Off to Wild Start On Island; Dog Goes Wrong Way, One-Shot Ends Chase

Beaver Island sportsmen have inaugurated coyote hunting!

Last week, with a coyote trapped by Father Giles, an honest-to-goodness hunt was started in the section between Sucker Point and the Township cemetery.

With hunters scattered throughout the area of the "neck" and with four hungry hounds bristling with excitement and poised for the hunt, the unsuspecting coyote was released.

Shooting like an arrow towards the woods the scared animal dashed. The hounds—Laddie, Archie LaFreniere's pride, Bruce McDonough's Cath, Carl Keubler's Bo Bo and Sandy—unleashed and eager, bounced forth and the hunt was on.

Archie's hopeful, Laddie, made a strange reaction to the coyote. One look at the animal and the pup acquired a new name, Wrong Way Laddie, for running as fast as possible in the opposite direction from which the coyote was running.

Cath, experienced in the chase, gave the coyote a run for his money, and soon brought him out in the open. George Miller, planted on the hill beyond Wright's field, aimed and fired as the animal came into the clearing and the hunt was over.

The hunters, Father Giles, Carl Keubler, Archie, Jr., George Miller, Roger Carlisle and Bruce McDonough assembled to inspect the dead animal. All were accounted for except Owen Tansey. He was found crouched behind one of the cemetery pillars with his two cocker spaniel pups, Maggie and Jiggs, all slightly frightened from it all.

Beaver Island Girl Is Wed In Chicago

Word has just been received here of the marriage in Chicago on October 2 of Miss Anne M. Gallagher, daughter of Mr. and Mrs. Dan Gallagher of Beaver Island, and Frank R. Williams of Chicago.

The quiet ceremony took place in the Holy Name Cathedral at 1:30 p. m. Monseignor E. H. Hartiman officiated.

The bride wore a forest green dress and gray accessories. Her flowers were a corsage of white carnations.

Miss Helen O'Brien of Chicago her attendant, wore a royal blue dress and hat, with black accessories and white carnation corsage.

The bride's brother, Lester Gallagher of Beaver Island was best man. Mrs. Dan Gallagher, their mother, was in Chicago for the wedding and wore a powder blue dress with navy accessories and a corsage of pink and white carnations.

The couple are living at 4106 N. Southport street in Chicago.

State Police Seek New Recruits

Sgt. Edgar Welsch, commander of the Gaylord post of the Michigan State Police, will be at his office from 8:00 a. m. to 9:00 p. m. Nov. 11, to interview young men interested in joining the department.

"While candidates for enlistment may make application at any time, this day is being set aside especially for interviews with those who desire to learn more about the department and to help them fill out their applicaion blanks," Sergeant Welsch said.

Frank Bird Injures Back In Fall

Frank Bird is a patient at the Charlevoix Hospital where he is recuperating from a severe back injury received last Wednesday in a fall from the roof of the Bird's Nest.

The accident occurred when he went to the roof to assist Marion Mull in placing atorm windows on the second floor of the building. He slipped as he was reaching to turn a cutch on the window, lost his balance and fell 15 feet to the ground. The ladder toppled on him. Mr. Mull, who was on the ladder, also fell but received only minor injuries.

Rites Are Held Here Tuesday for Mrs. Marie Heise

Mrs. Marie Heise, 27, young mother, and wife of Edward C. Heise, Jr., died last Saturday evening at the Charlevoix Hospital where she had been a patient for two weeks. She had been in failing health for a year.

Born in Antrim county on June 10, 1921, the former Marie G. Klooster came to Charlevoix county with her parents as a child. She lived near Ironton and later in Hayes township. She was graduated from the Charlevoix high school in 1939. In June, 1943, she wus married to Mr. Heise.

She was a member of the Barnard Reformed church und was active in Methodist church circles.

Besides her husband she is survived by a daughter, Lorraine Marie; her parents, Mr. and Mrs. Ralph Klooster of Hayes township; two sisters, Mrs. Harold DeYoung of Ellsworth and Dorothy of Charlevoix and her maternal grandfather, J. A. Jackson of East Jordan.

Funeral services were held at the See Funeral Home at 2 p. m. Tuesday with the Rev. Gaylord Howell officiating. Burial was in the Brookside cemetery.

Blue Cross Now Gives 120 Days In Hospital

Blue Cross group subscribers and the enrolled members of their families are now entitled to 120 full days of hospital service under the expanded benefits recently put into effect by the Blue Cross Plan, Charlevoix Farm Bureau members are reminded by Charles H. Mascho, Farm Bureau Blue Cross secretary.

"Four months is more hospital protection than most people need in any one year," Mr. Mascho says. "But it could be a real disaster when a family, confronted with such a long hospitalization, does not have the group Blue Cross protection."

County Will Remodel Infirmary at Cost of $7100 to Care for Hospital Patients

(Continued from page one)

tion of the job within the $7100.

The agreement was negotiated by the County Welfare Committee, composed of Percy Penfold of East Jordan, chulrman, Roy Scott and H. A. Craig.

They brought in a recommendation to the Board of Supervisors, which started meeting on Monday, Oct. 11. That same day the Committee accepted the agreement which made a lump estimate cost.

According to Supervisors, the Board felt that the cost plus agreement with no definite guarantee was too much like giving a blank check on the job. Consequently on Oct. 14 the supplementary itemized list was signed and accepted. The work to be done and costs are:

Storm sash and window repairs on second floor	$ 764
Paint and painting (all rooms except 5 done last year)	787
Linoleum and tile in baths and toilets	460
Roof repair, front and south porches	280
Reconditioning and ceiling insulation in men's ward	390
Heating and plumbing for remodeled front porch	1750
Repair of floors and joists for this work	130
Dumbwaiters and wooden cupboards for hospital floor	775
Panic locks	165
Remodeling kitchen	215
Steel cupboards for kitchen	804
Bed pan washer and installation	580

Quilt to Raise Money for Club

On exhibit at the E. R. Deitz grocery at Bay Shore has been a quilt which will be turned into an electric saw.

Or ut least partly turned into one.

The Bay Shore 4-H club wants a power saw for the handicraft work. It has been raising money for one, by nickles and dimes.

Then Mrs. Florence Lawson and Mrs. Dan Bassett hade a quilt and donated it to the 4-H Club to sell with the money going for the new saw.

Round, Square Dances at Party

There will be both round and square dancing, games and prizes at the Hallowe'en Masquerade party Friday night at the Masonic Hall.

The party is being put on by the Fellowcraft Club of the Masonic Lodge for the benefit of the Children's Christmas party. The prizes will be for the best costume and the best masquarade for both men and women.

The party is open to the public. There will be refreshments.

From where I sit ... by Joe Marsh

Want To Join Our Club?

Newcomers to our town are puzzled when they hear talk of "The Barbecue Club." Want to know who can join, and what the purpose is.

Well, the answer is: *any one* can join who's neighborly inclined. The purpose is simply to enjoy good food, good beer and ale, good conversation—all towards getting to know one another better.

Every other Saturday, at one farm or another, the pit is dug, and the fire started. And by sundown, neighbors from miles around have come together—the women contributing cakes, pies, and coffee, the men contributing the meat for barbecuing, and the beer or ale.

From where I sit, it's this simple wholesome side of country life in America—its spirit of good-fellowship—that makes for tolerance and better understanding between neighbors.

As I say, Neighbor, any one can join up! So come along a week from this Saturday.

SPARE THAT TREE!—Graduate foresters at Michigan Bell are in charge of trained crews that trim trees and control brush which might menace telephone lines. They work with utmost care to preserve the beauty of trees and landscape. This far this year, tree trimming and brush control have involved 150,000 man-hours.

"BLIFFY SNIFFER"—That's the nickname for a sort of "electrical bloodhound" used by telephone men. When work needs to be done on a certain pair of wires in a cable, an electric tone is placed on those wires at the central office. Out on the cable, the "Bliffy Sniffer," a pencil-like instrument, quickly picks out the wires by detecting the tone they carry.

GOOD NEIGHBORS—Everyone has good rural-line service when everyone helps make it so. This means spacing out calls, not interrupting when others are talking, giving up the line when a rural-line neighbor has an emergency call to make, and always making sure the receiver is in place when not being used.

THE NEWEST THING IN MOTOR CARS

FUTURAMIC*!

*ORIGINATED BY OLDSMOBILE—EXCLUSIVE TO OLDSMOBILE! Futuramic is the *new* word for the *last* word in motoring. And Oldsmobile is America's *only* Futuramic car!

There's a look of action . . . of poised power . . . a hint of spectacular performance in the low, blending lines of the Futuramic Oldsmobile. It's "Futuramic" in design . . . in the dramatic sweep of its fleet silhouette. And the sheer grace of its over-all beauty matches the striking simplicity of its smartly tailored interior. There's "Futuramic" comfort in the wider seats . . . there's panoramic visibility all around in the new Body by Fisher.

And when you take to the road in this sparkling new car, you'll discover the thrill of Oldsmobile's swift, silent tread . . . the smoothness of Hydra-Matic Drive†. Press down on the gas pedal . . . push down all the way. In a split second, you leap away . . . flashing forward with the controlled rush of Hydra-Matic Drive's downshift, *Whirlaway!* For greater safety . . . for greater performance, it's Hydra-Matic Drive plus *Whirlaway!*—And it's Oldsmobile that leads the way to America's motoring pleasure with America's *only* Futuramic car!

Louis Orlowski Weds Detroit Girl Saturday

Rita Joanne Hastings, daughter of Mr. and Mrs. Don Hastings, 14907 Greenfield Ave., Detroit, became the bride of Louis S. Orlowski, son of Mrs. Louis Orlowski of Charlevoix at a nuptial high Mass at St. Scholastica church, Detroit, at 9 a. m. Saturday. Rev. Sather Leo, O. S. B., said the Mass.

Mrs. Evajean Follonsbee, soloist sang, accompanied by the organist, Mrs. Marie Rogers. The children's choir sang during the Mass.

The bride, given in marriage by her father, chose a ice blue gown of illusion net over taffeta of the same shade.

Mrs. Marvin Zehnder of Detroit was her sister's only attendant. She wore a gown of bottle green faille and carried a shower bouquet of bronze mums.

Damien Depatie of Detroit assisted as best man and Don Hastings, brother of the bride, Leonard Doksiewicz and Mr. Zehnder, brothers-in-law of the bride, were ushers.

A wedding breakfast for 40 guests followed at the Botsford Inn. A reception for 175 guests was held at 8 p. m. Saturday at the home of Mr .and Mrs. Zehnder.

After a wedding trip to Canada the couple will reside at an apartment at 14907 Greenfield ave., Detroit.

The bride is a graduate of St. Gregory school, Detroit and is employed at the Miles Fox Office Equipment Co., Detroit. The bridegroom is a graduate of the Charlevoix high school, attended St. Ambrose College, Davenport, Ia., and graduated from the University of Detroit. He is now employed by Leo Bauer, Architectural Engineer, Detroit.

Among those from Charlevoix who attended were Mrs. Louis Orlowski, Miss Mary Margaret Orlowski, Mrs. E. Josephine Madill, Mrs. Herman Tellman and Mrs. James Gaskin. Out of state guests were Mr. and Mrs. Daniel Linnane and Miss Stella McGuire of Des Moines, Ia., Miss Mayme McKeough of Sandusky, Ohio, and James T. Whitworth who flew from Cedar Rapids, Ia.

• Mrs. H. B. Jacobs left Tuesday for Orange Lake, Fla., where she plans to spend the winter months.

staying with the Bill Ratigan family for three weeks while his mother and daddy go to Arizona.

Who can believe that Hallowe'en is close upon us. This week end will be trick or treat time. Heard a good one about a little town in New York State. It decided to take one of the blocks on Main Street and asked the boys to soap the windows. However, the soaping was to be of a different nature. Prizes would be given for the boy or girl who drew the best picture. That is another way to give kids fun and at the same time discover budding artists in one's home town . . .

Sunday will be Rev. Ansley Claypoole's farewell sermon at the Baptist church. What the folks of the church mean to the Claypooles was evidenced last week when the members gave a farewell supper to them. It was a thoroughly enjoyable affair and a beautiful Charlevoix scene was given them as well as a purse of money . . . The Thursday Bridge Club opened its season by having its first meeting at the attractive cottage of Mrs. Harry Foster last week at Ironton.

Mrs. Ralph Hamilton is expecting to come home from Little Traverse Hospital along about Thanksgiving time. She truly will have many things to be thankful for . . . The house trailer that Larry Ecklund bought to winter in West Palm Beach, Fla., is a little palace on wheels. The kitchen might well be the envy of any woman even in her own home. It would surely be fun to spend a winter in such a place with such conveniences.

News of folks, your neighbors and mine . . . but did you know that—

Without a doubt someone is walking around half blind for want of a pair of glasses that were turned in this week at the office. They were found on Bridge Street. One lens is missing but the frames are still good . . . Mr. and Mrs. Grover Glossenger and daughter left Sunday morning for a long trek across country, destination, Los Angeles where the family will make their future home.

With work progressing nicely on their new home on Michigan Ave., the Milton D. Mendels left this week for St. Louis . . . What a clever looking house is that of the Louis O'Neils since it has undergone a remodeling and paint job. One feels when passing by that he should rap at the door and ask if he couldn't come inside for the house looks so inviting . . . The Ed Fochtmans left for Chicago Saturday, bag and baggage. They left behind their attractive little home which they are selling, for Evanston will be their future home . . . Seemed natural to see Joan Ward at the football game Friday. Joan came home to be with her mother who has been at the hospital for the past two weeks. Mrs. Ward came home Saturday . . .

M. K. Chew has been visiting relatives for the month of October in Flint, Alma and Kalamazoo. He returned home Friday night . . . Mr. and Mrs. Joseph Gornell returned to Muskegon Sunday after spending three weeks at their home here . . . Mrs. Margaret Widdifield left Monday for Banning, Calif., where she will spend the winter months. She was "lady luck" for there is an apartment waiting for her when she arrives . . . A note from Keith Bruhl states that he and his wife and baby are now in Honolulu. They have been in Long Beach, Calif. The family went by clipper. Then he adds "The weather, well you just can't beat it, this October swimming is somewhat new to us, however, I do think we will live through it." . . .

With 22 commemorative stamps this year for stamp collectors, now comes along a person who recommends that Uncle Sam put out state stamps depicting the flower of each state. True they would be beautiful stamps, but what a drain on the pocketbook. It is enough trying to get the 22 stamps put out this year . . . A group of friends, relatives and schoolmates of Charles Elzinga met Monday night at Birchwood Ranch to bid farewell to Charles who has enlisted in the army. Elzinga has left for Camp Breckenridge, Ky. . . . Miss Alice W. Chew, teacher in the Bay City schools, spent the week end visiting her father, M. K. Chew and her sister, Mrs. John E. Boss . . . Monday was a busy day for Minnie Wood. Her brother, Maynard Corlett, arrived at noon from Napa, Idaho. At 4:30 he left, taking with him Mrs. Nellie Corlett, mother of Mrs. Wood, to Idaho with him. Mrs. Wood had a family dinner for him Monday so that all could have the brief time with him . . .

What a relief to know that election is over and probably many folks are just beginning to get over their election headaches . . . Mrs. Ed Edwards was in Newberry last week, called there by the illness of her mother . . . Charlevoix was well represented at the SPEBSQSA meeting in Traverse when several of the town's songsters drove down for the occasion . . .

Wedding congratulations to Mr. and Mrs. Ernest Peaslee, a bride and groom of 40 years last week. They had planned to keep the occasion a secret but friends discovered it. Last Thursday night at the Baptist church a party was given in their honor and a gift presented them . . . It was a real party at the Masonic Hall Friday night when a masquerade was held. Health Officials Approve Set-Up for Watering Yachts

Charlevoix's provisions for watering yachts which call here are entirely satisfactory.

The U. S. Public Health service says so.

Harbor Master Joseph Howard last week received the report on an inspection made here Aug. 24 by John E. Vogt, assistant engineer with the Michigan Department of Health. An accompanying letter from Raymond J. Faust, of the state department's Bureau of Engineering, says he is recommending the port for an approved certificate.

The Vogt report lists the various items such as hydrants, water hose, garbage disposal, water supply and marks all as as okay. There is not an adverse check mark on the report.

Northern Area Likely to Get Farm Service

Northern Michigan soon may have a group of extension specialists assigned to it by Michigan State College.

One of the chief projects of the Northern Michigan Agricultural Planning Commission since its inception a year ago, announcement of the tentative plan was made Monday night at Gaylord by Earl Grambau of Presque Isle.

As now outlined, MSC would assign a staff of farm experts to this area as soon as a headquarters and homes, could be found for them. Gaylord was favored for this because of its central location, although Grambau urged some other place be chosen because of the cool reception Gaylord has given the program from the start.

Those who have been tentatively selected are E. A. Wenner, now supervisor for the northern district; Margaret Harris, home economics; Kenneth Osterhout, Mrs. Ruth Deroga, 4-H work; Ed Long-

Building Program At Infirmary Will Modernize Place

Better care than is always available for patients, and economy for the taxpayers of Charlevoix County are the twin objects of the plans being made at the County Infirmary.

And a considerable lot of remodeling is planned. Roy Gregory, head of the County Welfare was glad to head a personnally conducted tour of the building north of East Jordan.

The big brick and stucco building was put up back about 1898 but for many years little has been done in the way of maintenance, according to Gregory. Last year Mr. and Mrs. Carl McKinney were brought to the infirmary and 120 acre farm, he as manager and Mrs. McKinney as matron.

Gregory points out the changes which are planned so that Old Age Assistance patients may be kept at the infirmary. Under state rule they cannot be kept there now and receive their assistance checks.

Starting in the kitchen new steel cupboards will be installed over the new sink and work table. The present narrow sink will come out, the stove (new last year) will be moved back and a new work table put in the center of the room.

A dumbwaiter will carry food from the kitchen to the upstairs hall convenient to the new men's ward.

Downstairs at the front is the present lobby, a dreary spot with one bare light bulb, peeling paint and a table radio. It is the chief social room for the 12 folks now

New Buildings Are Erected Here for Garage, Store, New Industries

Typical of the building now going on in Charlevoix are the four scenes above.

At the upper left is one corner of the new 50 by 70 Brown Motors addition showing the new twin cylinder car hoist. Below is the west side of the new Co-Op Poultry Processing plant.

Tony Wojan's new planing and interior finish mill on Stover Road is at the upper left. Below is the interior of the new Fales Store on South Bridge street, taken last week after the first load of merchandise was moved in.

Draft Rulings Are Announced

With actual induction under the new draft law starting, several questions keep turning up that are of real interest to the young man between 18 and 26.

One deals with veterans who served almost 12 months before they were discharged, other than 90 days war service. Under the new Selective Service Law, a full 12 months are required to exempt a veteran. If even one day is lacking, that veteran is subject to the new draft.

World War II merchant seamen likewise are not exempt, even if they had satisfactory active service. Both houses of Congress turned down this exemption.

Getting married in hopes of ducking the draft is not likely to work out that way. If the marriage took place before induction, the man likely will be exempt. The local draft board has the duty of passing on each of these cases on its own merit but its instructions are to draft even married men if there is any reason to suspect the marriage was an exemption dodge.

Those who reach their 18th birthday from now on have he responsibility of registering within five days of that date. The draft board sends them no notice or reminder, it being their responsibility to come to the draft office.

The total draft quota for Michigan in November is 347.

Missing Cat From Yacht Is Suddenly Four

That missing cat from the "Adonda" suddenly became quadruplets last Thursday.

At least four pussies answering the general description were reported to the editor, who foolishly had offered to see to its return. Finally after a telegram and two phone calls to Cleveland, it was decided that the cat which had been hiding on top of a storage room in the basement of the Birches was the missing mascot.

Saturday afternoon it was lured out with food, wired in a box, and still yowling its objections at having to leave Charlevoix, was expressed back to the Reno boys' yacht.

W. C. T. U. Luncheon Roll Call Friday

The annual W. C. T. U. Roll Call luncheon will be held at the home of their president, Mrs. Gladys Funk, 309 W. Upright ave., at 1:00 p. m. Friday.

Each member is asked to bring a dish to pass, her own sandwiches and a guest.

Pastor Closes 45 Year Service

The culmination of 45 years of service to church and community will be reached Sunday night when a community worship service honoring Rev. and Mrs. Ansley B. Claypoole will be held in the Baptist church.

The principal speaker will be Fred Bancroft. The service starts at 8 p. m.

For three years Rev. Claypoole has been the Baptist pastor here. Last month he asked to be allowed to resign, effective Nov. 1. And last Sunday he preached his farewell sermon. As a tribute to a brother, the Masons of Charlevoix attended the service in a body.

During his 45 years of preaching, Rev. Claypoole has held six regular pastorates. These were: Charles City, Iowa, 1913-18; Rapid City, S. D., 1916-21; Aberdeen, S. D., 1921-29; Wyandotte, 1929-36; Fowlerville, 1937-45; Charlevoix, 1945-48.

A native of Pennsylvania, he attended Bucknell, graduating cum laude in 1909. Three years later he was graduated from Crozer Theological Seminary with a Bachelor of Divinity degree.

In all his years as pastor, Rev. Claypoole missed only three Sundays because of illness. During those years he says he has preached 4,659 sermons besides the many addresses a pastor is called on to make.

He also has officiated at 331 weddings, 384 funerals and per-

County Follows U.S. Trend; Farmers Vote High Prices; Lewis Wins Judgeship

Plentiful easy dollars plus an oversupply of overconfidence Tuesday caused the biggest upset in local, state and national political history in the last half century.

The nearest approach was the Hughes-Wilson contest back in 1912.

With the Republicans, both here and over most of the country, celebrating a certain victory before election, Wednesday morning dawned dark and dreary for them.

Two big surprises marked the election. The first was the way all the public opinion polls missed the target entirely. Instead of Truman trailing, he led. Instead of a strongly Republican Congress, it will be a Democratic one.

The second was the way the northern farm vote swung Democratic. Traditionally Republican, the farm folks went to the polls and showed that they wanted the government to keep on supporting farm prices by casting Democratic ballots. That easily was the biggest surprise of the whole election.

Charlevoix County is typical of the trend. Pre-election forecasts said Dewey was likely to have a 2500 majority in the country. He had a bare thousand. St. James voted for Truman as was expected, but when Marion come through with a Democratic majority the dopesters were shocked cold.

The county also followed the trend on the state ticket. Gov. Kim Sigler's personal unpopularity with large sections of the voters showed up when he trailed behind the rest of the ticket. The concensus is that a personally popular governor would have carried the Republican ticket along with him. As it is, almost complete returns indicate that the entire Democrat slate will go into office with G. Mennen Williams in January.

Here in the county there was only one contest. Probate Judge Rollie Lewis beat his opponent Edwin Reuling by more than 700 votes.

The election four years ago was both a larger and a more Republican one. Dewey then polled 3034 votes to 1894 for Roosevelt, while Kelly beat Frye, 3357 to 1678.

Word from Lansing to The Courier Wednesday on the amendments was:

1. Governor succession, will carry.

2. Sales tax repeal, definitely lost.

3 and 4. Let Legislature set official pay, likely to carry.

5. Boost tax limitations might win.

6. Callahan act, inconclusive.

Revision of constitution, lost.

Chest Drive Is Extended for Another Week

The Community Chest Drive, scheduled to end Oct. 31, has been extended for one week until Nov. 8 to allow many of the solicitors to complete their canvass.

The drive still is $750 short of the needed $3350.

According to Chairman Robert Bridge, the funds have been coming in slowly. So far nothing has been received from the rural areas which are served equally with the city by the Charlevoix Hospital and the Community Nurse.

Due to the difficulty of making a house to house canvass in the country, there has been no solicitation there. But the officers of the Community Chest had hoped that voluntary contributions from the farmers would be forthcoming to help carry on the work during 1049 of these two public agencies.

All of the $3350 needed by the Chest this year is for definitely allocated purposes. $1500 is to go to the Hospital, $500 to the Community Health Nurse's work, $550 to Girl Scouts and $800 to the Boy Scouts.

Are We a Cold Town Too!

Monday night over at Gaylord I heard a member of the Farm Bureau in open meeting charge that community with being cold to outsiders and farm proposals.

The charge promptly and heartily was denied.

Now I don't know Gaylord, but it appears a fine, average community. And since most places are pretty much alike underneath the surface, the statement set me to wondering if the same thing is ever said of Charlevoix.

If it is, I feel like one of the Gaylord folks who said his town welcomed both farmers and farm activities. For I know that is true of Charlevoix.

Still, we citizens here should take extra pains to show that we do welcome our rural neighbors. They're fine folks, and this town is fortunate to have them.

Printers Ink: the Strongest Serum

The Michigan Tuberculosis Association officers met on Oct. 21 and adopted a resolution.

It is worth re-printing:

"As the 5th decade of anti-tuberculosis work opens in Michigan, the officers of the Michigan Tuberculosis Association pay tribute to the newspapers of our state.

"In 40 years of the Michigan Tuberculosis Association's activity against tuberculosis, the Michigan press has been the major force in keeping the public alert to the threat of this disease and informed on the work of the Christmas Seal in tuberculosis prevention and control.

"Because an informed public is its own best insurance against this disease, it may well be said that the strongest serum in the combat against tuberculosis is printer's ink."

We're Lucky In Our Railroad

Charlevoix is mighty lucky in being on the Pere Marquette, or rather on the Chesapeake & Ohio, now that the old Michigan road goes under the still older seaboard name.

The C & O is undoubtedly the livest and most progressive of the major lines of the country. It is improving its trains, giving its communities better service, both freight and passenger.

Contrast the howl that is now going up from Harbor Springs, Petoskey and the other towns north of Cadillac that are served by the Pennsylvania. The Pennsy says that its communities up here do not give it enough passenger business during the off-season months to justify running passenger trains and for that reason it is seeking permission to cancel all those trains during the winter.

Frankly, no one can blame the railroad much in wanting to drop a highly unprofitable operation. And it is easy to understand the feeling of the towns which do not want to lose the distinction of having rail service—even if they rarely supply a passenger.

However, there is a very real moral for Charlevoix. We have a good railroad serving us. Let's do right by it. Ship by rail and go by rail whenever you can.

Mr. Williams vs. the Truth

Karl Detzer, editor over at Leelanau county, used that heading on his editorial last week. He is speaking of Mr. G. Mennen Williams, Democratic candidate for governor, and his charge that Governor Sigler "put the Corrections Department into Politics."

Mr. Detzer is a member of the new Corrections Commission. He lists the members and states flatly he never heard one of them discuss a word of politics.

He then tells about Commissioner Joseph Sanford, former head of the Federal Prison at Atlanta and regarded as one of this country's top penologists. Mr. Detzer makes his point plainly that Michigan is lucky to have a man of Sanford's ability here as a public servant.

Remodeled Infirmary Will Give Better Care For Patients, Save Money for Taxpayers

at the infirmary.

It is to be redecorated and new lights installed, but the old high dark organ will still be there, along with the four or five plain wood chairs.

The stairs to the second floor are to be rebuilt so that stretcher cases can be carried up. The eight small private rooms on the first floor are to be redecorated. And they all need it.

The upstairs is divided into parts, the men's on the south and the women's on the north. At the front corner of the building are four rooms which will be fixed up for the nurses, one for each of the three to be hired and the fourth as their bath.

Back from the head of the stairs are some private rooms. These will be converted into an examination room, isolation room, and men's bath. On the south side the present sun porch will be made over into a men's ward holding 12 beds. On the other side the eight private women's rooms are to be redecorated and the old worn linoleum replaced.

Because the infirmary now does not have 24 hour nursing service, those receiving Old Age Assistance cannot go there and continue to get the state help. Instead, they have to go to private homes or to Petoskey or to hospitals. At these the cost often is much higher than the $60 a month maximum allowed them, and in many cases the county pays the difference.

By fixing up the infirmary, and hiring the requisite nursing help, the county can place these patients in its own institution. There the care and companionship will be equal to and in occasional cases better than some are now receiving.

The Assistance checks will help defray the cost of the improvements and operation of the infirmary, the patients on the whole will be better off, and the taxpayers will be saved money.

"It's one of these deals where just about everyone is going to be better off for it," Gregory says.

The work is expected to be done by Feb. 15 and there are enough patients now eligible to enter to fill the infirmary up to its safe capacity with 16 or 18 new cases.

Island Plans for Annual Hunters Dinner, Ball

The game club of Beaver Island met Thursday evening at the King Strang Hotel to elect officers for the coming year. The officers elected are: president, George Miller; secretary, Father Giles treasurer, Buddy McDonough; directors, Willie Schmidt, Larry Cull and Roger Carlisle.

Plans for the Hunter's Ball and annual game club dinner were made. Lloyd McDonough is chairman. The dinner which will be served in the Parish Hall on the opening day of the deer season, will be baked white fish and all the trimmings. The ball will follow with the Beaver Island Trio furnishing the music.

PLENTY on the BALL

The elephant and the Power Flight sign are both well known symbols of Power. When it comes to performance they both have "plenty on the ball." That's the reason for their wide popularity.

Power Flight Gasoline is outstanding all ways because it is: Smooth, Dependable, Extra Powerful, Clean burning, Quick starting, Season tempered and economical.

Once you use Power Flight Gasoline you will understand why one tankful proves more than all the adjectives which can be written about Power Flight.

Island Children Have Spook Party

Saturday evening at 7 o'clock, St. James grade school was alive with ghosts, witches and a variety of Hallowe'en characters.

Assisted by the teachers, the seniors entertained the school children with a successful party. Patricia Ramsey and Charlotte McDonough had charge of the lower grades. Mary Malloy and Patricia O'Donnell conducted games and dancing for the upper grades. All were served treats.

Through the cooperation of the children, pranks and window soaping were curbed this Hallowe'en.

Sunday evening, the spooks were out rapping at the doors for tricks or treats. From the looks of their sacks, there were plenty of treats.

Find the fellow who is willing to admit that his boss over-pays him.—Lowell Ledger.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Sections of the village sidewalk, totaling 150 feet, in the heart of the village are being replaced. Mickey Belfy has the contract.

For the past two weeks, the Island has been a riot of color.

On one of the lovely days last week, the lower grades with their teacher, Sister Rose Alma, hiked through the beautiful sections around Font Lake to Tim Lenard's home.

Dr. Faber and his assistant finished up the dental clinic Thursday and flew back to the mainland. All grade school children were taken care of, which means a decrease in tooth aches this winter.

Henry Allen arrived on the Island Friday for the week end. While here, he received news from Ann Arbor that his daughter, Julie and son, Tom, won first and second prizes in the city-wide contest for the most originally decorated pumpkin. The contest was held at Yost Field, U. of M. Julie's pumpkin, representing Uncle Remus, won first prize, a new bicycle.

It's another boy at the Johnny Andy Gallagher's home. The baby arrived Oct. 29.

Friday evening, Jill Smith entertained her school friends with a costume Hallowe'en party at the home of her uncle and aunt, Dr. and Mrs. Russell Palmer. Dancing was enjoyed and refreshments served. The guests included Eleanor Gallagher, Rosemary McDonough, Carolyn Miller, Mary Catherine Hanley, Kay McDonough, Grace Marie McCann, Ellen Nackerman, Margie Martin, Grace Gatliff, Bernadette Malloy and Jeanie VanErkle.

Hot Remedy Puts Plenty of Fire In Island Team

Trail Road became the scene of a run away when Frank "Big Owen" Gallagher attempted to discourage one of his team from biting at the reins.

Frank, on his way to deliver a bushel of apples, was driving Prince and Randy, hitched to a wagon. Prince kept trying to chew at the reins, so Frank decided on a remedy. When he reached Dillingham's, the horses were brought to a halt while Frank went a-borrowing lard and red pepper. The reins were given a good thick coating of lard and a generous sprinkling of red pepper—a sure cure, thought Frank.

Prince, still hankering to chew at the reins reached over, got one good taste of red pepper and lard and that was enough. In less than no time, all Frank could see was the back end of his wagon bouncing down the road and apples going in all directions. Later on, the horses were found near the Gallagher home caught in a tree. Randy looking bewildered but Prince still burned up.

Sophomores Stage Hallowe'en Party

The sophomore class of St. James high school sponsored a Hallowe'en party at Uncle Tom's log cabin Friday night.

Teams titled "Cats" and "Owls" hunted the respective paper animals, the Cats winning with Emmet Schmidt acting as their captain. Everyone at the party took part in a spelling bee. The last three left standing were Father Giles, Don Benner and Patty Ramsey. The rest of the evening was spent dancing, both modern and old time.

Refreshments were served.

Games, Eats Feature Birthday Party

John Norton, who was six years old on Friday, celebrated the event at a party given Thursday by his mother, Mrs. John Norton, Sr., at the home of his grandparents, Mr. and Mrs. Floyd Ikens.

Twenty-four little friends gathered in the basement of the Ikens home which was decorated in a Hallowe'en motif and enjoyed such games as bobbing for apples and refreshments served at a table decorated with favors.

Vickie Miller, Leslie Boss, Donna Ikens and David Wachelin won the prizes for the games.

Still to be assigned are specialists on farm engineering, crops, management, horticulture and forestry.

By having this staff living in northern Michigan and making an on-the-spot study of its particular problems, better service could be given northern farmers.

Rites for Pfc. Belfy Will Be Held Monday

Funeral services for Pfc. Robert W. Belfy will be held at the See Funeral Home Monday at 2 p. m.

Rev. Leo Malinowski will officiate. Burial will be in Brookside cemetery.

Private Belfy's body is expected to arrive here Saturday afternoon from Fort Sheridan. He was killed in action on March 24, 1945 in Germany. His body is being returned here by the Army.

Rev. Wood Starts Seventh Year As Pastor Here

Sunday will mark the start of his seventh year for Rev. W. D. Wood as pastor of the Church of God.

His sermon topic will be 'The Church Is Right."

"I've enjoyed all the six years here," Rev. Wood says, "working with the community and the church."

Three Couples Win Treasure Hunt

Actually having to dig up the treasure, three couples Sunday night won the weekly treasure hunt.

They were the Dean Davenports, Bob Miles and Walt Bergons. The clues were: 1, encircle number 658; 2, child's toy; 3, braver door; 4, dreary parts of houses; 5, dubious angles; 6, music of 3 Little Fishes; 7, KC 2x4; 8, hunters had to find four dates in 1948 calendar and convert them to letters; 9, he made a big hole recently; 10, 2 judicial districts—heap up; 11, protect an expert; 12, span—dirt—heap.

Four Hours Work Rescues Deer from Eveline Mud Pit

Fair game for some future deer hunter was saved Saturday afternoon from death in the mud.

At 1:30 p. m. two fishermen reported at Pete's place at Ironton that a young deer was mired in the mud of the pond beside M-66 used by Evelyn Orchards for irrigation. Pete Bennett reported it to Ed Starback, conservation officer.

Planks were laid out on the mud. But the rope soon became so mud-soaked that attempts to lasso the deer failed. Then a boat was brought from Ironton. The mud was so gooey it could not be rowed.

Next 400 feet of rope were obtained, fastened to the boat, which was pulled across from the opposite side. Chuck Beaver rode out and dropped a noose over the deer. Both deer and boat were pulled to shore.

Then the problem of turning it loose came up. Finally, F. Ayres held the animal by the ears, the noose was replaced by a slip loop, and the animal released. It managed to stagger to the nearby woods.

It was a yearling buck, the horn buttons just starting to show. The whole job took four hours.

Kiwanis to Send Young Farmer to State Session

Some member of the Junior Farm Bureau will be going to Lansing to attend the state meeting of that order at East Lansing.

Monday night the Kiwanis voted to sponsor the sending of a young farmer and to take care of his expenses. The choice of who will go will be made later this week. The possibility was presented to the club by Allen Swanson, roll call chairman of the Farm Bureau.

Harry Bingham reported that 900 children attended the Hallowe'en party Friday.

Election of 1949 officers will be next week. Gordon Freedman and C. B. Meggison have been nominated for the club presidency.

Annual TB Sale Opens Nov. 22

A summer resident here for many years, Hamilton Moses died Tuesday at his home in Chicago, 181 Lake Shore Drive.

He was 74. Surviving are Mrs. Moses, their two sons, Hamilton, Jr., and James, a sister, Mrs. Joseph W. Moses and four grandchildren. He had been ill for a long time.

Mr. Moses was a member of the law firm of Moses, Bachrach and Kennedy, which his father Adolph Moses, had helped to found in the 1860's. It was in the offices of this firm that Mr. Moses read law. He was admitted to the bar in 1901.

Bad Black Bear Pays Visit, Goes With Food Supply

One of those Charlevoix County bears has struck again, this time cleaning about $20 worth of groceries out of an ice box.

There's no question about the thief being a bear. Four inch black hairs, tracks all over the place, and deep claw marks down the front of the box all proved that one of the black fellows had made the call.

It happened Sunday night at the Hidden Valley Resort on Nowland Lake, operated by Mrs. Jessie Seligman. Her husband had driven up from Indiana with a load of material and supplies that day. After a hard nine-hour drive he was worn out, and after unloading the car and eating a light meal, they had retired.

Among the supplies he had brought up were a pound and a half of butter, a six pound boneless ham, four pounds of fresh beef, two pork steaks, some hamburger, and a chunk of bacon. All had gone into the icebox on the open back porch.

The next morning all plainly had gone into bruin. The paper wrappings were torn and littered the porch. There were greasy paw marks on the cement steps and porch. And there were the claw marks and black hairs.

Mrs. Seligman has two excellent watch dogs and several hunting rifles. The night before she had heard the dogs bark and then some pieces of stove pipe on the porch were rattled. She went out but saw nothing.

She believes the bear came back Sunday, the dogs likely barked but failed to awaken either her or Mr. Seligman. At any rate, she's keeping the guns loaded now. And she'd like to get that bear hide to make up in part at least for all those groceries.

Gun Case Brings Probation, Fines

A circuit court jury late Wednesday returned a verdict of not guilty in the case of Clarence Northrup, 42, a Madison, Wis., truck driver, who was detained on a statuatory charge.

He was arrested on July 15, 1948, at Boyne Falls and was later released on bond. Judge Charles L. Brown presided.

Allen Kerr, 21, of Charlevoix and Carl Mull, 20 of Traverse City, who were charged with stealing guns from George Stage at his residence on the Hooker farm, were each placed on probation for a year and ordered to pay $50 fine and $50 court costs.

Lacy W. Oldham of Charlevoix, who had pleaded guilty to a charge of accepting the stolen guns, was placed on $1,000 bond and will be sentenced at a later date.

CARD OF THANKS

I wish to thank my many friends for the lovely flowers, fruit and cards which were sent to me during my stay in the hospital.

Mrs. Bernie Ward.

Partridge Planted On Beaver Island By Game Group

History was made on Beaver Island this week when members of the Michigan Department of Conservation released 50 ruffed grouse, commonly called partridge.

These are the first ruffed grouse ever known on Beaver Island and the first ruffed grouse to be imported to Michigan in the history of the department. They are difficult to live trap.

The partridge are wild birds live-trapped by Wallace Grange of Babcock, Wis., shipped to Traverse City by express and flown to the Island by the Conservation Department plane piloted by Pete Van Valen and by Joe McPhillips of Charlevoix.

Accompanying the birds were Otto Failing, District Game Manager of the Gaylord office, Dr. S. C. Whitlock, Game Pathologist of the Lansing office and Ebb Warren, Department Photographer of Roscommon.

Members of the Beaver Island sportsman's club and officer Karl Knebler assisted with handling and release of the birds at the south end of the island where cover and food supplies required for these birds appeared best.

Department representatives said there appeared to be an abundance of cover suited to ruffed grouse and they had every reason to believe this planting may be the beginning of a good partridge population for Beaver Island. These birds were purchased by the Department of Conservation at $20 each.

O. E. S. Will Have Open Installation On November 12

Appointive officers named by Mrs. Arvilla are: chaplain, Mrs. Gladys Mort; marshall, Mrs. Hulda Cross; organist, Mrs. Wilma Smith; Adah, Mrs. Mildred Hiller; Ruth, Mrs. Anne Korth, Esther, Mrs. Freda Stewart; Martha, Mrs. Helen Belding; Electa, Rosale Goldstick; warder, Mrs. Caroline Sorenson; sentinel, Mrs. Leon Barker.

The open installation will be held at the Masonic hall on Friday, Nov. 12. Mrs. Laura Courier will be the installing officer; Mrs. Alice Bellinger, installing marshall; Mrs. Vance Walstad, installing chaplain; Mrs. Mildred Webster, installing organist.

Shining Deer Brings $31.85 Fines to Three

Three Charlevoix men paid $31.85 apiece and had their light confiscated for shining deer in Hayes Township last Wednesday night.

They are Milo L. Kane, Allen Winnick and Frank Case, Jr.

They pleaded guilty before Justice W. J. McWain of Boyne City. The previous week six Emmet County men were arrested on the same charge. Three paid $31.85 and three $56.85. All lost their guns.

Growing Certified Seed

If you have a farm quite free of noxious weeds there is no reason why you shouldn't raise certified seed. To obtain the extra premium that is derived from this enterprise. The first step is to join the Michigan Crop Improvement Association. Membership is open to any farmer and costs only $1.00 per year. Then you will have the problem of getting registered seed. For further information on this see your County Agricultural Agent.

Jerry Ypma Writes of Experience In Typhoon Which Hit Army Station On Okinawa

Pfc. Jerry Ypma, who is stationed on Okinawa with the U. S. Army, has written the following letter to his parents, Mr. and Mrs. Kenneth Forbes, telling them about a recent typhoon which hit the far-Pacific base.

It reads in part:

"Things are back to normal again but I want to reassure you that I was not blown out to sea in the typhoon, which we called 'Tibby.'

"It started about 10 a. m. Sunday and lasted until 5 a. m. Tuesday. The winds got up to 105 mph. before the anemometer blew down. We estimated the peak gusts reached 140-150 mph with a base speed of 90 mph. The winds held prtty steady from 3 p. m. Sunday until 7 a. m. Monday at which time the center of the storm reached us. The center or 'eye' of the storm is dead calm and very nice.

"We were in that 8 hours after which the rear half of the typhoon hit. The winds this time weren't so bad and it seemed rather peaceful after the first night.

"I worked most of Sunday and Monday nights so was up during the best part of each half of the storm. We spent most of our time trying to nail the station down so it wouldn't blow away. It rained all the time except when we were in the center so no one had any dry clothes or shoes.

"The base power unit got filled with water when one of the walls blew down so about the only power on the base has been a generator at the weather station. They say it will be Saturday at the earliest before all but headquarters has power.

"The mess hall was out of operation from Sunday noon until Wednesday so we've been eating canned K and C rations. More fun.

"A second lieutenant whose house blew down has been staying with us. He got us rations and helped us tie down the station and clean up afterwards so all in all has been a good boy to have around.

"I just heard the major who is in command of the station say that he was proud of the whole station and now has complete confidence in us in any emergency.

"Our barracks stood the storm pretty good but then we had about six feet of boards nailed over each end of our quonset hut. Except for water which seeped in around the windows and doors we were in pretty good shape."

• Mr. and Mrs. Wilbur Cline, Helen Rose Cline and Robert Sloan left Tuesday for Texas. They planned to go by way of St. Louis and ElPaso to go to Brownsville.

Post Season Game For Co-Champ Teams Is Ruled Out

Rayders Beat Gaylord 32-0 In Final Game of Season

Winding up the 1948 season in a blaze of scoring that never let the Gaylord team get well started, Charlevoix won the final game Friday 32 to 0.

The Otsego visitors were handed a rough time. Only once did they even get the ball past the middle stripe, and that was the result of a fumble. Only once did Charlevoix punt, and only twice did Gaylord make a first down. To put it mildly, it was Charlevoix's game.

Eleven Seniors on Squad

It was the last game of their high school grid career for nine of the team: Herb Boss, Ross Case, Don Coney, Don Eckland, Arnold Lopez, Pat Martin, Don Mort, Warren Shadko. Two other seniors not in the lineup because of earlier injuries are Dick Jolliffe and Junior Potter.

Gaylord received, made three yards and punted. Martin, Hardy and Barber made a first down and then Jolliffe found a hole off tackle and galloped 32 yards for the first score. Barber's kick missed.

Pass Brings Touchdown

Once again Gaylord received, couldn't gain and punted. Charlevoix was penalized 15 for holding. Barber passed to Case who dodged his way to the goal line, a total of 80 yards. Shadko's kick missed.

Wallace kicked to Gaylord. An incomplete pass and no gain brought another punt. Martin's fake reverse netted 11 but an off-side penalty nullified it and Gaylord recovered a fumble on the next play as the quarter ended.

No Gain, Punt by Gaylord

Once more it was no gain and punt by Gaylord. Martin went 12 around end, Jolliffe added 15, Barber 5. Then a pass, Barber to Haggard to Jolliffe, ended in a fumble and Gaylord recovered.

Gaylord quick kicked to Martin who downed it on the 22. He and Jolliffe made a first down, and three plays later Barber went across for the third touchdown. He also kicked point.

Fumble Blocks Score

Gaylord received, completed one pass for 5 only to have Jolliffe intereept the next one. The half ended as Martin tossed a 35-yard pass to Jolliffe.

Gaylord kicked, Charlevoix made twn first downs, then lost 7 on a fumble and after an incomplete pass Case punted. Four plays later Gaylord kicked the ball back.

After making a first down, Barber tossed to Case who went another 35 yards for the fourth touchdown. Barber kicked the point. The quarter ended as Case intercepted a Gaylord pass.

Three Passes, No Score

It the score had not been so lopsided, the final period would have been a heart-breaker. Wallace passed to Coney for 35. Then he tossed 18 yards to Case who scored, only to have the play called back on an offside penalty. Martin and Hardy picked up 9. Then Wallace tossed to Case who juggled the ball, dodged four tacklers and again scored in the day's best example of open field work.

But again the play was called back, this time 15 yards for holding. Gaylord took the ball and punted. After three Charlevoix plays gained only four yards, Jolliffe went 24 on a fake kick. Then Case scored on a 13 yard drive. Wallace's kick was no good.

191 Yards to 57

Gaylord made a first down and completed a pass for 12. Shadko intercepted the next toss. Barber passed to Shadko for 10 as the game ended.

From scrimmage Charlevoix gained 191 to Gaylord's 57. The Rayders tried 12 passes and completed 8, two of which were called back by penalties. Gaylord tried 9, completed two and had two intercepted.

As in the Pellston game, Charlevoix was penalized heavily, 50 yards to Gaylord's 10. It made six first downs to the visitors two. Barber kicked two of his three tries at the extra point.

Cage Opener Is Nov. 23 Between Same Outfits

Possibility of a post-season game between the co-champion East Jordan and Charlevoix teams has been ruled out.

Proposed by football fans of both towns, the school officials at both places have conferred at length over the idea. Two facts together caused the proposal to be dropped.

First is that Charlevoix and East Jordan open the basketball season against each other here on Nov. 23, less than three weeks away.

Second is that, although the grid schedules were one game short of the approved eight, extra basketball games were scheduled. Under the circumstances, approval of the state athletic board is unlikely.

Although the Charlevoix and Jordan teams are tied officially on the books for the Class C Conference title, the records tell a different story. That is shown in the scores made during the 1948 season.

From where I sit ... *by* Joe Marsh

"Husbands, Wives, and Marriage"

Maybe you read that survey published recently in a national magazine, entitled "Husbands, Wives, and Marriage."

It showed that among *happily* married couples, those who criticized *themselves* outnumbered those who criticized the other person. Among unhappily married couples, it was just the opposite—each one tended to criticize the other.

That's the way it is in our town, as I guess it is in yours. Criticism, whether it's of a wife's taste for hats, or a husband's taste for pipe tobacco and an evening glass of beer or ale, is a sure start towards unhappiness.

As for what *made* happy marriages, *companionship within the home* was listed most important of all. And from where I sit, a husband and wife who can spend an evening by the fire—with nothing more exciting than a mellow glass of beer, and a friendly conversation—are a truly well-matched couple!

Contract Let to Build First New Home In 25 Years On Belvedere; Novel Design to Be Used

Contract for building the first new home in 25 years on the Belvedere was let this week.

Owners are Mr. and Mrs. Joseph D. Robinson of Orlando, Fla. The builder is George Smith, Jr.

The new home, which will be on the upper terrace, will be of ranch house design. It will contain five bedrooms, four baths, kitchen, a 24 by 32 foot living room, fireplace, and lots of windows.

A type of construction, new in these parts, will be used. Two inch pine planks, tongued and grooved, will be set vertically to form the walls. To make the joints air tight, the grooves will be filled first with a non-hardening caulking compound.

Instead of being a straight long building, the three sections of the house will be set at angles to each other.

"This is strictly a summer home," Smith says. "The materials used throughout are the best, but because of the construction it lets folks have a big summer home at the price of a medium sized one."

Construction will start this fall with the contract calling for completion by June 22.

• Mr. and Mrs. Robert Zeitler and Mr. and Mrs. Thomas Murphy spent the week end in the Upper Peninsula where they visited the Soo, Marquette, Newberry and other points of interest.

Smith-McCann Nuptials Celebrated In Detroit

In a double ring ceremony solemnized at the Central Methodist church, Detroit, at 4 p. m., Saturday, Marjorie Josephine Smith of Detroit, became the bride of James Omer McCann of Charlevoix.

Rev. E. Shurley Johnson read the service in the presence of 150 guests before an altar decorated with white chrysanthemums and lighted tapers.

The bride is the daughter of Mr. and Mrs. James Deming Smith of Detroit, and the bridegroom is the son of Mrs. Michael J. McCann of this city.

Avery Crew, soloist, sang several selections, accompanied at the organ by Dr. Guy Chambers Filkins who also played the traditional wedding marches.

Given in marriage by her father, the bride wore a gown of white Chantilly lace. Her veil fell from a lace tiara and she carried a bouquet of white chrysanthemums and red roses.

Mary Louise Fessenden of Detroit, was maid of honor and Susan Steele of Farmington and Mrs. Charles Coulter of Detroit, were bridesmaids. They wore taffeta gowns of forest green, gold and wine respectively with matching hats.

Harper C. Maybee, Jr., of Dearborn was best man and Robert K. Archer of Dearborn and Russell L. Smith of Detroit, brother of the bride were ushers.

Mrs. Smith selected a gray afternoon dress, gray accessories and an orchid corsage for her daughter's wedding. The bridegroom's mother wore a navy suit, matching accessories and an orchid corsage.

A reception at the Y. W. C. A. in downtown Detroit followed the ceremony.

After a wedding trip to northern Michigan the couple will make their home in Dearborn.

The bride is a graduate of Albion College where she was a member of the Delta Zeta sorority. The bridegroom is a graduate of Western Michigan College of Education, Kalamazoo, and was affiliated with Theta Chi Delta and Delta Pi Epsilon fraternities. At present both are teaching at Dearborn high school.

Among those who attended the wedding were Mrs. M. J. McCann and Mr. and Mrs. J. Giles McCann of Charlevoix; Mrs. Edward S. Radle of Whitefish Bay, Wis., and Mrs. James McDermott of Chicago.

News of folks, your neighbors and mine . . . but did you know that—

Suffering a broken hip some months ago, now Mrs. Lota Coulter has had a stroke, leaving her partially paralized. . . . Got a thrill the other day, talked with Andy in Hollywood, (whoever he was,) on Dr. D. C. Nettleton's short wave station W8BQQ. Since then Doctor has picked up stations at New Zealand, Alaska, Greenland, French Morocco and Gibraltar. There are but two stations on Gibraltar and he was lucky enough to contact one of them . . .

Mr. and Mrs. Ed Allen left Monday for Sarasota, Fla. Frank Courier, Kit Carson, Ted Coblentz, Earl Publow of Lansing, H. G. Bird of Traverse City, and Lewis Brown of Petoskey expect to be leaving for their camp up at Little Two Heart Hunting Club, their 1700 acre property north of Newberry. They will be joined by Floyd Brown and Douglas Bird of Detroit next week. Frank Bird, who also belongs to this hunting club group will be spending his deer hunting season this year in the hospital . . .

Mr. and Mrs. Frank Courier returned Sunday night from a few days jaunt to Detroit and Belleville where they celebrated their 25th wedding anniversary. In Belleville they were guests of Mr. and Mrs. Claytnn Saunders and also saw Mr. and Mrs. Joe Moore and Mr. and Mrs. Wallace Saunders . . . Mr. and Mrs. John Johnson expect to move to Petoskey next week to make their future home. "It will certainly seems strange to be living in Petoskey," said Mrs. Johnson, "For I have always lived in Charlevoix." . . . Realizing that colder days are in the offing the Glenn Sees are closing their cottae on Oyster Bay . . . Tubby LaBlanc had himself a real scare the other day. He was out in Round Lake in his new rowboat that he had bought, when along came a big boat from Cleveland and clipped him in passing. "I was ready to dive in for my fishing taekle if my boat went over," said Tubby. Luckily the boat did not overturn . . .

A letter comes to the Courier from our good friend, Rollo Mosher, editor of the Wayland Globe who says, "One of my very good friends, Rev. Leo Malinowski, pastor of the Hilliards Parish near here has just been transferred to Charlevoix parish as its pastor and I just cannot refrain from writing you to tell you that he is just one fine man and will be a real credit to your community. He did some wonderful things for his church during the 12 years he was at Hilliards, had everything in tip top shape and it must be with regret that he is forced to leave that part of his work behind. His real hobby is flowers and landscape gardening. The church grounds here were expanded and really beautiful all summer long. Again I repeat they just do not make them any better than Father Leo." . . .

Mr. and Mrs. John Rathburn are taking a ten days vacation during which time they planned to go to Grand Rapids and perhaps on to Milwaukee to see a brother of Mr. Rathburn's. . . .

Marian Brown, said Monday, "I'm all in a twitter, cause I think I am going to California the last of the week." . . . Personal nomination for a corking good presiding officer of an organization is Eleanor Carson . . .

Ben Brown Marks 50th Year in Charlivoix

Monday, Nov. 8, was a red letter day for Benjamin Brown.

Exactly 50 years before he had started in business on Bridge street in a little 15 by 24 one-story wooden building where the Parkside Restaurant now stands.

"Yes sir," said Mr. Brown on Monday, "it was a harness shop." To prove the atatement, he pulled out a faded picture of the little building with him standing in the doorway. "I had just put in four years in Petoskey learning the trade from James Oldham," he explained.

First Concrete on Street

"I know one thing for sure. I can tell you where the first concrete on Bridge street was laid. It was right in front of that door.

"It all started with the Macabbees. They used to be a real strong organization here. They had planned a big celebration. I think it was on a July 4th. That day it rained all day long and they couldn't hold the celebration although there were a lot of folks here. They had quite a bit of money on hand and the Lodge decided to take it and have a watering trough built. Earnest Shawley built it and laid the concrete around it, for in those days Bridge street was nothing but a mud hole."

Harness Business Grew

The harness business grew and grew. After four years he moved to another building where the Army Store now is on Antrim street. Then a few more years and it was back to Bridge street where the first part of the present Brown Block was constructed. The new store was on the site of the Michigan Bell office.

Another photograph showed the inferior of the new store. There stood Mr. Brown holding the hand of a little fellow named Floyd who appeared to be all of three or four years old.

75 Fur Coats a Winter

"Had a good business," said Mr. Brown. "It was nothing to sell 75 or 80 fur coats a winter.

"While I was building that store, there was the basement of the Masonic Temple with just a fence around it. It stood that that way for nearly five years. The kids used to learn to roller skate hanging on to that fence. Before they tore down the old building on that corner, Art Fagan's mother used to have a millinery shop there."

Started with Bicycles

"Selling Transportation Since 1898" is tho slogan on the Brown Motors stationery. And he has really gone through the whole cycle of its modern development.

Welfare Directors Outline How Work Is Done in County

Outlining how half a million dollars of tax money is spent yearly in Charlevoix County, the heads of the two welfare organizations here spoke before the Kiwanis Club Monday night.

Larry Foley, supervisor of the State Bureau of Social Aid, and Roy Gregory, County Welfare Director, were the two men.

State and federal funds are used for three things, Mr. Foley explained. Aid to Dependent Children has 145 cases now. Aid to the Blind has ten. Old Age Assistance has 625.

Checks are sent directly to the individual or parent in almost all cases. In September, not the heaviest month in the year, these checks totaled $41,616.70.

The State Bureau has four case workers besides Mr. Foley, each of the four being assigned a definite area. Dean Davenport has Beaver Island and the north west end of the county. Fern

Coast Guard Saves Men from Seaplane

Two men were rescued by the Beaver Island Coast Guard when their Grumnan seaplane overturned in the harbor at St. James at 2:15 Monday.

The men were Hugh Boss of Belding, owner and pilot of the plane, and Thomas C. Metzgar of Greenville.

The plane sank immediately in 20 feet of water. The Coast Guard cutter, Sundew, has been dispatched by the Ninth Coast Guard district to Beaver Island tn salvage the plane. No cause for the accident could be offered by the men who had been at the Island on business.

Charlevoix Places Three Players on First District All-Conference Football Team

Coaches from the Northern Michigan Class C Conference Tuesday night picked the All-Conference team for the year.

The Rayders placed three men on the first squad, and one on the second. East Jordan, passing Charlevoix for the first time in recent years, landed four first string spots. The selections were:

Ross Case, Charlevoix	End	Scott, Boyne City
J. Meredith, East Jordan	Tackle	J. Krage, Grayling
W. Brown, Harbor Springs	Guard	R. Luzon, Grayling
A. Kishego, Harbor Springs	Center	R. Johnson, Mancelona
T. Thompson, East Jordan	Guard	A. Loper, Charlevoix
W. Shadko, Charlevoix	Tackle	A. Brown, Gaylord
B. Cummins, East Jordan	End	MacArthur, Gaylord
J. Ayres, Harbor Springs	Back	D. Cutler, East Jordan
P. Martin, Charlevoix	Back	J. Everest, Boyne City
Worden, Grayling	Back	D. Stark, Pellston
M. Sommerville, E. Jordan	Back	V. Sutter, Gaylord

Those receiving honorable mention were: Kirby of Boyne City at guard; Tompkins of Boyne City, tackle; Maves of Boyne City and Petoskey of Harbor Springs as backs; L. Johnson of Mancelona and Hanson of Grayling at end.

Chest Nears $3360 Goal for Second Year

From present appearances, the Charlevoix Community Chest is almost over the top on its 1949 quota of $3350.

Only four solicitors still have calls to make and reports to turn in. With the amounts these will get, Chest President Robert Bridge says he is confident that the goal will be reached.

Unlike last year, several farmers made voluntary contributions this year.

It has been auggested that the complete honor roll of those contributing and the amounts they gave be published in The Courier next week.

East Jordan and Boyne City have had their first Community Chest drives this fall. East Jordan with a goal of $2750 reported $2633 raised last week.

Boyne City had set a mark of $2000 and has raised about half of that sum.

Cage Players Meet, Start to Form New Northern League

First steps in forming a strong independent basketball league in northwestern Michigan were taken Tuesday night here.

Representatives of six teams met at the City Hall. They were Petoskey Elks, Mancelona, East Jordan, Boyne City, and Charlevoix said they will join. More teams will be souht from Harbor Springs, Pellston, Bellaire, and Gaylord.

The league will start going about Dec. 15, and will play a sixteen game home schedule. At the next meeting Nov. 22 the final plans will be made and officers elected.

Meanwhile Coach Dean Davenport has started practice for the local squad. It looks like another strong team will represent Charlevoix with Chick Gallagher, Swanson, Lusk, Megison, Bergman, Smith and Les Gallagher and Abbey available from last year's team. Bernie Ward and Don Burke are other potential players. Anyone wishing to tty for the team is asked to rontact Davenport.

Aside from the league games, some strong opposition has been lined up. Teams which will come here include the Clark Twins from Indiana, Sioux Indians, a girls team, the Brooklyn Red Heads, the Pastoor Ford team of Grand Rapids, the Michigan champions last year.

Junior Bureau Plans Next Year's Work

Plans for the Junior Farm Bureau during the coming year were made at the meeting last Wednesday night held at the home of Bill Walker.

Al Swanson, Roll Call manager for the senior Farm Bureau, led the discussion and helped in planning the program.

Two delegates, Martha Carlson and Bill Walker, were chosen to attend the state convention at East Lansing last Saturday.

The next meeting will be a Booster Night at the home of Martha Carlson Nov. 17, starting promptly at 8 p.m.

Maple Grove Will Install Officers

The newly elected officers of the Maple Grove Grange will be installed by that chapter next Tuesday.

They are, master, George Smith; overseer, Betty Allison; lecturer, Eva Ostrum; steward, Herbert Kane; assistant steward, Alfred Allison, Jr.; chaplain, Anna Smith; treasurer, Fred Willis; secretary, Minnie Burke; gate keeper, Lester Tripp; Ceres, Ione Tripp; Pomona, Dolly Brown; Flora, Sadie Allison; L.A.S., Clara Kane.

A potluck lunch will follow the installation.

Archie Ward left for the Mayo Clinic at Rochester, Minn., Wednesday morning. Mrs. Ward accompanied him. They expect to be gone about three weeks. Mr. Ward says that a Grand Rapids specialist advised going to the clinic.

Bulletin

A wire from Lansing says U.S. 31 will be opened to traffic Saturday morning. The baricades will be taken down Friday.

Freedman Brings New Families to City

Two new families have been brought to Charlevoix by the Freedman Artcraft Engineering Corp. and a third will come Dec. 1, according to Gordon Freedman.

Already here are Charles Sammons from Cincinnati and Frank Klein of Chicago and their families. Mr. Sammon is the new mill room foreman; Mr. Klein is a furniture finisher.

Coming here in three weeks will the Leon H. Joseph family, also from Cincinnati. Mr. Joseph formerly was the treasurer of the Burnham-Freedman Aircraft Engineering Co.

Claude Pearsall Elected President of County Fair

Claude Pearsall has been re-elected president of the Charlevoix County Agricultural Society for the coming year.

The Society's directors met last Thursday at East Jordan to hold the election. Other officers chosen are: Jesse Smith and George Haggard of Charlevoix, first and second vice-presidents; C. W. Bowman, treasurer; Mike Barnett, marshall; Ed Rebman, secretary.

In many ways, the 1948 Fair was a success. About 600 exhibits were displayed during the four day's fair. Net income was a little more than $400, in addition to the $2000 appropriated by the Board of Supervisors for permanent improvements.

Plans now being made by the Board for the 1949 Fair look for possibly double the number of this year's entries.

Odd Fellows Present Cash Gift to County Community Chests

Showing their approval of the idea of a Community Chest for the county, the I.O.O.F. Big Four Thursday night collected $50 and Saturday turned it over.

The Big Four is the county association of Odd Fellow lodges. In it are Boyne River of Boyne city, Jordan River of East Jordan, Pine Lake of Maple Grove, and Round Lake from Charlevoix.

The Thursday meeting was at Maple Grove. George Bergmann of Charlevoix, president of the county association appointed Archie Rounds of Charlevoix as chairman of the collection committee which got the $50 from the 76 members present.

Saturday noon at the Charlevoix State Savings Bank Mr. Rounds handed a $50 bill to Gordon Freedman as President Bergmann looked on. Mr. Freedman, president of the County Health and Welfare Fund, accepted the money for the three Community Chests. Each of the three Chests will receive a third of the gift.

School to Have Open House

"Know Your School" will be the theme of the annual fall Open House sponsored by the Charlevoix Public School here Nov. 18.

The entire program will be designed to make parents and all other citizens better acquainted with the workings and objectives of the institution.

Open House will start at 7:30 p.m. with every teacher in his or her room to confer with parents and to answer general or specific questions about the work or the pupil.

Starting at 8:30 there will be the program in the gymnasium. Instead of a headlined speaker, there will be a question and answer period on the operation and policy of the school. Supt. Roy G. Bennett says, however, he may ask in some outside school man to help with answering the general questions.

At the close of the program, refreshments will be served by the Home Economics girls.

On display at Open House will be the new equipment purchased by the school since last spring. Included in this are the new music chairs, home economics appliances, shop and scientific equipment.

Temperance Group Installs Officers

The Y. T. C. held a meeting at the home of Martha Clarke on Tuesday evening at which the new officers were installed at a candlelight service.

At the business session reports on the W. T. C. U. meeting held in Petoskey recently in which the local Y. T. C. took part were given. An exhibit on "The Effect of Alcohol", which will be presented later at the school, was shown by Mrs. Gladys Funk.

A social hour and refreshments followed.

The next meeting will be at the home of Joyce Fiedler on Dec. 6.

Mr. and Mrs. Dan Geneit and daughter DeeAnn spent the week end in Midland with the former's brother-in-law and sister, Mr. and Mrs. Edgar Behrens. They made the trip with Mr. and Mrs. Robert Kelley who visited Mr. and Mrs. Bud Gebeau. Mr. Kelley also attended the State-Marquette game with Kieth Carey of Midland.

New Phone Rate, City Type Service Asked for Ironton

Sometime next year telephone users out at Ironton likely will go on a city type of service instead of the present rural.

On Dec. 15 the Michigan Bell Co. plans to ask the Michigan Public Service Commission for permission to establish an Ironton locality-rate area.

C. L. Johnson, manager for the company, says this plan would cover 25 phone users in a square mile area at Ironton and Sequanota. Within this area exchange-line mileage charges would be eliminated on urban types of service. This would mean lower monthly charges for those services. However, users of business phones in the area would pay more than at present, he says. Rural line users will pay the same as at present.

If the Dec. 15 petition is approved, the company plans to eliminate the rural type service and switch over to the urban type as fast as facilities are available.

New Man Assigned to Coast Guard Station

A new man has been assigned to the Coast Guard station here.

He is J. W. Johns, BMC, who with his family arrived here Sunday afternoon. He and Mrs. Johns have five children, one just a baby.

Crew Starts Putting up North Half of New Bridge; South Span Ready for Rivets

With the two big bascule girders in place on the north side, the new bridge across the Pine River begins to look more like what it is supposed to be.

Tuesday the big crane belonging to the L. W. Lamb Co. crawled out on the north approach and started swinging the two 23 ton bascule girders into place. They have been lying at the freight yards, waiting for the crane and crew to handle them. The putting the northrn leaf together will follow the same pattern as the south one.

Like the south span, bolts will be used to hold it together at first so that the whole frame can be aligned to fit with the other half when they close.

Last week the south leaf was checked by the state highway engineers. It was one quarter of an inch too far to the west at the top of the girders. And the east one leaned an inch and a half too far over the river. Steel cables corrected this, and Tuesday morning the frame was all ready for the riveting crew to start tying it together.

The floor of the lift part will be made of 1½ inch steel grating thus letting all snow, dirt and water fall through and keeping the bridge in better balance. The floor grating will be put on while the leaf is raised, but the hand rails at the side will not be attached until the machinery has been installed and the section lowered.

When the two leaves are lowered they will come within one inch of a tight fit when the temperature is 60 degrees. If it is colder, the gap may be as much as two inches and in the hottest summer weather it may be as little as a half inch.

Altogether, each section will have 6500 rivets. The steel in each weighs 90 tons, with an additional 75 tons of concrete forming the counter weight and also carried by the big curved tracks in the foundation.

East Jordan Will Be First Cage Opponent

The Charlevoix basketball team will open the 1948-49 schedule on the home court on Nov. 23 against Dan Devine's rejuvinated team.

Coach Ray Kipke called his first practice last Thursday with 42 aspirants workin for berths on the first string and the reserve teams. Before the season opens he will have cut the number to less than 30.

Pat Martin, guard and Ross Case, forward, will form the nucleus around which this year's team will be built. Warren Shadko and Don Coney, last year's substitute guards will also be considered material for the first team.

Coming up from last year's reserve team which made a fine showing are such players as Don Hardy, Jim Bowman, and Bill Barber, forwards; Bill Wallace, Dwight Smith, Ron Cunningham and Tom Hamlin, guards; Dale Mathews, guard and forward and Charles Fairhanks, center.

With less than two weeks before the opening game, Coach Kipke is busy every night giving his team a concentrated workout.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island, predominately adherent to the Democratic party, was jubilant when the news of Truman'a victory was announced. The Island took on a holiday apirit. A parade was soon formed with Hon. Dominic "Gallop" Gallagher leading the procession.

Dominic, who proudly aaid, "I told you so," was down in the heart of the village in short order with a large American flag floating over his car. One by one, cars joined the procession to the Coast Guard station and back. Every available flag in the village was out and hung on display.

Pat LaFreniere is reaping in a harvest of election bets. He predicted the Islahd would vote four to one in favor of Truman, and Pat was right.

The object of a lot of ribbing is Earl Boyle, lone wolf of Peaine township in the primary election. Earle and" Republican Steve Stevenson claimed 11 converts when the count was revealed after last Tuesday's election.

With the election over the Islanders have settled down to make ready for the hunters who will begin coming this week.

Bussy LaFreniere spent the past week in Detroit.

Mrs. George Miller is on another buying trip, this tiine to Detroit.

Mr. and Mrs. Frank Nackerman have moved into their apartment over the post office.

"The House of Magie and Parlor Tricks" should be the new name of the Shamrock Tavern. Since Owen Tansey arrived on the Island he has been chief entertainer with his magic. The little gadget he brought up that changes nickles into dimes is the trick most of us are most anxious to learn.

Mrs. Fred Spalding is in Chicago visiting her daughter and son-in-law, Mr. and Mrs. Lawrence Malloy.

The Johnny Andy Gallaghers have named their newest aon Arthur Raymond.

The interior of the rectory has taken on a new look. Dobby Allard came over during the week to paper the walls. After the papering job was completed, a mop and broom brigade made up of ladies of the Altar Society eleaned the rectory from top to bottom.

Clem Rossick, Grand Rapids, has started construction on his cabin near the airport.

The Beaver Island Game club has ordered 500 eottontail rabbits.

It is reported the sharptail grouse are coming along fine. Large coveys have been spotted.

Stanley Floyd and Dick Martin, aboard the Helen R., braved the rough sea Thursday to lift nets. With the job of lifting over, engine trouble developed in the vicinity of Garden Island. To add fuel to the fire, they lost their anchor. Without food, the men were out in the lake with the nets lowered to anchor the boat until Saturday. The Coast Guard went to their rescue. It was an all day job for the picket boat to pull the Helen R. into St. James Harbor due to the roughness of the lake.

Lucy Norton, aged Indian, was brought baek to the Island Friday for funeral services at Holy Cross church and burial on Garden Island. Lucy, 84 years of age, was the daughter of Chief Antoine Peaine. Peaine Township was named after Lucy's grandfather, also an Indian Chief.

Friday evening the Juniors of St. James high sponsored a party in the Parish Hall.

Mr. and Mrs. Vernon La Freniere and family and Mrs. J. H. Gallagher were in Charlevoix to attend the burial of Mrs. LaFreniere's brother, Pfc. Robert Belfy.

Sunday at 2 p. m. members of the Altar Society of Holy Cross church met to elect officers for the coming year. The new officers are: President, Mrs. Grace Cole; vice president, Mrs. Bert McDonough; secretary, Mrs. Patrick LaFreniere; treasurer, Mrs. Irene LaFreniere.

Plans for the Christmas party were discussed. The Altar Society will have charge of the fancy work booth and lunch counter.

I See by the Courier . . .

Mr. and Mrs. John S. Grupa have as their guests their aon-in-law and daughter, Mr. and Mrs. Pat Brink and daughter, Carol, of Marne.

Mr. and Mrs. John Funk left Wednesday for Barryton where they plan to spend several weeks while the latter'a aon and daughter-in-law, Dr. and Mrs. Benjamin Palmer, are deer hunting.

Mr. and Mrs. Henry Hair have moved to 404 Antrim at., after spending the summer at their farm in Hayes township.

Loanne Anderson left last week for a two weeks visit with relatives in Quincy, Ill., and Kirksville, Mo.

Mr. and Mrs. Ralph McRae spent the week-end in Lansing where they attended the Michigan State-Marquette football game. They also visited in Mt. Pleasant.

• Thoae who expect to attend the State Farm Bureau meeting at East Lansing Nov. 10, 11, 12 are John Rosquist, Allen Swanson and George Block.

• Mr. and Mrs. William Hall have arrived from Lansing to make an indefinite visit with their son-in-law and daughter, Mr .and Mrs. Ernest Smith.

Dr. Lyle Ance has returned to Detroit after spending the week-end with hia brother and sister-in-law, Mr. and Mrs. Norman Ance.

Anne Hiller of Ann Arbor spent the week-end with her parents, Mr. and Mra. E. J. Hiller.

Dr. and Mrs. Gerald Gibbons have returned home from a week's visit in St. Louis, Mo. While there they attended the 25th class reunion of the Medics and Dents and the annual homecoming at St. Louis University. They were aecompanied by Mrs. Emil Chvatil who visited relatives there.

Dr. and Mrs. Rudolph Lodeesen and daughter, Charlene, spent the week-end with friends here enroute from Detroit to their home in Ishpeming.

Mra. C. V. Miles has gone to Detroit to spend the winter with her son-in-law and daughter, Dr. and Mrs. H. B. Hinchman. In her absenee Mr. and Mra. Keith Miles and daughter will occupy her house.

Mrs. James Cooper and sons, William and Michael Higman, of Frankfort, are visiting the former'a aunt, Mrs. Ethel Driggett, for several days.

Mr. and Mra. Albert Holmes had as their week-end guests the latter's son, Harold Chew and Miss Maralyn Jordan, of Detroit.

Mr. and Mra. Tom Finucan and daughters, Pleasant and Mary, spent the week-end with Mrs. Finuean's parents, Mr. and Mrs. George Emery.

The Kenneth Bryan family who moved to Lowell earlier this fall, have returned to Charlevoix and are now at 207 Clinton st.

To Dunk or Not To Dunk?

Dunking doughnuts is Sober Hopkins' favorite morning pastime ... and for a long time Ma Hopkins has been trying to break him of the habit. Feels it sets a bad example for the children.

So one morning she puts a heavy frosting of chocolate on the doughnuts ... figuring that will stop him. Sober thinks it over for a while and then: Dunk! Taste? Smile!! And Sober compliments the missus on the lovely mocha flavor!

I guess there'll always be two schools of thought: to dunk or not to dunk. But from where I sit, it's a matter of personal choice and taste—like some folks prefer beer to cider, ale to beer. And the less we criticize those differences of taste, the better.

In fact, Ma Hopkins got so curious about the flavor of chocolate-covered doughnuts dunked in coffee, that she tried it herself. Now—you've guessed it—she's a daily dunker, too!

Mrs. Bergeon Is Named County School Director

The appointment of Mrs. Walter Bergeon as Charlevoix County school commissioner was announced last week by C. M. Bice, prosecuting attorney, Rollie L. Lewis, judge of probate, and F. R. Bulow, county clerk. The appointment fills the unexpired term of Leo L. Close who resigned on Oct. 15. The appointment is effective immediately and will run until June 30, 1951.

Mrs. Bergeon, a graduate of the University of Chicago with a bachelor of philosophy degree, is a former teacher in the Charlevoix and Saginaw schools. At present she is secretary of the Charlevoix Board of Education, a position she has held since July, 1944. Her term will expire in July 1949.

She is also secretary of the Charlevoix County Association of Schools. She has served as a member of the Charlevoix Community Chest Board and for two years has been chairman of the Funds committee in the city. She is County Educational chairman for the American Cancer Society and is organist and choir director at the Christ Episcopal church.

1500 Bulb Given by Loeb's for Planting in Boulevard

That Charlevoix will live up to its title of "the Beautiful" next summer was reported to the Garden Club at its meeting last Thursday.

It was announced that 1500 bulbs from the Lneb Gardens had been presented to the club by Mrs. Albert Loeb. These together with several hundred more have been planted in the State street boulevard and will be blooming there next season.

The club met at the home of Mrs. E. J. Edwards last week. During the business session, conducted by the president Mrs. Charlotte Edwards, the report was made on the Loeb gift and the planting of the bulbs.

Mrs. Arlo Wickersham had the lesson of the afternoon and spoke on "Feathered Friends, Their Feeding and Winter Care." She also showed different types of lunch counters she had prepared for the birds in ber own yard.

A social hour followed with the club adjourning to meet with Mrs. Ray Faulkner on Nov. 16.

Mrs. James McCann left Monday for Detroit to make an indefinite stay with her son-in-law and daughters, Mr. and Mrs. Edward Bridges and Dr. and Mrs. J. D. Mabley of Grosse Pointe, where her address will be 800 Lorraine.

Card of Thanks

Our deep appreciation and heartfelt thanks are extended to our relatives and friends who by their deeds of kindness, Masses and beautiful floral tributes expressed their sympathy in our bereavement and death of our son and brother, Robert. We especially wish to thank Father Victor Gallagher for his comforting prayers; the American Legion, V.F.W. and those who loaned the use of their ears.

Military Services Are Held for Robert Belfy

Military funeral services for Pfc. Robert W. Belfy, 19, who was killed in action in Germany on March 24, 1945 while serving with the 17th Airborne Division, were held at the See Funeral Home at 2 p. m. Monday under the auspices of the Leslie T. Shapton

Post No. 226, American Legion and the Veterans of Foreign Wars Post No. 1153. Rev. Victor Gallagher of Grand Rapids officiated at the service. Burial was in Brookside Cemetery.

Born on Beaver Island Nov. 17, 1925, he lived there and at Garden, Mich., before coming to Charlevoix with his parents. Here he attended St. Mary's and Charlevoix High, graduating from the latter. He was prominent in both athletics and the band. Immediately after graduation in 1944 he joined the Army and received basic training at Camp Wolters, Tex. Transferring to the paratroopers, he received further training at Fort Benning, Ga., before going overseas in January, 1945.

The body was returned here from a temporary military cemetery in Europe and arrived on Saturday from Fort Sheridan, Ill., with a military escort.

He is survived by his parents, Mr. and Mrs. Erwin Belfy, Sr.; two brothers, Erwin Jr., and Chester of Charlevoix; a sister, Mrs. Vernon LaFreniere of St. James; and his maternal grandmother, Mrs. Mary Allers of Kalamazoo.

Camp to Have More Horses Next Summer

Camp Charlevoix will have more riding horses next summer, Major Ken Smith said when he was in Charlevoix Monday.

Seven new mounts, all grown horses, have been purchased and will be brought up next spring One of them, a black and white paint, was the fastest pony in a rodeo in Southern Michigan. Altogether, the camp will have 20 horses of its own next summer. Here with Smith was Joe Buck of Detroit, agency manager for the Bankers Life there.

Girl Scouts Send Clothing to Europe

The Charlevoix Senior Girl Scouts, who have worked on "Clothes for Friendship" boxes for the last year, have packed 18 of the boxes for shipment to the needy in Europe.

It was their part of a project sponsored by the Girl Scouts of the nation to send 100,000 clothing kits to Europe by Dec. 1, 1948. If possible the girls plan to pack a few more boxes before the closing date.

The Shakespeare and Dicyens Clubs each contributed $5.00 toward the postage on the packages which are being distributed by the Friends Organization.

Mrs. Burt VanAllsburg, who recently underwent a major operation at Harper Hospital in Detroit, is now convalescing at the home of her sister, Mrs. Hal Merrifield.

Harry Howe, Former Resident, Passes

Word has been received here of the death of Harry Howe, 49, former resident, who passed away unexpectedly in South Bend, Ind., Wednesday.

Besides his wife and son he is survived by two brothers, Wade and Sherman and a sister, Alice, all of Charlevoix.

Milk Producers Oppose Oleo Tax

Harold Totten, president of the Charlevoix Milk Producers Association, attended the annual meeting of the state group at East Lansing last Thursday.

The meeting favored repeal of all taxes on margarine but asked for a federal law to prohibit the manufacture of colored margarine. Other resolutions asked for more money for the veterinay department at MSC, and more fight in the state campaign on

County Adds New Equipment For Snow Clearance

With the addition of new snowplows ond equipment, and with several old snowtrops eliminated by regroding, the County Rood Commission is getting reody for onother winter of snow removal.

Last winter the Commission kept open 382 miles of road. Of this 68 were state highwoy, 122 county road, ond 162 township.

The cost was $38,636, which the road men regard as partial loss since no permanent improvements result.

Since lost winter the County has been buying new ond needed equipment as fast as the funds became available. Also during the summer, snow traps were removed, work which results in a permanent savings.

New equipment, which either is on hand or being shipped, includes:

A heovy duty plow, driven by four wheels and equipped with a wing blade for pushing back snow banks ond thus reducing the amount of later plowing.

A Hough Model deisel powered loader equipped with a one yard bucket for loading grovel and other material, as well os doing maintenance work.

Ben Brown Tells of 50 Years in Business

(Continued from page one.)

He started with bicycles, which he still stocks although they are considerably more streamlined than those bikes of a half century ago.

Next came motorcycles. Another picture shows a fleet of motorcycles in front of the Brown building with his mother sitting in a sidecar. Another Brown boy was on one motorbike, while Dan McSauba was recognizable on still a third.

First Car Was the Krit

"It was the motorcycle that put me in the auto business," said Ben, "for folks didn't like them.

"The first car I sold was the Krit. Probably you never even heard of them. They were made in the old Hudson factory. Then a few years later came the Saxon. That was a small car. Next I had the agencies for the Overland and the Oakland. In 1924 I took over the Dodge." (An agency he still holds with Floyd who runs the Brown Motors in Petoskey.)

About ten years ago Mr. Brown got into the bus station business. Here his daughter, Mrs. Frank Courier, is an able helper. The different bus lines in those ten years have been the Dahlinger, the North Star and now the Greyhound.

Half Century of Business

To see Mr. Brown sitting at his desk and looking at the 1949 bikes and cars, one would hardly dream he had seen a half century of business in Charlevoix.

"But I have. In fact, I've seen two steel bridges built over the Pine River. I've seen two-thirds of the one story buildings and shanties disappear from Bridge street. There are only a few still here who were here when I was young. There's Fred Myers, and Meyer Levinson who started in his mother's store, and Eprrie Wood."

Fifty years on Main street, and still going strong.

Welfare Directors Outline How Work Is Done in County

(Continued from Page 1

McIntyre has the side north of Lake Charlevoix. William Fessenden covers Boyne City and the eastern end of the county. Mrs. Lee Hart is assigned to East Jordan and the south section.

No one gets help unless they can prove that they need help and are legally entitled to it. Periodic rechecks are made at least once a year and usually every nine months on every case to determine if the help still is needed.

It evidently is since in September this county had the highest per capita relief cost of any in Michigan. It was $46.58 per person for the month, while the state average was only $41.02.

Mr. Gregory outlined Charlevoix county's own set-up, derived from the days when the only relief was that given by the county. He and one stenographer comprise the staff. Last year the Board of Supervisors appropriated $26,000; this year the budget was boosted to $30,000.

Both these amounts would have had to be much higher, he said, if the county had not been collecting old accounts. If a person has received help from the county, and later he or his immediate family are found able to repay, the county can press its claim. Mr. Gregory has been doing this to the tune of $13,000 last year.

The county outlay last year was:

Administration	$4361.10
Infirmary	2606.40
County Farm	1602.24

The balance all went for direct relief, the state matching all sums dollar for dollar.

In answer to questions the two men explained that with those on old age assistance, occasional jobs are all right. But the law does forbid steady employment.

Either bureau, they stressed, is glad to get reports of anyone receiving relief who abuses the help. Beer, extravagence with food, and such uses of the help given definitely are frowned on.

It was pointed out that many times neighbors do not know if a person gets help and so do not realize that public funds are being wasted. The answer was two-fold: the state records are strictly secret and names are not revealed.

The other was:

"We're dealing with human beings and we try to treat them like human beings."

Dean Davenport was the program chairman and introduced the speakers.

Rites Are Held at Beaver Island for Mrs. Norton

Funeral services for Mrs. Luey Norton, 84, widow of Frank Norton, were held at Holy Cross church, Beaver Island, on Saturday morning. Burial was in the Indian Cemetery on Garden Island. She died at the Charlevoix Hospital Thursday after a long illness.

Born on High Island on March 17, 1864, the former Lucy Peaine lived there and on Beaver Island before coming to Charlevoix nine years ago. She was a member of St. Mary's church.

She is survived by five grandchildren, Mrs. Joseph Genia, Wallace, Jacob and Isaac Norton and George Waysaw, all of Charlevoix, and several great-grandchildren.

The general answer to that question is, "Save as much as you possibly can, while earnings are high." The dollars you bank are likely to be worth much more later on. While no two families are alike in their needs, here is a rough guide: In a family of four, savings should be from $5 to $130 a month when earnings are between $150 and $600 a month.

"POWER FLIGHT CLEARS YOUTH OF AUTO THEFT"

DEFENSE ATTY. DELBERT DELAY CONVINCES JURY NO CAR CAN GO 100 MILES ON A GALLON OF GAS

Here is a puckish snapshot of that intrepid defender of careless youth, Delbert Dailey Delay, whose main claim to the Hauls of Fame was lost when he quit driving a truck. DeLay's success can be laid to his native shrewdness and study of criminology as revealed in paper-backed thrillers.

DELBERT DELAY'S *client was accused of unlawfully driving his employer's car to a Centertown dance some 50 miles away. On the stand, the owner admitted his gas tank was protected with a locked cap, so no gas could have been added. But the speedometer recorded an extra 100 miles between dark and dawn on the 21st instant. Then DeLay proved that only one gallon of gas was gone from the tank. Mysterious? Yes, indeed.*

"That's our case, your honor," said DeLay. "You can't drive a car to Centertown and back on a gallon of gas even with Power Flight."

The judge, a Power Flight user himself, dismissed the case saying that 100 miles was a mile too much even for Power Flight.

So now it is a matter of record—you can't get 100 miles to a gallon of Power Flight . . . unless you do it with a scooter.

* * *

But the Judge and DeLay both agreed "in chambers" after the case was over that Power Flight takes their cars further, faster and smoother than any other fuel they ever used. Of course that is due mainly to the modern methods used in the production of Power Flight. Exacting care and selected crude are employed resulting in a gasoline of superlative qualities.

These are the real reasons why thousands of Michigan motorists and countless visitors from other states, stoutly affirm that Power Flight is the finest gasoline money can buy—and we are inclined to go along with that theory.

Deer Hunters Start Bringing in Bucks

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

Golly, there are only about six weeks left to get all those costs charged against this year's income for income tax purposes . . . And several women around town have started baking fruit cakes . . . It's all quiet on Bridge Street this week with many of the merchants having taken off to go deer hunting . . .

Mr. and Mrs. Sam Sorensen returned Thursday from an extended trip. They visited John Macy at the Masonic home at Alma and friends and relatives in Chicago and Des Moines, Exira, Audobon and Elkhorn, Ind. . . . While Mrs. Fredrika Shumway Smith was here in Charlevoix at her home on the Chicago Club we had a few chats with her. She told us that she was writing a book on John Greenleaf Whittier. Now, in the mail comes an announcement of the new book from the publishers. We are looking forward to seeing a copy of it as Mrs. Smith has spent five years of extensive research on the book. Written in her charming style, we know the book will be one of great interest . . . Mr. and Mrs. Ray Upright of Charlotte spent several days this week at the home of Mr. Upright's sister, Mrs. Eva Blanchard . . . Victor Smith of Detroit spent the weekend with his parents, Mr. and Mrs. Jess Smith . . .

LoAnne Anderson, who has been vacationing in Missouri, Quincy and Chicago, Ill., returned to her work at the Charlevoix County State Bank . . . Sally Bergeon, who has been appointed County School Commissioner, says that now when she goes down the street that the gals greet her with, "Hi, Commish," . . . Well, the deer hunters are surely out on the rampage . . . Leono Courier and Archie Livingston, Jr., will be altar-bound Thanksgiving Day . . . Mr. and Mrs. Charles Levinson and two children are in Chicago and Madison, Wis., visiting Mrs. Levinson's mother and incidentally to let grandma see the new baby . . . Mr. and Mrs. Barney Englehart and Mrs. Berkley Patterson are in Mio these days on a deer hunting expedition. Usually they go to Atlanta, but this year they decided to seek new hunting grounds.

Rev. Leo Malinowski, who just came to St. Mary's Parish, declared that he is no relative to the priest of the same name who is at East Jordan. However the men were raised just 30 miles apart in Pennsylvania and spent four years together at the seminary. Now here they are in neighboring parishes. 'Tis a small world . . . Mont Withers was taken to the hospital Saturday in a bad condition . . . Elizabeth is surely in the limelight now with the birth of her son and a new prince has been announced to the world. Everyone is glad and happy for them and now we will await the first picture of the child, although all new babies in England, we are told, look just like Winston Churchill . . .

Thanksgiving Day was declared in one of Charlevoix's family a few days early and Sunday Mr. and Mrs. Maurice Dixon played hosts to a big family dinner. Those present were Mr. and Mrs. John Boughton of Detroit, Mr. and Mrs. John Tillotson and family of Ellsworth, Mrs. Lawrence McClanaghan and her son Bill of Ironton, Mr. and Mrs. Don Lane and daughter, Carol of Lansing, Mrs. Minnie Pedersen and Marvin Pedersen. Monday Maurice Dixon, Claude Davey, Glenroy Ikens, Elmer Doerr and Don Lane went deer hunting—Marvin Pederson was unable to go for he has been nursing a sore foot. Recently, while on a ladder putting up storm windows, he fell. He landed on his heel and it was thought for a time that he had broken bones but an x-ray showed none.

Capt. and Mrs. Alfred Brow are now reading books on South America and perticularly Ecuador since their daughter has gone there to make that country her future home . . . Mrs. Angus Fochtman left Monday for Rochester, Minn., to go to Mayo Brothers for observation . . . Birthday congratulations to Sue Webster.

A card comes from Linda Campbell, who is down in the Great Smokies on a trip with friends and having herself a real time . . . Myron and Florence Culver arrived in town this week end. Of course he wasn't going hunting, said Myron, for hadn't he just got out of the hospital after losing his appendix? But

Scores Leave City, Head for Woods, Camps

Among the huniers to take off for the north wooda were the Trout Lake gang, Charlie and Clarence Heise, Clarence Meggison and Pete Withers, who left Thursday. Don Meggiaon and Ken Usher of Petoskey joined them over the week end. Shorty Sternberg had left earlier in the week for his cabin near Newberry where he was joined by a group from southern Michigan.

Floyd Ikens, E. A. Mock and Ernie Staley of Detroit left Wednesday night for the Ontonagon district in the northern-most part of the Upper Peninsula. Harry Gregory left later in the week to join them.

Annual Roll Call Starts on Dec. 7

The annual Farm Bureau Roll Call in Charlevoix County will start Dec. 7, the chairman, S. A. Swanson announces.

Like last year, membership teams will seek to call on all farmers in the county during the Roll Call to talk Farm Bureau, its program and membership.

Previously another issue of the Farm Bureau Messenger, an eight page tabloid paper, will be sent to all the farmers in Charlevoix County and Banks township.

Captains appointed so far are Kenneth Sweet, Burr Blanchard, A. J. French and Leonard Babel. Eight more are to be named.

An advisory committee is working with the chairman in directing the drive. On it are John Rosquist, Clinton Blanchard, Rowley Williams, Fred Willis and George Block.

The kick-off dinner will be Dec. 6.

C. B. Meggison Is Elected President of Kiwanis Club

C. B. Meggison's election as president of the Kiwanis Club was announced Monday night by the election chairman, Rollie L. Lewis.

The other new officers for the coming year are Roy G. Bennett and Fred W. Young, first and second vice-presidents; Harry Bingham, C. M. Bice, W. D. Wood, Dean Davenport, Meyer Levinson, L. E. Towe and Kit Carson, directors. The secretary and treasurer are elected at mid-term.

Dec. 6 was set as a tentative date for Ladies Night.

Gordon Freedman, chairman of the Boy Scout committee, told of the need for a Cub committee and Senior Scout leader. He also outlined the organization of Scouting in the Scenic Trails Council which covers all of northwestern Michigan.

Bear Leaves Tracks In Gravel Pit At South Edge of City

That bear keeps turning up—or else it's true there are a lot of blackies roaming the woods.

Last week the county gravel crew and A. F. Stack both report seeing bear tracks, real ones complete with claw marks, in the pit at the south edge of town.

Mrs. Stack says that she is not leaving any ham or other bear delicacies outdoors. In fact, Saturday she was hoping some hunter would acquire one potential bear rug in that neighborhood.

Boy Scout Patrols Want Old Toys for Christmas Project

Two Boy Scout patrols are looking for old toys.

The boys want to collect them, fix them up and redistribute them in December to youngsters who will have a slim Christmas.

The Cobra and Buffalo Patrols are making the plans. Those having toys they will give can call Sanford's, 396-W, or Davenport's, 620.

First buck! The first reported to The Courier is shown above with Jack Ross at left and Roy Dickey at right.

Two Businesses To Open Arizona Winter Branches

Two Charlevoix businesses will be opening Arizona branches this winter.

They are Abbey's and the House of Jewels. Mr. and Mrs. Tom Coxo and Joe Abbey returned last week from a trip West to look over sites and make arrangements.

They have leased a new building going up at Scotsdale, 15 miles out of Phoenix in a tourist lodge district. Each firm will have half of the building. The Coxes expect to close their House of Jewels here in December and open there about the middle of the month. Joe Abbey will run the Arizona store this winter.

Car Owners Can Get New Licenses Starting Jan. 3

New license plates for the coming year will not go on sale until Monday, Jan. 3, F. R. Bulow says.

As branch manager for the Secretary of State, he has received the plan for the sale of 1949 plates.

There are two exceptions to the Jan. 3 rule. Dealers may buy 1949 plates for new cars anytime after Dec. 1. Cars from out-of-state also may get them anytime in December.

This month and next the Secretary of State's office is getting ready the application blanks on present cars which will be sent direct to owners from Lansing. These, however, cannot be accepted by Bulow until Jan. 3.

Returns to Charlevoix

Mrs. Fred Durni has returned to Charlevoix and Monday started work at the new Heinz Pickle Co., office in the Brown Building. "I got lonesome for Charlevoix," she says.

• Mrs. H. G. Clarke left Monday for Wolcottville, Ind., where she plans to spend the winter months.

Girl Bowlers Are Looking For Sponsor

The girl bowlers want a sponsor.

Charlevoix has a team of girl keglers. They are entered in the league now bowling at Petoskey. But so far they have not been able to find a sponsor.

They're looking for someone who wants to have them topple the pins in his name.

W. E. Baumgardner Is First Charlevoix Man to Be Drafted

The first Charlevoix county man to be called under the new peace time draft will report at the draft board at the Court House at 8 a. m. Monday for transportation to Traverse City where he will be inducted into the army.

He is William E. Baumgardner, 23, son of Mrs. Mary Pearl, of this city. He is a commercial fisherman now living in Erie, Pa.

After his induction into the Army at Traverse City along with other draftees from several northern counties, he will leave for a camp where will start his basic training.

Three men who reported for preinduction physial examinations at the Induction Center at Traverse City passed their examinations and are now ready for call. They are Vincent W. Fritz, of Boyne City, Mark L. Ecker of Walloon Lake, and Walter D. Kipisz of Boyne Falls.

Schools to Close November 25, 26

The Charlevoix public schools will be closed Thursday and Friday, Nov. 25 and 26 for the annual Thanksgiving vacation, Supt. Roy G. Bennett has announced.

Classes will be dismissed at 3 p. m. on Wednesday, Nov. 24 and resumed at the usual time on Monday, Nov. 29.

Weather Slows Down Kill on Opening Day

An eight-point buck killed near the mouth of McGeagh Creek was the first deer reported at The Courier Monday morning.

The lucky hunters were Jack Ross of Coldwater and Roy Dickey of Charlevoix, both workers with the Mt. Vernon Bridge Co., on the new bridge job. Ross killed the buck and hooked on his tag.

They shot the buck at 8 a. m. and pulled up in front of The Courier just one hour later. There the deer was taken off the car and posed for the picture. So newly killed that he still was limp, the two men had trouble draping the trophy over a chair for the picture.

Ross used a .38-55, hitting the buck in one nostril and dropping it with one shot.

In other years the first reports began coming in before 8 a. m. With everyone seeming to get a late start this year, frankly the editor was worried that the supposedly fine Charlevoix deer herd

Courier to Carry Weekly Feature By Walt Hastings

This week The Courier is starting a new feature which will be carried every week.

It is "Outdoors with Walt Hastings." Along with each short story on some conservation subject will be a picture taken by Hastings.

For two decades that gentleman has been the staff photographer for the Department of Conservation. His pictures are displayed in offices, tourist headquarters, hotels and other places all over Michigan.

During recent years he has taken and edited a number of outstanding color conservation films on subjects ranging from red fox hunting to vacation trails; from wild flowers to Isle Royal moose.

With summer homes on Lake Leelanau, Hastings and Karl Detzer of the Leelanau Enterprise, published at Leeland, are old friends. The Leland publisher persuaded him to write the articles for his paper and it is through Detzer that The Courier is able to carry them.

Rural Teachers of County Form Own Organization

The Rural Teachers of Charlevoix county met Thursday at the Murray school in Hayes Township for a supper and business meeting.

The supper was prepared and served by the 4-H Girls under the supervision of Mrs. Ernest Paul. Eleven rural teachers and Mrs. Walter Bergeon, newly appointed school commissioner were present.

At the business meeting a Rural Teachers Association was organized with Mrs. Mary Warner elected as president and Mrs. Paul as secretary-treasurer. Plans were made for at least three meetings a year. The teachers of the Clarion and Walloon Lake schools were named to the planning committee for the winter meeting.

Churches to Hold Union Thanksgiving Service Wednesday

This year, as in former years, Charlevoix's Protestant churches will hold a union Thanksgiving Service the day before the holiday.

It will be next Wednesday at 8 p. m. in the Methodist church, Rev. G. R. Parker, formerly of Charlevoix, but now of Northport, will give the sermon.

CoOp, Poultry Plant Merged

Both the Co-Op poultry plant and the elevator here are now under one management and approval of the state is being asked for an extra $50,000 capitalization.

Last Thursday the directors of the two organizations met and voted to merge the operations into one, with one board of directors, the same officers, one stock set-up, and a unified accounting system.

More efficiency would result, it was pointed out. The plan was approved, as was the petition to the state for an added $50,000 issue of capital stock. The present Co-Operative now has $50,000.

The Board is composed of Leonard Babel, George Block; Eldon Jones, L. E. McGhan, Jasper Warner, Rowley Williams and Peter Winnick.

Acting as an advisory board on the poultry processing will be Hiram Brock, Sanford Matchett, Clarence Oreutt of Bellaire, Don Rockwell of Beulah and Arlo Wickersham.

Fred Willis will continue as manager of both the plant and elevator.

Lowell Couple Will Open New Jewelry Store In Charlevoix

Charlevoix will be having a new jewelry and gift store opening in December.

To be known as Howard White Jewelers, it will be in the present Bell office in the Brown Building. The owners will be Mr. and Mrs. Howard White, now of Lowell.

They plan to stock name brands of watches, silver, diamonds and clocks as well as costume jewelry and gifts. Mr. White, a watchmaker who learned the trade as a youth, will do his own benchwork.

They will have occupancy of the store Dec. 1. A new display window will be installed and display cases are being built now in Chicago. White birch in the modern blond finish will be used throughout. The opening date will depend on delivery of the new cases.

Mrs. White is a native of Gladstone. He was born in Lowell, where his father was a groceryman and city treasurer for years. After learning the watch trade, he served in World War I, then went back to Lowell. After a few years Mr. White went to Grand Rapids where he worked as a musician until ten years ago when they purchased a jewelry store in Lowell which they sold last year.

Wishing to live in Northern Michigan, they selected Charlevoix. Mr. and Mrs. White will live in one of the Krahnke apartments.

Next Treasure Hunt Different, Sponsors Declare

A warning to all would-be Treasure Hunters is being served by the six who are putting on the one this coming Sunday night.

They are the Bill Ratigans, Tom Coxes and Charles Duerrs, winners of last week's hunt.

Just what they are planning, Eleanor Ratigan refused to say. But it will be "only for those who can take it," she says.

They are announcing one innovation. There will be a halfway or coming in prize after the sixth clue for those getting there first.

As usual, the hunt will start at the ball park at 9 p. m.

East Jordan Teams to Come Here Tuesday

First game of the new basketball season will be next Tuesday night at the Charlevoix gym.

East Jordan will send its Reserves and first team here for the twin bill. The games start at 6:45 p. m.

One change has been made in the basketball schedule and Harry Bingham asks holders of season tickets to note the change from the dates printed on the backs of their cards. As originally set up, there were three games the week of Jan. 24. This has been changed and the schedule now is:

Jan. 25—Gaylord—here, 6:45.
Jan. 28—Petoskey—here, 7:15.
Feb. 1—Pellston away, 6:45.

Open House Is Thursday Night

Several members of the faculty will appear on the program at the Open House at the Charlevoix Public schools on Thursday.

The program will open in the high school auditorium at 8:30 after the parents and friends of the students have visited the home rooms of the pupils, talked with their teachers and examined the new materials and equipment installed in the school recently. The rooms will be open at 7:30 p. m.

The program in the auditorium will open with several band selections by the high school band under the direction of C. A. Odmark.

Supt. Roy G. Bennett will act as chairman at the problem discussion which will follow and at which such subjects as Adult Education, School Growth and Building Needs will be brought up.

Miss Frances Milner, principal of the Elementary department, will talk on the Elementary school and will be followed by Mrs. Bertha Shetterly who will give a reading. Mr. Odmark will discuss "Our Music Program" followed by H. E. Bingham, high school principal, who will speak on The High School.

He will introduce three members of the high school faculty who will talk on the following subjects: Some Values of Commercial Subjects in High School, D. C. Maltby, commercial instructor; The Importance of Shop Work for a High School Boy, Uno Suomela, shop teacher; and High Lights of a High School English Program, S. E. Coleman, English instructor.

A general discussion will follow. Refreshments, prepared by the Home Economics department under the direction of Mrs. Aili Gustafson, will be served in the lunch room.

"Know Your School" is the theme of the open house.

Detroit Couple To Conduct Services

Mr. and Mrs. Albert G. Louton of Detroit, who are preparing themselves as missionaries to South Africa, will have charge of the services at the Assembly of God church Sunday at 11 a. m. and 8 p. m.

Coming Events

Nov. 18—V. F. W. Auxiliary social meeting with Mrs. Lela Goss.

Nov. 18—The Guild of Lutheran Women will meet with Mrs. Lance Neff.

Nov. 18—Regular meeting of the R. A. M. at the Masonic hall. Important that all members be present.

Nov. 18—The Study group of the W. S. C. S. will meet with Mrs. Milton Block, State St., at 2:30 p. m.

Nov. 18—St. Mary's Rosary Alter Society will meet at the school hall at 3:30 p. m. Mrs. Gerald Left and Mrs. Peter Gallagher will be hostesses.

Nov. 24—Mary Burns circle will meet with Mrs. Robert Miles.

Dec. 6—Y. T. C meets at home of Joyce Feidler.

Directors Outline County Program for Soils

What the new Soil Conservation District in Charlevoix aims to do in its first year and how it will try to reach those goals is set forth in two reports just issued by the Board of Directors.

The reports do more, however. They also outline the chief soil conservation problems facing the county and list the chief means of ending these problems.

Because the subject is of so much importance to the citizens of Charlevoix County, both urban and rural, and because the reports carry such a mass of detail, The Courier will use three articles in covering the subject.

This first one will outline in general the soils situation of the county. The second will describe the 24 separate soils problems recognized by the Directors and what can be done to solve each one. The third will describe the work plan drafted for the first year, the plan which shows just how the five directors hope to start the work of saving and improving our farm resources in Charlevoix County.

Along with the second article will appear a detailed soil map of the county. This shows the ten major types of land found in the county.

Charlevoix county is composed largely of sandy soils, some of which are fitted for crops and some suited only for pasture or woodlands. Cropping, fires, wind and water erosion, have depleted the fertility of much of the better land. Added to this is the fact some land now being tilled is best fitted for woods or pasture; and that some present farming practices are bad, such as planting rows up and down steep hillsides.

Physically these are the three major aims: get land into the use for which it is best suited as far as the individual operator's situation will allow. Establish better farming practices. And rebuild depleted soil.

But the major task of the District Directors will be educational. The Soil Conservation program is entirely voluntary. The individual can be helped if he wants help, but only if he wants it. The big job at the start is figuring out what needs to be done and then helping the operators plan how to do it.

Charlevoix County covers more than a quarter of a million acres.

The Laborer Is Worthy of His Hire

This next session of the Legislature will have a tough piece of work to do. It must fix its own salary for the following term.

One of the worst mistakes Michigan ever made was to fix the pay of its legislators at $3 a day. A bricklayer, wearing $2.95 overalls, will earn that much in an hour and 20 minutes. Yet we expect our lawmakers to live away from home at expensive places, travel thousands of miles free, keep up appearances as public officials—on $3 a day.

The biggest criminals in the bribery cases were not the accused. It was the people of Michigan.

Last year the Legislature was in session 172 days. Besides that there were scores of days served on committees and doing errands around the district for constituents. That was a fairly typical year.

If we want good men (and we'll save millions annually if we can get good ones instead of some our present calibre) we've got to pay enough at least to meet their expenses.

The Legislature should set its pay at $5000 a year, plus mileage for one round trip. That is little enough for the services a good legislator will give Michigan.

What's Cookin' . . .

To the Town's Taste

At the recent annual meeting of the Farm Bureau, refreshments were served following the election Such beautiful cakes were lined up on the counter for one to eat. I happened to get a piece of cake that really hit the spot and I was not satisfied until I found out who the gal was who had baked it. It proved to be Mrs. Charles Mascho out on the Phelps-Ellsworth road. Later that week I visited the lady and not only got the cake rule but others as well, all of which, I know must be mighty good or Mrs. Mascho would not recommend them.

Gold Cake

1 cup sugar
6 tablespoons shortening
½ cup egg yolks
¼ teaspoon salt
⅓ cup milk
3 teaspoons baking powder
2 tablespoons grated lemon rind
2 cups flour

Cream shortening and sugar. Add well-beaten egg yolks. Sift flour, measure and sift with the baking powder and salt. Add alternately with milk to creamed sugar and shortening. Add lemon rind. Pour into well oiled layer cake tins and bake for 20 minutes at 375 degrees.

Then the filling for her delicious cake was made as follows:

¼ cup butter (or margarine)
⅛ teaspoon salt
3 cups sifted confectioner's sugar.
2 egg yolks,
1 teaspoon grated lemon rind.
Enough top milk to give spreading consistency.

Using the same filling recipe Mrs. Mascho makes another cake called "Harvest Dream Cake" that is also pleasing to the palate.

2¼ cups flour
3½ teaspoons baking powder
1 teaspoon salt
½ teaspoon cinnamon
¼ teaspoon nutmeg
¼ teaspoon allspice

Measure into mixing bowl:

¾ cup shortening.
1 teaspoon vanilla
1 2/3 cups brown sugar
3 eggs beaten
¾ cup milk

Sift in dry ingredients. Add brown sugar. Add ¾ cup milk and mix until all the flour is dampened. Beat two minutes. Add eggs and any remaining milk and beat one minute longer. Turn batter into pans and bake 25 minutes at 375 degrees.

Here is a novel way to use up left over mashed potatoes:

Cheese Drops

2 cups mashed potatoes
½ teaspoon baking powder
Salt and pepper
½ teaspoon caraway seeds
¼ cup cream
4½ tablespoons grated American cheese
1 egg beaten

Season potatoes to taste with salt, pepper and add caraway seeds and baking powder. Mix with cream and grated cheese. Drop from spoon on greased baking dish, brush over with heaten egg. Bake until brown in 400 degree oven.

Then for a good hearty dish that will stick to the ribs during the cold days that are to come, Mrs. Mascho gave us her rule for

Upside Down Chili Pie

1 pound ground beef
½ cup chopped onion
1 tablespoon shortening
1 cup cooked kidney beans
¼ teaspoon chili powder
½ teaspoon salt
1 teaspoon Worchestershire sauce
1 cup cooked tomatoes.

Saute meat and onion in melted shortening. Add beans, seasoning and tomatoes. Simmer gently for 15 minutes. Pour into a greased 9 inch pie plate. Top with corn bread batter. Bake in a hot oven 425 degrees for 20 minutes.

Corn Bread Batter

½ cup sifted flour
¾ cup yellow corn meal
2 teaspoons baking powder
1 teaspoon salt
1 teaspoon sugar
1 beaten egg
½ cup milk
2 tablespoons melted shortening.

Mix and sift dry ingredients. Combine egg and milk. Add to flour mixture stirring until well mixed. Stir in shortening. Pour over chili and bake.

Old Fruit Trees Removed

Growers and consumers will be benefited by a program of fruit tree removals being started in this area of Michigan this week by the Michigan Department of Agriculture.

Department inspectors, Harold Hill and Y. Jasperson, are now signing up tree owners in adjacent counties. It is expected that the work will continue into Charlevoix county this fall and be enlarged to cover the rest of this northwestern fruit area by spring.

Apple Maggot and Cherry Fruit Fly are two of the most serious pests being fought by tree removal. These insects emerge under neglected trees and can lay their eggs in well sprayed fruit trees at considerable distance away. The exact distance, of course, is dependent on prevailing winds and other factors.

While bull-dozer will work only for a couple of weeks this fall, it is important that everyone interested should file their names, address, location of farm and number of trees to be removed with their County Agricultural Agent. This will make it possible to complete the work in the community before starting another and thus save time and money.

1949 Farmers' Week

As soon as you get that new 1049 calendar take out your pencil and circle the dates of January 24 and 28. Write inside the circle this note: "Farmers' Week at Michigan State College." College folks, and also the many form organizations which hold meetings during this annual week are working hard on programs.

According to Director Ralph Tenny of the college institute of short courses, the general plan for the week will follow much the same pattern as it did last year. Monday, Jan. 24, will be "Dairy Day". The morning and early afternoon hours each day will be taken up by subject matter programs by college departments and by association meetings. Wednesday night is banquet night.

If you didn't receive a "Farmers' Week" program last year, send your complete address to the Short Course Office, Michigan State College, East Lansing, Michigan.

Save Money—Raise Calves

If ever the market favored feeding a limited amount of whole milk to a calf and replacing the milk with a dry calf "starter" (calf meal) it is now! Milk is high! Grain and therefore calf meal are lower than prices. With milk selling on a real good market it is possible to save $25.00 or so in raising a calf by skimping the the right kind of calf meal.

It is possible to raise a calf up through 16 weeks with about 175 lb. of milk to small calves, to about 315 lb. to larger calves. In each case about 400 lb. of calf meal is needed. The above system is explained in Extension Bulletin 105, entitled "Raising Dairy Calves." For your copy drop a Post Card to the County Extension Office in Boyne City.

Elaine Brow Marries, Will Live In Ecuador

At 10 a. m. Saturday at St. Thomas Aquinas church in East Lansing, Elaine Ruth Brow, daughter of Capt. and Mrs. Alfred Brow of Charlevoix, was married to Pedro V. Carrasco of Quito, Ecuador.

Elaine was gowned in ivory satin with high neckline of net, trimmed with small seed pearls. Her finger tip veil was caught up by the braided satin crown. She carried a white prayer book with one large orchid.

Eleanor Brow, her sister, was maid of honor. She was dressed in pale yellow and carried brown and golden mums with a head piece of flowers to match. The bridesmaids were Marjorie Brow, also a sister, and Betty Curtis of Detroit. Their gowns were pale green and they carried corsages of mums with matching headpieces of flowers.

Mrs. Brow chose a dress of dark blue with matching accessories. Her flowers were red rosea.

Mr. Larritage of Ecuador was the groom's best man and the ushers were Mr. Enrike Real of Panama and Mr. Montya of Peru. After the ceremony a wedding breakfast was served to 28 guests at the 1861 House on Grand Avenue in Lansing.

Elaine was a senior at Michigan State College. Mr. Carrasco is a graduate of the University of Santiago, Chile, where he received his degree in Land Engineering. At Michigan State College he was majoring in Farm Economics as his people have large land holdings in Ecuador.

Mr. and Mrs. Carrasco left for Washington, D. C., where they will spend four days. From there they will leave by plane for Quito. They plan to atop enroute at Miami, Barranquilia, Bogota and Cali, Colombia.

They will live at Quito where Mr. Carrasco is employed by the Government.

Soils Directors Outline Program For First Year

(Continued from page one.)
264,960 to be exact. On it in 1945 (the last farm census year) there were 902 farms, covering 132,636 acres or 50.1 percent of the total area. Thus the average farm had 133.7 acres.

Dairying is easily the most important enterprise and makes up the major part of the total farm income. Other large lines are turkeys and poultry, and cash crops for the canning plants. With dairying in the No. 1 spot, better pastures are one of the leading objectives of the soils program.

Other facts about the county's agriculture are:

Crop land harvested, acres	36,306
Woodland pastured	34,751
Woodland not pastured	20,192
Corn for all purposes	5,209
Oats threshed for grain	3,261
Winter wheat	1,235
Field and seed beans	565
Alfalfa hay	12,026
Clover and timothy	2,946
Potatoes	1,437

The livestock census showed:

Cattle and calves	11,553
Milking cows	5,947
Swine	2,281
Sheep	474

The directors of Soils District are George Klooster, chairman; Clayton Healey, vice-chairman; Peter Winnick, treasurer; Carlton Smith and Norval Korthase, directors. Ed Rebman is the secretary.

Weather Hampers Buck Hunters On Opening Day

(Continued from page one.)
was proving a myth. That is, until Ross and Dickey pulled in.

George Goike, who owns George's Cabins on the old U. S. 31 north of town, killed a four point buck near Oyster Bay at 7:30, just after day break. But he did not report it at The Courier until noon.

Harry Webster dropped a two year old buck at 6:20 a. m. on the former Webster farm near Inwood creek.

Among the other lucky hunters who filled their licenses was Ernie Smith, who got his first buck about 6 a .m. Monday near Fisherman's Island. It was a seven point buck weighing about 200 pounds. He was hunting with Stan Jones of Detroit and Gordon Neff.

George "Moe" Plumm got a six-point buck on the north side of Lake Charlevoix near Camp Charlevoix about 5 p. m. Monday.

On Tuesday morning Claire Martin shot a four point buck south of Charlevoix off the Barnard road.

Herb Moore, hunting with Jerry and Jim Whitley, bagged a buck near here Monday afternoon.

Zack Whyte killed a nine point buck at 12:30 near Wolverine.

George Willis got a six point buck Tuesday afternoon in the Gengle swamp by the Barnard road.

William Louiselle of Petoskey, 79 years old, shot a 150 pound spikehorn Tuesday morning near McGeagh creek. It had 10 inch spikes.

The concensus was that the opening morning kill was much smaller this year than last. Hunter after hunter in town during the afternoon and evening reported seeing no deer. The bucks evidently were there but they simply were not moving, probably due to the stormy weather of Saturday and Sunday.

KIT CARSON LUMBER CO.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Deer season, Beaver Island's most colorful period, attracts hunters from near and far. With cars loaded with equipment, the gaily outfitted hunters disembark seek out their accommodations and set up for a week or two of hunting, rest and Island hospitality.

The North Shore, with crews working in shifts, night and day, made eight trips in three days.

A number of hunters arrived via McPhillips Flying Service.

Both McPhillips and the Lyons Bros. cooperated to the fullest to assist the hunters in getting to the Island in time for the opening day.

Coming early to avoid the rush, Mr. and Mrs. Lee Cuddington, Grand Rapids, flew in Wednesday. They are the guests of Mr. and Mrs. Lloyd McDonough.

One of the big surprises of the week was the arrival of Father Fabian Keenan for the deer season. Looking fine despite the fact he had been away from Beaver Island's pure air for two months, Father is mighty happy to be back.

Two lucky people—Hugh Boss and Thomas Metzgar. Even though their plane overturned in the harbor, they didn't even get their feet wet. The two men were able to open the cabin door, climb aboard the body and remain dry and safe until their rescue.

The plane was kept from sinking by being tied to the Coast Guard life boat until the Sundew arrived the next day. The plane was lifted from the water, righted and brought to shore. The plane is now ready to take off, the hold-up being lack of gas.

Mrs. Edna Mae McCann spent a few days this past week visiting her parents, Mr. and Mrs. William Belfy and son, Verle.

Very Reverend Wenceslaus Hertvik, O. I. M., Conv., Minister Provincial of the Franciscan Fathers, Our Lady of Consolation Province, arrived by plane Monday to spend a few days visiting Father Giles.

Archie LaFreniere, Sr., returned Thursday after two weeks spent with his daughter and family in Ann Arbor and son in Detroit.

To whom it may concern: Ed Boyle is now the village barber. He is ready for business every Saturday afternoon in the Shamrock Tavern annex.

A fox and coyote were brought back to the village alive Friday by Carl Keubler and Lee Cuddington. A hunt was staged for Saturday, but both animals were in bad shape from the traps and the dogs were upon them before any of the hunters had a chance for a shot.

The dock was a lively place Saturday afternoon when the boat came in. Martha Miller, with a group of Island girls greeted the Miller's guests with dish pans for noise makers and placards on sticks. When Mr. and Mrs. Al Vranus, Herbert Lees, Frank Dibraski and Steve Dimovick set foot on the dock they were decorated with pine wreaths and marched into the village in front of the dish pan corps.

Mr. and Mrs. Ray Polderdyk, Grand Rapids, are occupying Mrs. Nellie Johnson's cabin during the deer season.

S. F. Howard and son are camping just north of the airport. Howard holds the distinction of shooting the first deer on the Island ten years ago when deer season opened up on the Island for the first time.

A large delegation has come up from Greenville, occupying Allen's cabin and McDonough's cabin next to the store. They are Mr. and Mrs. William Huyler, Mr. and Mrs. Joe West, Mr. and Mrs. Victor Sorenson, Mr. and Mrs. Harold Krause and daughter, Marjorie, Nels Sorenson, Clarence Edwards, Earl Baker and Dan Kauffman.

Roger Carlisle came in with the first buck on Beaver Island. Got him just after dawn out near Dr. Protar's home.

Bernard O'Donnell, son of Mr. and Mrs. James O'Donnell, arrived home for the hunting season. Others here for the deer season are Burl Wenbon, Albert Overheiser, Clare Adkin, Merle Ransom and Bernard DeBold of South Haven.

Mr. and Mrs. Harry Pischner from South Haven spent a week here with his parents, Mr. and Mrs. H. R. Pischner, and other relatives and friends.

The Pischners have received word that their son Arthur is back from Europe where he has been representing the Kahlenberg Bros.

At the funeral for Robert Belfy in Charlevoix were his uncle, William Belfy, Robert McCann and Donald McDonough.

George Stephenson haa gone back to South Bend.

Willia Cross has moved his family back to Charlevoix.

Robert McCann and Chuck Kleinhintz each shot a large Canadian goose Friday.

Storm On Lake Holds Hunters Back from Island

Hunters who havo gone to Beaver Island for the aeason deserves to fill their licenses for few others have had the trouble getting to their destination that these have.

Twice on Friday, with the boat loaded with passengers and cars, the North Shore of the Lyons Navigation Co., was turned back by high winds and heavy seas.

On the third try late that evening they went on to the Island even though it was still plenty rough.

The boat up to noon on Monday had carried 95 passengers and 40 cars in nine round trips. Joe McPhillips had flown to the Island in the three day period ending Saturday night with 30 passengers.

This number is far below the large army of hunters who went to the Island in 1947.

Veterans Reenlist In Army, Navy

Two more Charlevoix veterans have re-enlisted in the serviecs in which they served during World War II.

John Bennett, son of Mrs. A. T. Bennett, has re-enlisted in the U. S. Navy with his former rating of storekeeper third class. He is now at the U. S. N. T. C., Great Lakes, Ill., for special training. During the war he served in the Pacific aboard a hospital ship.

James Feres, son of Mr. and Mrs. James Feres, Sr., of Norwood township, haa re-enlisted in the Army Air Forces and is now stationed at Scott Field, Ill. He served in Europe as a gunner with the 14th Air Force. While flying out of Italy he was reported missing over Romania and later turned up behind the Russian lines.

The Illinois state park system now comprises more than 27,000 acres.

Missionaries Write of Work in Jamaica; Tell How Best to Send Gifts to West Indies

The following is a letter from Rev. and Mrs. Charles Struthers, Church of God missionaries in Jamaica.

The couple's work is sponsored by the local Church of God. Rev. Struthers is the son of Mr. and Mrs. John Struthers and Mrs. Struthers, the former Florence Palmer, is the daughter of Mrs. Gladys Funk and the late William Palmer.

The letter sent to the members of the Church of God here, reads in part: "It has been more than two years since we bade farewell to all that has meant so much to us. The adjustment in that short time has been difficult.

By now all of you know our love for our J. B. I. students. Each day we are made to marvel anew at their consecration. Four will graduate in December. Then they will turn their faces toward suffering, heartaches, sacrifices and all that the ministry in this land involves.

Many of you have been asking about our needs. We would like to enlighten you about shipping parcels. Good used articles are much better to send than new because of the high duty involved. Also state clearly concerning the contents on the customs declaration. Since you cannot insure packages from one county to another it is better to mark 'gift—no value' than to declare a value for that immediately makes the tax which we pay higher. When you send new articles, of any type and pay high postage plus the high duty we pay we find it would have been cheaper for the article to have been purchased here.

"If it is not available here perhaps it would be better to discover if there is a need for that expenditure. I know that any missionary would appreciate these considerations. Another suggestion on mails is this. Letters to this country cannot be sent for 3 cents. They are 5 cents so that when the postage is lacking it must be made up double on this end. Also we cannot use American postage here for we are not in an American country.

"It was a surprise to us two years ago when you decided to make us your missionaries. It has been a joy and comfort to us many times since. We have bent every effort not to disappoint you but if you have any suggestions feel free to make them. If we cannot comply you will learn of it in due season. God bless you and cause you to continue to grow into a brotherhood of love for Him.

Yours in the Caribbean,
Charles, Florence, John and Fred

MICHIGAN Motoring

It's surprising how many Michigan drivers adhere to signs saying "Speed Limit — 25" by keeping their speedometers at exactly 25. When safe, this is the lawful speed limit — unless otherwise posted. But every driver must remember the fundamental rule of speed: ANY SPEED WHICH IS UNSAFE IS UNLAWFUL!

Sometimes the fastest you may lawfully drive will be only 10 or 15 miles an hour—even though the stated speed is 25 miles. Especially when traffic is heavy — when the streets are slippery with rain or snow—or when small children are playing near the streets . . . your reduced speed may mean the difference between life and death!

On the highway, too, the right speed may save a life. For instance: suppose you're driving along at 50 miles an hour. You see a car coming and brake to a stop as fast as you can, still keeping the car under control. Do you know how much distance you "ate up" stopping your car? Just about a full city block!

There's something even more important—do you know that your car probably travelled about 55 feet from the time you knew you had to stop until the brakes started taking hold? It took you that long to react!

Keep these safety thoughts in mind every minute you're behind the wheel of an automobile. Whether on a crowded city street . . . a country highway . . . or a village road—any speed which is unsafe, is unlawful. What's more—an unsafe speed spells "danger". Drive safely — and SAVE LIVES.

Power of Electricity

In 1899, says a Twentieth Century fund survay, electricity provided 5 per cent of the power used in manufacturing. Thirty years later, it provided 80 per cent of the power.

Beavers, Plagued by Housing Shortage and Big Families, Become Nuisance in Michigan

As Ripley says, believe it or not but beaver are on the increase enough so that they are becoming nuisances in this part of the state.

Conservation officer Ed Starback tells about it.

The beaver, who was the mainstay of the fur trade for 100 years, was pretty well wiped out by uncontrolled trapping. Then the state stepped in and put a strict "No Catch" sign on the shovel tails that were left. And they started to multiply.

In fact, according to Starback, at times it seems as though the only things better at multiplying are one of the these new machines or a pair of husky rabbits.

Now the state lifts the bars once in a while to keep the population within bounds. For left alone, the multiplying beavers would soon reestablish a lot of Michigan as those dread black swamps the pioneers feared and described.

That's the trouble with the beaver. He likes to build dams, mighty good ones, but he does not use judgment either on his location or how high he raises them. As a result farmers in beaver areas are constantly asking the Conservation Department for help in saving a pasture or a woodlot or field. It isn't that Pop Beaver is malicious. It's that he has housing troubles like so many other folks. His first little dam provided deep enough water for him and the missus, but by the time the grandchildren began to swim, the old place simply had to be enlarged some more. So another couple of feet are added on the dam and the water level raises, nearby fields become soggy, trees die, and the irate farmer swears that the shy bark-eating neighbors are a big pest and must be cleared out.

The state does one of two things. If the trapping season is near, it may wait and hope that the pelt collectors will clean out enough to end the trouble for another two or three years. Or it can send in the trapping instructor (in this area it's Jess Baird) to live-trap the colony. Taken alive, they are then released at some spot where there is a chance they will not make nuisances of themselves. This usually is on state forest land.

There is just one fly in this plan's ointment. The beaver is finicky—and a prodigious traveler. You can release him in what looks like a section of beaver heaven, and next spring will find him merrily building a dam ten miles away at the edge of some farmer's pet pasture.

Starback says one other system sometimes is used. That is to dynamite the dam in the fall to encourage the animals to move. Occasionally it will, but at the same time it makes their survival much chancier because they have trouble getting food in the cold weather.

Salt in Hot Weather

Extra amounts of salt taken during hot weather replace the amounts lost from the body in perspiration and reduce the chance of heat exhaustion. Excessive amounts of cold water increase exhaustion and will be more apt to bring about heat strokes.

What does your bank consider a good loan?

It's a good loan when it can meet these tests: Is the purpose of the loan constructive? Will the loan really help the borrower? Can the loan be made without contributing to rising prices? Can the borrower repay the loan out of his earnings without hardship? When the answer is "yes" to these questions, the loan is most likely to be approved.

CLASS
always wins

It is that extra quality known as "Class" which makes a champion—there are countless contenders—but only one champ. Power Flight Gasoline is definitely in the championship class by virtue of its top quality which accounts for its outstanding performance.

Power Flight fans—and there are thousands of them in Michigan—know by experience that this particular brand of motor fuel gives them a full measure of satisfaction. Unusual smoothness coupled with abundant power really makes driving a pleasure again.

Just one tankful will prove the difference.

Sunflowers Loom As Cash Crop In Midwest; Another Source of Needed Vegetable Oils

Those sunflowers that seem to spring up everywhere have had o checkered career. Once considered as fit for nothing better than bird seed, they graduated over the years to a roasted delicacy and silage. Now their seed seems to have found a place in the sun as a cash crop for midwest farmers.

A heavy emphasis on vegetable oils today is perhaps the primary factor in the present popularity of the sunflower seed.

Sunflowers today are grown commercially on a wide variety of soils, principally in North Dakota and Minnesota. On sandy soils they did better than was expected, but the best yields were obtained on the fertile, heavier soils . . . land that had been well fed and cared for through proper conservation methods.

Last year, one farmer from Minnesota's Red River Valley put out 40 acres in sunflowers and harvested a total of 51,270 pounds of seed. At a little better than 9 cents a pound, the crop brought him $123 an acre.

Prospects are that this season, some 25,000 acres will be harvested, much of this by combining. Most popular varieties of marketable sunflowers are Sunrise and Advance. Both have a Canadian background.

With the hull, the seed contains 30% oil. The meat after the hull is removed contains up to 51% oil. Its 52.7% protein content is the highest of all vegetable seed concentrates.

Regular grain planting equipment is generally used in planting sunflowers. The seeds are dropped by a grain drill 12 inches apart in 18 inch rows or 6 inches apart in 40 inch rows. The two varieties already mentioned will produce three and a half to four and a half foot stalks, each with a single bloom about 8 inches in diameter.

America's first stretch of concrete highway was laid at Ballefontaine, Ohio, in 1893.

From where I sit ... by Joe Marsh

It's Your Fight, Too!

Bing Crowley was "beefing" the other dsy about all thst Our Town's doing in the wsy of sending food snd clothes to Europe. Bing felt that those struggling democrscies should look after themselves.

But most agreed with Judge Cunningham who said: "So long as any family or individusl in Europe is helping hold the line for freedom—*against the forces of intolerance*—it's common sense, and common decency, to help 'em."

Because that's *everybody's* fight: To see that individual freedom is preserved in every aspect, big or little—whether it's the right to vote, or the right to enjoy a temperate glass of beer or ale with friends.

And from where I sit, no liberty's too small to overlook. Because the minute one small freedom is threatened, all the others are in jeopardy—just as the minute one small country *loses* freedom, all its neighbors sre in dsnger!

ALBINO DEER

Up on Grand Island in Lake Superior, a short way from Munising, there is a fine herd of albino deer. Just how this herd came about, I do not know. But it has been there for some time.

The Island is privately owned so there is little hunting goes on there. Therefore the herd of deer has been allowed to increase to good size.

I had occasion to visit Grand Island some years back, spending the night there and one whole day. We spent the day driving over the island with a team of horses and a buggy and several times I saw both the albino and the normal deer and we succeeded in getting some pictures of either one.

So that evening I set my portable blind near a spot where the deer were being fed. In a short time several deer showed up, but they were much too far away for my flash camera and after waiting for nearly four hours I was inclined to give it up. I looked at my watch and found it was after one o'clock and I was getting stiff and cold, so I decided to stay just ten minutes more. Then give it up as a poor deal.

Five of the ten minutes passed and then I heard something right back of my blind, and lo and behold, here was an albino deer and it was working towards where I was concealed. My nerves began to tingle, as the deer kept moving closer and closer. Finally it got in what I thought was a good postion and . . . wham . . . off went my flash gun and I was sure I had a picture. The deer, in fact all the deer in the neibhborhood, beat it just as fast as they could and I knew I was finished as far as pictures were concerned for a long time to come, so I quit.

A week later when I checked the results of the trip, I came to the flash gun picture of the albino. And I found I had just half a deer instead of a whole deer. That's what we get sometimes and it just can't be helped and it's mighty discouraging. But we always say to our self, we'll do better next time, if the next time ever comes.

Girl Scout News

Mrs. Robert Richards, president of the local Girl Scout Council, was in Detroit Nov. 19-12 where she attended a Regional meeting of the Girl Scouts.

The Ted Fosters have loaned a piano to the Girl Scouts to be used in the club room at the City Hall.

Anyone having any books or pamphlets belonging to the Girl Scoute are asked to return them to Mrs. Charles Blcha on the north side, Mrs. Robert Richards, in the valley, or Mrs. Harry Gebeau on the south side so thot they can be placed in a permanent Girl Scout library.

Brownie troop 5 met Tuesday at the City Hall. The leaders, Mrs. Kelley and Mrs. Swanson discussed what we would make for Christmas gifts. We started making scrapbooks on the ten fields of scouting.

—Marilyn Neff, scribe.

Troop 3 met at the City Hall Wednesday. We drew designs for our hand painting on glass. We talked about making and selling Christmas wreaths.

MSC Forsees Good Year Ahead On Michigan Farms

Every farmer likes to get the opinion of others when he's planning his next year's farm program. Michigan State college farm economists this week presented a brief outline of the prospects for 1949.

First, they say a strong demand for most farm products is expected in 1949. Farm product prices and cash receipts from farm marketing in 1949 may average about as high as in 1948. High farm production costs, however, are likely to cause a lower net income to farmers in 1949.

A number of favorable factors are in sight, say the farm economists. Consumer incnmes will continue high in 1949 which means they will continue to be able to buy the farmers' products. Private spending for construction of homes, factories, stores and public utilities will continue high and help maintain full employment.

Lower grain prices will mean more profitable livestock production for Michigan farmers. Farm price supports, too, will cushion most price declines with a 90 percent of parity floor.

Of course there are a few things which tend to make the picture less bright. Marketing costs will be high. Transportation and wage costs are still going up. The farmer will get a smaller share of the consumers dollar. But barring a radical change in our economy, the economists say Michigan farmers can expect a good year in 1949.

Top County Cow Yields 6 Tons of Milk In Year

The annual report of the Charlevoix-Antrim Dairy Herd Improvement Association shows that Elias Sommerville owned the two year old Holstein cow that produced 12,798 lbs. milk and 461.6 lbs. fat during the past year. Mr. Sommerville also owned the herd of cows that averaged per cow 11,980 lbs. milk and 415.6 lbs. fat for the year.

A total of 18 dairy herds completed the year's test. The average production per cow for the association was 7642 lbs. milk and 311.8 lbs. butterfat. The feed cost per lb. of butterfat averaged $0.48 and the return for $1.00 spent for feed was $2.22. However it must be remembered that feed is less than half the cost of producing dairy cows.

Twelve out of the 18 dairy herds averaged over 300 lbs. of fat per cow for the past year. The average for Charlevoix County is probably around 200 lbs. of fat.

A total of 85 dairymen attended the annual meeting at Ellaworth. At this meeting 5 new directors were elected: Bernie DeYoung, John Wieland, Eliaa Sommerville, Peter Winnick, and Archie Murphy.

The Board of Directors elected the following officers: Bernie DeYoung, president; Elias Sommerville, vice president; Archie Murphy, secretary-treasurer. Anyone interested in joining this testing association should see their County Agent, Ed Rebman or Secretary-treasurer, Archie Murphy.

Application Forms For Soil District To Be Ready Soon

The Board of Directors of the Charlevoix Soil Conservation District met last Friday evening in the County Agent's office in Boyne City.

At this meeting the district board agreed upon a application form and also an agreement form that is to be used.

The directors plan, with the help of the Soil Conservation Service and County Extension Service, to hold some neigbborhood group meetings with those farmers who are interested in a soil and water conservation plan. When these application forms arrive they will be available from each district and the County Extension office.

Plans for the annual meeting of the association are being made. The date will probably be sometime during the second week of January. All farmers and their families who are interested in Soil conservation should attend this meeting.

New Drug Attacks Virus Diseases

A new drug, phenosulfazole, also known as Darvisul, has at last brought viruses under direct chemical attack. This may mean that it can be used against infantile paralysis, which is a virus disease, but it has by no means proven ready for any such use this far.

The tiny viruses (an average bacteria is 100 times bigger than the biggest virus) have steadily resisted chemical attack, and no drug has yet been found that will direct its affects at virus infections in man. The chief importance of phenosulfazole is that it has crossed this barrier and, in both laboratory experiments and some clinical trials, has controlled and cured virus infections.

Still an unknown quantity, this drug is the newest of the sulfa compounds. So far, no one knows for sure exactly which germs it attacks, how many of them it attacks in human patients, what it may do to those patients, or how much of the drug those patients should get. Investigators feel that while it may turn out to be the drug of the year, it is more likely to be simply tha starting point for a whole new chain of sulfa drugs.

The regular sulfas, penicillin, and atreptomycin, while they take care of an astonishingly large number of ills, work only against bacteria. Chief promise of the new phenosulfazole is that it may represent the beginning of an equally effective set of drugs against the many virus diseases.

How to smile your way through a traffic snarl

Come in—find out how Packard takes the tension out of city driving!

Here's a car that meets *all* the demands of downtown traffic. And *handling ease* is only an ever-present part of the story.

What impresses you first, in this sleek, roomy Packard, is the way you can *see*—the wonderful feeling of always knowing exactly where the front, sides, and rear of your car "are *at!*" It puts an end to all the old "squeeze plays" . . . whether you're cruising or parking.

Next you'll marvel at the turbine-smooth trigger-quick responsiveness of Packard *power*. You simply point to a sudden opening in the traffic jam and —you're through it!

Above all, you'll prize the restful riding ease . . . the sure-footed roadability . . . the husky construction that brings relaxing comfort in any rush-hour snarl.

And when you head this eager, roadworthy Packard down an open highway—!

But come in first for the *city* story. It's one of the *big* reasons why the new Packard Eights are the greatest ever built!

Little Ironton Picks Pete As First Mayor

Pete Bennett was duly elected the first mayor of Little Ironton last week, before the place was founded or the inhabitants moved there.

At the election ha received seven votes. The population of the place totals only eight.

Little Ironton was established Saturday over in the Pigeon River Forest by four hardy couples from the ferry-famous place on the Lake. They went over there to shoot deer on the theory that deer hunting always is more fun and better away from home.

They were the Bennetts, the Ray and Glenn Williams families and Mr. and Mrs. Don Feagan. They planned to stay a week, are living in tents and a trailer 21 miles east of Vanderbilt at a spot equipped with old CCC plumbing.

The election was held at Big Ironton Thursday.

Powell, Clark Win Prize Guns

Winners of the Gordon Clement guns on Saturday were Chuck Powell, who won the .35 Remington rifle with scope sight, four boxes of shells and a cleaning rod, and Albert "Tubby" Clark who won the 12 guage automatic shotgun.

The project was sponsored by the Charlevoix Rod and Gun club.

New Beet Topper Handles Four Acres In Day, Boosts pay Tonnage by Faster Delivery

Doing the work of ten or a dozen hand workers, the new beet lifter and topper of Mathews Brothers has harvested 80 acres of sugar beets during the season just ended.

According to Marvin Mathews, shown above on the tractor, the machine harvests about four acres a day. While it does not shake as much dirt from the beets as a man will, it delivers more paying tonage to the car.

It tops the beets more uniformly and with a minimum of waste. Then too, the beets are hauled directly to the cars and loaded. This avoids the hours they lay on the ground drying out, as occurs in hand topping.

Operating the machine is Vernon Mathews. Two plow-like lifters pull the beets. A pair of conveyor belts grip the top and carry it back to the revolving cutting blades. The beet then drops into a box from which a conveyor carries it to the truck. The tops are dropped behind and on the Mathews farm are plowed under.

Because of the bad year in 1947 for sugar beets only a little more than 200 acres were planted this season in this section. The drouth in late summer and early fall held down the size, but in place of seven tons to the acre, most 1948 farmers are getting about ten, Mathews says.

Cage League To Meet Monday

The final organization meeting of the new independent basketball league in Northern Michigan will he held here Monday in the City Hall at 8:30 p. m.

Officers will be elected and a schedule planned then. Seven teams are now in the league: Bellaire, Boyne City, Central Lake, Charlevoix, Harbor Springs, Mancelona and Petoskey. An eighth is wanted.

Elmer Poole Hurt In Fall from Roof

Elmer Poole is still at the Charlevoix hospital suffering from the results of a 30 foot fall Tuesday afternoon.

He and A. M. Allard were working on a sleeping porch roof at 408 Michigan avenue. Their scaffold, supported by ladders, gave way, dropping both men. Mr. Allard was only shaken up and after an examination at the hospital was released.

Mr. Poole, however, lit on some steps. He was taken to the hospital where he was found to be suffering from shock. Put under an oxygen tent, it is believed he also has internal injuries.

News of folks, your neighbors and mine . . . but did you know that—

Seems actually good to sit down to the old typewriter again after three full-to-the-brim-days in Chicago. So many people! Charlevoix looks peaceful and better than ever. And to think I once lived in a city and thought I liked it. There's a heap sight more living in a small town . . . Word comes from the Larry Ecklunds down Miami way saying the weather is wonderful, and Larry says he has been running around in shorts and been swimming several times. They drove 1994 miles to get to their destination, including all the detours and didn't have any trouble getting their big trailer through . . .

Saw the three bears the other day right on Bridge Street but no Goldilocks. Instead it was two hunters with several days growth of whiskers. The men had shot the bears up in Schoolcraft County where they had the terrible beer accident last summer. They went the hunters to get the bears! Anyway the Low brothers down in Shelby can have three nice bear rugs to grace their homes. The men got them at a price though, for when they returned they discovered their tents, cameras, guns and all camping equipment had been burned up . . .

A lesson in Democracy was seen in a Milwaukee Chop House which listed "Baked Kosher Hot Dogs rolled in Bacon." . . .

From Lola Hahn down in Muskegon comes a letter with several recipes in. These are from two friends of hers who are of foreign birth and wonderful cooks. Under "What's Cooking" you will find these rules, and I am sure you will enjoy them . . . Speaking of cooking, we spent several hours in Chicago browsing through Field's book section. Discovered that Gypsy Rose Lee, the famous strip pip and authoress (The G String Murder) has turned out another literary effort, and it's a cook book. If she can write one, I'm almost persuaded that I can too.

They are merrily on their way to the West for a card comes from Marian Brown from Shamrock, Texas, saying it is nice and warm, 75 degrees. She and Mrs. Arthur Wexstaff are having a grand time and like the wide open spaces . . . Trust Ella Fochtman to come through with something humorous even if she did find herself at Mayo's. In a letter came a poem on "You're next at the Clinic." Would like to print it but it is copyrighted. The poem tells all that happens to you after you wait hours and hours for your turn and Ella says that it is not far from the truth.

Even though Ella Fochtmen will be looked over thoroughly, bet there is one thing that the doctors will miss and that is that Ella has a funny bone up her sleeve that tides her over any situation. Mrs. Fochtmen told of going to the show one night with Archie Ward and his wife and that she expects to spend Thanksgiving in Hibbing, Minn. Hope she has her red flannels with her.

It's vacation time for Charlevoix Public Schools, giving the students time out to eat Thanksgiving dinner . . . The E. L. Kramers of the Beach Hotel having been spending a few weeks in San Francisco but are leaving to spend the winter months at Sun Valley, Idaho . . . Frank Zeitler has left to visit his sister and husband, Mr. and Mrs. J. D. Haney in Lansing. From there he will go to Joliet, Ill., St. Louis, Mo., and then to Panama City to visit his son and nephew, Don and Bernie Zeitler. After that Mr. Zeitler will go to St. Petersburg for the remainder of the winter . . . Sorry to hear of the illness of Mrs. Mary Cooper. She was taken to the hospital last week end.

Plenty of cars are going through town with deer . . . A letter from a friend in Atlanta, Mich., who rooms and boards deer hunters, says she is so glad when the men all come in for the evening, safe and sound, for they have had altogether too many hunting accidents around Atlanta this year. . . . Joe Abbey got his deer and only went to Inwood Creek. Was he ever thrilled for it was his first buck . . . Enroute home from Chicago via Wisconsin, we met many deer hunters. While not every car had a deer, yet it was sure to have a Christmas tree or two tied to it . . .

Thanksgiving, the time to count our blessings for which

Lack of Crew Slows up Work On New Bridge

Work on the bridge has been slowed down by a combination of factors during the last two weeks.

The weather was against progress ten days ago. Then the hunting season opened and the crew, almost to a man, went out looking for deer. Monday it looked as though work could be resumed. But there was a small shower.

By the time the weather had cleared, several of the steel workers were in no condition to work. And Tuesday five of them quit, heading for other parts.

Nevertheless on Tuesday, with one experienced steel erector and men recruited here the west bascule girder on the north side was swung into place and anchored. Wednesday the diesel crane was moved back on the approach and work begun on getting the wide machinery support girder into place below the pavement level of the span.

This job entails swinging the eight ton chunk of steel over the side of the bridge approach and then working it down under and into place above the counterbalance frame. When this frame and the machinery girder are bolted into place, the lower end of the north span will be assembled.

Then will follow the job of assembling the part above the pavement level just the same as on the south side.

Harry Armstrong, superintendent for the Mt. Vernon Bridge Co., here, has been after a riveting crew for two weeks. As soon as these men arrive they will be set to work driving rivets on the assembled south span. Once this step is completed the Lamb-Leudtke crew can pour the 75 tons of cement for the counterbalance.

Other cement work still remaining is the pouring of the upper levels of the machinery control house on the south side and the concrete guard rails on both sides. This last likely will not be done until the steel work is farther along.

If he had the men, Armstrong says he would like to see the riveting done on both spans and the machinery in place by Christmas.

First Independent Basketball Tilt Will Be Friday

First game of the new Independent basketball league in northern Michigan will be here Friday night at the school gym.

Teams will be Gaylord and Charlevoix. The game will start at 8 p. m. Those on the Charlevoix squad will be D. Gallagher, Lusk, Swanson, Meggison, Bennett, L. Gallagher and Smith.

The League has been organized with officers and nine member teams. The latter are Boyne City, Bellaire, Central Lake, Charlevoix, East Jordan, Harbor Springs, Gaylord, Mancelona and Pellston.

Officers are: C. O. Reed of Gaylord, president; John Knight of Charlevoix, vice president; Dean Davenport, Charlevoix, secretary-treasurer.

The league will have a 16 game home and home schedule.

12 More to Report For Army Tests

Twelve more Charlevoix county men have been ordered to report at the local draft board office at the Court House, Charlevoix, at 8:00 a. m., Dec. 6, for transportation by bus to Traverse City for preinduction physical examinations.

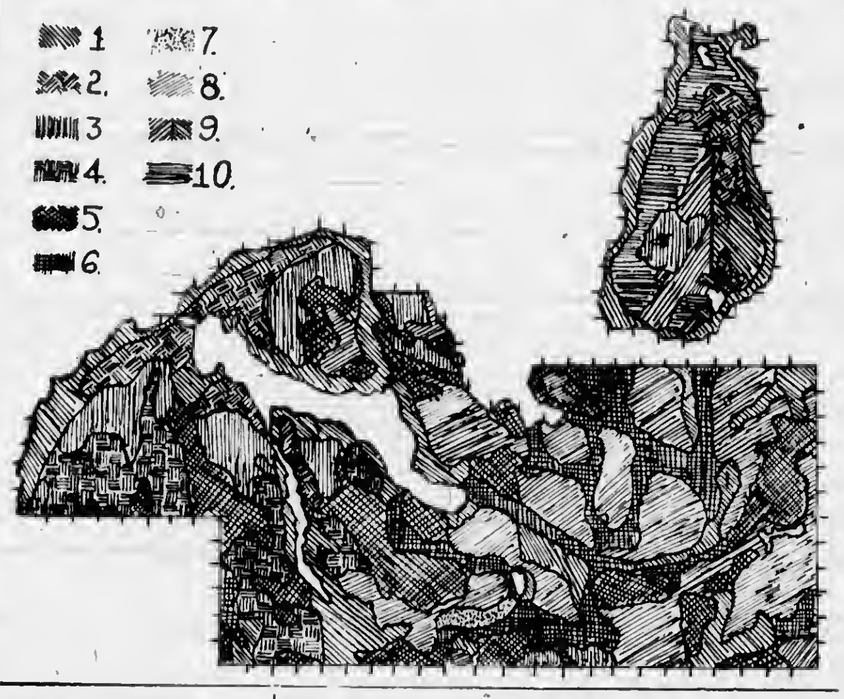
They are: Charlevoix: John W. Ryder, Jr., John A. Vosburg and Leslie E. Crain; Boyne City: L. D. Hausler; East Jordan: Medrick L. Gegnon, James E. Bashaw and Albert L. Slate.

St. James: David Washegesie and Lawrence J. Cull; Bay Shore: Asehle B. Cole, Jr.; Boyne Falls: Gordon D. Smith; Walloon Lake: Dale Padgett.

Buy Nettleton Home

Dr. F. W. Young has bought the office and residence of Dr. and Mrs. D. C. Nettleton at 103 Clinton. He will take possession about Jan. 1. The Nettletons have not yet made definite plans on what they will do.

Soil Conservation Board Maps Plan to Meet Varied Problems of Charlevoix County's Ten Types of Land



(This is the second of three articles on the program of the new Charlevoix Soils Conservation District).

Twenty-four problems are discussed in the first report issued by the directors of the new Soil Conservation District.

Some apply to one or two and some to most of the ten different types of soil found in the county. Those types are shown in the accompanying map.

Section lines are indicated by the marks in the margin, put there to help in locating individual farms more easily. The various soil types indicated are:

1. Level sand lake beaches; deep, drouthy sands with little ability to hold moisture. Suited for pasture and woodland use.
2. Level loam and sandy loam; mainly present a drainage problem; often stony.
3. Gently rolling loams and sandy loams; medium to high in fertility; often eroded by water; good farm land.
4. Rolling to hilly loams; like Class 3 but more hilly. Big problem is erosion control on these fertile areas.
5. Rolling to hilly sandy loams; lighter textured than Class 4 and more susceptible to erosion.
6. Muckland; level but highly subject to wind erosion. Problem is right use.
7. Level, imperfectly drained sandy loams; medium fertility and moisture capacity in valleys. Little erosion but right rotation and fertility are problems.
8. Hilly or rough loamy sand; drouthy and low in fertility; subject to erosion where cultivated. Right land use is main problem.
9. Level, wet, cobbly sandy land; poorly drained as a rule with little erosion.
10. Level sandy loams and loamy sand; well drained but in danger of wind erosion.

Hospital Adopts New Auditing System, Reports

From now on the Board and the public will know exactly how the Charlevoix Hospital is doing financially.

That institution has installed a new accounting service which is approved by the American Hospital Association. It replaces the old bookkeeping methods which, the Board says, did not give a clear picture of what was being accomplished.

The new system was installed by Ed Penty of the Professional Management Co., of Battle Creek. The same firm handled the accounting for several doctors here.

Florine Krahnke has been appointed bookkeeper at the hospital. Once a month Mr. Penty audits the books and presents the Board with a complete statement.

The first of these, including a summary of the financial operations for the first four months of this fiscal year, is given on page three.

Mrs. Sarah Hull, Pioneer Resident Passes Here

Funeral services for Mrs. Sarah J. Hull, 88, pioneer resident of this community, were held at the See Funeral Home at 2 p.m. Wednesday with the Rev. Gaylord Howell officiating. Burial was in the Brookside cemetery. She died Monday at the home of her daughter, Mrs. Ed Gregory, where she had resided for four months.

Born in Grundy County, Ill., on Feb. 8, 1860, the former Sarah Kiltner came to Charlevoix county as a girl and lived in Norwood township. In 1877 she was married to Orland Weed who operated one of the first drug stores in Charlevoix. He preceeded her in death in 1901. In 1912 she was married to Charles Hull. They lived in Norwood township until 1915 when they moved to Charlevoix. He died in 1928.

She was a member of the Methodist church and the Rebekah lodge.

Surviving are two daughters, Mrs. Mamie Gregory of this city and Mrs. Mabel Nichols of Detroit; four sons, Forrest Weed of Chicago, Thurlow Weed of St. Johns, Odillion Weed of Detroit and Percy Weed of Charlevoix; a sister, Mrs. Amelia Goffer of Los Angeles, Calif; 11 grandchildren; 17 great grandchildren and one great-great grandchild.

Thanks Service Held By Christian Scientists

As is customary in all Christian Science churches, a special Thanksgiving service was held on Thanksgiving Day by the Christian Science Society in Charlevoix.

Following the usual order of service there was a brief period in which members of the congregation expressed their gratitude for help which they have received during the past year.

Epidemic Hits Dogs Here; Rat Borne Disease Is Suspected

A epidemic, which struck the canine population of Charlevoix recently and which at first had all the symptoms of poisoning is now believed to be a form of animal typhus.

If treated in time it is not fatal.

More than a dozen pets, particularly in the valley and the south side, contracted the disease and many of them died. Three, however, were taken to a veterinary at once and after being treated lived. Other owners, believing their dogs had been poisoned, did not take the animals for treatment and most of those died.

Health authorities and veterinarians believe the animal typhus is the type quite common among dogs and that it may be carried by rats. It is not necessary, as some think, that the animal be bitten by a rat. Eating food over which rats have run or catching rats and being around rats caught by hunters at the city dump are the usual means by which the disease is carried. It is believed it is also possible to contract the disease from another dog who has been infected.

Owners are warned to keep their pets tied and away from other animals; to keep garbage cans clean and closed so rats can not get in them and to take their pet to a veterinary immediately if it should become ill.

Ferry Will Not Run for 3 Hours On Thanksgiving

The Ironton ferry is going to take some time off Thanksgiving Day.

Capt. Bud Gill sends in word that the ferry will not operate from noon to 3 p. m. Thursday so that the crew can have time for a turkey dinner.

Rites Held In Flint for Former Citizen

Harold I. Webster, 48, former resident who has lived in Flint since 1937, died Tuesday at St. Joseph's Hospital, Flint, where he had been a patient for two weeks. He had been ill five weeks.

Born in Hayes township on June 22, 1900, he attended the Charlevoix schools. He was married to Gertrude St. Charles in June, 1927, and lived here until moving to Flint where he was employed at the Buick plant.

Besides his wife, he is survived by three children, Shirley, Darlene and Don, at home; two sisters, Mrs. Albert Smith of Charlevoix, and Mrs. Clara Pierce of Long Lake and a brother, Floyd of Grand Rapids.

Roll Call Plans Made by Captains

Plans were made for the Charlevoix County Farm Bureau's Annual Roll Call at a meeting of the team captains Tuesday night at Ironton.

The place and date for the kick off dinner will be announced next week.

Club Bags One Buck

Douglas Bird and Louis Brown were the only ones at the Charlevoix Two Heart Hunting Club in the Uppen Peninsula to get a buck. The rest of the club pulled out early because of the threat of enough snow to marooon them. Those going this year were Kit Carson, Ted Coblentz, Hazel Bird, Frank Courier and Floyd Brown.

Michigan Bell to Move to New Offices Monday

Starting with next Monday, telephone users here will start going to the new Bell Building across from the City Hall to pay their phone bills and to order service changes.

Saturday afternoon the office records will be moved from the Brown Building where they have been since June, 1945 to the new building.

The hours will be the same as at present: 9 to 12 and 1 to 5 on week days and 9 to 12 on Saturdays.

The Charlevoix office will handle the accounts for Charlevoix, Boyne City and East Jordan subscribers.

U. S. Will Learn How Garden Grew

Uncle Sam once more is using Charlevoix to find out more about how we all live.

Last week a few families here were interviewed by trained census enumerators on how much garden vegetables and poultry they raised. It's all part of another bunch of figures being gathered. In the whole country, 25,000 families are being asked the same questions and the Census Bureau expects to get some useful information from them.

Don Watkins over at Boyne City is District Supervisor for the census.

Club Will Give Food to Hospital

Members of the Shakespeare Club are to bring a jar of canned fruit or vegetables to their meeting on Monday, for the Charlevoix Hospital. The club voted to aid the Hospital by this drive for home canned fruits and vegetables.

• Mr. and Mrs. Peter B. Scott and Peter Lavine were expected from Escanaba on Wednesday to spend Thanksgiving Day with their parents, Mr. and Mrs. Ed Scott and Mrs. Bessie O'Brien.

Chest Reaches Goal; Chairman Names Workers

With the Community Chest over the $3350 goal set, some contributions still are coming in.

Credit for the successful drive is given to two groups by Chest President Robert Bridge.

"The folks here gave generously and willingly. Credit also goes to our summer folks who helped us reach the total we needed.

"The real work was done by the solicitors, the team captains and Mrs. Sally Bergeon who directed the drive. Those women did a great job of seeing everyone in town."

Along with the women, credit goes to two men: William Meyer and George Haggard, who handled the solicitation of the business places of Charlevoix.

The captains and their teams were:

North Side: Mrs. Charles Bellinger, captain; Mrs. G. B. Saltonstall, Mrs. Versal Seymour, Mrs. Robert McClintock, Mrs. Charles Carey, Mrs. E. D. Hawley.

Valley: Mrs. John Mol, captain; Mrs. Harry Bingham, Mrs. Charles Hamlin, Mrs. J. C. Marshall, Mrs. Robert Coleman, Mrs. George Roff, Mrs. George Whitley.

Southeast: Mrs. Gerald Gibbons, captain; Mrs. Leo Allard, Mrs. Emil Pisehner, Mrs. Archie Ward, Mrs. Fred Tyler, Mrs. C. M. Bice, Mrs. Edward Shanahan, Mrs. Howard Griffin, Mrs. Clarence Heise, Mrs. D. W. Parsel and Mrs. Percy Butler.

Southwest: Mrs. Orlin Cunningham, captain; Mrs. Lester Smith, Mrs. Walter Jarvis, Mrs. Robert Miller, Mrs. Richard Hull, Mrs. Fay Davis, Mrs. Lyda Johnson, Mrs. Jean Gallagher.

Resorts Hit New High, Bell Declares

Last season was the best yet for Michigan resorts according to one often used standard.

More long distance phone calls were made into the resort areas than in 1947, the previous record year. The total was up 15 per cent, or a mark of some 1,111,000 for the season. The new toll cable from Grand Rapids north, which passes through Charlevoix, helped make the new record possible.

Judge Rollie Lewis is in Little Traverse Hospital recovering from a major operation performed Monday. He is expected home in two or three weeks.

Rayders Drop Opening Game by 27-31 Score

Losing its first conference game in years, Charlevoix dropped the opening basketball game Tuesday night to a hot East Jordan team, 27 to 31.

Lack of team play and inability to hit the basket put the Rayders on the short end of the score. But East Jordan knew it had had a battle. The visitors virtually had two complete first teams and kept shooting men in and out faster than a Michigan football squad. Charlevoix's first string were worn down.

In contrast, the Reserves won 22 to 14.

The varsity game was a see-saw affair from start to finish. Most of the time the teams were withio two points of each other, with Charlevoix leading during the first half.

Jordan started out playing right to the limit. The red bays took an easier pace, in their accustomed strategy, expecting the visitors to wear out. But steady substituting took care of that.

The game was a slow one due to constant fouling and tangles over the ball. Both teams were good at stealing the ball, and poor at hitting the basket. But East Jordan showed up better both at grabbing the Rayder passes and at working the ball down to the basket.

After fighting neck and neck through the first three quarters to a 17-14 score at the start of the last period, Case went out on fouls. East Jordan sank a couple and Meredith dropped in two free throws to make the score 24-24. Jordan scored again, Hardy missed a free throw, Sommerville went out on fouls, Martin's two gift tries failed, and a few plays later he hurt his leg in one of the football scrimmages.

Bill Barber went in for him, Meredith sank a goal, Shadko was out on fouls and a free throw made the score 24-29 for East Jordan with one minute left.

The East Jordan coach had a conference with his team on the playing floor. Two Rayder tries missed the loop, Wallace sank a long shot, Jordan made both tries on a double foul good and the game ended 27 and 31.

The box score was:

Thank Heaven for the Women

It's an old saying that if it were not for the Ladies Aids, three quarters of the churches in this country would have to close down.

Here in Charevoix we have just had an example of what the women mean when it comes to good works. Elsewhere there is a story on the Community Chest drive. For the second straight year, our Chest has reached its quota. And for the second straight year, the women are the ones who have done a big share of the work.

Look at the list. Two men covered the business section and the wives of some 30 other men handled all the rest of the town.

Boyne City this year only raised about half its quota. I'll gamble that they turned the job over to a bunch of men. If they had got the women working on it, they wouldn't have had any trouble.

We're Doing a Good Job in Michigan

Michigan is one of the best states in the Union when it comes to few and small forest fires. During 1947 we averaged less than 15 acres of fires and had 1800 woods blazes.

In acreage and percentage of forest burned, Michigan is well below the national average.

In looking over a report on all the states, one thing stands out. Surprisingly, it is not the western states which have the worst fire record. Oregon and Washington, with millions of acres, are among the low states.

The worst offenders on just about all counts are the southern states. Of course, they have long dry spells, bad fire conditions. But they also have no powerful anti-fire campaign, as does Oregon. And their people are not sold on the waste and harm of forest fires—as most of the North and West is.

What's Cookin' . . .

To the Town's Taste

Mrs. Lola Hahn sends the following receipes to us from Muskegon:

Ris Glace'

1 cup of rice
1 quart of water
1½ cups of sugar
The peel of 1½ lemons
Juice of 1½ lemons

Cook the rice with water and the peel of the lemons and salt, let it boil on a slow fire, till done, (don't let it get too dry). Take it from the fire and mix it with the lemon juice and sugar. Put everything in a wet mold and set it cold. Serve with vanilla sauec or cream.

Vanilla Sauce

1 pint of milk
1 teaspoon vanilla
2 teaspoons cornstarch
3 tablespoons sugar
2 eggs

Boil the milk with the vanilla. Beat the eggs with the sugar. Pour this slowly with the cornstarch, stirring till you have smooth paste. Then add the boiling milk stirring all the time, till the eggs are warm. Put everything in the pan and let the sauce boil on a slow fire about 3 or 4 minutes, stirring all the time. You can serve the sauce with the riz-glace or chocolate pudding.

(From Mrs. G. J. Berlijn)

Cauliflower In a Oven Dish

1 cauliflower (big or 2 small ones)
1 pint of milk
4 tablespoons flour
3 tablespoons butter or margarine
4 tablespoone cheddar cheese

Cook the cauliflower in boiling water for about 12 minutes. After draining the cauliflower put it in Pyrex dish, pour the sauce over it. (See recipe for sauce).

Melt the butter on a slow fire and add the flour and stir it, till it comes to boil. Now take it from the fire and pour slowly the milk in it, stirring all the time and again let it boil for about 8 minutes, and then add the cheese in it, so it will melt into the sauce. Pour it over the cauliflower and bake it in the oven for about 20 minutes.

(From Mrs. G. J. Berlijn)

When Mrs. Berlijn gets more recipes translated into English measurements, we can have them. Shall send them on to you then. Am also enclosing a recipe for Christmas goodies given me by a Czeck friend of mine.

Almond Moonbeams

½ lb. butter or margarine
¼ lb. sugar
¼ lb. blanched chopped almonds
½ lb. all purpose flour
½ teaspoon vanilla

Cream the butter and sugar. Add half the flour and mix well. Add nuts, other half flour and vanilla and mix well until it forms a large ball. Separate into 4 parts. Save out 1 part, and place the rest in the ice box for later use. Roll the piece of dough into a long flat piece about 2½ inches wide, and cut into small pieces. Roll with fingers into horseshoe shape. Bake in a 350 degree oven for 10 minutes. Roll cookies in sugar.

Television on the Farm

Buck Childs' home has become mighty popular ever since he got that television set—one of the few sets in our town, outside of Andy's Garden Tavern.

Not only do the kids stay home nights, but the neighbors drop in to see whatever's being telecast. And Buck and the missus always make them welcome, with a mellow glass of beer or ale (with cider and cookies for the youngsters).

While I guess everyone admits that television still has far to go, it's not hard to see that it will some day be as much a part of American home and farm life as the temperate glass of beer that Buck serves, and the hospitality that goes with it.

And from where I sit, anything that adds to gracious living in America—brings folks together for temperate, quiet entertainment—is a boon to this home-loving land of ours. (We're thinking of buying a television set ourselves!)

Editorial Meeting Produces Hot Arguments, Forecast On Future, Courtesy Pays Story

By L. E. Towe

The Towe family was down at the annual meeting of the National Editorial Association in Chicago for three days last week. Three or four things that happened and were heard are worth reporting.

Said one man:

"It isn't a question of what we'll sell in a few years. It's whether we'll be allowed to sell anything."

Anytime in the future I ever go to South Bend, there's one hotel I'll head for. We pulled in there at 10 p. m., dog tired. The hotel was full but the desk clerk spent 15 minutes on the phone calling other hotels and good tourist homes until he found us a place.

It's that kind of service which keeps folks coming. Instead of going back to the tourist home, I'll go to that hotel even if it costs double.

At our table at one session were one of the strong Michigan Democrats and one of the leading Republican women. No punches were pulled. A third person neatly summed up the argument for them:

"A Jeffersonian Democrat believes in a minimum of government and a maximum of individual responsibility and liberty.

"The New Deal Democrat believes in a maximum of government, and no individual responsibility except to pay taxes and stand in line for federal handouts."

Believe it or not, we Americans only drink half as much as did our pioneer fathers one hundred years ago. We even drink less than during prohibition. The authority: per capita figures base don the government's own liquor tax collections.

Don't kid yourself that times are going to get better. Costs are going up. And the folks who will be hit the hardest will be the workers, farmers and government pensioners. The first two will be taxed more and more and the last will eat less and less, according to one Washington observer.

Captain Lyons Dies At Lorain

Known as one of the veteran Great Lakes captains, the "Great Lakes Review" carried the news of the death of Capt. James B. Lyons of Lorain, Ohio, on Oct. 26.

The father of the two Lyons brothers, the captain was known here and at Beaver Island. He was 82 years old. After retiring from active duty in 1933, he served as relief captain and night dispatcher at Lorain for the Great Lakes Towing Co.

For 15 years Capt. Lyons served with the old Gilchrist Line. Then in 1913 he joined the Interlake Steamship Co. and served with them until 1933.

Surviving are Mrs. Lyons; Capt. J. P. Lyons of the Lyons Navigation Co., Capt. Richard B. Lyons of Charlevoix, Thomas A. Lyons, Jay B. Lyons and Mrs. Victor Austin of Lorain, and James E. Lyons of Santa Ana, Calif.

Mrs. Lee Sneathen entertained the members of the Burgess Extension cluh at her home on Wednesday.

A potluck dinner at noon preceeded the business meeting and lesson.

Delbert Yettaw Earns Schooling With Parachute

A former Charlevoix boy who is paying his way through a college course by parachute jumping was the subject of a feature story in Saturday's Grand Rapids Press.

Written by the state editor, Charley Larson, the story describes the recent career of Delbert Yettaw. For several years the Yettaw family and Delbert lived here. Now residents of Grand Haven, Delbert was an airplane tender on the carrier Randolph during the war.

Now he is preparing for college at Ferris Institute. Part of his way is paid hy money earned by parachute jumps at $50 a leap, mostly at county fairs. So far he has made 12.

He got started mostly by accident. He and two others made a bet they would jump. One backed out but the other two didn't. Yettaw went up in a rented plane, and just stepped off. So far he has never been hurt. One reason, he says, is that he prefers to land on lakes and swim.

From the Garden Club

This is the perfect time of the year for a tramp through the woods, gathering what one can for winter gardens or terrariums.

Terrariums are small glass enclosed gardens, sometimes called Wardian Cases, after a Mr. Ward, who in 1829 accidentally discovered a new method of growing plants. One winter day he found a chrysalis of a butterfly and, anxious to preserve it, placed it with a clump of earth in a wide mouthed bottle, which he stopped up. Later he was surprised to find, although the chrysalis was just the same, that his bottle contained a small but flourishing collection of plants. He began to experiment and discovered that many tender plants would grow in such a humid and even temperature. Moisture supplied, when plants are first put in place, gathers on the sides and tops, is condensed and falls again. Usually terrariums water themselves for many weeks.

Terrariums can be bought or they can be made. A wide mouther glass cracker jar with a tight lid, or a fish bowl, covered with a piece of glass. An inch of sand should always be placed in the bottom, covered with a soil of light loam. Peat moss, mixed in is good. Some moss from the woods give a woodsy odor when it is opened. House plant cuttings, maiden hair fern and African violets thrive well, but wild flowers from the woods are the most attractive. Wild plants should not be brought in until they have been frozen outdoors. They are accustomed to such treatment and will not bloom successfully without it.

Do not crowd the plants in the jar. Place a tablespoon or two of water in it, fasten the cover and do not remove until the moisture clouds the jar. Prop the top off and allow air to get in. Too much moisture will develop a sour condition. You might add a seed or two of some low blooming plant that would grow under warm, humid conditions.

Hilda Alexander.

W. D. Woods Given Surprise Harvest Shower

Rev. and Mrs. W. D. Wood expected Monday night would be just another normal evening. They attended a brief ministerial meeting at Rev. Gaylord Howell's home and then drove up to Hurlbut street.

Parked in front of their house were a couple dozen cars. And inside the house were 50 guests who had come bearing gifts, as a harvest festival surprise.

There was community singing and then refreshments, the latter all brought by the guests, who also left a sizeable supply of vegetables and other food for the Woods.

Violist Will Give Next Series Concert

The next Northern Michigan concert will be Monday night at Petoskey's school auditorium.

William Primrose, violist, is the artist. No tickets are available except those held by season subscribers.

• Mr. and Mrs. Kirwin Mulligan and son, Michael and a guest, Mr. Kerton, came Saturday from Pontiac to spend a week with Mrs. Mulligan's parents, Mr. and Mrs. Willis A. Cross, Sr.

• Richard Loomis of Grand Rapids was to arrive in Charlevox Wednesday night to get Mrs. Loomis. They left Thursday morning and will live in Grand Rapids this winter.

Moellers Home from Camp

The Gordon Moellers have arrived home from their deer hunting jaunt in the Upper Peninsula. They really got into the snow for they were beyond Marquette. They broke camp Saturday morning and were eight hours trying to get a mile and three-tenths out of the woods. They finally arrived home 1:30 in the afternoon Sunday. "No, no deer," said Gordon. "We didn't even see any."

Lost Diamond Recovered

Last week was Jonah in the life of Mary Cooper. She lost a half-caret diamond from her ring and everyone was looking. The janitor at school went over and over the rooms trying to find it. Then it was John Schroeder, this week, who discovered it. Picking it up, his first thought was that it was a piece of glass, but somehow different, and he put it in his cash register just to play safe. Another examination showed that he had a diamond, so Mrs. Cooper has her lost stone back again.

New Bean Disease Cure

A proved control for one of the worst bean diseases has been found. The disease is powdery mildew. The control is acitdione, a by product uf streptomycin.

The discuvery of its usefulness was made by two Michigan State College horticulturists. Dr. Irma M. Felber and Dr. C. L. Hamner.

Powdery mildew especially attacks red kidney beans, but also will affect yellow eye, cranberry and possibly ordinary navy beans. The red kidneys used to be raised extensively in Charlevoix County, according to Fred Willis, but largely because of blight are grown no longer.

It has been found that blight can be kept down by using new California seed each year. The red kidneys from the Coast are not affected by blight and by using imported seed each season, the disease is avoided.

The actidione is economical to use. Only two grams for each 100 gallons of spray are needed. The first application should be when the bean plants are 10 to 12 days old, and thereafter about every ten days.

The chemical alsu controls mildew on flowers such as roses, chrysanthemums and hydrangeas.

4-H Winter Program

Winter projects for 4-H boys and girls are now beginning, according to 4-H Agent, K. C. Festerling. The agent now has a complete listing of 4-H project requirements for 1949 which are open to boys and girls between the ages of 10 and 20 years inclusive.

Among winter home economics projects now open are clothing, knitting, home management, school lunch and food preparation.

Agricultural projects include handicraft, electrical, farm machinery, poultry, conservation, and swine. Miscellaneous projects and activities include demonstrations, leadership, and accounts.

Information on these projects can be secured at the County Extension Office.

Grass Day In June

Grass Days will be held again next summer to help Northern Michigan farmers see what can be done with high quality legumes and grasses.

Especially valuable up here where dairying is the leading farm industry, Grass Days are held to show farmers actual examples of what can be done with new methods and new strains.

The one for the northern area this year will be at the Arnold Ostrander farm, a mile north and and and a half east of Afton in Cheboygan county. Last year's event was in Grand Traverse County.

Russ Hill Going West

Russell Hill, executive secretary of the Michigan Soil Conservation Committee, has been picked as one of 63 top men in the country in that field.

The group will be taken to the Goodyear Farms in Arizona Nov. 28 as an award for soil conservation work. The Goodyear Tire & Rubber Co. sponsors the trip and is host at its desert experimental farm.

Hill is known to many farmers here for his work in getting the new Charlevoix Soil Conservation district started.

• Walt Moore and his son, Louis Holm, have returned from deer hunting east of here. Mr. Moore filled his license. Other lucky hunters were R. T. Davis, who got his buck last week near Atlanta; Carlton Ikens, who filled his Tuesday morning near his farm in Marion township.

Board Maps Plans to Improve Soil of This County

(Continued from page one.)

With those ten types of soil showing the indicated variations it is easy to understand how the soil survey was able to list 24 individual kinds of soil problems facing the farm operators of Charlevoix.

In general the report says:

"The early settlers cleared the better drained land first. This often was the rolling, hilly and sandy textured soils. In many cases little thought was given to erosion problems. The result has been a gradual loss of top soil by wind and water, and heavy cropping systems. In some cases land was cleared and used for crops that never should have been cleared."

The report goes on to say that some land should go back to woods, some to pasture, while some now in woods could well be used for crops. The 24 separate problems listed in the report are:

1. Cropland to hay and pasture. Major problem on Types 1, 2, and 8 as shown on the map.
2. Cropland to woods. 1 and 8.
3. Woods and pasture to cropland. Nowhere a major problem. Possible on 3, 4, 5, 6 and 10.
4. Muckland development. Nowhere a problem but likely to be most profitable on 3 and 4.
5. Too many row crops on hills. Major problem on 1, 3, 4, 5 and 8.
6. Water erosion. 1, 3, 4, 5, and 8.
7. Wind erosion. 1 and 8.
8. Rearrangement of fields. 1 and 8.
9. Better rotation of crops and legumes. 1, 8 and 10.
10. Lime. Not needed badly anywhere and in limited amounts only in certain areas. Testing for lime before any is used is one of the major recommendations of the Soils Board.
11. Fertilizer. Needed on all soils in moderate amounts but use is limited by present supply.
12. Use of manure. Chief problem is better conservation of it at barns; too much plant food value is now being lost.
13. Green manure. Badly needed in 1, 3, 4, 5, 8 and 10 to replace lost or never present organic content of soil.
14. Use of cover crops. 1, 3, 4, 5 and 8.
15. Change in direction of cultivation. Needed on 1, 3, 4, 5, and 8 to control erosion.
16-20. Contour tillage, field strip cropping, contour strip cropping, terraces and field diversions are all special methods which can be used to advantage on certain farms and must be fitted to the individual's land and situation.
21. Pasture improvement. With dairying the major farm enterprise, better pastures are highly important. Needed most in all soil types except 7.
22. Reforestation. Types 1 and 8 are where it is most needed.
23. Windbreaks. 1 and 8.
24. Woodland management. This applies to all sections of the county, since most woodlands can be so handled as to produce more income for the owner.

• Lee Sneathen, Dan Srigley, George Cook and Frank Sneathen are hunting near Frederick. Ken Bare of Petoskey spent last week with them and returned home last week end. In their absence Mrs. Lee Sneathen is visiting in Petoskey.

PLENTY on the BALL

The elephant and the Power Flight sign are both well known symbols of Power. When it comes to performance they both have "plenty on the ball." That's the reason for their wide popularity.

Power Flight Gasoline is outstanding all ways because it is: Smooth, Dependable, Extra Powerful, Clean burning, Quick starting, Season tempered and economical.

Once you use Power Flight Gasoline you will understand why one tankful proves more than all the adjectives which can be written about Power Flight.

NIGHTHAWK

Did you ever hear of a "Bull Bat"? Unless you have lived in the south, especially down around the Mason Dixon line, I'll bet you don't know what we are talking about. Well, it is the name of the nighthawk, a bird that is not uncommon for Charlevoix County.

To me some of the unusual names given wild creatures are funny, especially the ones given birds. The nighthawk has at least fifteen different names and none of them seems to make sense. If I were to name birds, I would give them picturesque names, at least ones with a little romance in them.

Like the whip-poor-will, the nighthawk is a sort of an uncanny bird. It is no more of a hawk than I am. It really belongs to the flycatcher family, as it feeds on insects that it catches while the bird is flying and the insects are on the wing also. It never feeds while it is perched or on the ground.

leading. It couldn't be a hawk if leading. It couldnt be a hawk if it wanted to. It has no powerful talons like the birds of prey. The fact is, it has feet which are rudimentary in their weakness and in place of the strong, meathook-like bill of the other hawks, the nighthawk has a weak, short bill. Its mouth is grotesque in its hugh proportions and is literally used to scoop up insects from the air as it flys.

Along with the unusual name of "Bull Bat", the nighthawk belongs to the large family of birds called "goatsuckers," which is just as absurd. There just doesn't seem to be much justification in such names.

The whip-poor-will and the nighthawk are often thought to be the same bird. But they are not, they are two distinct species.

The whip-poor-will is a bird of the woods. It feeds on insects somewhat like the nighthawk. The whip-poor-will never goes hawking around like the nighthawk, flying away up in the air. It stays close to the ground and always in the woods. Also, the nighthawk is often seen feeding in the day time, while the whip-poor-will is never seen in the day time, unless you flush it either from the ground or from some low and sheltered bush.

The flight of the nighthawk is most unusual. When one stands and watches several of these birds in flight, arching and twisting and cleaving the air so gracefully and so swift, it's a sight to be remembered. So swift and expert are they on the wing that no winged insect is safe from them.

Walt Hastings.

IT HAPPENED ON . . . .

BEAVER ISLAND

By Mrs. J. C. Hanley

There are few places where a more genuine welcome awaits the hunters than on Beaver Island. For this reason, many hunters return from year to year, and buck or no buck, they come back.

Many hunters are in earnest about getting a buck. They come to hunt and that's exactly what they do from early morning until late in the afternoon.

Others come decked out in hunting togs but are content to relax by an open fire place or stove and renew friendships made in former years.

Roger Carlisle, who brought in the first buck on the opening day, never had the chance to go deer hunting as a young lad. "I always had to stay home to milk the cows while Dad went hunting," said Carlisle, "and all through the years, this is the first opportunity to take to the woods for deer season."

The annual Hunter's dinner and ball put on by the Beaver Island Game Club was a big success. Attended by 150 guests, the baked white fish dinner was served by the Island's young ladies. Mrs. Irene LaFreniere and Mrs. Willie Schmidt presided in the kitchen. Moving pictures sent up by the Conservation Department were shown in the interval between the dinner and dance. Furnishing the music for the dance were Mrs. Walter Wojan, Mrs. Ethel McCann, Fred Spalding, Father Giles and Jewell Gillespie.

As a fitting tribute to the deer that finally got in the way of Father Fabain's gun, the rug cuttin' and music came to sudden stop at the hunter's ball as the buck was brought into the hall in a rough box. Acting as "pallbearers" were Tom Walsh, Frank Redmond, Dick Lyons, Vernon LaFreniere, Owen Tansey and Walter Wojan.

Mr. and Mrs. Tom Walsh and daughter, Mary, Mr. and Mrs. Frank Redmond, all of Grand Rapids flew to the Island for deer season.

A congenial party who come up annually for the hunt from Niles are Mr. and Mrs. Don Faut, Mr. and Mrs. Gene Baker and Mr. and Mrs. Stan Thorp. All members of the party have hand knitted sweaters identical in color and design—bright red with white deer across the chest. They occupied McDonough's cabins on Sand Bay.

Dolores Kraai, Lansing, is visiting at the Dan Gallagher home.

Wednesday evening in the Parish Hall a box social and dance was held for the benefit of Holy Cross church. The young ladies of the Island decorated and filled many boxes. During the evening, the boxes were auctioned off by Burt McDonough. Music for the evening was furnished by Father Giles, Fred Spalding and Jewell Gillespie.

An accomplished organist and pianist, Father Giles has lent his talent to social gatherings and benefit affairs since coming to the Island.

Lee Cuddington, who walked 17 miles Tuesday afternoon in an effort to seek out a buck, was finally rewarded Friday afternoon. He proudly came back to the village with his first buck. The Cuddingtons returned on Saturday's boat with two prize bucks tied to their car, Father Fabain's and their own. Father returned as far as Grand Rapids with them.

Friday evening a party was held in the Parish Hall. A 22 pound turkey raised by George Ricksgers was chief interest of the evening. The lucky person who won the bird was Grace Gatliff.

Olaf Olsen and sons, Al, Elmer, Jim and Dave, South Haven, and Fred Haines, Benton Harbor, came up for deer season. Al and Dave have brought in a buck, which will mean a venison feast for the Olsen family when Dad Olsen and the boys return home.

Mark Cross has been a very busy man piloting the North Shore back and forth across the Lake and the going has been anything but smooth for the most part. Friday, with the boat loaded with cars and a number of passengers aboard, the North Shore set sail to accommodate hunters who had to get back. Never was the Lake rougher and much concern was felt for their safety. Six hours after the boat left St. James harbor, word was received that Mark had safely taken the boat across and all was well.

On board the boat Sunday were Hazel and Owen Tansey and their cocker spaniel pups, returning to their home in Toledo after spending the past two months on the Island.

Three visiting sportsmen, according to the Shamrock version of the affair, are so kind-hearted that they wouldn't harm a flea. But they had to take something home. So, say the boys at the Shamrock, Karl Erber, George Haggard and Glenn See trapped a cottontail with a carrot and gunny sack and had that for their trophy. With them at the Erber cottage at Sand Bay were Les Ball and Jim Walters. Joe McPhillips flew the Erber and Haggard children over for the weekend.

Presistence Pays; Buck Shows Up After Six Years

For six years straight, Father Fabian Keenan has been going to the same spot on the opening day of deer season, each year hopeful of dropping a buck.

The spot, west of King's Highway and south of the Green boy's big field, always seemed a good enough spot to Father. This year, his friends urged him to make a change to change his luck, but Father turned a deaf ear.

The opening day this year found him back again west of King's Highway and south of the big field. Finally, the big moment arrived after six long years. One shot right through the heart and a beautiful buck was down.

Shang and Ed Green hauled the deer out, and dressed it. Back to the village the triumphant men returned where the deer was on display and where Father received congratulations from his friends.

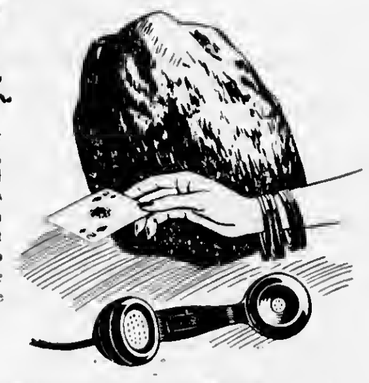
BARK THAT BITES — To test various types of insulating coatings for telephone wires, Bell Laboratories maintain a dense birch forest in New Jersey. Wires strung through the forest show how different materials resist the rubbing action of tree limbs under actual outdoor conditions.



50,000 GRAINS OF COAL — Did you know there was coal in your telephone? Actually, there are about 50,000 grains of it — behind the diaphragm of the mouthpiece. This is enough to cover a surface about the size of a dime. Coal is used in telephones because it can translate the vibrations of your voice into electric waves on wires. These waves can be sent to another telephone, where they are converted back into your "voice."

HANDY HUNTING GROUND — It's easy to locate a doctor, veterinarian, farm equipment dealer, feed and grain supplier or any of the countless other people you need to call at one time or another. They're listed by trade or profession in the Yellow Pages in the back section of your telephone directory. everyone of us can find many things to be grateful for. If worries seem to beset us to the nth degree, sometimes it seems it would be good for all to follow the example of Mrs. Wiggs of the Cabbage Patch who said, "I have made it a practice to put all my worries in the bottom of my heart and sit on the lid and smile." . . .

The Jerry Scudders are Florida bound, having said goodbye to Charlevoix for the winter . . . Mr. and Mrs. Frank Poole are the owners of a new Ford and it's Florida for them . . . If ever a fellow has been taking a lot of teasing it is Moe Plum, who went hunting last week, shot his deer down but did not kill it. Excited, Plum jumped the fence and ended the buck by hitting him with a club. Anyway he got his deer which is more than many did who have been giving him the raspberries.

Now, with the new county snow plow equipment, Gus Fochtman will no longer have any excuse for coming to work late, saying that he was stalled in a snowbank for two or more hours . . . Santa Claus letters are beginning to arrive . . . The Ted Foster family left Saturday for Altadena, Calif., for the winter. While they will not be in the land of the snow for the holidays, yet they will be living in the city famous for its avenue of Christmas trees that are lighted throughout the holiday season . . .

Mrs. Margaret McLean had an interesting letter the other day from U. P. Hedrick, author of the new book "The Land of the Crooked Tree," a story set at Harbor Springs and surrounding country. Margaret Crosby grew up with the Hedrick children as the Crosby farm was where Roaring Brook now is. The Hedricks lived down the road a piece. The two Hedrick boys were very bright and it was Mrs. William Crosby, mother of Mrs. McLean, who was instrumental in inspiring the boys to go to school. The Hedrick family was very poor and it meant great privation to send the boys to college, but they went, taking turns going and teaching the alternate years until graduation. U. P. went to Oregon, taught school there, married and finally came back to Michigan, teaching for some time at MSC. Then he went East to the New York Experimental Station. He now lives in Geneva, N. Y.

In writing to Mrs. McLean about the book "The Land of the Crooked Tree" he said sales were going over well. He knew she would enjoy reading of his childhood, although she would know that some of it was pure fiction. Then he added "but those were the good days and there was much pleasure along with the hard work."

Mrs. Ralph Hamilton came home this week from Little Traverse Hospital . . . Mrs. Fred Trimble is as happy as a youngster with her first doll. Recently she had a birthday and she was given an electric mixer. "Why I am just learning how to cook" . . . Sorry to lear that Eugene Lewis suffered a severe heart attack last week . . . Happy Thanksgiving and don't forget while you are eating that big turk- that "Square meals make round figures."

How Fast Does Black Bass Grow?

Want to make a guess on how fast bass will grow?

In 1943 Dr. Charles W. Creaser of Wayne University acquired 196 live small mouthed bass at Sturgeon Bay from commercial fishermen, tagged them and turned them loose in Douglas Lake near Cheboygan.

This fall one of them was caught and returned to Dr. Creaser. Originally the fish was 10½ inches long and was four years old. This year he was 16¾ inches.

BABY TALK

Births recorded at the Charlevoix Hospital recently include:

A son, Richard Gary, born to Mr. and Mrs. Elgin Lavanway of East Jordan on Nov. 15.

A son, Thomas Robert, born to Mr. and Mrs. Robert Peters on Nov. 17.

A son, Larry Lavern, born to Mr. and Mrs. Martin Elzinga on Nov. 18.

A daughter, born to Mr. and Mrs. Earl M. Jones of Ellsworth on Nov. 21.

Mr. and Mrs. Richard Muzarek of Frankfort are the parents of a daughter, Julie Ann, born on Nov. 17. Mrs. Muzarek is the former Ann Hall.

New Wrinkle for Check Signers

Something new in signing checks has been developed.

It's an invisible thumbprint. A banker out in Denver developed it, and the idea is being licensed to businesses all over the country. If a stranger wants to cash a check, the merchant asks him to put his thumbprint in invisible ink on the check.

The theory is that the crook won't and the honest person with a bank account is perfectly willing to. So far the idea has worked.

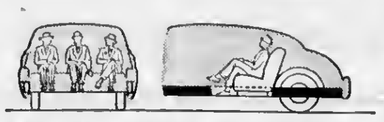
MEET THE

Star Performer for '49!

You're invited to drive the New Hudson—the car that's nimble and rugged beyond anything you've known before!

"The modern design for '49"



HUDSON FLOORS are recessed down within the frame (as shown above), seats are lowered, so you get more than ample head room in this car with the new lower center of gravity.

YOU RIDE DOWN within a base frame (as shown above), and rear seats are positioned ahead of the rear wheels so that full body width becomes available for wonderfully roomy seats. Box-section steel girders completely encircle and protect the passenger compartment.

TRY AUTOMATIC GEAR SHIFTING in forward speeds as provided by Hudson's Drive-Master transmission—by far the easiest of all ways to drive. You can accelerate as long and as fast as you like in pick-up gear, then lift your toe momentarily, and you're in high. The shift into high comes only when you are ready! But too control on the instrument panel provides instant change to conventional driving if ever desired. Drive-Master transmission is optional on all New Hudsons at small extra cost.

Come in, try Hudson with the all-new, high-compression Super-Six engine (the most powerful American six built today) or the masterful Super-Eight. Both provide wonderfully alert power for a new type of motor car with an exclusive "step-down" design.

Millions say the New Hudson is the reigning beauty in the automobile parade—but you can't really know this great car until you drive it—and you're invited to do just that—now!

Hudson, with the new, 121 h.p., high-compression Super-Six engine or the masterful Super-Eight, takes you away with new zip, and outstrips the field with staying power.

But amazingly alive engines aren't the whole story of this star performer for '49. Hudson has a new hug-the-road way of going in cross-winds and on every conceivable kind of highway.

This all happens because—as is widely known—the lower to the ground a car can be built, the more stability it will have. Hudson has the lowest center of gravity in any American stock car!

This remarkable car has floors recessed down within a base frame (Hudson is the only car you step *down* into), enabling Hudson to build the lowest car on the highway, only five feet from ground to top—while maintaining more than adequate head room!

You sense a delightful conformity to the road the minute you begin to ride, and this gives you a grand feeling of safe well-being! This feeling is further enhanced by the ease with which this car is operated, and by the quiet with which Hudson glides along.

Come in, let us show you why Hudson's great engines and fabulous "step-down" design principle** put this car so far ahead it is a *protected investment* in motor car value!

**The many important advantages in Hudson's new "step-down" design are explained in a booklet available at the nearest Hudson dealer's.

Two Changes Being Made in Auto Row

Two major changes either are taking place or soon will along automobile row.

W. H. Wallace is building a new garage on Antrim street. He has bought the lot next to Hooker's Stables from Zach Whyte. The old house is torn down and by Saturday, weather permitting, he expects to have the foundations poured for the new building.

It will occupy a good part of the 62 by 150 foot lot, will be one story high. Sidewalls will be of concrete block but the front will be of some other material.

Louis Wallace will operate the garage, which will have a showroom in front for the Packard cars.

The second change is the sale of the present Wallace property at Bridge and Belvedere. An option is now held on this and the transaction likely will be closed within ten days. The deal includes the service station, garage, warehouse and bulk plant.

The new owners expect to take possession in the spring.

Mort Wood Plant Making Furniture for Ski Resort

Furniture and a lot of the woodwork of the new Boyne Mountain Lodge are being made here at Charlevoix.

Mort Wood Products is making it. Contracted for are 124 chairs, 40 tables, benches, 20 doors, and the window sash for the new ski lodge which will open Dec. 26.

The Mort plant in the old Loeb School also is making part of the equipment for the new jewelry store here. Six men are employed there now.

Charlevoix Folks All Over Country

Rodney Belding, home for Thanksgiving, reports that he has been running into Charlevoix folks all over the eastern port of the country.

Rodney is now working as a delivery driver for GMC trucks and buses. He has made three trips to Tacoma, Wash., as well as many to southern and eastern cities.

At Norfolk, Va., a couple of months ago he ran into LaVerne McGinnis. At a filling station north of Chattanoga, Tenn., he talked with Mr. and Mrs. Joseph Cotten of Pine Point. And down at Texarkona he believes he saw Buster Zeitler but did not get a chance to stop and visit.

Who from Here Got the Biggest Buck This Year?

With the deer season over, the one question still not answered is:

Who got the biggest buck?

If your deer had a big rack, or weighed a lot of pounds, would you let The Courier know about it? (No guesses on weight can be accepted as other than guesses. Deer are like fish—they shrink amazingly when you put them on a scales.)

But let us have the figures on both horns and pounds in time for next week's paper.

Independent Cage Team Wins from Gaylord 62-45

The Charlevoix Independents walloped Gaylord 62-45 Friday night on what was to have been the opening game of the New Northern League. Because Gaylord was so badly outnumbered in the matter of reserves it was decided to call it an exhibition.

Gaylord got off to a flying start leading 17-7 at the quarter and 22-18 at the half, but the Cleaners with a star studded lineup including Keith, Bob and Bill Carey wore them down and won going away. Keith Carey was high point man with 15, followed by Gallagher and Bill Carey with 10 apiece. McCay led Gaylord with 13.

Charlevoix plays at Midland against the strong Midland Athletic Association team Saturday. This team is composed of former Dow Chemical stars, but the Independents will be bolstered by Bob and Bill Carey and Jeannie Hardy and figure to make a good showing.

Doctors Offer Free Diabetes Testing Week of Dec. 6-12

A lot of Charlevoix folks have diabetes and do not suspect it.

The doctors of Charlevoix county are planning to help those victims catch the disease early.

During the week of Dec. 6-12, the medical doctors are offering a free urinalysis to every person in the county who will submit a specimen.

In the entire country there are about 2,000,000 diabetics. But of these only half realize they have the disease and are doing anything about it. The others are running the risk of letting the trouble go until it is too late. The free offer by the doctors is their move to help catch the disease early.

The urine specimen should be taken at least three hours after eating or just before a meal. It should be in a bottle labeled with the name and age. The bottle can be left at the office of any physician.

• Mr. and Mrs. Frank Boss and son left Monday for Maimi, Fla., to join her parents, Mr. and Mrs. Franklin McFarland for the winter months.

County Mourns Passing of Judge Lewis

Citizens from all parts of the county joined with those of Charlevoix Tuesday in mourning the death of Judge Rollie L. Lewis, whose unexpected death occurred Sunday evening at Little Traverse Hospital in Petoskey.

He had gone a week earlier for a major operation, and seemed to be recovering satisfactorily. Funeral services were held Tuesday at 4 p. m. at the See Funeral Home. Rev. Jackson E. Turner officiated. Burial was in Brookside cemetery.

Judge Lewis was only 64. Born here in Charlevoix on the North Side on Aug. 2, 1884, his parents were Dr. and Mrs. Levi Lewis. The doctor was one of the pioneer physicians in the county.

The son was graduated from Charlevoix High, and went on to the University of Michigan where he received his law degree in 1911. In both school and university he was an outstanding athlete.

He was a member of the Michigan and California Bar Associations, as well as the American. Locally he was one of the founders of the Leslie T. Shapton Post, American Legion, started soon after his discharge from the army. He was a member of the Masonic Lodge, the Knights of Pythias and a charter member of Kiwanis.

In August, 1943 he was appointed Probate Judge to fill out the term of the late Judge E. A. Reugsegger and was reelected in 1944 and 1048. From 1920-22 he served in the state legislature, and for several terms was successively county prosecutor and city attorney.

Surviving is Mrs. Lewis, the former Abby King.

Informed Public First Goal In Soils Program

(This is the third and last of a series on the program of the new Charlevoix Soil Conservation District.)

After surveying the soil resources of Charlevoix County and outlining the problems its variety of land presents, the new County Soil Conservation directors took the next logical step.

They show how the people of this county can go about solving those problems and increasing their incomes by increasing the productivity of their farms.

The major job for the first year at least will be educational. The farm operators of Charlevoix County must be better informed as to what needs doing and how the individual, either alone or with his neighbors, can go about assuring himself and his children of steadily better crops from his land.

Plenty of help is available to the man who wants to learn what he can do on his own place that will mean improvement. Farm surveys will be made, soils tested and help given in drawing up a program to fit that individual's land and equipment. But he must first want the help and be willing to carry out the program himself, once it is laid out for him.

To tell this story and give information on the many phases of soil conservation in the county, the Board of Directors has laid out a program for the first year. Included in it are:

Thirty general educational meetings in all parts of the county.

Twelve tours and demonstrations.

Exhibits at the fair, the annual meeting, 4-H Achievement Day.

Ten conservation programs in graded schools and another ten in rural schools.

Twelve groups are expected to apply to help in planning and programs will be drafted for all of them.

Three Gridders Place On All-State List

Three Charlevoix football players have been given honorable mention on the Detroit Times All-state football team named recently. They are Pat Martin, back; Warren Shadko, guard, and Ross Case, end.

The teams were selected from Class A and B schools as well as C.

Rayders Train for Gaylord, Petoskey Games after Losing Opening Contest

By L. E. Towa

Friday night the Royders will play their first out-of-town game of the season against an undefeated Gaylord team.

The Otsego county boys last week handed Grayling a 27-25 beating. Like all the rest of the conference squad, Gaylord is pointing for Charlevoix as the team to beat.

After the Thanksgiving vacation, Coach Ray Kipke Monday started putting the team through stiff practices.

The starting line-up, he expects, will be the same as last week: forwards, Martin and Ross; center, Fairbanks; guards, Shadko and Wallace. Substitutes will be Barber and Hardy at forward, Smith and Hamlin at guard.

The drill Monday was largely on plays. With no opposition even the ball handling was ragged. With the second string players out there supplying opposition, the first team rarely succeeded in getting the ball through the hoop.

But that was on Monday. By Friday night the team may be an entirely different story. Charlevoix hopes so.

One of the tries that missed in the East Jordan game. Ross Case, 10, has just shot. In front is Pat Martin, 0. Closing in to grab the ball are four East Jordan players: Holland, 0; Hammond, 12; Meredith, 6; and Summerville, 3. Boring, 10, is at the far right.

Griders to Play Three Games At Home Next Fall

Coaches of Northern Michigan Class C conference met recently to work out a new plan whereby football games will be better arranged than they have been in the past.

For instance, this year, after the opening game at home, the next three games were away and the last three of the season were at home. Under the new schedule the place of the game will be alternated so that every other game will be at home and the others away.

The 1949 schedule is as follows: Sept. 23, Grayling, here; Sept. 30, Boyne City, there; Oct. 5, East Jordan, here; Oct. 14, Gaylord, there; Oct. 21, Harbor Springs, here; Oct. 28, Pellston, there; Nov. 4, Mancelona, there.

Every other year there will be four home games.

Little Ironton Does Right Well

Six bucks and seven licenses in camp is the final score of the gang at Little Ironton.

The transplanted village was set up over in the Block River country for the season by a group from ferry town. Of the hunters, only Don Feegan failed to hook his tog on a buck.

He missed, according to the rest, an easy shot the first morning, a buck that stood still looking at him. As a penalty, he was declared official camp door closer.

Coming Events

Dec. 2—W. S. C. S. meets at church parlors at 2 p. m. instead of the McMillan home.

Dec. 9—St. Mary's Rosary Altar Society will meet with Mrs. William F. Smith, 106 Petoskey Ave., at 2:30 p. m. Mrs. Harry Bingham will assist.

Dec. 10—W. C. T. U. will meet with Mrs. Leno Swonson. Mrs. Ethel Ryder will give lesson on Spiritual Life Dept.

Dec. 11—Baked goods sale at Brown Motors by the Rebekahs.

Dec. 15—The Margaret Parker circle will meet with Mrs. Charles Heise.

The Tow Line

News of folks, your neighbors and mine . . . but did you know that—

—"Wasn't it terrible that Rollie Lewis had to go?" seems to have been the statement of the week. Surely the community has been shocked by the sudden death of Judge Lewis, and the deepest sympathy goes to Mrs. Lewis. They were a devoted couple who always seemed to get so much enjoyment together out of living, and doing things and going places . . . The Leslie Ball family is back from Detroit where they spent Thanksgiving week with relatives . . .

Thanksgiving Day was really a big one in the life of the Reno Hamiltons. Mrs. Hamilton received word that her son, Jack Stewart of Detroit who has been gravely ill, is out of danger and will soon be able to be out again . . . Then the couple received a call from their son, Pfc. Jerome R. Hamilton, stationed at Seattle, Wash., saying he was leaving for San Francisco, Calif., Sunday evening and would sail shortly for Japan. He expects to be aboard ship 36 days as they are scheduled to stop at various islands enroute. Jerome stated he was fine and said, "Hi" to his many Charlevoix friends . . .

Imagine that the Albert Holmes ate Thanksgiving dinner at their home in Port Orange, Flo., as they should have arrived by then. I surely miss that light in their kitchen window and the smoke that come from the kitchen chimney, for it always had a friendly look as I stood in my own kitchen washing dishes . . .

A card from Bernice Wexstaff out in California says that she visited Minnie Payton in San Diego and that they more than talked over Charlevoix. Said it was like old home week on the Pacific coast . . . Mr. and Mrs. Joseph Gornell of Muskegon are spending a few weeks at their home here . . .

This open winter weather is wonderful on the coat bill, flowers have budded out, and even some folks are wondering about the arbutus, but youngsters about town are unhappy. They went to see if snow and would like it cold enough to have the ice rink started so they can get their skates out of hiding. "It's no fair," wailed one youngster, "If it keeps on we won't have any winter fun at all."

A goodly number of Charlevoix persons attended the splendid concert given by William Primrose, violist, at Petoskey Monday night . . . Mr. and Mrs. Perin Johnston and son, Gary of Sanford were home for the Thanksgiving week end with their parents, Mr. and Mrs. P. R. Ross. Other guests at the Ross home over the week end were Mrs. Ross's sister, Mrs. Marian Clark of Detroit, Mr. and Mrs. Art Knowles and daughter, Mary Sue of Central Lake . . .

Have you finished with your Thanksgiving fowl circuit as yet? It's been hash, a la king, turnovers and other dishes that wives

Rooms Needed for Skiers Expected At Boyne Lodge

Have you a heated room you will rent this winter?

Then fill out the form on page five and mail it at once to the Board of Commerce.

There already is more demand for rooms in connection with the new Boyne Mountain Ski Run than can be handled there and Charlevoix is being asked to be ready to take the overflow. Only if your name and other information is listed with the Board of Commerce can skiers be sent to you.

Not only are applications coming for weekends but many are for a whole week.

Coast Guard Is Getting New Look On Main Building

The main building at the Charlevoix lifeboat station is getting a face lifting, C. O. Joseph Etienne has announced.

The old brown wooden shingles which have covered the outside for many years are being removed and will be replaced by white asbestos shingles.

When appropriations are made by the Coast Guard for a five year building program, it is possible that a new station and incline will be constructed here.

R. M. Sutton of Charlevoix has the present contract.

An automatic stoker and improved heating system to heat the boat room as well as the remainder of the station is also being installed.

Old Toys Can Be Put In Downtown Box

Several groups around Charlevoix are planning to fix up old toys and distribute them to youngsters who otherwise likely would have a pretty lean Christmas.

Toys for the various organizations can be left at Campbell's Boot Shop, where there is a big receiving box on the front sidewalk.

Board Offers Prizes for Best Windows

Cash prizes for the best decorated Christmas window in a Charlevoix business place will be offered by the Board of Commerce.

Plans for the contest, amount of the substantial awards, and date of judging will be announced in next week's Courier. Judging may be done at the Window Night later on to be sponsored by the cooperating merchants.

The Board also is arranging for the annual Christmas matinee and party for the youngsters of the surrounding country and city.

Like last year, there will be a free show, free treats and probably a Santa Claus.

AAA Votes to Be Cast by Dec. 22

Farmers who have received ballots through the mail for use in electing community AAA committeemen and delegates to the County AAA convention, at which the County AAA committee for 1949 will be elected, are asked to return the marked ballots to the County AAA office, either by mail or in person.

Melvin J. Sommerville, present chairman of the Charlevoix County AAA committee, said that farmers will have until Dec. 22 in which to vote and return their ballots. The votes will be counted on Dec. 23 by an impartial election board and any ballots received after Dec. 22 cannot be counted.

Mr. Sommerville said that farmers who wish to mail their marked ballots into the County AAA office may do so with the assurance that the secrecy of their ballots will be maintained. Adequate provision for secret balloting has been made and the instructions for mailing in a secret ballot are contained on the ballot form itself.

The Community committeemen elected in the balloting will take office immediately upon election and will serve for one year. The delegates elected from each township will meet in Charlevoix County AAA office, Boyne City on Dec. 31 to nominate and elect a county AAA committee to serve for one year.

The committee elected will have charge of administering the Agricultural Conservation Program, The Price Support Program of Commodity loans and purchase agreements, the Crop Insurance Program and the Sugar Program.

Deer, Doe Kill Light This Year

The kill of deer this year likely will run 30 percent under last year in this district according to Ed Starback, conservation officer.

But he would hazard no estimate as to the total number.

The doe kill is much lighter than usual. Only four were reported against five times that number last year. Poor weather, he says, is the cause of the small kill.

Beaver Island, Post Office Oppose Plan to Start New Airline Service to St. James

Decision of whether Beaver Island will continue to have its present boat and plane service will be made by the Civil Aeronatics Board on or before Dec. 14.

Technically the decision will be on granting a certificate to operate a scheduled commercial airline between Charlevoix and Beaver Island to Leslie Emery of Owosso. If granted, the action would result in the mail contract going to Emery, which would stop the boat service. And it would replace Joe McPhillip's present plane service with the new line.

Two Year Old Petition

The story starts back two years when Emery had the winter contract for flying the mail to the Island. At that time he filed a petition before the CAB asking for a hearing to obtain a certificate proving the necessity of convenience of the proposed line. The hearing was held Monday and Tuesday at the Perry Hotel in Petoskey.

Presiding was Richard Walsh, CAB examiner. Supporting the petition were Emery, his attorney, and three witnesses he called: Dr. Gerald Gibbons, Dr. Earl Fober and Henry Allen of Ann Arbor.

Starting Cost High

Opposing the petition were the Beaver Island citizens and Association of Commerce, the Post Office department, the two present transportation companies.

It was brought out during the testimony that the proposed plan would require navigational aids at both ends of the route for instrument flying; and that multimotored planes would have to be used. Emery said he is prepared to install all these.

"Economically Unsound"

The post office representatives reminded the examiners that it is against CAB policy to approve an airline that is economically unsound, and declared that the Emery line would certainly be such unless it was heavily subsidized with government money.

Emery contended that the in-

Essenberg-Ance Nuptials Celebrated

Miss Marie Essenberg, daughter of Mr. and Mrs. Andrew Essenberg, Sr., became the bride of Dr. Lysle Ance, son of the late Capt. and Mrs. Peter Ance, at a quiet ceremony performed by Rev. Wayne Lemmen at the Atwood Reformed manse at 9 p. m. Saturday.

The bride chose a gold sheer wool dress, brown accessories and a corsage of gardenias for her wedding.

Mrs. Walter Rood of Ellsworth was her sister's only attendant. She wore an olive green wool dress, matching accessories and a corsage of gardenias.

Norman Ance of Charlevoix assisted his brother as best man.

Immediately after the double ring service a reception for 30 guests was held at the home of Mr. and Mrs. Rood in Ellsworth. A tiered wedding cake was served by Mrs. Getch Campfield of Charlevoix. Bouquets of bebe mums decorated the rooms.

After a wedding trip to Milwaukee and Chicago the couple will make their home in Detroit.

The bride is a graduate of the Ellsworth high school and has been with Reid Murdoch Co., for ten years. The bridegroom is a graduate of the local high school, Marquette University School of Dentistry, Milwaukee and is now practicing in Detroit. During World War II he served in the Navy for three and a half years.

Among the out of town guests other than those from Charlevoix were Mr. and Mrs. Charles Spare and Mr. and Mrs. Ralph Shapton of Detroit and Mr. and Mrs. Keith Nickerson of Petoskey.

Stravinsky Suite Topic At Shakespeare Club

Nineteen members of the Shakespeare Club met Monday afternoon at the home of Mrs. E. J. Hiller for their last November meeting.

Mrs. Gerald Gibbons had the lesson for the afternoon and told the interesting story of the Fire Bird Suite by Stravinsky and then played records from the Suite.

The next meeting will be the Chrislmas meeting at the home of Mrs. Ed Edwards and at that time each member is to bring a jar of canned fruit or vegetables as was done last year.

Bride-Elect Honored With Bridal Shower

On the Monday evening preceding her wedding, Miss Marie Essenberg was honored at a bridal shower given at the Ellsworth Community hall by the ladies of Ellsworth. More than 50 guests enjoyed a concert by the Ellsworth Kitchen band, a mock wedding done in the Gay '90 style, games and group singing. Later the honoree opened her many gifts.

Refreshments were served buffet style from tables decorated with lighted tapers and arrangements of autumn flowers.

• Mr. and Mrs. Carl Knop and daughter, Carolee and son, Ronald of Muskegon attended the wedding of Leone Courier and Archie Livingston on Thursday.

• Mrs. Glenn Cummings and Miss Margaret Trace spent the week end in Detroit and Royal Oak with relatives and friends.

• Mr. and Mrs. Frank Bird had as their Thanksgiving week end guests their sons and daughters-in-law, Mr. and Mrs. Devere Bird and children, Barbara, Tommy and Mary of Adrian, and Mr. and Mrs. Kenneth Bird of Detroit.

Nurses Meet Thursday

The Petoskey District Nurses Association will hold the regular meeting at Little Traverse Hall, Petoskey at 8 p. m. Thursday. After a short business meeting the group will enjoy a Christmas party. Each member is asked to bring a 25c gift, wrapped and ready to exchange.

A TELEPHONE COMPANY INVESTOR

You may not own a share of American Telephone and Telegraph Company stock or a telephone company bond, and yet you may be an investor in the Bell System and Michigan Bell.

Many banks and insurance companies are holders of Bell System securities. So, if you havo a savings account or an insurance policy, indirectly some of your money may be invested in the telephone business.

But who are tho other investors in the Bell System? Altogether there are more than 700,000 of them in addition to insurance companies and other financial institutions. They are school teachors, widows, housowives, farmers, mechanics, business men, telephone workers—peoplo in all walks of life who have put their savings directly into Bell securities.

Few businesses in America are so widely owned by the people they servo. No one person or institution owns as much as one third of ono per cent of A. T. & T. stock. There are about 75,000 more *owners* of tho business than there are *employees* of the business.

These dollars from investors are important to good service. They are used to build and expand the telephone system. As a customer, you expect good telephone service. As an investor, you expect security and a fair return on your investment.

Troop 11 Receives Ten New Members At Court of Honor Witnessed by Parents

Ten new Boy Scouts last Wednesday were pinned with the trefoil badge of the order at the Court of Honor held at the City Hall. Facing lighted candles, the ten were flanked by two files of older Scouts. (The right row is not shown.) The new Scout are front row left to right: Leonard Burns, David Glassford, William Golden, Roger Pischner; second row, Jerry Paul, Dwain Walker, Billy Haggard, Joe McDermott; back row, Dick Bryan and Robert McDermott who is being pinned by Charles Krahnke. Stanley Haschner, Scoutmaster, is at the left rear.

Advancements were confirmed and new members taken into the Charlevoix Boy Scouts last Wednesday at a Court of Honor at the City Hall.

Chairman Frank Oleksy presided. Uno Suomela, committeeman, was in charge of advancement. Scoutmaster Stanley Hascher assisted.

Leaders of the four patrols were given their badges: Pine Tree, Dudley Towe and Gordon Mol; Cobra, Dean Davenport and Raymond Sanford; Bison, Stuart Walker and Carl Foster; Chipmunk, Tom Bleha and Bill Bennett. Charles Krahnke, senior patrol leader, presented the badges.

Robert Richards was named scribe and Charles Krahnke bugler for Troop 11.

Ten new members shown in the accompanying picture were given their tenderfoot badges in a candlelight ceremony. The boys were then assigned to the four patrols.

A merit badge in swimming was awarded to Tom Bleha and one in art to Dudly Towe. Victor Gibbons and Tom Bleha were advanced to first class Scouts while Gordon Mol and Stuart Walker became second class Scouts.

Ribbons earned by their patrols at the area camp last summer were presented to Carl Foster, Bill Bennett and Dudley Towe.

Informed Public First Goal In Soils Program

(Continued from page one)

The County Agent expects to make at least 400 soils tests.

Fifty conservation surveys can be made.

News stories, movie films will be used to help carry the facts to the farmers.

Headquarters for the work will be at Boyne City since that is the headquarters of the County Agricultural Agent. The Board of Directors will meet once each month there.

It is at these monthly meetings that individuals and neighborhoods can present their applications for help in making surveys and drafting practical programs.

One point the report emphasizes several times. The program as laid out is merely a general guide. It is the first one. Experience will show what can be done and needs doing the most. It can be changed whenever needed and suggestions will always be welcomed.

could concoct to finish up the holiday bird. And we can start all over again for Christmas.

Wedding congratulations to Henry Wynsma and Eva Lhamon who were married Friday evening at the parsonage in Atwood by Rev. Wayne Lemmen of the Atwood Reformed church. The couple will make their home in Charlevoix . . . Expect that the town will stage another mob scene as in Harbor and Cheboygan when the $1.00 shoe sale starts here in Charlevoix at Campbell's.

Mrs. Margaret Widdifield whose address is 589 N. 2nd Street, Banning, Calif., writes that the weather is beautiful and that she picked flowers every day for her cottage . . . Mrs. Edward Heise left Sunday for Adrian where she will spend two weeks with her daughter and family, the Charles Robertsons . . . Mr. and Mrs. Datus Dean have gone to Florida for the winter . . .

Imagine getting hundreds of layettes as we have been told that Princess Elizabeth got for her new-born son. These layettes and other gifts came from all over the world. Now the Princess has let it be known that she would like to have other babies arriving the aame day as her son did share with her the many hundreds of layettes . . . A democratic gesture on the part of Elizabeth who gave away two dozen frocks and auits to November brides of her own age when she was married . . .

Seemed good to hear Ella Fochtman's voice over the telephone aaying that she got good news at Mayo's. She stated that she and Angus visited Mr. Fochtman's brother at Hibbing, Minn., for Thanksgiving but had to drive over 70 miles of ice to get there . . . The Harry Craig family are at home again after apending Thanksgiving in Ann Arbor. Mrs. Craig had a hospital appointment on Friday, found she was fine and the doctor mighty pleased with her, so a real celebration was staged after such wonderful news, making it truly a day of Thanksgiving . . .

Thanksgiving Day seems to be a jinx for Bud Gill. Thursday morning he entered the Charlevoix Hospital for treatmant and his dinner was milk. Gone the traditional Thanksgiving fare for this man. And the strange part of it was that just a year befora Bud did the very same thing. ..Now he's going to Ann Arbor for further check up . . .

Mrs. William Schwab and her brother, Mark Cross, spent the week end in Detroit and then went on to Battle Creek to visit Mrs. Schwab's husband, who is a patient at the Percy Jones Hospital. On their return they were aecompanied by the Jake Whites and little Helen Schwab who was not able to go to Detroit to see Santa Claus, because of a bout with the chicken pox.

Thinking of Christmas ahopping. Remember there is one gift that is truly acceptable and that is a year's subscription to The Courier. It'a a letter from home for 52 times during the year . . . After reading the bill of fare that President Truman and his family ate at Blair House where the family is living while the White House is undergoing extensive repairs, we thought that he surely had nothing on Charlevoix folks for there were many groaning tables of food in this town, as well as groaning folks afterwards who ate too much.

Birthday congratulations to Capt. Joe Howard and another Joe, Joe Abbey . . . Without a doubt one of the best wedding presents that the Lysle Ances received on their wedding day was a brand new Ford club coupe. Ance had had his order in for ever so long and imagine his surprise on the morning of his wedding day to learn that a new coupe was waiting for him to come and drive out of the garage. Needless to aay the couple used it on their honeymoon to Chicago and Milwaukee . . .

An extra measure of birthday congratulations are due Mrs. Morris Ackert. Tuesday she was 89 years old. Besides, ahe is Charlevoix'a oldest native, having been born here and lived here all her life. Now she is making her home with Mrs. Rachel White at 101 W. Lincoln. To top it off, Mrs. Aekert cooked the Thanksgiving dinner.

Uno Suomela is the firat to be sporting the new 1949 auo. licenses. Wednesday morning he drove away from the Chevrolet Oil Co., with a brand new green Chevrolet sedan. On it was license PW 2801.

Farm Topics

By ED REBMAN

Some Michigan turkeys will get a reprieve and live over Thanksgiving. They won't be killed for Christmas. But they will get it in the neck at the annual "Dressed Turkey Show and Festival" in Alma on December 7-8.

The public is cordially invited to attend this event in the Alma college gymnasium. It's sponsored by the Michigan Turkey Growers Association, Alma Chamber of Commerce, Michigan Department of Agriculture, and the college poultry department.

Growers are entering their choicest birds. Those in the live classes will be dressed at the show. An auction of all entries will be held as the final event on Dec. 8. A feature of the program will be a consumer eduea-tion show by members of the college staff. Three things will be emphasized—selection, cookcry, and serving. Birds will be cooked and carved on the stage and then turkey sandwiches will be served.

CROP Campaign Rolling

The rural churches of Michigan, solidly backed by the state's farm organizations, are out to make the Christmas Rural Overseas program a real success. A goal of 100 carloads of food for needy neighbors overseas has been established. The cooperative extension service through the County Agricultural Agents will participate actively in the CROP Campaign at the local level.

The farm commodities which Michigan farm families will be asked especially to donate are wheat, beans, soy beans, dry milk, and lard. Volunteer canvassers will be appointed in each township to contact individual families during CROP week which is Dec. 28 to Jan. 2. That week will be opened with special services in rural churches on Sunday, Dec. 26.

▪ Mr. and Mrs. Robert Paul left Wednesday for Lansing where they will be for several weeks and may then go on south for the winter.

Teach Kids About Fire, Chief Says

Teach the youngsters in the home about fires was the adviee Fire Chief Charles Marshall gave the Kiwanis Club Monday night.

"Tell them what to do in case there is a fire," he advised, pointing out that such a course could mean lives saved. Our school pupils are well drilled at school, but with ao much earelessness all the time, the home today is the worst danger spot.

He said that at any time he was on call to inspect any premises and advise of danger spots. He recommended keeping extinguishers handy, and calling the department at any suspicious sign of fire.

Harley Ochs was program chairman. Robert Coleman, district sanitarian, was received as a member.

New Airline to Beaver Island Meets Opposition

(Continued from page one.)

crease in business would make it sound. In rebuttal the post office showed how the present daily average is three air mail letters and five pounds of first class mail, snd that this could hardly justify the use of a twin motor plane.

Cites Berlin Airlift

Emery's attorney contended that the proposed planes could csrry "everything but sutos." When the subject of the cows carried by the boat was brought up, he cited the Berlin airlift as a cargo mover, until one of opposition mentioned the huge sums the airlift is costing the Americsn taxpayer.

The inference was made throughout the hesring thst the present transportation was insdequate. The impression was given st first that the North Shore was a small motor boat without toilets, csbin space or drinking fountsins. McPhillips' service was termed unreliable and inadequate.

Service Now Twice As Good

The post office men produced figures which showed that during the winter Emery esrried the mail, he made only 50% of the scheduled trips. Lost yesr Joe McPhillips hsd the contract. He made 100% of the contracted flights plus many extra ones to get porcel post ocross.

Representing Beaver Island were Lloyd McDonough, airport manager; Fred Spalding, president of the Association of Commerce; Dick LaFreniere, speaking for the Beaver Island citizens.

Cong. Charles Potter also went on record at the hearing as being definitely opposed to granting the petition. The postal representatives stated thot if this line were approved it would open the door for scores of similor requests from island communities, particularly along the Atlantic coast.

Only Ghosts Left

Tuolumne county in central California has many ghost towns. On Jackass hill is Mark Twain's cabin, which still contains his personal effects. Nearby is the Wells Fargo stagecoach building, reminiscent of the gold-carrying days when millions of dollars in gold were found at Mount Baldy and Coloma.

From where I sit ... *by* Joe Marsh

Why Dutch is Growing a Beard

That beard on Dutch Miller's chin doesn't mean that he's getting ready to play Santa Claus. He's simply paying off the election bet he lost to Cappy Swanson.

And while some folks allow it's all a lot of nonsense—like the wheelbarrow ride that Cappy had to give Dutch after *last* election day—from where I sit, it's a mighty wholesome aftermath to a difference of opinion.

Because good Americans all take their politics and voting mighty seriously. But when the issue's settled, and the die is cast, they accept the verdict in a spirit of good humor.

And that's as it should be when it comes to *any* difference of opinion. Some folks vote for beer as their favorite beverage—others vote for cider. In fact, we all have differences of taste in almost everything! But that doesn't mean that we can't live together in a spirit of good fellowship.

IT HAPPENED ON . . . .

BEAVER ISLAND

By Mrs. J. C. Hanley

It is estimated there were about 160 hunters who came to the Island for deer season.

Saturday's boat took away the last of the hunters. With a few more days left in the season, Island lads who have not been lucky, continue to hunt at every opportunity.

Willard Pischner, Perry Gathff and Bernard O'Donnell each dropped a buck during the week.

Mr. and Mrs. John Kessler, Three Rivers, returned home Saturday. This was the Kessler's eighth year on the Island for deer season.

The Mark Cross family and Mrs. Cross' father, Ed Gallagher are comfortably situated in their new home. The home, located on Main St., with a fine beach frontage, was built by James Carpenter and sold to Cross last year. This fall, the house was insulated and modernized for comfortable living. "Never home" hangs over their threshhold but I betcha there will be a heap of living there.

This fall with the assistance of Wilfred O'Brien, Mike Cull and his boys, remodeled the apartment of Mrs. Tess Hintz. Recently, Mr. and Mrs. Ed Santos, Chicago, came upto visit the Culls and Mrs. Hintz. Santose, who is a decorator, spent his time decorating the remodeled apartment.

Heinie Polderdyke, Grand Rapids, visited Mr, and Mrs. James H. Gallagher for a few days.

Marcella Bestman, Detroit, is visiting her mother, Mrs. Agnes O'Donnell.

Loyola Malloy spent a few days in Charlevoix this past week.

Thanksgiving Day began with many Islanders attending 8:00 Mass.

Lawrence Malloy, our butcher, spent the greater part of Wednesday dividing 22 lb. turkeys into equal halves. These expensive birds came large this year.

Mr. and Mrs. W. J. Gallagher and granddaughter, Kay McDonough, spent Thanksgiving in Charlevoix with their son and daughter-in-law, Mr. and Mrs. Norman Gallagher.

Friday evening, the members of the Blessed Virgin Sodality sponsored a party in the Parish Hall. Square and modern dancing was enjoyed.

In the absence of a gym teacher, the Island children are taught square dancing. "Dig for the Oyster," "Darling Nellie Gray," "Peek-a-Boo," and all the rest are not only fun, but good exercise, too.

Henry Allen flew to the Island Saturday morning on business and returned in the afternoon.

Lloyd McDonough, Vernon LaFreniere and Fred Spalding flew to Petoskey Sunday to attend a meeting at the Perry Hotel in the interest of the mail contract to the Island.

Mrs. Nonie Gallagher entertained a group of friends Sunday evening with a turkey dinner and all the trimmings and what trimmings! The guests included Father Giles, Mr. and Mrs. James H. Gallagher, Mr. and Mrs. Joe Sandenburg and Mr. and Mrs. Lawrence Malloy.

Beginning next Sunday, Masses will be at 9:00 and 11:00 a. m. through the winter months.

Mr. and Mrs. Bob Peterson, Lansing, and party of five are spending a vacation at their cottage near the head of the Island.

Larry Cull, surprised even his closest friends at the "open house" Tuesday evening. Not given to public speaking, Larry came forth and in eloquent language, gave the address of welcome.

Lawrence McDonough gave valuable assistance to the boys while the remodeling of the shack was going on.

Salt in Hot Weather

Extra amounts of salt taken during hot weather replace the amounts lost from the body in perspiration and reduce the chance of heat exhaustion. Excessive amounts of cold water increase exhaustion and will be more apt to bring about heat strokes.

Island Boys Fix Up Shack, Hold Big Open House

They aren't a bunch of Garbos, but they did want to be alone.

The yen, born in every normal boy to be with the gang, rig up a shack, plot and plan without interference, clung to Buddy McDonough, Donald Cole, Francis O'Donnell, Donald McDonough, Bussie LaFreniere, Bruce McDonough, Larry Cull and Gene Connaghan, and they did something about it.

Early in the summer, the lads bought a shack from the old Antrim Mine camp. The shack was divided into sections and skidded to a wooded spot back of the home of Lawrence McDonough. At every opportunity, the boys worked on the shack, gradually transforming it into a club house that is a credit to their ingenuity.

Tuesday evening, the boys held open house in their finished product. Two of their members were not here to celebrate the grand opening, Bussie LaFreniere is in Detroit working and Donald McDonough is employed in Grand Rapids.

About 50 guests called during the evening. The boys, acting as perfect hosts, served refreshments to all who called.

Campbell's Big Dollar Shoe Sale starts Friday. See ad in this issue.

30 Years Service Is Recognized by Michigan Bell

Thirty years of service with the Bell Telephone company will be recognized this noon at Traverse City when Mrs. Mabel Martini is presented a diamond pin.

The occasion will be a Chief Operator's luncheon there. Presenting the pin will be T. F. Hale, traffic superintendent for the Traverse City district.

Actually Mrs. Martini completed 30 years service Sept. 24. For ten years she worked for the Bell company in Chicago before coming to Charlevoix in August, 1927. She has been chief operator here since Nov. 11, 1943.

Another Bell veteran was honored this week. Mrs. Mary Green of East Jordan was given a farewell party Monday night at the Hotel Dilworth. Tuesday she completed 28 years as chief operator at East Jordan and retired.

Olds Announces Higher Prices

Prices of the 1949 Oldsmobile Sixes and Eights were announced in Lansing this week.

Price increases in the Oldsmobile Series "76" models varied from $45.00 to $60.00. Included is an entirely new body design and 105 horsepower Big Six engine.

Increases in the Futuramic Series "98" vary from $300.00 to $370.00 but they include as standard equipment the new "Rocket" engine; G. M. Hydra-Matic drive; directional signals, and windshield washers.

Production of the Series "66" and "68" Oldsmobile line has been discontinued for 1949.

The FARMERS UNION can take full credit for the original price support program, the Farm Security Administration, the Commodity Credit Corporation, The REA, the Soil Conservetion Service, and scores ol other triumphs.
10. Because the FARMERS UNION is the only farm organization that stands squarely for an economy of Abundance and Peace, and opposes bitterly an economy of waste and war.

Cadillac

PRESENTS ITS CREATIVE MASTERPIECE...

...The world's newest engine—for the world's finest car!

White Sidewall Tires available at additional cost

No Cadillac announcement has ever been more significant than the one which appears on this page. For, this year, Cadillac presents its creative masterpiece—a wholly new V-type eight-cylinder engine—which is, beyond all doubt, the highest development yet attained in automotive power plants. ★ This great power plant has been twelve years in the building—for basic development work started in 1936. It has many unusual qualities which set it apart from all other creations of its kind. It is far more alert, powerful and responsive to the throttle—yet it affords an increase in gasoline economy of approximately twenty per cent. And the manner of its performance actually challenges the imagination. It is liquid smooth; it is quick and eager beyond all experience; yet the power application is so effortless that the driver is scarcely aware of the engine's existence. The car seems almost to move by automatic propulsion. ★ Even experienced Cadillac owners must put aside all previous conceptions of performance when they drive the 1949 Cadillac. It is a revelation—from silken start to silken stop. ★ There are, of course, many other advancements in addition to the history-making engine. There is new beauty in the front ensemble; there is a newly-designed, more attractive instrument panel, with all driving controls at your finger tips; and throughout the chassis and body will be found those characteristic refinements which result from Cadillac's unceasing search for perfection. ★ But the big Cadillac story, for 1949, is performance. It is not only the world's new standard—it is beyond the world's current conception,

Leone Courier Weds Archie Livingston, Jr.

In an impressive candlelight service solemnized at the First Congregational church at 5 p. m. Thanksgiving Day, Leone I. Courier became the bride of Archie L. Livingston, Jr.

Rev. Jackson E. Turner read the double ring service before an arch of evergreens flanked by baskets of yellow and white chrysanthemums. More than 100 guests witnessed the service.

The bride is the daughter of Mr. and Mrs. James F. Courier and the bridegroom is the son of Mr. and Mrs. Archie L. Livingston, Sr.

Preceding the ceremony Mrs. A. J. Stelter, at the organ, played a program of traditional wedding music.

The bride, given in marriage by her father, selected a white satin gown designed with a high neckline with sheer yoke, long sleeves and a full skirt which ended in a train. Her lace-trimmed fingertip veil fell from a seed pearl tiara and she carried a white satin muff topped with red and white roses.

Lois Courier of Mt. Pleasant, was her sister's only attendant. She wore a cerise velvet gown and carried a white muff topped with cerise and white carnations.

Ringbearers were Sally Herrington, daughter of Mr. and Mrs. Earl Herrington, and Donald Heise, cousin of the bride and son of Mr. and Mrs. Laverne Heise. Sally wore a floor length gown of pink velvet corduroy made with a bustle back.

David Livingston of Rockford, brother of the bridegroom, was best man and ushers were Ralph Hahn of Pontiac and Robert Livingston, brother-in-law and brother respectively of the bridegroom.

Mrs. Courier chose a gray and black suit, black accessories and a corsage of red roses for her daughter's wedding. Mrs. Livingston wore a cedar green afternoon dress, black accessories and a corsage of yellow roses.

Following the ceremony a reception was held in the church parlors, Mrs. Hahn, Mrs. Robert Livingston and Mrs. Laverne Heise assisted.

The couple left on a wedding trip through western Michigan before going to Rockford where they will make their home at 332 Adolph St. For traveling the bride wore an old gold suit, brown accessories and a corsage of red roses.

Both are graduates of the Charlevoix high school. The bridegroom served for more than two years in the Navy during World War II and is now employed as an operator at the Grand Rapids office of the Pere Marquette.

Among those from out of town who attended the wedding were David Livingston and son, Dickie of Rockford; Mr. and Mrs. Ralph Hahn and children, Danny and Phyllis of Pontiac; Mr. and Mrs. Everett Ash of Bellaire; Miss Pat Foster of Mt. Pleasant.

Nancy Totten to Wed R. Jack Abfalter

Mr. and Mrs. Harold Totten announce the engagement of his daughter, Nancy, to R. Jack Abfalter, son of Mr. and Mrs. Ronald Abfalter of this city.

Both are graduates of the Charlevoix high school and are now Juniors at Michigan State College.

Pythian Sisters Visited By District Deputy

Charlevoix Temple No. 149 of the Pythian Sisters was honored Thursday evening by a visit from their district deputy, Mrs. Janet Udell of Grand Rapids, who is also a grand trustee.

She was accompanied by Mrs. Polly Bomers and Mrs. Beatrice Smith also of Grand Rapids, and Mrs. Georgiene Beedone of Muskegon.

After the business meeting a social evening followed with refreshments served by Mrs. Grover Genit, Jr., and Mrs. Robert Livingston.

BABY TALK

Births registered at the Charlevoix Hospital recently include:

A daughter, Sally Laraine, born to Mr. and Mrs. Donald Wales on Nov. 24.

A daughter, Evelyn Keyes, born to Mr. and Mrs. Donald Bolser of East Jordan on Nov. 27.

A daughter, Donna Kay, born to Mr. and Mrs. Cornelius (Casey) Harthorn of Ellsworth on Nov. 27.

Mr. and Mrs. Charles Asher of Green Bay, Wis., announce the birth of a son, John Roen Asher. Mrs. Asher is the former Hilda Roen of Charlevoix.

With Walt Hastings

HE'S A QUEER LOOKING BIRD

Name him and you can have him. You probably have all heard the expression. "He's a queer looking bird." Well, sir, I can imagine that this expression could originate from the picture of the queer looking bird we have today, although I have seen some people as queer looking and as queer acting as this young bird.

He is a baby all right. You can tell that by the fuzzy down that the little duffer is still dressed in. He is about a week or ten days old. He can't walk and I know that he can't swim, even if he knew how.

I found him on the ground underneath a tall swamp ash. Up in the top most branches were fourteen large nests built of course sticks and lined with grasses. Without question he came from one of these nests. Which one I couldn't tell, as they all looked very much alike to me.

That morning early there had been a bad storm from the west, with strong gusty winds followed by driving rain. This funny looking little bird, being not too steady on his spindly legs, had probably lost his balance while the tree was weaving and swaying in the strong wind and had fallen overboard. So here he was on the ground, and no way to get back up to his home in the top of the big ash.

As I stood there underneath the big tree, the swamp was quiet, quiet as could be. Away off in the distance I could hear a crow cawing. But after I sat on a log near the base of the tree, for about fifteen minutes, well, you should have been there and listened to the racket, made by the young birds in the nests. It sounded like a whole lot of women all talking at once, in sort of low murmuring voices, punctuated now and then by a harsh croaking from the adult birds, as they returned with food for fledglings in the nests.

As I sat there beside this ungainly little fellow, he didn't seem to mind me in the least. He wasn't used to human beings and he didn't know much about them, or he might have been concerned. He sat there on the little dead stump I had placed him on and looked all around and then he would look at me with those big staring eyes for a couple of minutes and after hearing an extra loud croak from the nests up above, he would look up and start to murmur in a peculiar manner.

He had a pair of big yellow and black eyes, that stared at you in a sort of ghostly way. But he could see very well. For if there was the slightest movement any place around, he would turn his head and look in that direction. I am told that his eyes are microscopic and that this species of bird has the very best of eyesight.

I saw a small fish partly digested, lying on the ground near by. It probably had fallen from one of the nests, while one of the old birds was feeding her young. I picked it up on the end of a small sharp stick and offered it to this little fellow. He stared at it a moment, then grunted and gobbled it down in one gulp and looked around for more. Then he just sat there and looked at me with his big yellow and black staring eyes and seemed to want more.

I had gone down to the big swamp that morning to check the nests in the rookery. Eight years earlier when I had first visited the colony, there had been one hundred and fifty-two nests. Each year that I had visited since then, the nests had decreased in number. This time there were but seventy-one nests. This is how I found him.

What did you say? Great Blue Heron? Well, sir, you are right. But I will wager that somebody told you.

—Walt Hastings.

New Duck Hunting In Traverse County

Duck hunters can look forward to the opening of 1,000 acres of new wild marshlands in Grand Traverse county next season.

The U. S. Fish and Wildlife Service has approved the conservation department's proposal for utilizing a part of the northern shore area of this county as a hunting and wildlife restoration center. With federal approval the department can plan on receiving up to 75 per cent of the funds for this project from the U. S. agency. Federal funds are appropriated from a tax on sporting arms and ammunition.

Some of the Grand Traverse shoreline area offers natural sanctuary for wildfowl and muskrats because of its inaccessibility and as such is ideally suited for raising wild game. If further investigation indicates that portion of the area is sufficient for refuge purposes the rest of the acreage will be thrown open to hunting. Assuming that an additional small section is closed to hunting, there still will be sufficient acreage open to attract duck hunters.

Campbell's Big Dollar Shoe Sale starts Friday. See ad in this issue.

The Illinois state park system now comprises more than 27,000 acres.

Buying your next new car "For keeps"?

Here's a durability story you shouldn't miss!

If you're a value-minded, long-range buyer—here are some quick facts you'll want to keep in mind . . .

1. Of all the Packards built—since 1899—over 50% are still in service.

2. It's commonplace for Packards (many of them in tough, round-the-clock commercial service) to roll up more than 400,000 miles apiece before being retired.

3. Today's new Packards are more durable than ever. Proof: Periodic service records, submitted by all Packard dealers, show that service needs of the new Packard Eights are the lowest in Packard's 49 years of precision manufacturing!

That's just part of the *value* story behind this sleek new Packard.

So if you're buying your next new car "for keeps", you'll want to hear this Packard story in every exciting detail. Come in!

Campbell-Alexander Wedding In Petoskey

Before an altar banked with pink and white chrysanthemums and lighted tapers in candelabra, Evelyn Janet Campbell, daughter of Mrs. Angus Campbell of Petoskey, became the bride of Samuel Ross Alexander, son of Mr. and Mrs. Ross Alexander of Ironton.

Rev. E. P. Linnell officiated at the service at 4 p. m. Thanksgiving Day in the First Presbyterian church, Petoskey.

The bride selected a beige-pink suit, brown accessories and a corsage of white roses for her wedding.

Miss Iris Stansberry, as maid of honor, wore a smoke gray suit, black accessories and a corsage of pink roses.

Richard Wilbur assisted the bridegroom as best man.

Mrs. Campbell wore a black faille suit, beige accessories and a corsage of pink carnations for her daughter's wedding. The bridegroom's mother wore a black dress with matching accessories and a corsage of pink carnations.

Following the ceremony a reception was held at High Manor House.

After a wedding trip to southern Michigan the couple are making their home in Mt. Pleasant where the bridegroom is attending Central Michigan College.

The bride is a graduate of the Petoskey high school. Mr. Alexander, a graduate of the local high school, served for four years with the Marine Corps in the Pacific during World War II.

Among those from Charlevoix who attended the wedding were Mr. and Mrs. George Glados.

One Charity Drive for All Causes Favored by Most

Sentiment over the country evidently is turning strongly against separate drives for each charitable purpose.

A report received by the Charlevoix Community Chest indicates what other communities feel on the subject of not combining all drives into one.

On Aug. 30 the Community Chest at Garden City, Kan., sent out letters to 675 Chests in cities under 50,000 population. Three questions were asked. Replies were received from 200 of the 675.

The questions and answers received were:

1. Do you feel that the American Red Cross should cooperate with your local Community Chest? No, 35. Yes, 165. 62½ percent in favor.

2. Do you feel that the Infantile Paralysis Fund should cooperate. No, 27, Yes, 173. 86½ percent in favor.

3. If a majority of the 675 Community Chests receiving this letter favor one drive for all organizations, are you willing to be a party to try to change the policy now being followed by the Red Cross and Infantile Paralysis Fund? No, 30. Yes, 170. 65 percent in favor.

Remarks accompanying the replies indicate that folks in a majority of the states believe that separate drives is turning the public against those causes.

In Memoriam

In loving memory of our dear husband, father and grandfather, Roland Rollo Farmer, who passed away two years ago, Dec. 2, 1946.

There is someone who misses you sadly,
And finds time long since you went.
There is someone who thinks of you daily
And tries to be brave and content.
Time does not heal an aching heart,
This we know is true
For two long years have passed, dear,
And our hearts still ache for you.

Michigan to Vote On Colored Oleo

At the election next April Michigan citizens will be voting on a proposition to take the "no color" provision out of the state law on oleomargarine.

Grocer organizations have been behind the movement for the referendum on the law. Grocers have obtained signatures for petitions. A total of 133,236 are necessary to put the measure on the ballot. So far more than 165,000 have been reported from 47 counties.

Only one change is asked in the present law. That is the one forbidding the coloring of margarine before it is sold to the consumer. The color provisions on fat content, purity and labelling would be retained under the proposal and now drafted.

Junior Red Cross Receives Thanks for Gift Box

Miss Eleanor Cook, field representative of the Junior Red Cross spent last week in Charlevoix County at which time she and Mrs. Harry Ladd, county chairman, visited some of the schools to tell the children about the service they could give to the organization.

Last year the fifth grade room and Mrs. Ethel Courier sent a gift box to Austria through the Junior Red Cross, one of several boxes sent from Charlevoix County. More will be packed and sent this year.

Following is the translation of a letter received this week from the Public School of Mogersdorf, Austria. Which reads:

"My dear Junior Red Cross and school friends in America:

We were surprised to receive such nice Christmas gifts. Hearty thanks for them. We hope that through this the Youth of all the world may be united in friendship and remain that way. We hope for true peace. Greetings."

Curfew on Youngsters to Be Enforced

Parents Will Be Cited Instead of Their Children

Curfew will start ringing, or rather blowing for the younger folks of Charlevoix Friday night.

And it will be up to the parents to see that curfew is strictly observed.

Tuesday morning the city police force was given due notice from the Council that starting Friday the present curfew ordinance will be enforced, with warning the first time and after that probably with a summons on pa or ma.

The ordinance was passed April 19, 1943. Except for a short time at the start, it has been quietly sleeping in the city ordinance book. But not from now on.

It provides that youngsters under 14 shall be off the streets between 9:30 and 8 a. m. Those under 18 have until 11 p. m. Exceptions are coming home from school functions, when accompanied by a parent, or on a bona fide errand.

The child can be picked up by the police officer. But the real teeth in the law is that the parent who allows the child to roam can be charged with contributing to the delinquency of a minor, fined $25 and costs, or given up to 30 days in jail.

The siren will give one blast at 9:30 starting Friday, none at 11. The Council assumed that 15 year olds could read a watch.

Being with another child over 16 or riding in a car unaccompanied by an adult after hours are not permisaible.

The Tow Line

News of folks, your neighbors and mine . . .but did you know that—

Jeanne Englehart is all in a flutter this week. She plans to leave Friday for Chicago and will then go to Fort Collins, Colo., to visit the boy friend. . . . We have been blessed with beautiful sunsets again. Last week it was a thrill to ride out on the new pike to Bay Shore and see them. We certainly enjoyed May weather until Sunday night and then the winds came and brought snow. Snow has been wanted for the folks at Boyne Falls. A ski run and plans for a real winter sports spot and then—no snow. Also, it is just no fun. One does not have any Christmas spirit when he feels more like buying flower seeds than presents.

Mrs. Ruth Miller plans to leave this week end for Cairo, Ill., and St. Louis, Mo., where she will be through the Chrismas holiday season visiting her brother and sister . . . Mr. and Mrs. Bert Carey left this week to go to Maimi, Fla. for the winter . . . Mrs. Sylvia T. Hoover arrived this week from California to visit her niece, Mrs. Archie Livingston. Monday she was a guest at Club and Mrs. Livingston showed the beautiful bags, real works of art, that Mrs. Hoover makes for which she gets orders from all over the country.

Word has been received from Mrs. Mabel Goddard Elliot of Detroit that she and her husband have just returned from a trip to Niagara Falls . . . Frances Ham-

G-I Farm Vets Construct Own Silo, Hen House

Veterans taking the On-the-Farm training course sponsored by the Veteran's Institute and the Charlevoix High School are doing more than just attending classes.

They are putting into practice the things they diacuss in their weekly night classes with Ellsworth Besemer, director of the courag.

Chickens and Cows

Two examples of this work are within a quarter mile of each other on the north side of Lake Charlevoix. The men are Daniel Haggerty and Leater Umlor, whose farms front on the north road to Boyne City.

Haggerty has gone in for chickens, Umlor for dairy and beef cattle. And both have made notable improvements in their plant this year.

Umlor wanted the savings and better feed which a silo makes possible. But he had no silo. One of the conventional ones was too costly he felt. So he used his ingenuity.

Builds Moveble Form

Pellston to Face Rayders Next

Pellston, which took a 39-19 drubbing from Harbor Springs last Friday, will come here to face a much improved bunch of Raydera tomorrow night at the school gym.

After successive defeats of Gaylord and Petoskey in two nights running, Charlevoix's basketball team is easily one of the three most likely present contenders for the Conference title. Harbor is the other, having walked over Mancelona 42-25 in its opener.

Petoskey Game is Thriller

The third possibility is East Jordan, although its 44-23 trimming from Boyne City Friday night might imply that the defeat it handed Charlevoix a week earlier was just a flash in the pan.

Saturday night over at Petoskey the Big Rayders won a scorching 39-36 overtime thriller. And it begins to look as though Coach Ray Kipke has found the combination he has been hunting: Hardy, Case, Fairbanks, Smith

CoOp Will Have Annual Meeting Monday Night

Annual meeting of the Charlevoix CoOperative Co., will be next Monday at 8 p. m. in the City Hall.

A short movie will be first on the program. Following this will be the business session with the annual reports and election of four directors for two year terms. There will be door prizes and a lunch served afterward.

The CoOp report will show about $20,000 greater gross business this year than last. According to Fred Willis, manager, this is due to increased volume, since prices on the whole are lower than during 1947.

AA Members Talk Before Ministers

Two members of Alcoholics Anonymous told the story of their organization Monday to the members of the Little Traverse Ministerial Association.

The meeting was at the Methodist Church.

MUCC Convention Will Pack All of Charlevoix County

The biggest single resort event in Charlevoix's history will take place next summer when the annual convention of the Michigan United Conservation Clubs is held here next June 16 to 20.

Between 800 and 1000 members are expected to attend the session. Headquarters will be at the Belvedere, with the other Charlevoix hotels opening early to help handle the attendance.

Besides the hotels, rooming houses and homes here will be filled and the overflow will be sent to East Jordan and Boyne City which have agreed to cooperate in entertaining the convention.

The delegates, judging by experience of other host cities, will spend an average of $25,000 a day during the four days they are here.

The Rod and Gun Club is the host organization and will have charge of arrangements here. Don Swinton has been appointed convention chairman by the state president. Plans in general were discussed Thursday night at the club's meeting.

Swinton named the following

New Jewelry, Grocery Store to Open Saturday

Two new businesses will be opening here Saturday.

They are the Howard White Jewelers in the Brown Motors Building and the Goss Grocery on Antrim street in the Kibbe store building.

Mr. and Mrs. White come here from Lowell where they had a jewelry shop for nine years. Their opening here depended on the arrival from Chicago of new showcases and display fixtures. These arrived Tuesday morning and have been installed.

During the last week the Mort Wood Products has been building the window display equipment. Thornton and Harwood have installed the wiring.

Shelby Goss has leased the Kibbe store at 204 Antrim and will open Saturday. With all new stock throughout, he will carry grocery staples. He plans to be open from 8 a. m. to 9 p. m. daily; 10-1 and 4-8 Sundays.

Vocation Starts Dec. 23

School vacation starts when classes dismiss on Wednesday, Dec. 22.

Ferry Will Be Discussed At Next Board Meeting

The Ironton Ferry will be one of the subjects to be discussed at the regular meeting of the County Road Commission next Monday at the Court House.

The Ferry Committee of the Board of Supervisors plans to meet with the commissioners and see what can be done about taking care of the rising cost of running the quarter mile of highway back and forth across the South Arm narrows.

• Miss Elizabeth Lee, who has been surgical nurse at the Charlevoix Hospital for more than two years, and Miss Margaret Trace, who has been on the hospital staff for several months, have resigned from the staff and returned to their respective homes in Wayne and Detroit.

Saint to Be Host at Free Show Saturday, Fly Here Dec. 18

Santa Claus will be paying Charlevoix two visits in the next ten days, besides being host at a free show for all the youngsters.

His first visit will be this Saturday when he will be at the city park at 1 p. m. to give out tickets for the free show an hour later at the Palace Theatre for all the youngsters who are in town that day.

Then a week later he will come here for his second visit. Due to Santa's other engagements, Joe McPhillips will fly him to Charlevoix, circling over the town before alighting at the airport about 1:30 p. m.

From there he will be brought down town, likely on the fire truck and possibly accompanied part way by the school band. At the city park Santa once more will greet the youngsters who are here and will distribute candy to all.

Meanwhile the city is putting on a festive Christmas air. The Christmas tree in the park has been lighted up and the lamp posts along the business district decorated.

As a result of the meeting of the businessmen last week, Christmas trees have been purchased to be placed along Bridge street. The trees in front of each business place will be decorated by the proprietor.

The committee arranging all this are:

Santa's reception: Tom Coxe; parade for Santa: Lawrence Feindt; trees and decorations: Earl A. Young, Dick Fochtman, Lowell Merica; free show: Mrs. Julia Merica; candy: S. E. Coleman; finances: Corneliua Gelken, Joe Abbey, John Mol; window contest: S. E. Coleman, L. E. Towe; general chairman: Bob Fochtman.

The committees arranging all test sponsored by the Board of Commerce will be next week. Judging will be done Tuesday night by three men from neighboring communities and the winning windows marked Thursday.

Supp Appointed Probate Judge By Governor

Floyd Supp Tuesday was appointed the new Probate Judge of Charlevoix County to fill out the unexpired term of the late Judge Rollie Lewis.

Gov. Kim Sigler made the appointment, which laats until the April election. Judge Lewis died between Nov. 2, when he was reelected for four years, and Jan. 1, when he would take office. Under state law, the appointment in this case will last until the next general election is held at which time a judge to serve the remainder of the reguiar four year term will be chosen by the people themselves.

Three attorneys had been mentioned for the appointment: Mr. Supp; Edward Rueling of East Jordan; and Ted Foster of Charlevoix. The County Republican Committee after conaiderable study submitted all three names to the governor.

Before he can take office as probate judge, Mr. Supp saya he must furnish bond, receive the formal appointment from the governor's office, and take the set oath before the county clerk.

City Asked to Plan Lasting Memorial to War Dead

That the city take down the Honor Roll in the city park and make plans for some permanent memorial was suggested to the Council Monday by Ralph Hamilton.

As a possibility within financial reach he suggested bronze plaques in the Memorial Park.

The Council decided to ask the city's veteran organizations to draft proposals for a fitting memorial and to name representatives to confer with the Council on these plans.

Pal Dies

Known to scores of Charlevoix folks, Pal died Sunday. Pal was the dog belonging to W. H. Wallace.

B-U-Y L-I-N-E-S . . . . . BY THE SHOPHOUND

It all came about when I purchased a gift for my sister this week in one of our local stores and had three different persons exclaim to this effect, "Where did you ever find such a gift? Surely not in Charlevoix." That is just where I did find it. And for folks who think that the "grass may be greener" on someone else's Main street, just go armchair shopping with me in Charlevoix:

• • •

A KING'S RANSOM worth of warmth can be found in the beautiful scarfs in the Cashmere Shop. These imported scarfs are from England, Argentina and Scotland, and the prices range from $1.95 to $7.95. There was one I especially liked. It had a paisley effect, definitely one with "The Old World Look." But it would make a happy person on Christmas morning. And men would thoroughly enjoy one of the beautifully woven scarfs from Scotland.

• • •

FOR A TRULY CHARLEVOIX GIFT, there are two places in town to purchase them: Bob Miles and Earl Young's. Bob has more of those Charlevoix colored pictures mounted on wood, and Irene Young found several more of her famous maps of this section that are perfect for a study.

• • •

WHAT BOY OR GIRL wouldn't give a lot to find an electric radio for them under the Christmas tree, decorated with teddybears. And that is what I found at Pemberton's. Then there are unbreakable records such as Little Black Sambo, Pee Wee, the Piccolo, Tubby the Tuba, Pecos Bill, The Three Little Pigs, Uncle Remus and so many more. Wouldn't a youngster have stars in her eyes if she awakened to the music of The Three Little Pigs?

• • •

HAVE YOU A YOUNG DAUGHTER in her early teens who insists she would like a manicure set all her own. Found some interesting ones in Central Drug Store. There were the little ailk Peggy Sage bags that holds polish, polish shield, polish remover, emery stick and board. The amazing thing was the price—$1.50.

• • •

JUST HAD TO PAUSE AND LOOK at the story book dolls in Geik's window before entering the shop. Surely a child can have one dressed from rags to riches for $1.98 and $2.45. There is Cindcrella, the Ski Boy and Ski Girl, Lady Hamilton, a nun, a bride, Madame DuBarry and an Indian Boy and Girl. "I'll say it's a merry Christmas" a girl would say if she found such a doll on her tree.

• • •

ONE OF THE CLEVEREST THINGS I have seen in a long time was at Schroeder and Hovey's. It was a gold bracelet bearing a perfume bottle, resembling one of the famous charm bracelets. The container was filled with Harriet Hubbard Ayres' "Golden Chance" so widely advertised in the leading magazines.

Consider It On Its Merits

Governor-eleet Williams says he will present his program to the legislature at the opening session in January. It will have nine parts, and he lists them.

Some sound good, some are wishful thinking, one is bad and at least one is foolish.

I realize Mr. Williams was elected by the Labor vote. He promises to seek repeal of Michigan's Bonine-Tripp law. And he should do all he can to get it off the books. But personally I think that law should stay. With emasculation of the Taft-Hartley law a virtual certainty, Michigan should do what it ean to keep labor leadership within some bounds and preserve some slight resemblance of a balance between labor and management.

Mr. Williams also favors a fair employment praetiees aet. While that sounds good on paper, it is still a fact you cannot legislate morals nor tolerance nor emotional fairness into folks. The only way for a minority group to have and hold a place in industry or society is to earn it by its own efforts and elean record.

Increased benefits to the aged and children sound good—but they mean new taxes. So does inereased school construetion. But rent controls, an overhauling of the state veterans administration, expansion of farm markets, co-ordination of state ageneies—these are things which can be definite benefits to the general public.

The danger at Lansing is that the Republlean majority in the legislature will serap all of Mr. Williams' program just beeause he us a Democrat proposes it. That is about as foolish a thing as our law-makers eould do. We folks back home here elected them to give us good government, not to play petty polltics.

Their job is to eonsider the Williams program on its merits, enact the good parts and turn down the bad.

It's Going to Be Big

Charlevoix as a whole doesn't realize what is in store for it next June when the United Conservation Club eonvention-deseends on this community.

This town will be bulging at the seams and splitting at the joints for those four days.

In the first place, Charlevoix is the smallest city which has landed the convention in many years. That feat in itself was a deeided triumph for the county delegation which worked as a team at the Soo last Juno.

It is the finest kind of an opportunity to show a large and influential group of outdoor-minded folks what this section has to offer. It is up to us to make the most of the ehanee.

Last summer we entertained the editors of the state. Seores have said they had one of the best outings they ever enjoyed. If we ean give the Conservationists an equally good time, we'll be making the finest kind of friends.

It is up to us to treat them right, eharge only fair prices, and give them a royal good time.

Something We Need

Charlevoix is going to face a serious problem next summer and now is the time to start finding a solution.

Each season we have a considerable number of Negros here. Almost all of them are employees of long standing. And they, taken as a whole, are a fine lot of folks.

With the sale of Zach Whyte's place on Antrim street, we now have no rooming and boarding place downtown for them. Herc is a real need which Charlevoix will have. We'd better begin finding an answer before the summer is here again and folks leave beeause there is no place for their chauffers and maids to stay.

FOLKS: Just open the front door at Abbey's and before you is a tree hung with tiny jackets. "What's this for, Jennie's doll," we ask. "No, just miniature White Stag windbreak jackets. That is what you put on the Christmas tree. Then during the holiday week the lucky holder of this jacket will come in to the store, pick out a jacket just his size, his favorite color and to his liking. Know how you hate to find something on the Christmas tree, try it on, only to find it doesn't fit. This way everybody is happy."

• • •

FOOD!! With one stretching his pocketbook these days, this is one gift that always pleases. How would you like to find a wonderful looking spring chicken (the kind to eat) at your door to make your holiday dinner a bigger and better one? Spring chickens, big enough for roasting are going to be had this year at Dutcher & Johnson's for 55c per pound. Bring on that biscuit and gravy —UUHMM!

• • •

SPEAKING OF FOOD, are you having a Christmas breakfast, or are you invited to one. Order one of the Christmas tree coffee cakes for just such an occasion at Fairbank's. It's sugar, n'spice and everything nice for that "open house" breakfast.

• • •

SOMEBODY ON YOUR GIFT LIST is hoping that you stop in at Bellinger's Jewelry Shop and purchase one of those beautiful gold tie-clips for HIM. Exactly like the ones in Esquire. All the way from $1.75, $2.25 up to the very best at $5.00.

• • •

IT'S A FISHERMAN'S PARADISE at Bellinger's Sport Shop. All kinds of fishing tackle. Seems like summer and fishing is a long ways off, but you will be surprised how soon it will be before: "Where is my fishing tackle box?"

• • •

"AND VISIONS OF SUGAR Plums danced through my head" as I stood in Edwards market and looked at all the plum puddings, brandied fruit cakes and other Christmas delicacies that they had to tempt one's palate. Yes, sir, food is really a Christmas buy for a gourmet.

• • •

WHICH ONE WOULD I WANT was my thought as I looked at the case of beautiful watches at the House of Jewels! 175 watches to make your choice from, surely a selection to equal that of a city, and all nationally advertised makes in the latest styles. It's every woman's or man's right to own a fine timepiece! From $5.95 to $500.00.

• • •

JUST HAD TO TAKE TIME OUT to look at the clever window at Smith's Housefurnishings with local personages in the little village. But wait until you get inside and look at the selection of lamps. One would surely lighten up your home as well as your wife's face on Christmas morning. Pin-ups, floor lamps, bridge lamps, stand lamps, from $3.95 to $25.00.

• • •

EVER SEE GROUND PINE? It's part of the unusual decorations at the Polly Kay shop. Inside, the children's shop looks like a page from a toyland book. Remember how hard you worked trying to teach Junior how to tell time? The problem will be solved for that pre-school child with one of the educational clocks. Originally priced at $1.95, they can now be purchased for 98c. Dont push, gals!

• • •

IT'S REALLY HURRY, HURRY if you want to get in at the Charlecote for Miss Edson is leaving around Dec. 17. It's always such fun to browse around in her book shop for there are so many interesting things. BOOKS, books books, everywhere, especially the Sunset Cook books ($1.00), the Salad Book and then that delightful $2.00 Host and Hostess Book that is really a MUST for one who seems to have a lot of company a lot of the time.

• • •

OVER AT THE YARN SHOP, one can find mitten or anklet packs for $1.35. Suppose you thought you would get Jimmie those mittens done before Christmas or Ruth the ankiets but just can't make it. Buy them one of the attractive packs of yarn with a note that they are to bring the yarn to you after Christmas and they will be made. It will save a lot of midnight oil.

• • •

"GIVE A MAN A PIPE he can Smoke' and watch him settle down in his easy chair and wear a smile of contentment. At Joe Williams these little "peace pipes" can be found and Joe has them at a price to suit your pocketbook, all the way from 85c to $7.50.

• • •

WANT A BEAUTIFUL CHRISTMAS BASKET sent to one of your friends? Here is your chance at Kroger's. Better put your order in NOW and they will make them up to any size and at any price you specify.

• • •

IF THERE IS ANYTHING MAKES A WOMAN HAPPY it is having beautiful linens and silver to set her table. At Levinson's there are many hand printed cloths 54x54 and 54x72 inches that would give a table real oomph.

• • •

SPUN ALUMINUM IS THE LAST WORD in beverage glasses, snack sets, water sets at the Betsy Jo Shop. More interesting things to brighten up the table. Let mother throw away those nicked cheese glasses she may be using and give her some of those spun aluminum ones.

• • •

JANE PARKER FRUIT CAKES and PFEFERNUSSE cookies greet one as he opens the door at the A & P Store. Those little spiced cookies are wonderful and this week I learned the correct way of eating them. They are hard so one should drop one into his coffee cup until it is well saturated before eating. These cookies are wonderful little tuck-in-gifts to send along with your Christmas boxes.

• • •

A GOOD—MANY FOLKS bought themselves Christmas presents last week at Campbell's Shoe Store when they got in on the $1.00 sale, but if you didn't there are still many good buys. Stadium boots, hose, house slippers and wonderful socks. Warm feet make happy people.

• • •

IS MOTHER STILL WEARING ONE OF THE OLD LOOK numbers when she steps out. At Bergeon's there is a Christmas sale being staged on dresses. GET ONE NOW while there is a good selection. And the dresses are priced just right! $6.95, $9.95 and $10.95.

• • •

HEY DAD, HAVE YOU LOOKED AT MOTHER'S PAN CUPBOARD lately. Perhaps she is using old banged up pans she has had since the year '01. Why not break down and get her some of the glamorous pans, kitchen ware or pressure cookers she has looked at in her favorite magazine. They are all there on the shelves at Staley's for your selection.

• • •

WHETHER IT BE LUGGAGE, A BIKE or a little stroller for the young lady of the house to take her doll riding. Brown's has it. The miniature doll stroller for $2.50 would make Christmas merrier than ever for the apple of daddy's eye.

• • •

"SKED" the new kind of skiis fastened together with a handle so that one can ski like a professional the first time he tries is the new winter wonder at McCabe's. The store has an exclusive on this item and with Boyne Mountain Ski Run in the offing it looks as though a lot of folks afraid of skiis will want this for winter sports.

• • •

AUTO ELECTRIC HAD A SIGN "Buy me one, daddy". It is referring to the beautiful Cadillac in the window. Well, who wouldn't enjoy getting a new car for Christmas? But, wait a minute, here were dolls and doll buggies and blackboards for sale in case Daddy couldn't get the car.

Hearing of Liquor Selling Set for Monday by City

Liquor selling and liquor control in Charlevoix took up the major psrt of the City Council's time Mondsy and likely will do the same at the next two meetings.

Two new places want licenses, one wants a change, and the Councilmen want a change in the way drinks are being dispensed.

Campbell & Supernaw asked for an SDD license to sell liquor in botties only. The Councilmen told the partners to file an application through the Liquor Control Commission and then they would pass on it when the regular form letter came from Lansing.

Zach Whyte asked for approval on a club license at his rooming and boarding house at 203 Ferry Avenue. The Belvedere Hotel wants to have an eight months hotel license instead of the present one which covers only the casino.

Action on all three, the Council expects, can be taken at the regular meeting Dec. 20. The Councilmen said, off the record, that they expect the session to be a lengthy one.

The matter of the present operation of places now selling liquor was discussed in detail. Without exception, the aldermen appeared to favor Sunday and midnight closing, although no vote was taken.

Examples were cited of drinks being sold to drunken men, of a dispensary staying open untll 3 a. m., and the officer on duty failing to close it or even to cite it to the Council, of failure to abide by a closing agreement, of Sunday abuses.

A closing ordinance was discussed but the Council decided that self-control by the operators themselves would be preferable. In order to thresh the whole problem out and see if the license holders will do their own policing, the Council will hold a special meeting next Monday.

Every retailer holding a liquor, beer or wine license will be asked to attend. The Council will ask them to state their positions and then will tell why and how and when it expects liquor will be dispensed in Charlevoix.

It was clear Monday that the underlying object of the Council is to end the present abuses of two or three places. It was repeatedly stated by different men that the thing which determines how liquor is sold is the character of the seller.

Mayor Ray Hamilton summed up his personal attitude: "Straightening up this situation may not be popular, but it's for the good of the town and we've got to do it."

Santa, Anonymous to Distribute Gifts

Santa, Anonymous is going to distribute a lot of toys this Christmas season where they will do the most good.

Many Charlevoix citizens have been contributing both new and used toys, the latter being capable of repair. Most of these toys have been collected by various organizations of young folks and adults around town.

To see that some home which is facing a cheerless Christmas was not overlooked and another received gifts from more than one group, some Charlevoix folks decided that a Santa, Anonymous was needed.

SA is strictly anonymous. Toys, ready to be distributed, are turned over to it. A list of every youngster who might otherwise go toyless is being compiled by school and welfare folks. Then the toys available will be fitted to the list and the distribution made just before Christmas.

Nickerson Again Elected Head of Rod, Gun Club

Bonnie Nickerson was reelected president of the Rod and Gun Club for his fourth term Thursday night at the annual meeting in the IOOF Hall.

The choice was unanimous.

Glenn Pemberton was named vice-president and Glenn Ingalls chosen secretary-treasurer. He takes the place of Don Swinton, who was named MUCC Convention chairman and resigned the club office.

The club members discussed a petition to allow trap-netting of mullet in Grand and Little Traverse Bays all year. Proposed by LaBlance & Co., which now has a year around need for the lake fish, the petition stated that trap netting of the non-game fish would improve sport fishing.

The Rod and Gun Club decided to support the petition provided the proposal also had the approval of other nearby conservation clubs and the Conservation Department.

Refreshments closed the meeting.

LaBlance Fish Tug Goes Aground On Beaver Island

The Woodbine pulled out Wednesday morning to go to Beaver Island but Coast Guardsmen said they doubted if she would be able to pull the LaBlanca out to deep water today.

Good luck followed bad luck in the latest chapter in the story of northern Lake Michigan, the beaching of the steel fish tug LaBlance on Beaver Island.

It started Saturday when the LaBlance went out to lift nets. She had completed the work and was headed home when the engine broke down. She dropped anchor east of Beaver Head light. Aboard were George LaBlance, Sr., Emerald LaBisnce and Bill Brodine.

During the night the wind came up and by 9 s. m. Sunday it was blowing a gale. The strain broke one fluke off the anchor and the LaBlance drifted towards shore. The light crew spotted the boat and called st once for help.

At that point there are three rocky reefs off shore. The LaBlance bumped over the first two. By 4 p. m. when the lighthouse tender Woodbine and the St. James guard crew arrived, the tug was stuck on the third reef.

With 40 mile winds whipping up the lske, it was decided that more damage would be done trying to pull the tug off than by leaving her where she was.

Meanwhile John Gallagher of the lighthouse crew had rowed out in a skiff and brought George LaBlance, Sr. off the boat. When it was decided to leave the tug aground, Gallagher rowed out again and brought off the other two.

During Sunday the lske rose enough so that the tug washed over the reef and ashore where she rested on a sand bank Monday. Since then skids have been built around the hull, which was only dented by the rocks, preparatory to hauling her off.

For the first time in many years full gale warnings were up st Charlevoix Sunday.

ilton declares she is going to make the most of Christmas this year. Last year she was s pretty sick lsdy and lost out on the holiday season. Now she is really going to enjoy it. I am glsd to hear a grownup mske such a remark for the old world needs such s spirit and faith. When we celebrate Christmas we ought not to think of Him only as a child. Those who think Christmas is only a festival about a child for children veer sway from facing Him ss an adult.

Can you top this? A well-known manufscturer of chewing gum while traveling through the west one dsy hsd a chance acquaintance on the train ssy to him. "Everyone knows your gum. It's sold everywhere, why do you continue to advertise?" The manufacturer turned snd said, "My friend, this trsin is going along very smoothly right now. Do you think we ought to take off the engine?"

Mrs. Ed Scott left last week to go places. In Grand Rapids sho planned to visit her sister, Mrs. Dora VsnStratton snd then on to Kalamszoo to visit her daughter, Mrs. K. S. Preston . . . Mr. snd Mrs. Fred Csrtier have returned home after visiting Dr. and Mrs. Claire Csrtier at Grand Rspids and Mr. and Mrs. Bud Cross of Ludington . . . Everyone is hoping for good news from Bud Gill at the University of Michigsn hospital . . . Mrs. Bert Houston is back home after visiting her people down in Terre Houte, Ind.

Aren't the Christmas windows of our merchants looking most attractive? . . . Mrs. Linds Campbell is back home after spending o vacation with friends through the Smokies and Florida . . . Birthday congrstulstions to Mrs. Kate Burns who celebrated on- other birthday in her ninty-fifth year. Neighbors snd friends brightened the day for her by being with her for o psrty . . .

'Tis a small world! Recently Mrs. Elia Brenner and Mrs. Nettie Huggard were talking ond Mrs. Brenner mentioned about Judge Lewis and olso wondered if she might be related to the Lewis family on Upright St. "Why my mother was a Lewis, too," said Mrs. Huggard. Then the women became interested and discovered that their parents both came from the same town in New York, Seneca Falls, and that there was just a difference of two weeks in their ages. Here they have known each other for several years and have been the best of friends and have never known of this before. Mrs. Huggsrd plans to go to Detroit later in the year and is going to have her son look up the family history and see whether or not the friends are really reisted.

Citizens Make or Mar Success of City As Tourist Center, Secretary Declares

The citizens of Charlevoix can mske or msr the tourist's vacstion.

A satisfied vacationer means repeat business. An unhappy one will keep his friends awsy..

That wss whst S. E. Coleman told the Kiwanis Club Monday night. As secretary of the Board of Commerce, he defined that organization as "the medium whereby the City Council advertises Charlevoix."

He described the various methods used to do that. Included were folders, maps, hotel and room lists, colored pictures, news pictures, snd work through the County Chamber of Commerce and the West Michigan Tourist and Resort Associstion.

But sll of these, he pointed out, can be nullified by an unpleasant waitress, a discourteous rooming house or cabin operator.

We have one of the greatest of nstursl advantsges here in our lakes, he said, but to keep our tourist business we must give extra care and extra courtesy.

Midland Squad Beats Cleaners

Worn down by strength of numbers, the Charlevoix Independents last Saturday night lost to the Midland AC team at Midland.

The team was composed largely of former Dow Chemical stars. Using 12 men against the seven from Charlevoix, the Midland squad won 51 to 42. The score at the half was 24-23 and the Cleaners twice went ahead in the final period only to be nosed out.

Bob Carey was high point man for both teams with 13. Johnny Swanson and Bill Carey both played brilliant floor games. Midland is slated to play a return game at Charlevoix.

Wednesday night at Charlevoix the Independents walked over the Petoskey Elks 43 to 35. They led 17-2 at the first quarter when Coach Dean Davenport sent in substitutes to even up the game. King of Petoskey was high scorer with 18. Lusk and Meggison led for Charlevoix with eight apiece.

Church to Try New Dinner Plan

Something new in the way of Church dinners will be tried next Sunday by the Congregationalists.

Instead of making it an evening affair, members are to bring their prepared food before they come to the morning service and leave it in the basement. Immediately after the worship, the dinner will be served in the dining room.

Only 95 In Shade

A letter from Edward E. Allen at Sarasota, Fla., reports that it was 95 in the shade there Nov. 21, and that he hasn't worn a hat or coat since arriving on Nov. 10. He says the Ringling circus had just moved into the winter quarters.

Mrs. Harold Isaksen and three children, who have been visiting here for several weeks, Friday returned to their home in Sturgeon Bay, Wis.

Girl Scout News

Girl Scout troop 3 met at the City Hall Wednesday. We made Christmas presents for our mothers . We also talked about First Aid. We closed the meeting with songs.

Marylee Baker, scribe.

Two Petoskey Girl Scouts who attended the recent national Girl Scout Conference at Detroit visited the local Senior Girl Scout troop last week and related the details of the conference. They were Barbara Grisso, Mariner Scout, Susan McMullan, Senior Service Scout, also was here.

The Petoskey scouts were accompanied by Mrs. H. B. Reed, co-leader of the Petoskey troop and Mrs. Vinton Thompson, Senior service leader.

Later the local troop discussed Senior Scout Sunday when they plan to attend church as a group.

At the close of the meeting refreshments were served.

Others present were Mrs. Helen Richards and Mrs. Esther Bieha of the scout council.

Pat Mort, scribe.

Pastures provide more than one-third of the feed consumed by livestock in this country and a third of this goes to dairy cattle. Renovation of old pastures pays off in better grazing and higher milk production.

Grade Pupils to Present Annual Yule Pageant at School On December 21

The teachers and students in the Charlevoix Elementary school are busy these days rehearsing for the annual Christmas pageant, "Tha Christmas Angels," which will be presented at the high school auditorium Dec. 21.

C. A. Odmark and Mrs. Bertha Shetterly are in charge of the pageant assisted by the grade school teachers.

It tells the story of two angels who come to a small English village and speak to the people as they make their way to the church on Christmas Eve.

As the children come to the church with their gifts for the Christ-child they gather around Carl who promises to tell them the age-old story of Christmas. They also hope to see the Christ-child when he visits the village. They are repaid for their patience by seeing in tableaus the story of the first Christmas, "Shepherds Watching," "Shepherds with Angels," "Wise Men Following Star," and "The Madonna and Child."

The Kindergarten Rhythm Band, under the direction of their teacher, Mrs. Dorothy McRae, will open the program with a Christmas selection.

The two angels are played by Darlene Mason and Jo Ann Liston; John Connolly plays the role of Carl; the sisters are Sharon Belding and Dee Ann Geneit; herald, David Miles; girl with necklace, Judy Cunningham; Rich and proud lady, Harriet Hooker; rich girls, Jo Ann Roberts and Betty McDermott; workers, Kenneth Boss and Jack Stebe; poor children, Terry Davis, Charles Beeman, Beverly Kelly, Gena Archer, Ellen Towsley and Kathleen Fessenden.

Roberta Swanson is the reader. In the tableau scenes Donald Whitley, Harlan Smith and Clayton Walker are the shepherds; Dick Elzinga, Harold McClanaghan and Robert Mathews are the wise men; Quinton Walker will be Joseph and Susan Crump will play the role of Mary.

The pageant will open with a candlelighting ceremony with the following as minstrels: Laurian Sanford, Laurie Maltby, John Martin, Clara Harwood, Judy Dutcher, Judy Honeysette, Louise Broussard and Parris Halverson of the first grade; Gail Kelly, Eilene Arnold, Jimmy VerWys, Billy Morrow, Eric Arvilla, Rodney Ostrum, Sandra Ulrich and Evelyn Russell of the second grade.

Dance group, Mary Berg, Esther Boss, Donald Sheck and James Frye, Marilyn Bisin, Wanda Russell, Bob Mol and Stanley Harwood of the third grade.

Carolers, who also have speaking roles: Lucy, Connie Paul; Anne, Betty Berg; Mary, Marianne Kaskey; Bill, Tommy Erber; Rita, Phyllis Williams; Dick, James Novotny; Rose, Anna Pontius; Ella, Mona Davenport.

Other carolers: Marilyn Doyle, Joyce Cunninghsm, Barbara Smith, Carol Paul, Donna Ikens, Sandra Von Dohlen, Sonja Nordrum, Nancy Meggison, Marlene Lanthorn, Eleanor Hull, Bennia Lea Kipke, Janet Todd, David Clark, Bruce Stevens, Eugene Drost, Floyd Honeysette, Evert Pease, Leon Lee, Larry Swanson, Richard Russell and Bob Jolliffe.

The other school children will sing the traditional Christmas carols during the program.

The committees for the program are:

Publicity, Frances Milner; costumes, Mrs. Dorothea Badgar, Mrs. Bessie Coleman, Mrs. Elizabeth Trimble and Miss Milner; dancers, Mrs. Geraldine Goss; tableaus, Mrs. Ethel Courier.

Speaking parts, Mrs. Helen Richards; lighting, staga and properties, Mr. Odmark and Glenn Snider.

it. Then he built a form for concrete. The outside was composed of stoves from an old wooden silo, held together with the steel hoops tightened with a wrench. The inside was a sectional form. The steel door frame came from an old wooden silo.

Umlor, with the help of his brother-in-law, poured the silo in three eight-foot sections. Unable to get regular steel rod for his horizontal reinforcing, he bought steel cable and simply wound it around and around as he poured the concrete.

Hens Lay Lots of Eggs

Shown here is the form in position for the last pour, with the ingenious pole-and-coble hoist used for lifting the concrete bucket.

Across the rood on the old Haggerty farm Dan Haggarty has o flock of 1100 New Hampshire Red hens. For a time this fall they had a 75.80 egg production record, on outstanding average for any flock of that size. And to house them Dan and his father, Jerry, this summer and fall have built the 30 by 100 chicken house shown above.

Labor Saving Design

It isn't quite completed. More of the block insulating board is needed to finish the end. The ceiling inside still has to be insulated and the screen perches above the dropping pit still have to be assembled. But the building is up and the hens are clucking contentedly inside.

It is designed to be labor saving. Metal nests hang on the east wall. The outomatic drinking fountain with an electric antifreeze attachment is to be near the center, as are the feed troughs.

Running the whole length of the west side are the perches with the 5½ foot wide dropping pit underneath. The west windows, shown here, swing and the litter from inside the house can be pitched directly out through them into the spreader.

Daniel under the GI program has rented 18 acres of his father and this with 1100 hens makes his present farm project.

CHRISTMAS CAROLS CAME FROM THE DAHLQUIST STORE as I walked in. What a mob scene! Folks were taking advantage of the stock before it reached that "night before Christmas" stage. It was surprising how much one can purchase with a dollar bill. Little washers for children for their doll clothes; and hellcopters for boys. All kinds of books and 101 things that can be found in a store of this kind.

• • •

IT'S HARD TO CHOOSE WHEN THERE ARE SO MANY THINGS to find. In Wood Brothers I found fancy cake and salad molds. Only this is an all-in-one combination. Can't you imagine what joy a friend would get if you were to make a cake, wrap it in gay Christmas paper and deliver it Christmas morning to her. And then when the contents were eaten, she would have the mold for her own.

• • •

GOOD CHEER, GOOD WILL, GOOD FOOD. They add up to Merry Christmas, especially when the food is prepared on a modern range. Most dealers can assure pre-Christmas delivery if you order promptly and such beautiful models as are seen in the Charlevoix Gas and Appliance display rooms.

• • •

AT THE ARMY AND NAVY STORE I found a real treat for mothers who have to darn socks and dads and lads who wear them. One can buy six pairs of the beat cushion sole socks for $2.85. For the man on the farm, the man in the woods, the sportsman, here is a real answer to the sock question.

• • •

HAVE YOU BEEN OUT TO THE KIT CARSON LUMBER CO. since the new display room was installed? New kitchen units, anything electrical and otherwise. Electrical gifts are something the whole family can enjoy.

• • •

THOUGHT I WOULD INVESTIGATE A WIRE RECORDER at Cunningham's but the store was closed for the night. Another thing took my eye in the window, hand made clothes for youngsters from sizes 2 to 12. Prices ranged from $2.75 to $5.00 for the little handmade blouses, aprons and other articles.

• • •

AND GOLLY WHO WOULD-N'T enjoy finding a ham under the Christmas tree. A ham that would hit the spot for open house during the holidays. Campbell's and Supernaw's I am sure would wrap one up to a queen's taste.

• • •

And then there are other groceries in the neighborhood about town—Gebeau's, Goss', Staley's, Burns, and Russell's who would surely help to fix something for the Christmas tree or that stocking hung by the chimney.

• • •

I WAS LIKE A TEN YEAR OLD as I stood and looked longingly in at Fales window and wished, "Oh, make me a child again just for tonight, for I could go for the doll house. Made of metal, it would make a child just super-happy. Only $5.85.

• • •

DOWN AT THE CHARLEVOIX CARPET & FURNITURE they have a gift that would please anyone in the family—a hassock. There is a variety of colors and the hassocks are made of plastic leatherette so sonny could sit on it and not worry about getting mother's upholstered furniture dirty. They are priced from $4.95 to $15.00.

• • •

The Courier office looked pretty good with its light in the window after my tromp, tramp, tramp to all the stores. (Only hope and pray I didn't leave anyone out). And what have we to offer—sure, a letter from home for 52 weeks in the form of The Courier. (Or to yourself so that you will know what is happening) A gift card is sent out with each subscription for a gift.

• • •

Know one thing, I am going to join a Christmas Club again at the bank. My few pennies during the last year helped me a lot this Christmas.

• • •

Well, happy buying and a MERRY CHRISTMAS.

—The Shophound.

30 Team Workers At Kick-Off Session

Thirty team workers attended the kick-off meeting of the County Farm Bureau Monday night at the Marion Center Hall.

Al Swanson, roll call chairman, presided. Loren Black, state organization director, spoke briefly.

After the business session, lunch was served.

Good things to eat at the Rebekah Bake Sale, Saturday, Dec. 11, at Brown Motors.

Farm Legislative Program Outlined At Northern Session

Four members of the Veterans On-the-Job training program and their two leaders last Friday were among the 100 Northern Michigan Farmers who attended the second annual Legislative meeting sponsored by the Agricultural Planning Committee at Gaylord.

They were Bob Straw, Lloyd Cummings, Charles Svoboda, Franklin Cellner. The leaders are Ellsworth Besemer and Floyd Ayers. Twenty-one of the northern counties were represented.

Director Charles Figy of the Department of Agriculture discussed the work of his department. The proposed Northern Michigan Community College was explained by Wesley Hawley. It is being sponsored by the Planning Committee.

Other speakers were Guy Springer, district man for the Soil Conservation work; Prof. Howard Rather, head of the Basic College at MSC; Stanley Powell, legislative representative of the Michigan Farm Bureau.

Jack Linde of the national Farm Bureau told of his work during three years in western Germany with the U. S. military government. He said the Berlin airlift is successfully combating Communist influence, which is losing ground in West Europe.

Legislators at the meeting who spoke briefly were Cong. Charles Potter, Cong. Albert Engle, Senator-elect Frank Andrews and Rep. Harry B. Wren.

Breeding Group to Elect Two Directors Friday

The Boyne City Artificial Breeding Association will hold the annual meeting this Friday evening at the Boyne City high school.

All members of this Association may bring any neighbors who would like to understand how this Association operates.

The program will include a opening address by the president, Clayton Healey. Curtis Nieloy, Inseminator Manager, will give his report. The treasurer's report will be given by Harry Smith. Among the new business will be the election of two directors for three year terms. The two directors whose terms expired are Bob Reidel and Peter Winniek. The nominating committee has nominated the following members: Bob Reidel, William Blekkenk, Peter Winnick and Lester Umlor.

The main feature of the program will be a discussion and talk by Dr. Glen Reed, Extension Specialist in Animal Pathology from Michigan State College.

The Antrim-Charlevoix Artificial Breeding Association meeting will be held in the afternoon at 2:00 p. m. at Ellsworth. Those who are unable to attend the Boyne City meeting will be welcome at Ellsworth in the afternoon.

Training As Technician

Pfc. Richard Donaldson, son of Mr. and Mrs. Bruce Donaldson of 224 Antrim, is now training as an Air Force Technician at Ft. Francis E. Warren near Cheyenne, Wyo.

Damage done by the European corn borer last year is estimated at $97,000,000.

BADGERS

The badger is not a common animal as far as Charlevoix county is concerned. We find him every so often though and last summer we came upon two different dens that raised young badgers.

The heavy clawed, front feet of the badger are much like the bucket on a steam shovel. These front feet make the badger a very efficient digger. Seldom can a dog dig a badger out. When a badger wants to dig he will compete very well with the star-nosed mole, and there's no animal that knows his way around under ground any more than the mole. The badger would make an excellent post hole digger if one could direct his digging ability.

The pelt of the badger is a beautiful, silvery grey. The hide is tough and strong and makes a fine small rug that can be used for coats, etc. The hair is also used for shaving brushes. There is no other material like it for that purpose.

Some years ago a conservation officer brought me a tiny baby badger. We named him "Bill Brock" for no particular reason and he became a most unusual pet. We had to bring him up with an eye dropper and a bottle, feeding him warm milk, mixed with lime water and corn syrup. After he stopped eating milk, he would eat almost anything. It was most unusual, though, the way he could find the nest of a turtle, since turtles lay their eggs in the sand and bury them often to a depth of six or eight inches—but "Bill Brock" could find the nests everytime and was he fond of them. I presume that all badgers eat a lot of turtle eggs for often around a sand bank, near almost any lake, you will find the destroyed nest and the egg shells.

It didn't take "Bill Brock" long to adapt himself to civilization. There was a box in the kitchen with straw and grass in it and he would sleep there soundly every night. After he grew up he dug a hole under our guest house and spent most of the night there. But during the day time, he was always around or t would go out doors, "Bill" was always ready to go along with us, wherever we were going, and once be followed me over two miles.

That fall when we got ready to move south for the winter, we gave our tame badger to the Traverse City Zuo where he lived for a number of years. Con Foster, who took care of the Zoo there, once told me that he never had an animal that created such a lot of interest as did "Bill Brock." But one winter Bill got pneumonia, and he didn't last too long then before he joined the other good badgers.

The average cow produces barely 5,000 pounds of milk and 190 pounds of fat a year. Cows raised by dairy herd improvement groups have produced upwards of 8,000 pounds of milk and 340 pounds of fat . . . daughters of sires used in artificial breeding groups average about 10,580 pounds of milk and 430 pounds of fat in a single year.

Services Are Held for Edward O'Neil

Funeral services for Edward O'Neil, 72, retired lumberman, who died Saturday at the home of his brother, Amos O'Neil, were held at the See Funeral Home at 2 p. m. Monday with Rev. W. D. Wood, officiating.

Burial was in the Brookside cemetery. He had been in failing health for six years.

Mr. O'Neil was born at Mt. Forest, Ont., on June 11, 1876, and came to this community as a boy. He was a lumberman and for many years was a foreman for the Buckeye Lumber Co., at Gladstone. He has always made Charlevoix his home when not working in the woods.

He is survived by two brothers, Amos and John, of Charlevoix, and a sister, Mrs. Jane Morris of Flint.

Air School Graduate

Pfc. John B. Eccleston has been graduated from the Air Force Communications school at Scott Air Force Base in Illinois. Before going to Scott he had his basic training at Lackland Air Force Base, Texas. He is the son of Mrs. Anna A. Eccleston.

Why Hudson Beauty
is more than "skin-deep"

The modern design for '49

The New Hudson—the first and only car you step down into—achieves true streamlining and today's lowest silhouette as the natural result of a basically new design principle available in no other type of automobile!

Every time your eyes linger on a New Hudson, you are admiring beauty as genuine as nature at her glorious best!

For this stunning streamliner has fresh styling that begins deep inside the car with a recessed floor which is the key to the "step-down" design—the exciting idea that opens up new opportunities for genuinely beautiful lines!

Yes, for years it has been widely known that the lower a car can be built, the more beautiful it will be, the better it will ride and handle.

But whenever men have sought to create the ideal in low-built motor cars, *without lowering the interior floor*, they've had to keep top lines high to preserve inside head room, or reduce inside roominess to get top lines down—an unsatisfactory compromise in either case.

And even with compromises, no car has ever matched the glamorously low silhouette Hudson brings you today!

This is because Hudson—and Hudson alone—has a recessed floor in an exclusive, all steel Monohilt body-end-frame* which makes it possible to build the lowest car on the highway—just five feet from ground to top—but with *more* head room than in any mass-produced car built today!

The exciting, more than skin-deep beauty of the New Hudson is the natural result of this basic "step-down" construction, which is so right it frees the designer of the need for makeshifts in styling.**

We cordially invite you to see and drive the New Hudson. You'll quickly sense that this car is so far ahead it's a *protected* investment in motor car value.

THIS NEW HUDSON comes to you WITH NO "EXTRAS"

Rayders to Meet Pellston After Winning Twice

(Continued from page one)

and Martin, with Shadko and Wallace as frequent substitutes.

Shooting Is Poor

It was Case who starred against the Class B boys Saturday, scoring 19 points and dropping in three of five overtime points. Fairbanks, despite a slight strain from the Gaylord game the night before, did the second best job of hitting the basket. Team play right through was good, defense was excellent, but the boys missed a good five out of six shots, and thereby almost lost the game.

It was a nip and neck affair from the start. Scores by quarters were 6-5, 17-18, 26-23. Then in the fourth quarter Petoskey got 11 points to the Rayders' 8 to tie the score at 34. Hardy and Martin both went out on fouls, as did Potts, Petoskey's top marksman.

Case, Wallace Score

The Reds went out determined to keep possession of the ball as their best strategy. Case dropped in a free throw. Mathews of Petoskey hit the loop on two free throws.

Then Wallace sank a long one and Case cinched the deal by dropping in another two points.

In the preliminary the Little Rayders were defeated by four inches of height. Playing the faster and harder game, they simply could not compete with a squad which could capture the ball most of the time under the basket. The score was 22 to 36, with Petoskey's Reserves leading all the way.

Krahnke was high man with seven points. The starting lineup was Donaldson, McFarland, Krahnke, Cunningham and Ketchman, with Suomela, Ward, Bowman and Bryan on the floor a lot of the time.

Charlevoix got on unusual assist from Robbins of Petoskey, who scored one for his side, followed the play to the Charlevoix end, and then after capturing the ball dropped it in to count two for the Rayders. The perfect host.

Win 34 to 22 at Gaylord

Charlevoix looked like a different team at Gaylord Friday from the one which faced East Jordan a wee kearlier. Coach Ray Kipke tried a different starting lineup with Case at center and Don Smith at guard. However, Fairbanks, Hardy and Smith were shuttled in and out all through the game. One surprise was the heads-up fighting game the latter played.

The first quarter was neck and neck, ending 6 all. In the second period the Rayders pulled ahead, scoring 10 points to Gaylord's 4. The third period again was even with the visitors getting another 10 in the final quarter. The boys also showed up much better on fouls, only 13 being called on the whole team. The box score was:

One of those freak things marked the game of the second team at Gaylord. The Reserves won by the same score as the first team. It looked like Gaylord's in the first quarter, but in the third the Little Rayders definitely took over and walked off with the game. The box score:

Thomas Belding Rites Are Tuesday

Thomas L. Belding, 90, retired railroad auditor, died Saturday at the home of his son, George Belding at Garden.

Funeral services were held at the See Funeral Home at 2 p. m. Tuesday with Rev. Gaylord Howell officiating. Burial was in the Brookside cemetery.

Born in Potter county, Pa., on Nov. 24, 1858, Mr. Belding came to Michigan as a child. For many years he was an auditor for the Pere Marquette, Pennsylvania and the D. S. S. & A. in the Upper Peninsula. He retired about 25 years ago and for the last 20 years has lived in Charlevoix with his son, Archie C. Belding. He had gone to southern Michigan early this fall and had returned to Charlevoix for his 90th birthday and Thanksgiving.

He was a member of the B. P. O. E. and the First Presbyterian church in Petoskey.

Besides two sons, Archie C. of Charlevoix and George of Garden City, he is survived by a brother, D. A. Belding of Grand Rapids; six grandchildren and nine great-grandchildren.

Mrs. Mindel Hurt As Car Overturns

Mrs. Lou Mindel, of RR 3, Charlevoix, suffered a severe head laceration, a fractured arm and shock in an accident on old US-31 near the Superior road about 9:30 Saurday morning.

The accident occurred when the 1938 Buick coupe she was driving hit a slippery spot on the road and overturned. Passersby assisted her from the car and called an ambulance which took her to the Little Traverse Hospital where she was treated.

Chief of Police Clarence Heise investigated.

The smallest turkey crop since 1938 is on hand for this year's holiday tables according to the USDA. Farmers are raising 31,710,000 birds, they say, which is 10 per cent under last year.

And Now -

A Larger, Better Service For You

Back in 1898 Benjamin Brown started business in a 15 by 24 foot building where the Parkside Restaurant now stands. From that one room harness shop, the business has grown until it occupies the Brown Building across the street, with 100 feet on Bridge street and extending back 200 feet.

Ten years ago Brown Motors, Inc., was organized by Benjamin and Ella Brown, the two sons, Floyd and Lewis, and the two daughters, Laura Courier and Irma McCartney.

ONE CORNER OF NEW SERVICE BUILDING

Since 1924 Benjamin Brown has been the Dodge dealer, and sold Dodge and Plymouth cars, Dodge trucks and accessories.

This year, to handle the constantly growing business, Brown Motors have built a new Parts Room, 25 by 40. Just completed is the new 70 by 50 service building facing Mason street, capable of handling large trucks and buses as well as cars.

Welfare Fund Asks Cooperation of All Citizens

The Charlevoix County Chapter of the United Health & Welfare Fund plans to have its drive the latter part of January or the first of February for national and state health and welfare organizations.

The county chapter hopes to included all worthy agencies in the one drive so that citizens will not be asked to give nor solicit repeatedly. Evpense, annoyance and duplicated effort will be saved by this program.

The Fund hopes to include in this one campaign such causes as tuberculosis, polio, Red Cross, USO, Crippled Children, Children's Aid, Heart, Cancer and similar funds.

Directors of the Fund are asking the cooperation of the public in putting this new plan across by telling any solicitor that all giving is done through the United Health and Welfare Fund. This applies to Christmas seals, and all other fund raising. Money for such purposes can be given in the single January drive.

After this year, the Community Chest campaign and the Health and Welfare drive will be combined into one.

How Many Desks Will Be Empty?

In the next few days — schools throughout the country will be closing for the eagerly awaited Christmas Vacation period. Youngsters will be on the streets — sliding — going to the skating rinks — harrying downtown to finish their Christmas shopping. Will they remember to stop, look and listen before crossing the street? No driver can afford to take a chance — never assume that a child will do the right thing. Watch out—every minute—every second for the youngster who may dart in front of your car. Make it a safe vacation—make sure that you will not be the cause of any empty desk when school reopens at the first of the year!

Bad winter weather — ice and snow are serious accident hazards. Last year, the weather was rainy, foggy or snowy in one out of every seven fatal accidents. Take every precaution possible to insure good driving vision — to make sure that you will not kill or injure a child.

What are these precautions? Check your windshield wipers—defrosters—lights—to be sure they are in good working order. Use your tire chains when the streets are snowy and icy. Check your brakes — to be sure that you can atop in time. And . . . discuss safety precautions for pedestrians with the children in your family. Teach them safety — and practise it yourself. Don't let Death take your holiday — make yours a Merry Christmas and a Safe One!

Salt in Hot Weather

Extra amounts of salt taken during hot weather replace the amounts lost from the body in perspiration and reduce the chance of heat exhaustion. Excessive amounts of cold water increase exhaustion and will be more apt to bring about heat strokes.

1948 Oat Yield Trails

Each year many oat varieties are tested at the Experiment Station in East Lansing to determine their probable usefulness to Michigan farmers. Two years ago, to determine how well new varieties are adapted to various regions of the state, Michigan State College inaugurated the overstate tests with plots located in five counties—Lenawee, Kalamazoo, Kent, Saginaw and Otsego.

Kenneth Frey of the college farm crops department says we can draw these conclusions from the 1948 trials: (1) Eaton and Clinton continued to prove themselves. 2) Mindo may have a place because of its earliness. (3) Kent and Bonda are the most promising new oats. (4) The prevalence of "Victoria blight" makes it bad business to grow any oats with Victoria breeding in its background.

Frey feels that Kent and Bonda were outstanding in this year's trials. Kent has high test weight and it will do well on Michigan's lighter soils. It is resistant to all of the important forms of stem and leaf rust. It is medium in maturity and height. This year it yielded slightly better than Eaton and had a much higher test weight. Bonda's outstanding feature is high test weight running up to as much as 39 pounds per bushel in Ingham County.

Stop at the County Extension Office for a source of certified seeds for oats, barley, field beans and corn.

Urge Farmers to Place Chick Orders

If you're keeping poultry just for the noise they make at daybreak to woke you up, it does not matter. But, if you keep the hens around to make you a little money, Howard Zindel, Poultry Specialist at Michigan State College, has a word of advice for you.

The highest egg prices are July to November. Early hatched chicks mean early producing pullets. Remember that it takes an average of about six months from hatching time for pullets to get into production.

January hatched chicks start producing in July when the egg prices start up. May hatched chicks are ready to lay just as prices start down. Zindel suggests you place orders now for your early hatched chicks and prepare to cash in on high egg prices next summer.

Shares Small When Land Is Divided

Ever wonder just how much cropland you would have if the nation's supply were equally divided?

Officials of the U. S. Department of Agriculture have supplied an answer. They say that if American cropland were fenced into equal shares, your plot would be smaller than three football fields. Only about three acres. And that share is shrinking, too. In 1920, it would have been about four acres. They estimate that if our population grows as we expect, your share by 1970 will be reduced to about two and three- fourths acres.

Oil has always been a subject for controversy . . . and because it is a commodity which affects the performance and cost of motoring, the public should know exactly which oil will best serve their individual needs. Oil chemistry gives scientists the answer but the average driver needs a simpler method. Your speedometer is a reliable guide to the selection of a safe oil. For those who rarely drive over 55 m.p.h. our R.O.C. oil gives excellent results . . . but for high, sustained speeds always get Northland motor oil. It is just that easy to be sure.

MUCC Meeting Will Bring 1,000 Delegates to City

(Continued from page 1)

men to serve on the committee: S. E. Coleman and Scott L. Wilson of Charlevoix, James McCann of St. James and William Underhill of Boyne City.

Charlevoix will have four major responsibilities, Swinton says.

The first is to arrenge for housing and feeding the delegates. Reservations will be made, he says, in the order in which they are received.

Second duty is to operate a headquarters at the Belvedere hotel which will require a staff of four to six persons.

Third is to have a group of Charevoix citizens serve as hosts during part of the time or all four days. Their work will be to answer questions, act as guides, arrange for any special activity an individual or group wishes to undertake, and seek to iron out any difficulties.

Fourth, and perhaps the most important of all, is to plan and put through a program of organized entertainment for the delegates.

Several things already are being considered for this last. Naturally, there will be the regular program of meetings and business sessions. But along with these, most of the delegates want to have to good time and see what this section of Michigan has to offer. As was pointed out Thursday, this is Charlevoix County's opportunity to build good will for years to come.

Ideas suggested already include fishing, a tour around Lake Charlevoix, a possible trip to Beaver Island, canoe trips down the Jordan River, a tour of Charlevoix's homes, a beach party, skeet shoots, and trips on Conservation and fish tugs on Leke Michigan. Swinton emphasized that the more ideas submitted, the better job of entertaining Charlevoix can do.

It is planned to have a number of stores designated as MUCC hosts. These stores must volunteer to supply information, help visitors in any way possible, and help act as convention hosts. In return, they will have banners or other signs given them showing they are cooperating.

Delegates will be told of the plan and advised to make use of these business places. Businessmen wishing to help in this way can give their names to Swinton.

State Expects More Fishermen

Next year will be a record year for fishermen in Michigan, according to the Conservation Department.

It is getting ready for them by ordering 1,180,000 resident licenses, 250,000 temporary non-resident and 250,000 annual non-resident. That is a total of 1,600,000 licenses. This year the licenses sold come to just over a million.

Non-Partisan News Letter

By Gene Alleman
Lansing Observer for
Michigen Press Associetion

LANSING—Governor-elect G. Mennen Williams has a tough job on his hands.

As a Democratic governor, succeeding the crusading Republican Governor Kim Sigler, he will have a Republican dominated administrative board and a Republican dominated state legislature to work with. He favored retention of the sales tax amendment which diverts 76 per cent of the sales tax revenue back to home government, yet he will face a prospective deficit in the state treasury at the end of the coming fiscal year unless new or higher taxes are imposed hy the legislature.

The budget problem alone will call for a miracle.

Ironically enough, the man who counseled Governor Sigler on reforms for state government is slated to be replaced by the governor-elect. It was the conviction of John Perkins, controller who heads the new department of administration, that Michigan's 100-odd state agencies should be streamlined whereby the governor could be held responsible for the success or failure of their performances.

Centralization of authority in the hands of the governor—yes, that was the conclusion as voiced by Mr. Perkins, himself an able and competent person in his field.

Only by placing authority in the hands of the governor, the power to hire or fire the heads of leading state departments, would the State of Michigan achieve direct responsibility, so Mr. Perkins reasoned.

Quoting from a recent paper prepared by Mr. Perkins: "The cry of 'too much centralization' has been raised without seeming awareness that government has really centralized in Washington because there has not been more intregation in the state capitols."

The present state controller sees clearly that "acute fiscal difficulty" is just ahead for the State of Michigan and that "a deficit of millions of dollars" appears now to be inevitable. Higher taxes are now freely forecast for our federal government. The same logic, applied to Michigan, would bring a parallel conclusion.

If retail sales continue their present decline, state sales tax revenues will soon start to fall. It looks like the time of reckoning may not be far off.

Pomona Grange Will Meet At Peninsula

Next meeting of the Charlevoix County Pomona Grange will be at the Peninsula Hall Dec. 16.

There will be a potluck supper served at 7:30 p. m. Ed Rebman, county agricultural agent, will speak. The members of Peninsula Grange will give a one act play and plans for the 1949 Grange program in Charlevoix county will be worked out.

Still a Small Isle

Britain is one fortieth the size of the United States. Including England, Scotland and Wales, it is the largest island in Europe.

Road Directors Favor More Tax

More tax money to keep up our highway system, and let the autoist and trucker pay for the upkeep is the program advocated by the road commissioners of Northern Michigan.

Representing the 22 northern counties in the Lower Peninsula, the men met in November and did a little resolving.

They pointed out in the resolution that travel is increasing. So are wages; material and other costs which have doubled. The Federal government has earmarked four millions for Michigan if it is matched by state and county highway departments.

In view of these things they ask the Legislature to boost the gas tax two cents a gallon and to double the present weight tax on heavy duty commercial trucks and buses. In addition they favor adding ten cents a hundredweight on passenger car taxes.

From where I sit ... *by* Joe Marsh

Yes Sir, Insomnia's Contagious!

When Bud Swanson had trouble sleeping nights, and tried to get over it by turning up the radio full blast, he started an epidemic of insomnia all down the block!

Folks finally dropped a hint to Bud that he close the windows or turn the radio a little lower. Bud did—and that was the quickest cure for *other* folks' insomnia I've ever heard of!

Not that any of us object to the radio, or swing bands, or anything else that helps another person relax of an evening. (Myself, I like a glass of beer with a bit of cheese before I go to bed. I can't speak for *you.*)

From where I sit, good neighborliness means nothing more than simply respecting the other person's tastes and rights—without forcing your own tastes or opinions down his throat. And that goes for Bud's radio, my glass of beer, or whatever temperate pleasure *you* happen to enjoy.

Are you and your family protected against rising hospital costs?

Chances are 1 in 4 you or a member of your family will have to go to a hospital this coming year!

The cost of hospital eare, like everything else, has gone up. Think of the bills you pay at home—most of them larger today than ever. Virtually every item of expense in a home—food, supplies, maintenance and wages—is duplicated a hundred-fold in a hospital. To go to the hospital today costs far more than it used to—over 98% more in typical cases since 1941.

BLUE CROSS—Michigan's most widely used health plans . . . best possible protection at the lowest possible cost. 1,500,000 people in Michigan are now protected hy the Blue Cross Plans so that they will not be faced with the catastrophic cost of illness. Blue Cross provides the greatest possible protection at the lowest cost because it is a non-profit organization operated by Michigan'a hospitals and doctors themselves.

No other health-care plans offer so mueh for so little

For only pennies a day, you and all enrolled members of your family can be protected now and whenever sickness might strike in the future. *Regardless of what the hospital charges may be, Blue Cross pays the hospital bill* in full for a hroad range of Blue Cross services to which you are entitled when a bed patient in a participating hospital. And Blue Cross Medical-Surgical Plans give *added benefits* for surgical operations and doctor's calls at the hospital.

BLUE CROSS PAYS FOR ALL THIS

Hospital Plan Pays up to 120 full days of hospital care per disability for Ward or Semi-Private accommodations. *No cash limit* for maternity care (after nine consecutive months of membership) and auch extra services as general nursing . . . meals and special diets . . . operating room . . . drugs (incl. Penicillin and Streptomycin), dressings, use of radium when furnished by the hospital . . . anesthesia . . . laboratory . . . many other features—whon a bed pationt in any ono of the 160 participating hospitals in Michigan which operate the Blue Cross Plan. Liberal allowance toward your hospital bill in non-participating hospitals.

Surgical Plan Pays atated amounts for over 370 surgical procedures . . . maternity care (after nine consecutive months of membership) . . . up to $15 per year for diagnostic X-rays . . . emergency operations.

Medical-Surgical Plan Pays (in addition to surgical benefits) stated amounts for doctors' bills when hospitalized for reasons not requiring surgery.

Talk over with your employer how *your* company can provide this protection for you

Blue Cross is available to employed people, without *physical examination* or health statement, through the group enrollment plan. Aak your employer to contact the nearest Blue Cross office for full details.

Santa to Fly Here to Meet Youngsters

The Tow Line

News of folks, your neighbors and mine . . .but did you know that—

The Harry Binghams and the Bill Ratigans were among the first folks in town to get their Christmas trees in their homes up and lighted. (Will be lucky if ours is up two days before Christmas). . . . A Christmas note from the Wilbur Clines say they are enjoying their winter in the Rio Grande valley. Harlingen is about in the center of the valley so a ride in any direction takes them through citrus orchards and even larger fields of growing vegetables. Then Mrs. Cline adds The Courier is eagerly looked for each week by all of them, including Robert Sloan, and read thoroughly . . .

The last minute shoppers are about to start and hove as their wail, "Oh, dear, what shall I buy?" . . . How busy many folks are this week putting the finishing touches on home made toys and dolls so they will be ready for that night before Christmas. And have you looked carefully at the doll house collection of Mary Feindt's in the Abstract office. Surely Mary has a rare collection of doll furniture, the tiny pewter dishes and antique objects that harken back to days of our grandmothers. The dull house is a reol study . . .

It was really birthday congratulation time for Mrs. Kate Burns last week when she received a letter from President Truman on her 05th birthday. A party, a huge basket of gifts and cards surely made her day a happy one. . . . John Struthers was wearing a happy smile last Friday morning. A few hours before it had been anything but a smile, however. He had lost his pocketbook and in it was $55.00. He retraced his steps back to Dahlquist's Store and sure enough, some honest soul had found it and turned it in at the office . . .

You should see the fever of excitement up at school. It Is Christmas cantata time and the youngsters in the grades are getting in preparedness for next Tuesday evening, when it will be given. And the next day school is out for Christmas vacation! . . . What a din ond noise we will hear on New Year's Day when we listen to the Rose Bowl game if Northwestern gets the 2 or 3 thousand cowbells that they have asked for for their special brand of noisemakers for the big day . . .

Mr. and Mrs. Glenn Allen of Cheboygan were here for the funeral of Rebecca Brow . . . Word has been received from Detroit that Mary Frances Zeitler, police woman, has now been made Woman's Editor of "Tueb-or", the Police Newspaper . . . Wonder if we will have a white Christmas. Looks more like we should be getting ready for early Easter . . . Just turned the corner at State street Sunday morning when methought I saw the Lysle Ances going up toward his brother's home. Back from their honeymoon, no doubt . . .

So sorry to learn of Mrs. Ruth Dougherty's accident Saturday when she fell in her home and broke her hip . . . Have been reading such interesting articles lately about birds being passports to friendships and getting acquainted with them. A bird station pays big dividends. Supposing you know just the sparrows and the robins. Some morning you will discover that others have found your feeding place and the sight of a cardinal on a stormy, gray day will bring you real dividends of happiness.

Mr. and Mrs. Gordon Dennis and children visited her sister and brother-in-law, Mr. and Mrs. Clare Staley at Frankfort . . . Georgia Gloster expects to leave Thursday for Detroit where she will spend the coming holiday season with her son and family.

From there she plans to go on to New York where she will be for an indefinite time . . . The Stewart Henners have been having a strange indoor sport, skunk hunting. It seems that some playful skunk moved beneath their house ond a merry, smelly time has been had by all.

A house owned by Red Baatz on Garfield Street is being torn down to be replaced by a new one.

Club's Game Supper Is Set for Jan. 6

Friday's Games Can Bring Big Tie-up in League

Friday night may see the Class C basketball race knotted up in a three or four way tie.

After Charlevoix beat Harbor Tuesday, Boyne leads the field with the Rayders, Harbor and East Jordan tied for second honors. Friday night Charlevoix goes to Boyne City with hopes of toppling the undefeated leaders. Harbor likely will trounce Grayling. East Jordan ond Gaylord should provide a reol fight. If Charlevoix, Harbor and East Jordan all win, the four teams will be tied at 4 and 1.

Tuesday Charlevoix gove its fans a ease of first half worries at Harbor, but came back as usual in the final periods to beat the aspiring Rams 48 to 26. The score at the half was 17-17.

The team lacked aggressiveness at the start and evidently it took 16 minutes of play to get warmed up. But once it got to rolling, Harbor hadn't a chance.

City Cagers Will Play Four Games During Holidays

An ambitious schedule of four hot games has been lined up by the Charlevoix Independent basketball team for the Christmas holidays.

It is:

Rogers City, Monday, Dec. 20; Traverse City, Thursday, Dec. 23; Bay City, Tuesday, Dec. 28; Alpena, Thursday, Dec. 30.

All games start at 8:30. The city band will play before the games and between halves.

Besides the regular lineup, four or five former stars will be back and on the squad. Bob, Bill and Keith Carey are expected to play in all four games. Jeannie Hardy also will be back and Don Carey also may be here for one or all the games.

Last Wednesday night the Michigan Cleaners team did a double header clean-up on two quintets. The Petoskey Hollywoods lost 38-20 and the Boyne City CIO, 30-19.

The Charlevoix Independents defeated Harbor Springs at Harbor Monday night, 42-35.

Bob Carey was the high point man with 11 tallies. Frequent Charlevoix substitutions helped to keep the score down and the game more interesting.

Co-Op Reports $17,284 Profits, Elects Directors

Members of the Charlevoix Co-Operative Co. Monday night at the annual meeting learned they were $17,284.30 better off than a year ago.

That was the net margin on a total operation of $224,211.31. Gross profits were $41,170.59 and operating costs of $23,895.29 left the $17,284.30 net. This will be distributed to the patrons: $13,637.97 in patronage refunds payable in capital stock; $1,948 in dividends; and $1,699.33 added to the reserve.

One new and three present directors were elected. Kenneth Sweet takes the place of George Block. Rowley Williams, Jasper Warner and Leonard Babel were reelected.

It was suggested that no director be eligible for reelection but the meeting turned down the proposal. The merger of the poultry cooperative with the older company was discussed at length.

The annual report showed a net value of $70,555.91, of which $41,930.08 was in current assets such as merchandise.

- John Huitsing of Grand Rapids spent the week end with Mrs. Huitsing who is assisting with the care of her father, William Drenthe at the home of Mr. and Mrs. Ed Boss.
- Earldean Stephens left Thursday for Detroit where he has accepted a position at Hudson Motors.

Grade Pupils to Tell Christmas Story in Acts and Tableau

"Is this the church where the Christmas service is to be held?" Carl, played by John Connolly, is asking the Christmas angels in the pageant to be presented by the children of the Charlevoix Elementary school at the high school gymnasium at 8:00 p. m. Tuesday, Dec. 21.

The angels in the Christmas play are Darlene Mason and Jo Ann Liston. More than 400 pupils of the first six grades will take part in the play.

A feature nf the presentatinn, which is under the direction of C. A. Odmark and Mrs. Bertha Shetterly, are the tableaus depicting the first Christmas. Other grade school teachers are assisting in the presentation. Mrs. Leonard Burns will he the accompanist.

Charlevoix School Puts On Good Show At Games

Sey what you will, the Charlevoix school puts on a good show at the basketball games.

The new Reserve Cheer leaders with their white sweaters are en innovetion. They are Sara Coleman, Janet King, Mery Alice Lagerman, Colleen Reed.

The baton ect is colorful. The twirlers are Betty Gill, Katherine Clark, Betty Warner and Pat Jabolinski. And the band with Clarence Odmark directing edds a lot.

CROP to Seek Whole Carload of Sweet Stuff

A whole carload of honey to help fight starvation in Western Europe has been set as the goal for Charlevoix County in the CROP drive.

Sponsored by farmers, CROP seeks to collect non-perishable food, and send it to Europe where it will be controlled and directly distributed through local churches. This method, it has been found, safeguards against the food going astroy or being used in black markets.

Gifts of other commodities than honey will be accepted just as readily. But these other products will he sold or traded and the money used to buy honey.

Yule Rush May Flood Postoffice

As usual, the post office is beginning to feel the Christmas rush and fearing the last minute shipper.

Conditions this year will be worse than last, the Department says. Normal volume is higher than ever before and when the usual last minute jam arrives—

Well, there will be a lot of Christmas presents which won't arrive until after Santa has been there.

Ironton Group Has Christmas Party

The Ironton Farm Bureau enjoyed a Christmas party and turkey dinner at the Arlo Wickersham home on Michigan Avenue Thursday evening. There were 19 members present and prizes for games were awarded to Albert Carlson ond Mrs. Leonard Babel. Fred Willis was voted the champion turkey eater. Gifts were exchanged.

Ron Abfalter Heads Masons

Officers for the coming year were elected Tuesday night by Charlevoix Lodge, F. & A. M.

They are: W. M. Ronald Abfalter; S. W., Tom Carey; J. W., James Hiller; S. D., Sander Halverson; J. D., Lee Barker; secretary, Bradford Foster; treasurer, Ernest Hiller; trustee, Bonnie Nickerson.

Scouts to Pick Up Magazines, Papers Saturday

Newspapers and magazines are wanted by the Boy Scouts who will collect them Saturday.

A market has been found for the paper and the money derived from the sale will go to help the Troop here buy items needed to carry on its work and its camping activities.

Only newspapers ond magazines can be picked up. They must be either tied in bundles or else packed in cordboard cartons so they will not blow and litter up the streets while being hauled on the truck.

Harry Hooker has donated the use of space in his building for storing the baled paper.

To help in the drive, citizens are asked to have the bundles or boxes on their front porches, or if the day is good by the eurb so the Scouts can pick them up quickly.

Liquor Hearing Is Called Off

Individual conferences with those selling liquor, beer and wine here in Charlevoix will be held by the Council members.

Originally it was planned tu hold an open public hearing but so much antagonism was generated on the issue that the Council felt more harm than good would he done. Consequently the scheduled meeting was called off.

The goal sought is a self-imposed control of liquor selling which will take care of the public demand with the minimum harm to public welfare.

Coming Events

Dec. 16—B. P. M. circle will meet with Mrs. Abe VerWys on Antrim st. at 8 p. m.

Highway Board To Investigate Operating Ferry

Whether or not Charlevoix continues to hove a free ferry at Ironton, or a toll ferry, or even not a ferry at all will be decided next January when the Supervisors meet.

Decision on the ferry was postponed until then Monday afternoon at a joint meeting of the County Road Commission ond the ferry committee of the Supervisors. At that time the Commission will submit a detailed budget on what it believes it would cost to operate the ferry and the terms under which it would take it over next spring. The Board can accept or reject the proposition then.

Costs Taxpayers Too Much

The whole trouble is that the ferry is costing the taxpayers of Charlevoix County too much. Last year the bill was nearly $0000, and as one of the Supervisors remarked: "That's too much for that kind of advertising."

The Supervisors present were Chairman Arthur Bergeon, George Haggard, Talmon Brndy, Howard Stephens, Barney Milstein and William Sanderson. The Commissioners are Angus Fochtman, Lyle Wangemann and Sam Rogers.

The Supervisors asked the Commission to run the ferry. The Commissioners said it merely would be odding one more headoche tn the present oversupply. Sanderson pointed out at length the many troubles and problems they would have if they did occept the job—such things as winter road across the ice, mounting costs, kicks from the public.

No Road Across Ice

Two things the Road Commissioners stated flatly:

There would be no attempt made to open or maintain o road across the ice. Instead, it would be made plain that such crossing was entirely at the individual's risk. The danger and public liability of an ice crossing is too great, they said.

The other thing was that there would have to be a toll charged.

Poll Is Teken

At the request of the Supervisors, each of the road men expressed his opinion.

Wangemann said he was in favor, if the Board would underwrite the deficit. Rogers said they had sn many headaches now one more was all right. But Fochtman balked. He said that was asking the Board to write a blank check, and the Commission to grab a bear by the tail.

Accepft Fochtmen Plan

Fochtman said that the Commission first should check into all the facts it could and prepare a budget for the first year's operation on what it believed the job would cost. This would include depreciation, modernization, fuel, labor.

After another 25 minutes of talk, this idea was accepted.

Gene Bridge Returns from Service In Italy

It will be o jolly Christmas at the Bob Bridge home this yeor for their son, Gene, who has been in Italy and Trieste for the greater part of the past three years, is now home, discharged from the Army.

Mr. and Mrs. Bridge went to New York oround Thanksgiving time and then waited a week until Gene received his discharge papers. The family did New York seeing some good shows, meeting old friends, and then spent a few days in Atlantic City ond visited relatives near there.

Miss Jennie Allard Passes in Chicago

Word of the death of Miss Jennie Allard, 88, in Chicago on Monday has been received here by her brother, Lewis Allard. Miss Allard who was born at Mackinac Island on Dec. 11, 1860, is a former resident and his spent many summers here.

Besides her brother she is survived by a sister, Mrs. Jessie Saberly of Detroit. Funeral services and burial were in Chicago on Wednesday.

Will Hand Out Candy in City Park Saturday Afternoon

Santa Claus will return tn Charlevoix this Saturday to meet all the youngsters and to hand out candy to them.

In order to get him here on time, Joe McPhillips will go for him is his plane. They will come in over Charlevoix at 1 p. m. and then land at the airport.

The plans then depend on the weather. If there is enough snow, Sonta will ride to town in a bob sled. If there isn't enough snow, the fire truck will be used. In either case, some ten members of the band will be with him and play during the trip down town.

In the park Santo will interview all the youngsters. He and his assistants will pass out the candy from the bob sleigh.

Originally scheduled for Tuesday night, the window judging was done Wednesday by three members nf the Chamber of Commerce from East Jordan. Eye appeal, Christmas spirit, ond originality were the factors considered.

Farmers Union to Meet Friday At Deer Lake

A special meeting of the Charlevoix County Farmers Union will be held Friday evening at the Deer Lake Grange Hall.

Ernest Lyon, state organizer from Montcalm County, will address the gathering. A potluck supper will be served at 8 p. m.

Lutheran Choir to Give Cantata

A Christmas cantata will be given in the Community Room nf the City Hall next Wednesday evening at 8 p. m. by the choir of the Zion Lutheran Church of Petoskey.

Sponsored by the Lutheran Church here, the musical event is open to the public. A free will offering will be taken.

Christmas services of the Charlevoix church will be held Dec. 26 at 8:45 a. m. in the City Hall with Rev. Harold Krach preaching.

Choir Sings Mass At Mancelona

Boys in the sixth, seventh and eighth grades at St. Mary's church formed the choir for o Requiem Mass on Monday at Mancelona.

The funeral service was for George Gorlick, o life-long resident there. Since there is no boys choir at Mancelona, the group here went down. Driving cars were Mrs. Frank Oleksy, Mrs. Arthur Heilig, Mrs. Anthony Wojan and Fr. Leo Malinowski. Mrs. Oleksy was organist and Sister Mary Louis directed the choir.

Whytes to Open Rooming, Boarding Place In Summer

Charlevoix again will have a place this summer for the members of the Negro staffs who cannot live at their employer's cottages.

Zach Whyte has purchased the 15 room house at the corner of Ferry and Eaton streets north of the city power plant. It will be renovated and redecorated before summer when it will be opened as a rooming and dining house.

For eight years Mr. and Mrs. Whyte operated the place on Antrim street which has just been razed by William Wallace. This new house, Whyte says, will provide more room and bo a better place than the former one.

He also is asking for a limited club license. At present, there is no social hall or entertainment open to Negros in the summer, as there used to be here. If anyone wants a drink, he is forced to huy a whole bottle. A well regulated club, Whyte says, should make for less drinking and be under better control.

New Crew Speeds Work On Bridge

Work is going along faster on the new bridge since another riveting crew arrived Monday.

With both gangs working on the south leaf, the riveting there likely will be done in ten days. Then work will start on the north span, which has been lined up and is ready for the crews.

Meanwhile the Lamb-Leudtke crew is huilding the complicoted wooden form for casting the 73 ton counter weight on the sonth side. When that is done, installation of the machinery will start.

The motor and gearing oll are mounted on the lift section itself. Only the controls go in the little house at the southeast corner.

Episcopal Yule Service Is Sunday

There will he a special Christmas Service Sunday ot 5 p. m. at Grace Episcopal Church.

The children will present a program and the choir its special Christmas music.

BUILDER

Work Brings Better Farm Life

A modern Johnny Appleseed is living here in Charlevoix now. His name is Perry G. Holden.

He probably is responsible for bringing about more changes in American agriculture, especially in the Middle West, than any other living person. Directly or indirectly he started the general practice of selecting seed corn, gave the idea for developing hybrid seed, got parts of the South actively started on crop diversification, fathered the idea of agricultural extension, 4-H and FFA clubs, and student experimentation at ag colleges.

Native of North Michigan

What's more, he was a northern Michigan boy to start with. Here in Charlevoix he is making his home with Mr. and Mrs. Ells-

We Might Better Go Without

Michigan Bell Telephone Co. is asking for another big increase in rates. Like the one a yenr ago, the basis for this is increased costs. Briefly, as I understand the Bell company's case, the situation is this:

Labor has just won another big boost in pay. (The company had to agree or have another state-wide strike.) This will mean an added $7,000,000 each year.

There is a major program of construction underway and only partly completed. If Michigan citizens are to get the phone service to which they have become accustomed and yell loudly for, this construction must be carried through.

With rising labor, material and construction costs, the present rates will not bring in enough income to meet the bill. (There are a lot of percentages, rates of return, income and other ratios which could be quoted, but they only back up the above statement.)

To get it down to our case here in Charlevoix, there are three rates to consider. The present one, the Extended Area Service which will go into effect in 1949 and which already is approved, and the proposed new rate. They are:

	Rural	2-party	1-party	Bus.
Present	1.75	2.00	2.50	4.50
Extended Area	2.00	2.75	3.00	5.50
Proposed	2.75	3.25	4.00	7.00

And remember, the present rates have just been boosted from what they formerly were.

I have no question in my own mind about the justice of the Bell request. If the company is to pay higher and higher costs, it certainly will have to have more income. And the phone user is the only source of that revenue.

But, wouldn't the public be better off to get along at least for the next few years with a lower standard of service? For a while we lived in a section where it was entirely usual to wait an hour or an hour and a half on all long distance calls. It was irksome at times, but somehow we lived through it.

A dial system would be more modern and might save 60 seconds a day in The Courier office. But we'd likely continue to operate, and certainly enjoy doing it a lot more, with the cheery-voiced operators to handle the calls.

The point is that every one of these seemingly minor boosts in costs is pushing this country one step nearer the brink of ruinous inflation. If we want to escape, a stop has got to be made somewhere along the line. The best time is now. If it means going without some minor conveniences, such as a telephone extension, we'd better go without.

It will be better for everyone in the long run.

Something New for Christmas

Speaking of surprises, Charlevoix sure handed out one this year. Never before have I ever seen a place with stores that started sales just before Christmas. Here during these last two weeks we've had some real sales going on in wearing apparel, footwear and appliances.

Think of it! Christmas coming on and 25 percent taken off electric refrigerators and Florsheim shoes, house dresses and sweaters.

It sure has been a break for the shopper.

48 Years Ago Tragedy Struck Squaw Island Light Crew; Lone Survivor Tells Story

With the closing of Great Lakes navigation in December and the return of lighthouse crews to the mainland aboard such ships as the Coast Guard cutters Woodbine and Sundew, old timers reminisce about the olden days and the narrow escapes many of the early light-keepers experienced. One of the stories most often related is of the Squaw Island light tragedy when three persons died in the icy waters of Lake Michigan and two others barely escaped with their lives.

Capt. Owen J. McCauley, now 79, who retired in 1936 after 38 years in the lighthouse service, tells the story of the tragedy which took place on Dec. 14 and 15, 1900 and of which he is now the only living survivor.

The Squaw Island light, on the northernmost island in the Beaver group was closed the morning of Dec. 14. At 12:30 the keeper, William H. Shields, his wife, her niece, Mrs. Lucy Davis, of Richmond, Ind., first assistant keeper, McCauley and second assistant keeper, Lucien Morden of Montague, along with Shields' shepherd dog, Fids, launched the 22 foot sailboat which was to take them nine miles to the south to Beaver Island on the first lap of their journey home for the winter months.

The day was cold and dense vapor hung over the water making visibility poor. A moderate wind was blowing from the northeast which gave the craft a beam wind and from the speed the party estimated they would be at St. James harbor in two hours.

In less than ten minutes, however, the boat was becalmed for a short time before another breeze blew up from the east forcing them to haul the sails in close to hold their course. Just as quickly the wind died down and the boat was again rocking in the swells.

In gazing about, McCauley recalls, he noticed a puff of wind coming from the north with great force and cautioned Shields who was at the helm and Morden who was where he could handle the fore sheet to be on the lookout. Instantly the squall hit the canvas and as the boat had no headway it was laid over by the force of the wind. By the time Morden slacked off the sails it was too late. The boat was overbalanced and slowly laid over until the sails were flat on the water.

The women screamed and were helpless. When McCauley saw the boat tipping he jumped on the side of it to avoid going in the water but when the others went in the icy water he went to their aid. They pulled Mrs. Shields up on the upturned boat and tied her to the center board. Morden tied Mrs. Davis with the fore sheet and when McCauley saw that that would not hold he went down in the water and cut apart one of the sail halyards. After that the articles were thrown and shoved from the capsized boat to give it bouyancy.

Shortly after the accident they sighted a fish tug coming around the northeast point of Beaver Island but they were too far away to be seen by the fishermen although the squall had cleared the air. They had hopes however, that they would drift into the path of the tugs as the latter returned from the fishing grounds in the evening.

About this time the dog, Fids, became exhausted and sank, the first victim.

As darkness hovered over them, they saw the lights of the returning tugs but they were too far away to make themselves heard by the men aboard the boats chugging along to their home ports.

Mrs. Davis, realizing all was hopeless, wept bitterly and then seemed to sleep. She died about 6:30 p. m.

Mrs. Shields kept asking for her niece and was told she was sleeping. She later became delirious and died about 8 p. m. McCauley, in relating the story said, "It is beyond my ability to describe the horrible agonies suffered by the women before they died."

Morden then remarked that he would be the next victim. "I tried to encourage him," McCauley related, "and told him that we were drifting toward High Island where the Indians would help us. But his hands were even then numb and puffed by the cold. He was sitting erect, holding the jib sheet when suddenly he shuddered, losing his grip on the rope and slid into the water. I caught his arm and tried to help him but he pulled away. I heard splashing for a few seconds and then he sank.

As dawn appeared and objects became visible McCauley and Shields found their boat still far from land.

The Beaver Island fish tugs again appeared but as they passed the northwest point of the island and at the closest point were three miles from the overturned boat.

As they continued to drift the two survivors knew they would miss Trout Island also so their only hope was to drift into the steamer channel. Cold and hunger were already preying on them and a southeast wind which had started at sunrise had brought occasional snow squalls making conditions even worse.

The body of Mrs. Shields lay in the water under the gaze of her distracted husband. Shields moved about on the boat and retied himself and McCauley did the same, allowing a little slack so he could move about in an effort to keep from freezing.

About the middle of the morning McCauley saw smoke to the east and after another snow squall a steamship was in sight. Shield could not even look up but McCauley managed to stand up and wave.

He was sighted and the steamer swung towards them, lowered a small boat and they were carefully taken aboard.

The ship was the Manhattan of the Gilchrist Steamship Co. bound for Manitowoc with a cargo of coal. After the ice covered bodies of the two women were removed the ship continued to Manitowoc.

The next morning at Manitowoc the two men were taken to the Holy Family Hospital. Shield's hands and feet were badly frozen, but McCauley was in better condition. He was dismissed from the hospital and arrived home at Beaver Island Dec. 26. Shields remained at the hospital for six months and one of his legs had to be taken off at the knee.

Following his dismissal from the hospital, Shields was appointed keeper at the newly constructed lighthouse depot at Charlevoix where he served until his retirement in April, 1924. He died in September, 1925.

Capt. McCauley, a native of Beaver Island who had joined the lighthouse service in 1898, was promoted to principal keeper of the Squaw Island light after the tragedy and remained in command until the light was closed in 1928. He was then transferred to the St. Joseph, Mich., light where he was stationed until he retired in 1936. He now makes his home at St. Joseph, returning to Beaver Island each summer for a visit.

Builder of Better Farming Now Lives In Charlevoix

(Continued from page one)

worth Besemer. Mrs. Besemer is his daughter; Mr. Besemer directs the on-the-farm training program for veterans.

It started back in 1876 when young Perry Holden at Traverse City heard Professor Beal of Michigan Agricultural College talk on cross-breeding corn. Nine years later he was enrolled at MAC. The idea then was that the students learn farming by doing the work. Holden's first assignment was cleaning a hog pen. One of his next jobs, self-assigned, was membership on a committee which succeeded in getting the professor of agriculture fired.

Learn by Exparimant

After graduation in 1880 he was taken on as an assistant. He tried out the idea of having students learn by experiment—and getting work done on the side. Work like sorting seed potatoes and then testing them for germination.

From MAC he went to the University of Illinois and from there to Iowa State College. Out in Iowa then the corn wasn't so tall and greater yield was the big problem of the farmer. Within a couple of years Holden had analyzed the problem and come up with the answer.

Corn Gospel Train

The trouble, he said, was poor seed. The solution was to show the farmers how to select good seed. So he talked the railroads (which wanted more hogs shipped) to supply a train . He got newspapers to publicize the idea. He trained demonstrators and sent them out on the Corn Gospel Train.

The train stopped at every station. In three years virtually every Iowa farmer had heard Perry Holden's gospel of good seed, and had seen demonstrations on how to test seed to be sure. The result was that Iowa started averaging 40 bushels instead of 30 to the acre.

Gave Idea for Hybrid Seed

One night at a corn show Holden gave young Henry Wallace the idea of testing winning ears for growth. From these early experiments came the development of hybrid corn.

In 1906 he organized the agricultural extension service at Iowa State and the first community short course. From these the next logical step was the formation of 4-H and FFA clubs. Throughout all this, Holden's underlying thought was that the education and new acientific discoveries should be taken to the people instead of being shut up at a college waiting for the folks to come after them.

Drafted by Arkansas

Shortly after 1912 he was asked to take on the whole Mississippi Valley as a classroom. The International Harvester Co., engaged him to organize and head its entire argicultural extension program. For 20 years he was engaged on this.

One of his first major jobs was down in Arkansas. It was 1914. Cotton couldn't be sold at any price, and Arkansas was a one-crop state with cotton clogging its gins and warehouses. Holden made a painstaking study of the situation and then before a meeting of 3000 Arkansas leaders told them what was wrong with their state. And how to cure it.

$130 Becomas $1030

The result was a state-wide campaign to quit importing food but to raise it; to grow other things than cotton. Especially, it aimed to put a cow, two pigs, 100 chickens and a garden on every farm.

In 1914 a government report showed that the average farm income there was $130; four years later the same report showed $1030 for Arkansas.

Similar campaigns did corresponding pieces of farm improvement in western Tennessee, Utah, Alabama and Texas.

Now he is retired and supposed to be taking things easy. But is he? Hardly. He's still doing some work on the pollenization of of corn.

Seems to me that what this country needs is not a working majority, but a majority working.

NOTICE

I will be at the Charlevoix State Savings Bank, Saturday, December 18 to collect taxes for Marion Township.

Will rising hospital costs hit YOU this coming year?

Chances are 1 in 4 you or a member of your family will have to go to a hospital within the next twelve months

TO GO TO THE HOSPITAL today costs far more than it used to—98% more in some cases since 1941. 1,500,000 persons in Michigan are now protected by the Blue Cross Plans so that they will not be faced with staggering hospital and surgical bills in an emergency with no funds to pay them. *Blue Cross provides the greatest possible benefits at the lowest cost because it is a non-profit organization operated by Michigan's hospitals and doctors themselves.*

No other health-care plans offer so much for so little

For only pennies a day, you and your entire family can be protected now and whenever sickness might strike in the future.

BLUE CROSS Hospital Plan Pays up to 120 full days of hospital care per disability for Ward or Semi-Private accommodations. Eliminates admittance red tape—no forms or claims to fill out—no cash deposits. NO CASH LIMIT for maternity care (after nine consecutive months of membership) and such extra services as general nursing . . . meals and special diets . . . operating room . . . drugs, dressings . . . anesthesia . . . laboratory . . . and many more items—when a bed patient in any one of the 160 participating hospitals in Michigan which operate the Blue Cross Plan. Liberal allowance toward your hospital bill in non-participating hospitals.

BLUE CROSS Surgical Plan Pays stated amounts for over 370 surgical procedures . . . maternity care (after nine consecutive months of enrollment) . . . up to $15 per year for diagnostic X-rays . . . emergency operations.

BLUE CROSS Medical-Surgical Plan Pays (in addition to surgical benefits) stated amounts for doctor's bills when hospitalized for reasons not requiring surgery.

Talk over with your employer how *your* company can provide this protection for you

Blue Cross is available to employed people, *without physical examination*, or health statement, through the group enrollment plan. Get full details from your nearest Blue Cross offices.

Mrs. Brow, Mother of Ten, Passes At Home Here

Funeral services for Mrs. Rebecca Brow, 75, resident of this community since 1916, were held at St. Mary's church at 10 a. m. Saturday with Rev. Leo Malinowski officiating.

Burial was in St. Marys cemetery. She died unexpectedly at her home Thursday morning.

Born at Lake Leelanau on July 20, 1873, the former Rebecca St. Charles was married to Armidoes Brow in 1893. They lived in various northern Michigan towns before coming to Charlevoix in 1916. They have lived at their present home since 1919.

She was a member of St. Mary's church and the Rosary Altar Society.

Besides her husband, she is survived by five children, Theodore of Charlevoix, Wilfred of Detroit; Mrs. Newton Rieterle of Weidman; Mrs. Glenn Allen of Cheboygan and Mrs. Arthur White of Bellaire; a sister, Mrs. Azilda Plomondon of Traverse City; 23 grandchildren and one great grandchild. Five children preceded her in death.

Brumm Honored for 20 Years of Service

A gold watch in recognition of 20 years of faithful service has been awarded to Howard Brumm, manager of H. J. Heinz Co.'s Charlevoix pickle district.

Presentation of the award was made by H. J. Heinz II, president, in Pittsburgh at the company's sales and manufacturing conference. Mr. Brumm joins a total of 3,857 Heinz employees throughout the country who have been honored for continuous service with the firm. Awards are given upon completion of 10, 12 and 20 years of service.

With Walt Hastings

HOMING INSTINCT OF DEER

In the picture today you see a nice big buck deer. He will weigh, I'd say, between one hundred and fifty or sixty pounds. His antlers are still in the velvet, as the picture was taken early in August.

On the right ear of the buck you will see a metal tag. This tag was put on his ear by game men, some years before the picture was made. In fact, the deer at the time was about eight months or so old.

This deer, along with a dozen or more others, had been living in an area that was pretty well browsed out. That is, there was very little winter food left in the area for the deer to live on and some of them showed signs of starving. So, the deer were trapped and taken to an area where there was a fair amount of browse for them. The metal tag had been clipped in the right ear of this fellow at the time he was transplanted.

You see, deer in areas where there is a lot of snow, yard up, and when fifty or a hundred deer choose a small yarding area, it isn't long before the food that they need to keep themselves in good condition is eaten up. The small deer starve first, while the big deer, by standing on their hind legs, are able to get food for sometime, after the small ones can't.

Experimenting in trapping and transplanting deer, we find that they have a very definite homing instinct. If not taken a long way from where they have been trapped, they will soon return to their old stamping ground. Deer that have been taken as far as forty miles away from where they have been trapped, in a few days will be back home. That's what this nice big buck did and he did it three times. The metal tag proved it.

It is a funny thing what a definite homing instinct some of these wild creatures have. Birds that have been branded in a certain place are sure to return, that is, if they are young birds. Invariably they will come back. Birds that have been banded on certain islands in the Great Lakes have returned year after year to the same place. Well, it's not funny either. I lived down in Southern Michigan for years and all during the time I lived down there I planned and saved for one thing and that was to get back home and home is Leelanau. The homing instinct was never stronger than in both the Little Woman and myself.

Walt Hastings.

204 Pound Deer Biggest Reported

A big deer and a big rack have been reported so far as the best of the past hunting season.

Walt Henley, Jr., bagged a buck that dressed out 204 pounds. It was so long that the only place they could find high enough to hang it was from the tree in front of the house. The horns had eight points.

Johnny Vallance of Ironton brought back a nine point buck. While the deer itself wasn't so large, the horns measured 23 inches across at the wide point. He shot it while hunting near Ontonagon with Dick Russell and Vaughn Orvis.

MEET THE
Star Performer for '49!

You're invited to drive the New Hudson—the car that's nimble and rugged beyond anything you've known before!

"The modern design for '49"

HUDSON FLOORS are recessed down within the frame (as shown above), seats are lowered, so you get more than ample head room in this car with the new lower center of gravity.

YOU RIDE DOWN within a base frame (as shown above), and your seats are positioned ahead of the rear wheels so that full body width becomes available for wonderfully roomy seats. Box-section steel girders completely enclose and protect the passenger compartment.

• • •

HIT AUTOMATIC GEAR SHIFTING in forward speeds as provided by Hudson's Drive-Master transmission—or, for the freedom of all ways to drive. You can accelerate as long and as fast as you like in mid-range, then lift your foot momentarily, and you're in high. The shift into high comes only when you are ready! Button control on the instrument panel makes instant change to step-on-hood driving [illegible] Drive-Master transmission is optional on [illegible] at extra cost.

Come in, try Hudson with the all-new, high-compression Super-Six engine (the most powerful American six built today) or the masterful Super-Eight. Both provide wonderfully alert power for a new type of motor car with an exclusive "step-down" design.

Millions say the New Hudson is the reigning beauty in the automobile parade—but you can't really know this great car until you drive it—and you're invited to do just that—now!

Hudson, with the new, 121 h.p., high-compression Super-Six engine or the masterful Super-Eight, takes you away with new zip, and outstrips the field with staying power.

But amazingly alive engines aren't the whole story of this star performer for '49. Hudson has a new hug-the-road way of going in cross-winds and on every conceivable kind of highway.

This all happens because—as is widely known—the lower to the ground a car can be built, the more stability it will have. Hudson has the lowest center of gravity in any American stock car!

This remarkable car has floors recessed down within a base frame (Hudson is the only car you step *down* into), enabling Hudson to build the lowest car on the highway, only five feet from ground to top—while maintaining more than adequate head room!

You sense a delightful conformity to the road the minute you begin to ride, and this gives you a grand feeling of safe well-being! This feeling is further enhanced by the ease with which this car is operated, and by the quiet with which Hudson glides along.

Come in, let us show you why Hudson's great engines and fabulous "step-down" design principle** put this car so far ahead it is a *protected* investment in motor car value!

**The many important advantages in Hudson's new "step-down" design are combined in a handily available at the lowest Hudson dealers.

Burial Rites To Be Thursday For Two World War II Veterans

The bodies of two Charlevoix men who lost their lives in action in Europe are being returned here this week for funeral services and burial. The Leslie T. Shapton Post No. 226, American Legion and the Veterans of Foreign Wars Post, 1153, will be in charge of the military rites for the two men.

Pvt. Benjamin Walker

Funeral services for Pvt. Benjamin Walker, 26, who lost his life in uction in Germany on April 29, 1945, will be held at the See Funeral Home at 2 p. m. Thursday with Rev. Gaylord Howell officiating. Burial will be in Brookside cemetery.

The body of Pvt. Walker, which was returned to this country recently from a U. S. Military Cemetery in Germany, arrived Wednesday from Fort Sheridan, Ill.

Pvt Walker, son of the late Mr. and Mrs. Jackson Walker, was born in Charlevoix on Nov. 11, 1918 and attended the Charlevoix schools. He entered the service in October, 1941, and trained in the Field Artillery at Fort Riley, Kan. Later he was stationed at Camp Polk, La., until he went overseas in the fall of 1944.

He is survived by two brothers, Levi and Peter of Charlevoix; and three sisters, Mrs. Lucy Noah and Mrs. Susie Case of this city and Mrs. Mary King of Traverse City.

Sgt. Bernard Foster

The body of Staff Sgt. Bernard J. Foster, 30, B-17 radio operator who lost his life in Italy, will be returned here via Fort Sheridan, Ill., on Thursday. Funeral services will be held at St. Mary's church at 9 a. m. Friday with Rev. Leo Malinowski officiating. Burial will be in St. Mary's cemetery.

S/Sgt. Foster, son of Postmaster and Mrs. J. M. Foster, died in a hospital in Italy on Aug. 25, 1944, from injuries received in a plane crash as he was going on his twentieth mission. The body is being returned from the U. S. Military cemetery at Bari, Italy.

Born in Petoskey on April 12, 1914, Bernard Foster attended St. Mary's school and graduated from the Charlevoix high school, and attended Western State College at Kalamazoo for two years. He entered the service in June, 1941 and was stationed at Fort Warren, Wyo., before transferring to the U. S. Army Air Force. Later he was stationed at Las Vegas, Nev., Denver, Colo., Sioux Fall, S. D. where he attended radio school and Sioux City, Iowa. He went overseas in June, 1944.

He is survived by his wife, Rose and son, Patrick of Chicago; his parents; three brothers, Robert of Kalamazoo, Jack of Guadalupe, Calif., and Maurice of Charlevoix; his grandparents, Mr. and Mrs. John Foster of Petoskey.

Another brother, Lt. William Foster, lost his life in action on Guam in October, 1944, and a sister, Helen, died in November, 1939.

HOW TO MAKE FARM EQUIPMENT *last longer*

Damage from rust, rot and neglect during winter is often more costly than the wear and tear of actual use. Here are some tips that cut down repair bills.

1. If possible, house idle machinery in a good shed.
2. Clean out all dirt and trash.
3. Tighten loose bolts, check for cracked or broken parts.
4. Apply rust preventive to unpainted surfaces.
5. Remove belts and canvas — store in a dry place away from rats, mice and birds.
6. Order repair parts now and make repairs this winter.

Bring your machinery in now for reconditioning. We handle major overhauls, painting and minor repairs.

Dickens Club Has Yule Party At Youngs

The new home of the Earl A. Youngs was cleverly decorated with Christmas greens, flowers and candles for the annual Christmas party of the Charles Dickens Club Monday evening.

The associate members were in charge of the program with Mrs. Charles Carey as chairman. Mrs. Stewart Henner sang two numbers, "And He Shall Feed His Flock" from the Messiah and "The Birthday of a King."

A dramatization of the old Christmas Favorite "The Night Before Christmas" was presented with Mrs. Carey as stage director and Mrs. Margaret Duerr as narrator. Following Mrs. Frances Novak directed charades.

Toys were brought by the members to be given to children about town. Mrs. Mildred Ochs received a prize for the most originally wrapped gift and Mrs. ElDean Towe for the most beautifully wrapped one.

As a finale to the evening of fun the Charlevoices sang a group of Christmas songs followed by some selections they gave at Grand Chapter in the fall.

The dining room table was beautiful in its Christmas appointments. Guests were served Christmas cookies, coffee and sandwiches, made by the associate members.

Charles Smith to Wed New York Girl

The engagement of Charles Smith, son of Mr. and Mrs. Cecil Charles Smith of Charlevoix, to Miss Wendy Segal of New Rochelle, N. Y., has been announced by her parents, Mr. and Mrs. L. Peter Segal.

The wedding wil ltake place in September.

Miss Segal is a graduate of New Rochelle high school and attended Olivet College, where Smith is a senior this year and will be graduated in July.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Along with the wind atorm which swept the Island the first of the week came the long-looked for snow. Freezing temperature made the anow ideal for fun on Hall hill—the one spot in the village where the children can enjoy a long, speedy sled ride.

Many of us who llve in the vicinity of McDonough'a store where the gusts of wind hit the hardest felt as though tbe roofs over our head would lift off at any moment.

Art Miller's boat, anchored about 100 feet off shore with a washtub of hardened cement, was blown to shore—anchor and all.

Several trees around town were blown down but no serlous damage was done.

Monday evening, the members of the Association of Commerce met in the Parish Hall. Officers for the coming year were elected. President, Fred Spalding; secretary, Archie LaFreniere, Jr.; treasurer, Frank Nackerman; Vice president, James W. Gallagher. Trustees, Earle Boyle, Dr. Russell Palmer, Edward Burke.

A membership drive will take place this month with every member expected to bring in a new member at the January meeting.

Karl Keubler was on the mainland during the week to close the sale of the family homestead in Bruce. This ended a span of 58 years the home has belonged to the Keublers.

Jewell Gillespie became a member of the Elks Lodge In Petoskey Tuesday evening.

Island sportsmen report the light snow fall is making excellent fox hunting.

If Jiggs ever found out about the annual corn beef and cabbage dinner held annually at the Head Lighthouse, he'd risk all the rolling pins and dishes Maggie could throw to sneak out to this affair. Held for the past ten years with the exception of the war years, Lawrence Malloy, Burt McDonough and Archie LaFreniere, Jr. the instigators, invite a group of friends to share the feast. The corned beef, prepared by Malloy and the cabbage, seasoned deliciously different, is a dish deluxe. Side dishes include big platters of rabbit, pork, 'taters and other delectables. Besides Lawrence, Burt and Archie, the guests included George Ricksgers, Lawrence McDonough, Carl Walters and the crew salvaging the LaBlance fish tug. They were Francis Ricksgers, Charlie Martin, Emerald LaBlance and George LaBlance, Sr.

Carl Walters, keeper at the White Shoals lighthouse and recently back from Alaska, has been the guest of Archie LaFreniere, Jr.

Mr. and Mrs. Walter Wojan spent a few days in Charlevoix this past week.

Mr. and Mrs. Lawrence McDonough entertained Thursday evening. The guests included Mr. and Mrs. George Miller, Mr. and Mrs. Archie LaFreniere, Jr., Mrs. Teddy Wojan, Mrs. Mark Cross, Mrs. Ray Cull, Patty Ramsey and Buddy McDonough.

White fish season opened Friday. Rolland McCann, his son, Bobby, and Dick Martin set sail Thursday for South Manitou Island and the Cull boys to the Foxes.

Sunday was a beautiful day for the Christmas bazaar. The Parish Hall, attractively decorated in pine boughs, red bows and lanterns, was a lively place. Booths containing hand made articles, home made candies and Christmas toys delighted the young and old. Short order lunches were aerved late in the afternoon.

Santa Claus, in his brand new suit, came all the way from the North Pole to our Christmas bazaar. He was swamped with youngsters.

Ever notice? A fellow who has time to kill usually apends it with someone who hasn't.

Some folks call 'em hick towns because there'a no place to go they ahouldn't.

Beaver Island to Get Larger Lighting Unit

Beaver Island'a present generating electrical unit, a 50 kilowatt unit, is to be replaced next spring or early summer by a 100 kilowatt unit. The unit now aerving the Island has become inadequate due to the increase in electrical equipment in the homes and increased membership in the REA Co-op.

The installation of the new unit and enlargment of the present plant on the Island is being planned by Harold Lees, auperintendent of Top 'OMichigan. During the past week, Lees and Bob Daverman, civil engineer, were on the Island drawing up plans.

The larger unit will generate aufficient electricity to service the entire Island.

To Residents of Beaver Island:

There are no words to express our gratitude for the assistance rendered us during our recent misfortune in the beaching of our tug "LaBlance". We are grateful to you for the contribution of your time and equipment.

Sincerely,

George LaBlance & Sons

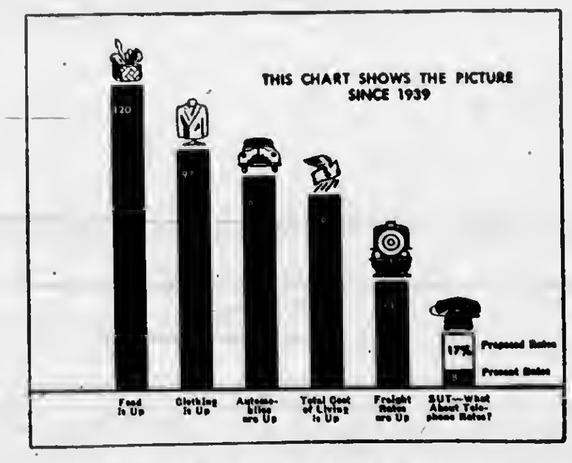
For the Good of Your Service . . . Adequate Telephone Rates are Essential

You want good telephone service and we want you to have good service. But to be able to continue it, another increase in telephone rates is essential.

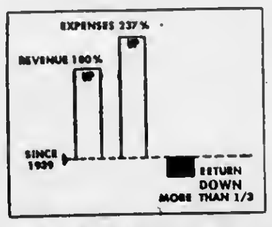
The rate increases put into effect in October were based on conditions in a past period, and already the effect of those increases has been wiped out by rising costs.

Elsewhere in this newspaper, in accordance with the State law, legal notice of our intention to ask the Michigan Public Service Commission for a further increase and details of the proposed rates appear.



1 TELEPHONE RATES ARE UP MUCH LESS THAN MOST OTHER THINGS YOU BUY

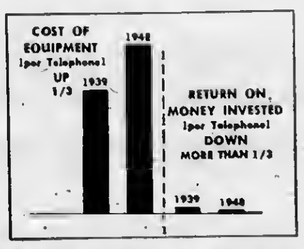
The recent increase in Michigan Bell rates—the first in nearly a quarter of a century—plus the new one now being asked, would boost the average customer's bill only about 25% over prewar telephone rates. Most businesses have had to raise their prices not once but many times. Compared with other prices, as you can see from the chart, telephone rates will still be low.



2 MICHIGAN BELL TAKES IN MORE . . . BUT HAS LESS LEFT

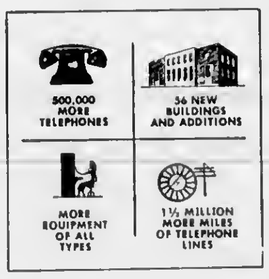
With all the telephones being put in, perhaps you've assumed that we're making a lot of money. With the recent increase in rates, our "revonue"—the money we take in—is up . . . 180% over 1939. But the cost of giving you service haa gone up even faster . . . 237%. Wages, for example, make up more than half of our total expenses; and our wage bill is now over four times as big as in 1939. And the return on the monoy people have invested in our buainess is down more than a third.

3 TODAY EACH NEW TELEPHONE COSTS MORE . . . AND EARNS LESS

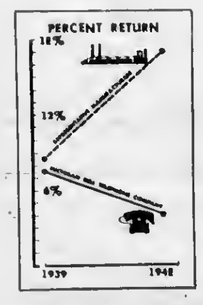


As the chart shows, the higher cost of labor and materials makes the cost of providing the equipment needed to serve a new telephone about one-third more than in the period through 1939. But the return per telephone is down more than a third from what it was in 1939.

4 $162,000,000 SPENT SINCE VJ DAY FOR MORE AND BETTER SERVICE . . . MILLIONS MORE NEEDED



Since the war, Michigan Bell has been carrying on one of the largest construction programs—if not *the* largest—in the State. It is not yet completed. Even though over 500,000 more telephones have been connected, a lot still must be done to give everyone the kind of service he wants and to provide a telephone for everyone who wants one. But to build telephone plant, of course, takes money—at today'a prices, lots of money.



5 MONEY FOR SERVICE IMPROVEMENT AND EXPANSION MUST COME FROM INVESTORS

This monoy must como largely from peoplo all over America who have savings to invest in tho tolephone business. Naturally, thoy'll invest their money only if thoy're convinced it will earn a rensonable return. Wo compeio with other businesses for this investment money. And our return is substantially below that of representativo companies in othor industries.

Wo want to continue our improvement and expansion program because it is for your good. • Wo can go ahead with it *if* investors continue to put money into our business.

• • • •

ADEQUATE TELEPHONE RATES ARE NEEDED

It all boils down to this: The money to provido you with the service you want can be obtained from investors *only* if their return is adequate. Unfortunately, it's not. So, although wo'd rather not be asking for this second rate increase, adequate rates are needed —and needed right away—to protect the future quabty of your telephone service.

W. C. T. U. to Send Gifts to County Infirmary

The W. C. T. U. met Friday at the home of Mrs. Lena Swanson for the regular December meeting. Mrs. John Funk presided at the meeting and Mrs. Ethel Hamlin led the devotions.

Mrs. John Ryder, head of the Spiritual Life Department, had the lesson and spoke on the subject of the Good Samaritan. In her talk she said everyone should remember that people are in need of spiritual aid as well as physical aid.

Plans were made to send gifts to the county infirmary.

Mrs. Ed Burns was present and read the letter of felicitations she received from President Truman on the occasion of her ninety-fourth birthday anniversary last week.

Mrs. Norton Is New Head of Noble Grand Club

Mrs. E. E. Stroud had her home decorated in a holiday motif for the Past Noble Grand Club Christmas party on Thursday evening. A lighted Christmas tree held the gifts exchanged by the 16 members present.

A potluck supper was served at two tables decorated with evergreens and candles.

At the business meeting which followed Mrs. Frank Novotny was named president to succeed Mrs. Floyd Ikens. Mrs. Luther Hannah is vice president; Mrs. George Bergmann, secretary; Mrs. Ella Brenner, treasurer; Mrs. Stroud, chaplain; Mrs. Fred Gill, installing officer; Mrs. W. E. Goss, marshall.

Paul Heise Given Real Surprise Party

Paul Heise, who celebrated his birthday anniversary on Thursday was honored guest at a surprise birthday dinner at his home when his brothers and sons, their respective families and a few friends gathered at the Heise home after first turning down his invitation to dinner.

Among those present were Mr. and Mrs. Clarence Heise, Mr. and Mrs. Charles Heise, Mr. and Mrs. Will Heise and daughter, Ruth, Mr. and Mrs. Robert Heise and daughter Paula, Mr. and Mrs. Laverne Heise and son Donald, Mr. and Mrs. Dan Geneit and daughter Dee Ann, and Mrs. Helen Plum.

The table was centered with a lighted birthday cake. He received many gifts.

Church Groups Elect Officers for Coming Year

The Women's Guild and the circles of the Congregational church have held their annual election of officers.

Mrs. E. K. Shanahan was re-elected president of the Guild. Other officers are: first vice president, Mrs. Jeff Novotny; second vice president, Mrs. Versal Seymour; secretary, Mrs. A. L. Livingston; treasurer, Mrs. W. H. Miller.

The Margaret Parker circle will name its new officers in January.

The Postman Always Brings the Paper

A pat on the back for the post-office crew here comes from Mrs. John Nasson.

For 59 years the Nassons have been receiving a Danish language newspaper from Omaha, Neb. Sometimes the wrapper is torn, sometimes the name is gone. But no matter what the condition, Mrs. Nasson says, the postman knows where to bring the paper.

Goes to Bay City

Mrs. George Wolfe left last Wednesday for Bay City. She was called by the serious illness of her mother, and may have to spend the winter there.

TO CHARLEVOIX TELEPHONE CUSTOMERS:

Notice of Application to the Michigan Public Service Commission by the Michigan Bell Telephone Company

For Authority to Make Effective Certain Schedules of Rates, Rentals, and Charges

In accordance with statutory requirements, notice is hereby given that an application will be presented by the Michigan Bell Telephone Company to the Michigan Public Service Commission in the City of Lansing on the 29th day of December, 1948, for authority to make effective increased schedules of rates, rentals and charges for the furnishing of telephone service and facilities in the exchanges of the Michigan Bell Telephone Company in the State of Michigan, as set orth below. The application also will request the Commission to set a date for the hearing of the matter.

Rate increases authorized by the Commission in October were insufficient by a large margin to provide the revenues now needed to assure good telephone service in the future. The authorized increases were based on the financial condition of the Company in the period beginning September 1947 and ending August 1948. The increases were not large enough to meet the steadily rising costs since the Company filed its application in 1947. The Company now asks that the Commission consider increases to meet conditions as they exist today and as they will be in the near future. To meet present needs, the Company will ask approval at once for increases in certain rates and charges as shown immediately below. Those increases would remain in effect until the Commission has had an opportunity to determine that the remaining increases shown in the following tables are reasonable and proper.

PROPOSED INITIAL RATE INCREASES

Pending complete consideration of all the rate changes proposed below, the following initial rate increases are proposed:

Exchange Rates

Increase the present basic monthly rates for business main telephones 50c.

Increase the present basic monthly rates for residence main telephones 25c.

Increase the present basic monthly rates for private branch exchange trunk lines 75c.

Increase the present daily guarantee for semi-public coin box service 2c:

Increase the present monthly switching rate for service stations 25c:

Miscellaneous Rates

Increase service connection charges the full amount as proposed below.

Intrastate Toll Rates

Increase intrastate telephone and teletypewriter message toll rates the full amount as proposed below.

EXCHANGE RATES *(Excluding Federal Tax)*

For rate purposes, exchanges are grouped according to the total number of telephones that can be reached, at the rates shown below, without payment of a toll charge. In the case of present rates, there are 8 groups. The total number of telephones in service on March 31, 1947 in all exchanges and zones of the Company is the basis used generally to determine the group rates applicable for local area service and those applicable for "Extended Area Service." In the case of proposed rates, there are 7 groups. The current total number of telephones in service in all exchanges and zones of the Company is the basis used to determine the group rates applicable for local area service and those applicable for "Extended Area Service." In the majority of the Company's exchanges "Extended Area Service," which will increase the number of telephones that can be reached without payment of a toll charge, is to be furnished when facilities are available. Meantime, a lower schedule of rates is applicable in most exchanges until "Extended Area Service" is furnished. In a few exchanges, the furnishing of "Extended Area Service" will not change the rates. In a few cases, "Extended Area Service" will not be furnished. In a few other cases "Extended Area Service" already is being furnished.

PRESENT SCHEDULES OF MONTHLY EXCHANGE RATES

Group 2 rates, as shown in the following table, now are applicable in Charlevoix. When "Extended Area Service" is provided, Group 4 rates would be applicable under the present schedule.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanlay

Due to the storm ten days ago the news from Beaver Island arrived too late to get in The Courier. It was:

Even though December came in more like spring than winter, signs of the season are evident in the village.

McDonough's store is attractively decorated in Christmas colors.

Frank Naekerman our postmaster, is beginning to feel the effects of early catolouge shopping. Mail orders are arriving in large quantities.

The biggest surprise and thrill of all—Santa came to town during the week. Youngsters who saw him riding through the village in young James Gallagher's truck, were wide eyed with excitement. Imagine — that busy old gent took time out to check up personally on whether we've been good or bad.

Louis Hadad and his partner, Capt. Dan Greene were on the Island to finish up the exterior of Beaver Lodge. Siding was put on and everything set to begin work in the spring.

Capt. Greene, who is in the Merchant Marine servlee, is on vacation after sailing the high seas transporting oil from the Persian Gulf to various ports in Europe and the United States. His run also takes him to Venezuela and ports along the Caribbean Sea. Greene, who has visited many European cities, eited Holland as the country showing the most rapid recovery since the war.

Tuesday evening, the Beaver Island Game Club held a meeting in the Shamrock Tavern Definite plans were made to chain sweep the harbor to make it a more inviting spot for perch. Cull's fish tug "La Fond" and the Coast Guard life boat will drag the chain. The members of the club voted to post a $50.00 reward for any violations of the game laws with particular reference to wild game and deer.

Mr and Mrs. Vesti McDonough have moved from their Sand Bay home to Lloyd McDonough's cottage next to the store for the winter months.

Jay McDonough and Charlotte McDonough spent the week in Charlevoix.

Mrs. Elizabeth Boyle returned the first of the week after spending a week on the mainland.

Word was received during the week of the death of Billy Boyle, Chicago, son of the late Pat Boyle and nephew of Earle Boyle. Billy served in the Marines during World War II.

The members of the Third Order of St. Francis met at the home of Mrs. Margaret Hanley on Thursday evening. The election of officers took place with the following results: Prefect, James W. Gallagher; vice-prefect, Lloyd McDonough; secretary, Mrs. Walter Wojan; treasurer, Mrs. Teddy Wojan; novice master, Frank Nackerman; novice mistress, Mrs. Hanley.

Old Brer Rabbit might be tricky and cunning with old Brer Fox, but he can't fool Beaver Island hunters. Plenty of rabbits are being popped into the frying pan and the eatin' is mighty fine.

S. F. Howard and son, Frank reluctantly left the Island Saturday after three weeks spent hunting and visiting among friends. When asked how the animal could be kept so long, Howard claims deer suspended high in a tree could be kept much longer than one tied to the lower branches.

Thursday evening in the Shamrock, Jack Cull showed several reels of film brought by the Howards. Among them were some beautiful technicolor pictures of the Island.

The children of the upper grades were invited to a party Friday evening at St. James school. The party was supervised by the teachers and some of the high school girls. Games and square daneing were enjoyed and refreshments served.

The monthly meeting of the Altar Society was held Sunday afternoon in the Parish Hall. Final plans for the Christmas bazaar were made. Many hand made articles were turned in by the ladies for the fancy work booth.

Honor Roll Names Are Announced

These students at the St. James school who are on the honor roll are:

Grade 12—Patricia Ramsey and Mary Malloy; 11, Joy McDonough and Mary Margaret Greene; 10, Marguerite Connaghan; 9 Rosemary Nackerman and Margaret Ellen McDonough; 8, Kay McDonough, Gilberta Smith, Graee Gatliff and Grace Marie McCann; 6, Audrey Gatliff, Mary Catherine Hanley and Margaret Ann LaFreniere; 5, Rosemary McDonough; 3, Kathleen Gatliff and Noreen Cross; 2, Caroline Kenwabakise and Loretta Lafreniere.

Dissolving Casings

New coatings for sausage and other meat products are being made from citrus peel and other fruit and vegetable wastes. This thin protective film of good strength is so tender it dissolves on food that is boiled; if fried or roasted it can be eaten right along with the food.

33 Bucks Killed By 200 Hunters On Beaver Island

Report on the Beaver Island deer kill during the past season has been sent over by Conservation Officer Karl Kuebler.

Six bow and arrow hunters invaded the island but got no deer. During the regular deer season, this was the score:

		Bucks
Out-state hunters	11	0
Michigan hunters	154	28
Beaver Island	35	5
	200	33

Five does and four fawns were found killed nnd one doe was recovered. One coyote was killed. There were no ear nor hunting accidents. Five persons used the Island airport, besides those coming over on the McPhillips ships.

LaBlance Tug Is Back At Home Port

The tug, LaBlanee, which went aground on Beaver Island in a gale on Dec. 5, was pulled off the shore near Beaver Head lighthouse at 11:15 Thursday morning by the Coast Guard cutter Woodbine.

Working at a distance of 3500 ft. from shore, the Woodbine under the command of Lt. V. H. Leach, Jr., ran an 8 inch line to the tug which had been taken high and dry on the beach by the heavy sea and high wind.

After more than three hours of maneuvering and with the aid of the Beaver Island lifeboat crew, the tug was hauled off the beach and the reefs.

George LaBlance, Sr., and his son, Emerald, who had been removed from the disabled tug Sunday by John Gallagher of the Beaver Head light, returned home aboard the tug. William Brodine, third member of the erew, had returned to Charlevoix earlier.

Hunters Fined for Deer Shining

Ten men, mostly from Petoskey, paid fines of $50 and costs of $6.85 for shining deer during the senson just past.

According to Conservation Officer Ed Starback, they were: Lewis Malec, Donald Ingals, Leo Lister, Aldwin Cone of Petoskey; Chester Cone of Berkley; Loyal and Earl Decker of Findlay, Ohio; John Stifka of Detroit; Frank Centrowicz and John Wikes of Detroit. These were in addition to the three men picked up earlier on the same eharge. All appeared in the justice court of Nearl Abbey in Petoskey.

Other hunting law violations were: William Thayer of Boyne City, Roy Torosian of Detroit, and Al Kruszkowski of Walloon Lake, loaded gun in car, $25; Robert Knipe of Petoskey, using another's license, $5; Norman LaCroix and Edgar Howard of Boyne City, shooting at a swimming deer, $10. All paid costs of $6.85.

In the entire district, comprising the eight northern counties, 85 were arrested; two were killed, ten wounded, ten elk were found killed, and 31 messages were delivered by Conservation men.

Michigan Bell Explains Position, Reasons for Asking New Boost In Service Rates at Present

The Michigan Bell Telephone Company announced today it will ask the Public Service Commission on Dec. 20 for permission to raise telephone rates enough to increase its revenues an average of 17 pereent.

C. L. Johnson, manager here for the company, said the application would cover two main items: (1) the amounts requested in the recent rate proceedings but ruled out because of legal advertising requirements and (2) wage boosts that are imminent and other increased costs.

The increase would be applied to virtually every type of service and to every exchange in order to spread it out as equitably as possible for all customers, according to Johnson. The additional revenues being sought by the company would total $20,000,000. Only $12,400,000, however, would be available to the company after taxes.

Emphasizing the seriousness with which Michigan Bell views its financial situation, the company will ask $10,000,000 of the amount it needs as "immediate relief to meet increased payroll costs and other urgent expenses."

In accordance with the recommendation of a fact-finding panel appointed by the Governor, Michigan Bell has offered its employees "third-round" wage boosts of $7,000,000 annually.

Michigan Bell will propose immediate raises of 25 cents per month for all residence lines, 75 cents for private branch exchange trunks, 00 cents for semi-public lines, 50 cents for all other business lines, and $1.50 for service connection charges.

Rates for long-distance calls within the state also would be raised immediately. Station-to-Station messages would be increased 5 to 15 cents, depending upon distance. Person-to-Person rates would be upped from 35 to 40 per cent above station rates. Sunday and night discounts on all calls would be reduced from 35 to 20 per cent less than day rates.

In a statement released at Detroit, Thomas N. Lacy, president of Michigan Bell, said, "Most businesses have had to raise their prices not once or twice but many times in the last few years." "For almost a quarter of a century—from 1926 to 1948—there was no increase in telephone rates in Michigan. In fact, during that period there were substantial reductions in the charges for service.

"The 8 per cent increase in revenues granted us this year helped but was little more than the amount of the 'second-round' wage boost given to our employees in May, 1947, a few months before we made application for our first rate increase in 21 years.

"The first increase in revenues plus the one we now are asking totals only 25 per cent," said Lacy.

Compared to other price increases telephone rates still would be low, the telephone company president pointed out. "Since 1039, building construction has gone up 126 per cent, food 120 per cent, automobiles 87 per cent, railroad freight rates 44 per cent, and total cost of living 70 per cent.

"We have spent $102,000,000 since V-J Day on new facilities. Almost all of this came from investors. By the end of next year we will have spent $220,000,000.

"This is one of the largest construction programs in the state, if not the largest. But it is not yet completed. A lot still has to be done to give everyone the kind and quality of service he wants—and to provide a telephone for everyone who wants one.

Stop That Vicious Dog

Lt. Comdr. Willie Necker, noted dog trainer, says that one of the best ways to outbluff a vicious dog at night is to stand still and turn a flashlight directly in his eyes. This will temporarily blind him and nearly always avoid attack.

Deadline On AAA Election Is Dec. 22

Only a few days remain in which farmers may return their AAA election ballots inasmuch as the deadline date for accepting marked ballots is Dec. 22.

All ballots received on or before Dec. 22 will be counted on Dec. 23 by an impartial election board.

M. J. Somerville, chairman, said that the ballots when marked may be returned by farmers to the county AAA office either by mail or in person. Adequate provision has been made for farmers who choose to return their ballots by mail to maintain the secrecy of their vote. Farmers who did not receive ballots through the mail and who feel that they may be eligible to vote should contact the county AAA office or one of the county AAA committeemen. Serving with Mr. Somerville on the county committee for 1948 are LeRoy Hardy, vice chairman and Carl Prohaska.

From where I sit ... *by* Joe Marsh

The Missus "Ducks" Out

Slim Hartman took his missus duck hunting the other day. And after five hours of sitting in a swamp, she'd had enough! Going home, Slim reminded her good-naturedly of the time she'd taken him to a woman novelist's lecture, and insisted that he sit it out.

So now the missus and Slim have an understanding. No more duck hunting for her—no more lectures for him. They decided *each to his own taste.*

It's because they *can* agree to disagree like that, I think, that Slim and the missus get on so well—content to stay home nights together, enjoying one another's company over a glass of beer and a game of chess.

From where I sit, we can't all enjoy the same things—but we can share those little pleasures that we do enjoy—a glass of beer, a game of chess, some music on the radio—and live-and-let-live when it comes to the others.

Here's What People Say About the Farmers Union

★ CLAUDE R. WICKARD, when Secretary of Agriculture: "From its foundation in 1902, the Farmers Union has been a constructive force in American life. I believe that the unfailing interest of Farmers Union in behalf of small farmers who work their own land is of particular value."

★ GEORGE NORRIS, late Nebraska Senator: "Farmers Union has done untold good . . . "

★ JOSEPHUS DANIELS, North Carolina publisher: "It (Farmers Union) has been among the most influential agencies in bringing about a better day for agriculture."

★ ELIZABETH HERRING, writer, in SOCIAL ACTION: "Founded upon the honest necessity of doing something about the standard of living of its own members, in its maturity it has evolved a sense of identification with the welfare of all the people that is one of the heartening things on the social horizon."

★ STUART CHASE, economist in his book, "Democracy Under Pressure": "The Farmers Union is a progressive outfit. Its leaders know the 19th century has gone."

★ MORRIS ROSENTHAL, importer and director of imports for Board of Economic Warfare: "I have been thrilled by the work that is being done by your organization. I have been filled with a sense of well-being that there is a group of people in this country who think in terms of genuine democracy . . . "

★ SATURDAY EVENING POST, in an article on agriculture: " . . . the National Farmers Union, which perhaps represents the actual dirt farmer more than either the Farm Bureau or the Grange."

★ MSGR. L. G. LIGUTTI, executive secretary of the Catholic Rural Life Association: "It has been more than a pleasure, it has been a joy . . . to pull shoulder to shoulder with the Farmers Union in various fights. It has given me spiritual comfort to find men who are supposed to deal merely in things that are material, economic, who are really and truly more deeply spiritual than many of the very ones who claim deep spirituality."

★ BENSON Y. LANDIS, of the Federal Council of the Churches of Christ in America: "As one who is familiar with the history of the Farmers Union I have always derived special satisfaction in noting the steady interest in the development of co-operatives. There is nothing more important in American life than the encouragement of the productive homestead and voluntary co-operation among people who live on these homesteads."

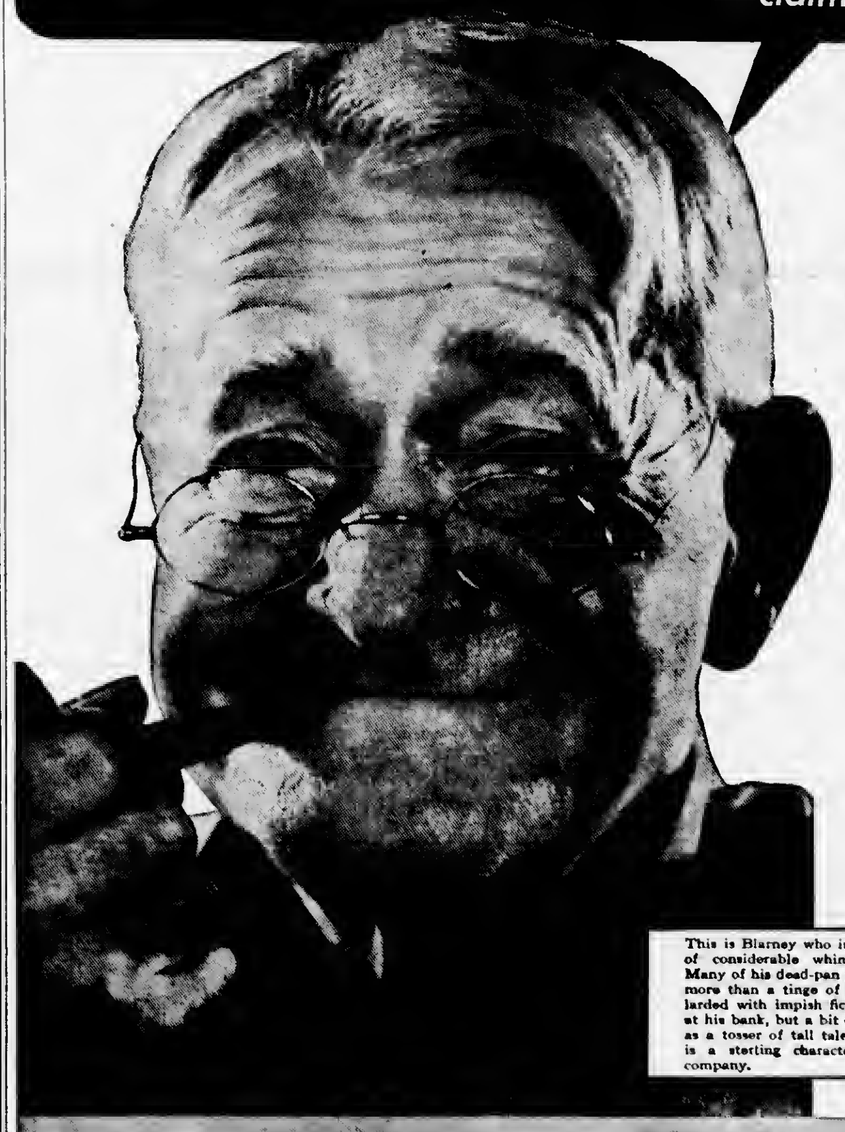
"MYSTERY OF FLYING DISCS SOLVED BY POWER FLIGHT"

—claims BLARNEY FITZDOUGAL



This is Blarney who is possessed of considerable whimsical wit. Many of his dead-pan yarns have more than a tinge of fact interlarded with impish fiction. Solid at his bank, but a bit on the left as a tosser of tall tales, Blarney is a sterling character in any company.

Everybody in these parts knows Blarney and his two boys . . . so very scant attention was paid to his startling claim of knowing all about the flight of those weird objects popularly described as flying discs.

According to Blarney, the boys figured out an easier way to fill the silo. They rigged up a contraption using a couple of wash tubs and attached a small engine with a propeller. "And then," said Blarney, "those fool kids put in a cup of Power Flight and zingo the thing took off over the barn and just kept on goin' . . . So I figured out what the pilots called 'flying discs' was the boys' silo filler whizzing by. The boys should have known better than to use Power Flight. We have been using it for years in the tractor and cars, so they know what concentrated power it's got."

★ ★ ★

There is a noticeable difference in car performance when Power Flight Gasoline is used. Power Flight Gasoline is made from selected crude oil and by the most modern methods—its quality is accurately controlled. This is the reason for its super-smoothness, abundant power and clean-burning qualities.

Yes indeed, Power Flight is Michigan's No. 1 gasoline.

The Little Rayders won 28 to 11 in a lop sided game.

Handing the outclassed Pellston teams two lopsided drubbings, Charlevoix's big and little Rayders last Friday continued on their way toward what looked like another possible conference title.

The score of the first team was 55 to 21. A week earlier Harbor Springs, strongest other contender for the championship, won from Pellston 39 to 19.

The preliminary between the two Reserve teams was the same game in its essentials. Kipke sent in every player on the bench. But even the third string boys made headway. The final score was 52 to 17. Bowman, with five field goals, was high man for Charlevoix; Pickman of Pellston had the same total.

The Tow Line

News of folks, your neighbors and mine . . .but did you know that—

Phoebe Ross is in Montclair, N. J., with her daughter, Betty Creed, and is due to return sometime after Christmas. As soon as the Rosses can get their affairs in order they expect to leave for Texas for the winter months . . .

Santa Claus really came to town last Saturday and what a line-up there was for candy and nuts. Understand that two of tha biggest little boys were Shorty Sternberg and Glenn See. Well, boys will ha boys.

Gordon Clement was taken to the hospital last week and Mrs. Clement is a pretty sick woman up there as well. Surely this family has had more than their share of bad luck . . . Margery and Jack Lucas of Ann Arbor are here for the holidays dividing their time between their parents' homes in Charlevoix and Petoskey . . . Marian Benninghoff arrived Saturday from Ann Arbor to spend the holidays with the L. E. Towes.

From Mary Cooper comes e nota saying that Santa Claus really gava her a wonderful Christmas present through the medium of her doctor who said that sha was fine and dismissed her from the hospital. She is spending tha holidays with her parents in Saginaw and will return to Charlevoix. She said that she sorely missed her six grada boys and girls and is eager to get beck to them . . .

Isn't it fun to walk down Main Street and hear Bing Crosby singing "Jingle Bells" . . . And did you notice the Hansel and Gretel candy house in the window at Geik's. It is really a thing of beauty. The little house was a present to Geik and was sent to him by Helen Parsons Robinson of Alma. It seems that years ago Mr. Parsons used to run a candy shop almost in the same spot where Geik's Shop now is and the families were neighbors. Mrs. Robinson really did an artistic piece of work on the house.

Talking to Mrs. Alonzo Murrey she stated thet it was 25 years ago Christmas Eva that she and her husband were married. It was also tha occesion of the first snow of the year. They were merried at Mrs. Murray's mother's home end then started out on their honeymoon and had not gone far when thay broke the axle on their Ford. Birthday congratulations to Mr. and Mrs. Harry Gebeau. It is not often that a husband and wife have their birthdays come on the same day, but the Gebeaus do. That means haking one cake and having it do for both.

Mr. and Mrs. Bert Houston arrived home Monday night from Ann Arbor . . . Florence Fox thinks Santa must have thought she was a naughty gal for last week she got a hroken arm. Last Friday night when getting a pail of coal, she slipped and broke the two big bones in her right arm above her wrist . . . Drive out on 66 just beyond the entrance to the Loeb farm and on the right you come to Chevie's farm and there is a Christmas tree what am! Standing on her hillside is a beautiful spruce some 30 or 40 feet in heighth and it is decorated to the topmost bough with lights. Surely a tree for the whole countryside to enjoy!

'Tis a beautiful house trailer that the Doug Nettlaionx hava and are getting equipped to head it southward toward Flordia bafore long . . .

Bernice Wexstaff arrived home from her vacation in California in time for the Christmas holiday

George and Martha Wigglesworth are flying from Connecticut to be at the Harry Craig home in time for Christmas . . . Mrs. Stewart Coleman gave a Christmas tea at her home Wednesday afternoon honoring Rev! and Mrs. Carl Hoch, the new pastor of the Episcopal church and his wife . . .

Dr. and Mrs. Earl Faher went to Greenville Sunday to maka further preperations for their future home and business. They will move to that city during the next few months

And Santa Claus really filled the Gib Saltonstall's stockings with a new house for the coming year. Last week the Saltonstalls purchased the beautiful Greenbaum house on Michigan avenue and already have wonderful plans as to what they are going to do

'Tis a small world. While Bernice Wexstaff was in Los Angeles anil on one of the Main corners down town if she didn't come face to face with Mrs. Earl Preston, sister of Mrs. Marion Carey

Cruise Ship Will Make Regular Calls in Summer

The S. S. North American will make Charlevoix a regular port of call next summer.

A letter to S. E. Coleman and Capt. Joseph Howard from the Chicago, Duluth and Georgian Bay Transit Co., carried the news. Signed by E. J. Goebel, executive vice president, it says:

"It is a pleasure to be able to advise you that our S. S. North American would stop at Charlevoix next summer as a regular port of call each Sunday afternoon from 2:30 to 3:30 p. m. E.S.T., from June 26 to Aug. 28 inclusive. This is providing that docking space ean be made available for the S. S. North American at your municipal dock without charge. We are also assuming that construction of the highway bridge will be completed and will not interfere with easy access . . . in and out of the harbor.

"We are very interested in this experiment of a stop at Charlevoix on our regular week's schedule and I am sure that considerable benefit will acerue to Charlevoix as a result of this announcement."

Polly Kay, Abstract, Smith Winners In Window Contest

Three store windows were selected last Wednesday night as the best Christmas ones in Charlevoix.

They were Polly Kay, Charlevoix Abstract and Engineering, Smith Housefurnishings.

The judges also mentioned Howard White Jewelry, Abbey's House of Jewels and Wood Brothers as having excellent merchandising windows.

The judges were Genrge Secord, Barney Milstein and Hollis Drew, all of East Jordan.

Medical Staff Elects Officers

Officers of the medical staff of the Charlevoix Hospital were elected at the annual meeting of the group Mnnday nigbt.

Dr. G. B. Saltonstall is chief of staff, Dr. L. E. Grate is vice-chief and Dr. J. C. VanDellen of East Jordan is secretary.

Rayders Lose to Boyne City Team

Meeting the undefeated Boyne City quintet Friday was too much for the Charlevoix Rayders.

What looked like a combination of real competition, stage fright and rampant individualism threw the former champions into a tailspin which lasted for three quarters of the game and gave Boyne a 39-26 vietory.

There's no question about the quality of the neighboring team. It's good. The two Boyne guards, McGeorge and Everest, are as smooth and fast as any that Charlevoix has faeed this year or is likely to.

But good as Boyne is, the Charlevoix squad normally does a better job than it did Friday. Wallace and Shadko played good games and worked together. But Case, Fairbanks and Martin couldn't hit the basket, missed passes, couldn't get going.

Both teams went out realizing that the top spot was at stake, and fighting for it. Boyne got first score, but the Rayders held the tally to 5-8 at the quarter. The break eame in the second period. Charlevoix made too many fouls, missed too many baskets, threw the ball away too many times, allowing the others to make 12 to their 5 points.

In contrast to the first team, the Little Rayders gave an exhibitinn of a smoothly-working squad. The preliminary game started fast, and the team kept

Youngsters Meet Santa, Get Candy

Twelve hundred youngsters and their mothers made a line last Saturday that stretched almost a whole block.

Twelve hundred youngsters, a line which reached almost a full block, passed in front of Santa Saturday and received a box of candy.

Santa got delayed slightly but Pilot Joe McPhillips brought him to town in his red plane and landed at the airport in the middle of a big moh of youngsters. There he climbed aboard the city fire truck. Led by the police car and followed by the Byers truck carrying members of the school band, Santa came to town.

Responsible for arranging and carrying out the event were: C. A. Odmark and the band; the Girl Scouts and Mrs. Helen Richards for boxing the eandy; Harold Byers for the loan of the truck; Charles Marshall fur helping with the fire truck; Joe McPhillips for transportation; Chief Clarence Heise, Officer Homer Brady, Leo Allard and the city erew.

The committee was composed of Tom Coxe, Larry Feindt, Bert Houston, Diek Edwards, Sally Bergeon and Glenn See.

11 Tons of Honey Is Goal of CROP Drive in County

The work of gathering in 11 tons of honey in Charlevoix County will be started right after Christmas.

It will be the CROP drive to obtain food to send to the most needy of Europe. Within the county anything ean be contributed—money, grain, any kind of product. But when these things leave the county, they will be in the form of honey.

The sweet stuff was chosen because it is badly needed abroad, because few other localities can supply it, and because by choosing honey, the entire shipment can be purchased within the county, thus boosting the bee industry here.

CROP stands for Christian Rural Overseas Prngram. It works through the churches, being sponsored equally by Catholic Rural Life, Church World Service and Lutheran World Relief. It is the only relief program which goes direct to the farmer and whose success depends on him.

The foodstuffs contributed are shipped in carload lots to the eastern Coast from where they are transported free to Europe. There they are turned over to established church organizations which see that the food goes direct to the most needy.

Contributions can be turned in by two ways. The better way is to take the grain or lard or whatever is being given to one of the three CoOps in the county. All three are acting as collecting depots. The other way is to turn it over to the soliciting team in each township who will be calling at the farm homes.

When making the gifts, the donor is asked to indicate what church group he wants to have the handling of the food abroad. Thus a Lutheran can be sure his church will see to its distribution. The same with the Catholic. Any one of the 20 Protestant denominations in Church World Service can he selected.

Bellaire Pilot, 21, Gets Beaver Mail Job This Winter

The Charlevoix-Beaver Island mail contract will be awarded to H. H. Bechtold, Jr., of Bellaire, the Post Office Department announced Saturday.

The contract, awarded on bids, calls for a minimum of three trips weekly to Beaver Island, 35 miles from the local airport. The plane also carries passengers, express and freight.

Bechtold, at 21 probably the youngest man to be awarded the contract, plans to use a twin-engine Cessna for the flight. The plane will be hangared at Bellaire but Charlevoix will be the terminus for the flight.

The airmail flights to Beaver Island start on Jan. 1 and continue until April 1 or until the boat ean make the trips.
